

Prospectus dated 18 February 2025

Eleving Group

Luxembourg

Prospectus

Up to EUR 50,000,000.00

13% Senior Secured Bonds due 2028 (the "New Bonds")

to be consolidated and form a single series with the Existing Bonds

with a Term from 31 October 2023 until 31 October 2028

International Securities Identification Number (ISIN): DE000A3LL7M4

German Securities Code (*Wertpapierkennnummer (WKN)*): A3LL7M

Issue price of the New Bonds: 109%

Subject to the Minimum Offer Condition (as defined below), Eleving Group (the "**Issuer**"), a public limited liability company (*société anonyme*) incorporated and existing under the laws of the Grand Duchy of Luxembourg, having its registered address at 8-10 Avenue de la Gare, L-1610 Luxembourg, Grand Duchy of Luxembourg and registered with the Luxembourg Trade and Companies Register (*Registre de Commerce et des Sociétés, Luxembourg*) under number B.174457, is expected to issue on or about 14 March 2025 (the "**Issue Date**") between EUR 100.00 (the "**Minimum Offer Amount**") and up to EUR 50,000,000 (the "**Maximum Offer Amount**") 13% senior secured bonds due 31 October 2028 (the "**New Bonds**") to be immediately consolidated on the Issue Date and form a single series with the EUR 50,000,000, 13% senior secured bonds due 2028 (the "**Existing Bonds**") for an aggregate principal amount of up to EUR 100,000,000 (the "**Bonds**"), for an issue price of 109% of their principal amount plus the unpaid New Bond Accrued Interest (as defined below) (the "**Issue Price**"). Unless previously redeemed, or purchased and cancelled, the New Bonds will bear interest from and including 14 March 2025 to, but excluding, 31 October 2028 (the "**Maturity Date**") at a fixed rate of 13 per cent. per annum payable quarterly in arrears on 31 October, 31 January, 30 April and 31 July each year and will be redeemed at their principal amount on the Maturity Date. The aggregate principal amount of the New Bonds is expected to be determined on or around 7 March 2025 based on the subscription orders received in the course of the Retail Offering and the Institutional Offering (each as defined below) and is expected to be communicated to investors on or around 10 March 2025 in a pricing notice, which will also contain an indication of the net proceeds of the Offering (as defined below) (the "**Pricing Notice**"). The Pricing Notice will be published on the website of the Luxembourg Stock Exchange (www.luxse.com), the Nasdaq Riga Stock Exchange (<http://www.nasdaqbaltic.com>), the Frankfurt Stock Exchange (www.boerse-frankfurt.de) and the Issuer's website (<https://eleving.com/investors/>).

The New Bonds constitute direct, general, unconditional, unsubordinated and secured obligations of the Issuer. The New Bonds will at all times rank *pari passu* in right of payment with all other present and future unsecured obligations of the Issuer and senior to all its existing and future subordinated debt. The New Bonds are unconditionally and irrevocably guaranteed on a joint and several basis by certain direct and indirect subsidiaries of the Issuer (the "**Guarantors**") under the terms and conditions set forth herein (collectively the "**Guarantees**" and each a "**Guarantee**"). The New Bonds are further secured by the Transaction Securities (as defined below) granted by certain direct and indirect subsidiaries of the Issuer (the "**Pledgors**" and, together with the Guarantors, the "**Security Providers**").

This document (the "**Prospectus**") constitutes a prospectus pursuant to Article 6 para. 3 of the Regulation (EU) 2017/1129 of the European Parliament and of the Council of 14 June 2017 on the prospectus to be published when securities are offered to the public or admitted to trading on a regulated market (the "**Prospectus Regulation**"), in connection with the public offering, listing and admission to trading of the New Bonds on Frankfurt Stock Exchange's and Nasdaq Riga Stock Exchange's regulated market, pursuant to Directive 2014/65/EU (as amended, "**MiFID II**"). References in this Prospectus to a "**Regulated Market**" shall mean any regulated market as defined in MiFID II.

This Prospectus has been approved by the Luxembourg Commission for the Supervision of the Financial Sector (Commission de Surveillance du Secteur Financier – “**CSSF**”); the CSSF only approves this Prospectus as meeting the standards of completeness, comprehensibility and consistency imposed by the Prospectus Regulation; such approval should not be considered as an endorsement of the Issuer, the Guarantors or the quality of the New Bonds, that are subject to this Prospectus. Investors should make their own assessment as to the suitability of investing in the New Bonds. The CSSF has neither reviewed nor approved any information in relation to the Institutional Offering.

Pursuant to Article 6 para. 4 of the Luxembourg Law of 16 July 2019 on prospectuses for securities (the “**Prospectus Law**”), by approving the Prospectus, the CSSF does not take any responsibility for the economic or financial soundness of the transaction and the Issuer’s quality and financial solvency.

The New Bonds shall be offered (i) by way of a public offer to retail investors in Estonia, Latvia, Lithuania, Luxembourg and Germany (the “**Retail Offering**”) and (ii) by way of an exempt offer exclusively to qualified investors within the meaning of Article 2(e) of the Prospectus Regulation and other investors in compliance with Article 1(4) (a) and (b) of the Prospectus Regulation in member states of the European Economic Area (“**EEA**”) (the “**Institutional Offering**”) and, together with the Retail Offering, the “**Offering**”). The division of New Bonds between the retail and institutional investors has not been predetermined.

The offer price per one New Bond (the “**Offer Price**”) will be 109% of their principal amount plus the unpaid pro rata interest accrued on such New Bond from 31 January 2025 (included) until the Issue Date of the New Bonds (excluded), calculated in accordance with condition 5 of the Terms and Conditions (as defined below) (the “**New Bond Accrued Interest**”). The period during which the New Bonds may be subscribed for through the Offering, in accordance with the Prospectus, starts on 19 February 2025 at 8:00 a.m. CET / 9:00 a.m. EET and ends on 7 March 2025 at 2:30 p.m. CET / 3:30 p.m. EET (the “**Offer Period**”). Investors who wish to acquire New Bonds in the context of the Retail Offering are required to subscribe to New Bonds amounting to at least EUR 1,000 (the “**Minimum Investment Amount**”). The Issuer reserves the right to cancel the Offering or change the terms and conditions thereof as described in this Prospectus.

Application has been made for the notification of the approval by the CSSF of this Prospectus to the competent authorities in Estonia, Latvia, Lithuania and Germany, i.e. to the Estonian Financial Supervisory Authority (Finantsinspektsioon – “**EFSA**”), to Bank of Latvia (formerly the Financial and Capital Market Commission of Latvia) (Finanšu un kapitāla tirgus komisija – “**Bank of Latvia**”), to the Bank of Lithuania (Lietuvos Bankas) and to the German Federal Financial Supervisory Authority (Bundesanstalt für Finanzdienstleistungsaufsicht – “**BaFin**”) in accordance with Article 25 of the Prospectus Regulation. The approved Prospectus may be downloaded from the Issuer’s website (<https://elevinq.com/investors/>) and the website of the Luxembourg stock exchange (www.luxse.com). Simultaneously with the Offering, the Issuer will apply to the Frankfurt Stock Exchange for the New Bonds to be listed and admitted to trading on Frankfurt Stock Exchange’s Regulated Market (*General Standard*), segment for bonds of Deutsche Börse AG. Application will also be made to the Nasdaq Riga Stock Exchange for the New Bonds to be listed and admitted to trading on the Baltic Regulated Market of the Nasdaq Riga Stock Exchange.

This Prospectus shall be valid for admission to trading of the New Bonds on a Regulated Market for 12 months after the approval by the CSSF, i.e. until 18 February 2026, provided that it is completed by any supplement, pursuant to Article 23 of the Prospectus Regulation, following the occurrence of a significant new factor, a material mistake or a material inaccuracy relating to the information included (including incorporated by reference) in this Prospectus which may affect the assessment of the New Bonds. After such date, the Prospectus will expire and the obligation to supplement this Prospectus in the event of significant new factors, material mistakes or material inaccuracies will no longer apply.

On 7 June 2024, Fitch Ratings – a branch of Fitch Ratings Ireland Limited (“**Fitch**”) affirmed the Issuer’s Long-Term Issuer Default Rating (IDR) at ‘B’, with a Stable Outlook and a Short-Term Issuer Default Rating of ‘B’. Fitch has also affirmed the Issuer’s senior secured debt rating (including the Existing Bonds) at ‘B’ with a Recovery Rating of ‘RR4’. Credit ratings included or referred to in this Prospectus have been issued by Fitch which is established in the EU and registered under Regulation (EC) No 1060/2009, as amended (the “**CRA Regulation**”). As such, Fitch is included in the list of credit rating agencies published by the European Securities and Markets Authority (the “**ESMA**”) on its website (www.esma.europa.eu/credit-rating-agencies/cra-authorisation) in accordance with the CRA Regulation. A rating is not a recommendation to buy, sell or hold securities and may be subject to revision, suspension or withdrawal at any time by the assigning rating agency.

Investors should be aware, that an investment in the New Bonds involves a risk and that, if certain risks, in particular those described under “Risk Factors”, occur, the investors may lose all or a very substantial part of their investment.

The distribution of this Prospectus may be limited by certain legislation. Any person who enters into possession of this Prospectus must take these limitations into consideration. The New Bonds are not and will not be registered, particularly in accordance with the United States Securities Act of 1933, as amended (the “**Securities Act**”) or in accordance with securities law of individual states of the United States of America. Furthermore, they are not permitted to be offered or sold within the United States of America, or for the account or benefit of a person from the United States of America (as defined under Regulation S under the Securities Act), unless this ensues through an exemption of the registration requirements of the Securities Act or the laws of individual

states of the United States of America or through a transaction, which is not subject to the aforementioned provisions.

I. SUMMARY OF THE PROSPECTUS

Section 1 - Introduction and Warnings

Introduction

The securities

13% senior secured bonds due 31 October 2028 for an aggregate principal amount of up to EUR 50,000,000.00 issued on 14 March 2025 with ISIN DE000A3LL7M4.

The issuer

The Issuer is Eleving Group, a public limited liability company (*société anonyme*) incorporated and existing under the laws of the Grand Duchy of Luxembourg, registered with Luxembourg trade and companies register (*Registre de Commerce et des Sociétés, Luxembourg*) under number B.174457 and having its registered office at 8-10, Avenue de la Gare, L-1610 Luxembourg, Grand Duchy of Luxembourg. Its telephone number is +352 26 18 61 and its fax number is +352 26 84 54 10. The Issuer's legal identifier (LEI) is 894500N14T2GUDX0FL66.

Competent authority approving the Prospectus and date of approval

In order for the New Bonds to be offered and admitted to trading on Frankfurt Stock Exchange's Regulated Market (as defined below) and on Nasdaq Riga Stock Exchange's Regulated Market this Prospectus has been approved on 18 February 2025 by the Luxembourg Commission for the Supervision of the Financial Sector (*Commission de Surveillance du Secteur Financier – "CSSF"*), with address at 283, route d'Arlon, L-1150 Luxembourg, Grand Duchy of Luxembourg. Its telephone number is +352 26 25 1 - 1 (switchboard) and its email is direction@cssf.lu. References in this Prospectus to a "**Regulated Market**" shall mean any regulated market as defined in Directive 2014/65/EU.

Warnings

This summary should be read as an introduction to the Prospectus.

Any decision to invest in the securities should be based on a consideration of the Prospectus as a whole by the investor.

The investor could lose all or part of the invested capital.

Where a claim relating to the information contained in the Prospectus is brought before a court, the plaintiff investor might, under national law, have to bear the costs of translating the Prospectus before the legal proceedings are initiated.

Civil liability attaches only to those persons who have tabled the summary including any translation thereof, but only where the summary is misleading, inaccurate or inconsistent, when read together with the other parts of the Prospectus, or where it does not provide, when read together with the other parts of the Prospectus, key information in order to aid investors when considering whether to invest in such securities.

Section 2 – The Issuer

Who is the issuer of the securities?

Domicile, legal form, LEI, relevant jurisdiction

Eleving Group, a public limited liability company (*société anonyme*) incorporated and operating under the laws of the Grand Duchy of Luxembourg, registered with Luxembourg trade and companies register (*Registre de Commerce et des Sociétés, Luxembourg*) under number B.174457 and having its registered office at 8-10, Avenue de la Gare, L-1610 Luxembourg, Grand Duchy of Luxembourg is the Issuer. Its telephone number is +352 26 18 61 and its fax number is +352 26 84 54 10. The Issuer's legal identifier (LEI) is 894500N14T2GUDX0FL66. As at the date of this Prospectus, the parent company of the Group (as defined below) is the Issuer.

Principal activities

The Issuer is the holding company of group companies (the “**Group**”) specialized in providing vehicle and consumer financing services. The Group is comprised of a number of fast-growing financial technology companies operating in three continents, Europe, Africa and Central Asia.

The principal business of the Group is divided into two business lines: (i) Eleving Vehicle Finance and (ii) Eleving Consumer Finance. Eleving Vehicle Finance provides financing products in 10 countries through a wide range of sales channels: an online platform managed by Eleving, third party online car sales portals, physical branches and physical used car dealers. Eleving Vehicle Finance fills a funding gap, providing innovative financial solutions across the globe, which contribute to the empowerment of diverse communities, including local entrepreneurs. Eleving Consumer Finance, with 190 branches across Moldova, North Macedonia, Albania, Botswana, Namibia, Zambia, and Lesotho, offers flexible financial products, from credit lines to installment loans, with a focus on providing access to substantial amounts of money to customers that meet the Group’s credit assessment benchmarks.

Major shareholders

The following table sets out the relevant shareholding of the Issuer as at the date of this Prospectus:

	Details of the holder entity	Number of shares	%	Beneficial owner
1	AS ALPPES Capital	43,691,654	37,31%	Aigars Kesenfelds
2	AS Novo Holdings	14,563,759	12,44%	Alberts Pole
3	AS Obelo Capital	14,563,960	12,44%	Māris Keišs
4	SIA EMK Ventures	14,563,960	12,44%	Kristaps Ozols
5	Lock-up shareholders (each under 5%)	7,250,000	6,19%	N/A
6	Eleving Group	689,558	0,59%	Aigars Kesenfelds
7	Free Float	21,785,933	18,60%	N/A
	Sum	117,108,824	100%	

Key managing directors and members of the supervisory board

The Issuer is currently managed by (i) a management board (the “**Management Board**”) composed of two category A members of the Management Board and two category B members of the Management Board: Modestas Sudnius, acting as category A member of the Management Board, Māris Kreics, acting as category A member of the Management Board, Delphine Glessinger, acting as category B member of the Management Board and Sébastien Jean-Jacques François, acting as category B member of the Management Board, all appointed for a period ending until the annual general meeting of the shareholders of the Issuer to be held in 2029 and (ii) a supervisory board (the “**Supervisory Board**”), composed of Mārcis Grīnis, acting as chairman, Lev Dolgatšjov and Derek Bryce Urben, acting as members, all appointed for a period ending until the annual general meeting of the shareholders of the Issuer to be held in 2029.

Statutory auditor

The statutory auditor (*réviseur d’entreprises agréé*) of the Issuer for the financial years ended 31 December 2023 and 31 December 2022 is BDO Audit (*société anonyme*), incorporated under the laws of Luxembourg, having its registered office at 1, rue Jean Piret, L-2350 Luxembourg, Grand Duchy of Luxembourg and registered with the Luxembourg trade and companies register under number B.147570.

What is the key financial information regarding the Issuer ?

The tables below present the key selected consolidated financial information for the Issuer as of and for (i) the financial years ended 31 December 2023 and 31 December 2022 derived from the Issuer’s audited consolidated financial statements as of and for the financial year ended 31 December 2023 prepared in accordance with the International Financial Reporting Standards as adopted by the European Union (“**IFRS**”), and (ii) the twelve-month period ended 31

December 2024 derived from the unaudited consolidated interim financial statements as of and for the twelve-month period ended 31 December 2024 prepared in accordance with Interim Financial Reporting (IAS 34).

Net cash flows to/from financing activities	(3.2)	9.1	1.8
Net cash flows to/from investing activities	(0.2)	(4.9)	(11.9)

What are the key risks that are specific to the Issuer ?

Risk relating to the Group's business activities and industry

Risk of tax positions: The preparation of our consolidated financial statements under IFRS and certain tax positions taken by us require the judgment of management, and we could be subject to risks associated with these judgments or could be adversely affected by the implementation of new, or changes in the interpretation of existing, accounting standards, financial reporting requirements or tax rules.

Difficulties in assessing the credit risk of potential customers: Despite the credit scoring as well as vehicle valuation models of the Group, Group companies may be unable to correctly evaluate

the current financial condition of each prospective customer and determine his or her creditworthiness and/or value of the collateral. The Group's financing decisions are based partly on information provided by applicants. Prospective customers may fraudulently provide inaccurate information which, if not detected, may result in inaccurate credit scoring of the Group's customers. Any failure to correctly assess the credit risk of potential customers, due to failure of the Group's customer evaluation or due to incorrect information fraudulently provided by customers, may have a material adverse effect on the Group's business, financial condition, results of operations, prospects or cash flows and may even invoke regulatory sanctions (including imposition of fines and penalties, suspension of operations, or revocation of the Group's licenses).

Risk of counterparty default: The Group is exposed to the risk that the Group's customers or other contractual counterparties may default or that the credit quality of customers or other contractual counterparties may deteriorate. As a consequence, the Group's operational results could be adversely affected.

Decrease in the residual values or the sales proceeds of returned vehicles: A decrease in the residual values or the sales proceeds of returned vehicles could have a material adverse effect on the value of the collateral of the traditional vehicle finance, flexible and subscription-based products granted by Group companies operating in the vehicle financing business line.

Foreign exchange risks: The Group operates in various jurisdictions and provides loan products in local currencies, including the Euro ("EUR"), the Georgian Lari ("GEL"), the Romanian Leu ("RON" or "LEI"), the Moldavian Leu ("MDL"), the Albanian Lek ("ALL"), the Armenian Dram ("AMD"), the Uzbekistani Som ("UZS"), the Kenyan Shilling ("KES"), the Ugandan Shilling ("UGX"), the North Macedonian Denar ("MKD"), Ukrainian Hryvnia ("UAH"), the Lesotho Loti ("LSL"), the Zambian Kwacha ("ZMW"), the Botswanan Pula ("BWP"), the Namibian Dollar ("NAD") and loans linked to the United States Dollar ("USD"). Thus, its results of operations are exposed to foreign exchange rate fluctuations and any failure to manage foreign exchange risk may have a material adverse effect on its business, financial condition, results of operations, prospects or cash flows.

Risks related to the Group's financial situation

Changes in the Group's working capital requirements: The Group's working capital requirements can vary significantly from market to market, depending, in part, on differences in demand for used car financing and consumer credit. If the Group's available cash flows from operations are not sufficient to fund on-going cash needs, the Group would be required to look to its cash balances and available credit facilities to satisfy those needs, as well as potential sources of additional capital.

Liquidity risks: The Group is exposed to liquidity risks arising out of the mismatches between the maturities of its assets and liabilities, which may prevent it from meeting its obligations in a timely manner. If short- and, in particular, long-term funding from international capital markets is unavailable or if maturity mismatches between its assets and liabilities occur, this may have a material adverse effect on its business, financial condition, results of operations, prospects or cash flows.

Legal and regulatory risk

Certain countries where the Group operates pose risks of corruption violations. Failure to comply with anti-corruption laws, including anti-bribery laws, may result in penalties and sanctions, which may have a material adverse effect on the Group's reputation and business.

Section 3 – The Securities

What are the main features of the securities ?

Type, class and ISIN

13% senior secured bonds due 31 October 2028 for an aggregate principal amount of up to EUR 50,000,000.00 (the "**New Bonds**"), to be consolidated and form a single series with the 13% senior secured bonds due 2028 for an aggregate principal amount of EUR 50,000,000 (the "**Existing Bonds**" and, together with the New Bonds, the "**Bonds**") payable to the bearer, with ISIN DE000A3LL7M4.

Number of New Bonds, denomination, currency and term

Up to 500,000 New Bonds in the denomination of EUR 100.00 each with a term from 14 March 2025 (the “**Issue Date**”) until 31 October 2028.

Rights attached to the New Bonds

The New Bonds will bear interest from (and including) 14 March 2025 to (but excluding) 31 October 2028 at a rate of 13 per cent per annum. The interest is payable quarterly in arrears on 31 October, 31 January, 30 April and 31 July in each year, commencing on 30 April 2025.

The New Bonds are unconditionally and irrevocably guaranteed on a joint and several basis by the Guarantors (as listed below) and are further secured by local law transaction securities granted by the following subsidiaries of the Issuer: Mogo LLC (*Georgia*) and MOGO Universal Credit Organization LLC (*Armenia*) (the “**Pledgors**”). The transaction securities, which will not differ from the transaction securities of the Existing Bonds after the date of consolidation of the New Bonds with the Existing Bonds, comprise (A) a Georgian law governed receivables pledge agreement creating a first ranking pledge over present and future loan receivables granted by Mogo LLC (*Georgia*); (B) a Georgian law governed share pledge agreement creating a second ranking pledge over all the ownership interests directly and indirectly held by UAB Eleving Stella in Mogo LLC (*Georgia*); (C) a Georgian law governed trademark pledge agreement creating a second ranking pledge over all trademarks owned by Mogo LLC (*Georgia*); (D) a Georgian law governed bank account pledge agreement creating a second ranking pledge over primary bank accounts owned by Mogo LLC (*Georgia*); (E) an Armenian law governed receivables pledge agreement creating a first ranking pledge over present and future loan receivables granted by MOGO Universal Credit Organization LLC (*Armenia*); and (F) an Armenian law governed share pledge agreement creating a second ranking pledge over all the shares directly and indirectly held by AS Eleving Vehicle Finance in MOGO Universal Credit Organization LLC (*Armenia*).

TMF Trustee Services GmbH, established in Germany and registered with the lower court of Frankfurt am Main under number HRB 54140, with registered address at Wiesenhüttenstraße 11, 60329 Frankfurt am Main, or subsequently any other bondholders’ agent appointed from time to time pursuant to the terms and conditions of the New Bonds (the “**Terms and Conditions**”), is the Holders’ agent and security agent. No Holder may take individual action against the Issuer relating to the New Bonds in accordance with the Terms and Conditions.

Status and ranking of the Bonds

The Bonds are governed by Luxembourg law and constitute bonds in bearer form in accordance with Luxembourg applicable laws. The Bonds constitute direct, unconditional, unsubordinated and secured obligations of the Issuer and will at all times rank *pari passu* in right of payment with all other present and future unsecured obligations of the Issuer and senior to all its existing and future subordinated debt.

Transferability of the Bonds

The Bonds are freely transferable but the Holders may be subject to purchase or transfer restrictions with regards to the Bonds, as applicable from time to time under local laws to which a Holder may be subject.

Where will the securities be traded ?

Application will be made for admission to trading of the New Bonds on the Frankfurt Regulated Market and on the Nasdaq Riga Stock Exchange’s Regulated Market in the aggregate principal amount of up to EUR 50,000,000.00 in a denomination of EUR 100.00 each, to be consolidated and form a single series with the Existing Bonds.

Is there a guarantee attached to the securities ?

Nature and scope of the Guarantee

The Guarantors have given an unconditional and irrevocable Guarantee for the due and punctual payment of principal of, and interest on, and any other amounts payable by the Issuer under the Bonds.

Description of the Guarantors

The companies listed below are the Guarantors, which are direct or indirect subsidiaries of the Issuer and part of the Group.

	Name and Country	LEI	Address	Activity

Most material risk factors specific to the Guarantors

The Issuer and the Guarantors are affected, substantially, by the same risks as those that affect the business and operations of the entire Group. For the most material risk factors specific to the Group see section 2 above “*What are the risks specific to the Issuer?*”.

What are the key risks that are specific to the securities?

1. Risk related to the nature of the New Bonds

Inability of the Group to generate sufficient cash: The Group may not be able to maintain a level of cash flows from operating activities sufficient to permit it to pay the principal, premium, if any, and interest and additional amounts, if any, on its indebtedness, including the borrowings under the New Bonds offered.

Inability to repay or repurchase the New Bonds at maturity: At maturity, the entire principal amount of the New Bonds, together with accrued and unpaid interest, will become due and payable. The Group may not have the ability to repay or refinance these obligations.

Section 4 – Offering and Admission to Trading

Under which conditions and timetable can I invest in this security?

Offering of the New Bonds

The Issuer is offering up to 500,000 New Bonds with the maximum aggregate nominal value of up to EUR 50,000,000. The New Bonds shall be offered (i) by way of a public offer to retail investors in Estonia, Latvia, Lithuania, Luxembourg and Germany (the **“Retail Offering”**) and (ii) by way of an exempt offer exclusively to qualified investors within the meaning of Article 2(e) of the Prospectus Regulation and other investors in compliance with Article 1(4) (a) and (b) of the Prospectus Regulation in member states of the European Economic Area (**“EEA”**) (the **“Institutional Offering”**) and, together with the Retail Offering, the **“Offering”**).

Pricing details

The New Bonds will be issued at a price (the **“Offer Price”**) of 109 per cent. of their principal amount plus the unpaid pro rata interest accrued on such New Bond from 31 January 2025 (included) until the Issue Date of the New Bonds (excluded), calculated in accordance with condition 5 of the Terms and Conditions (as defined below) (the **“New Bond Accrued Interest”**).

Conditions of the Offering

The Offering is subject to the Minimum Offer Condition. “Minimum Offer Condition” shall occur if, at the expiration of the Offer Period, Subscription Undertakings (as defined below) have not been placed sufficient for the sale of at least the Minimum Offer Amount, it being EUR 100, the Offering will be withdrawn.

Investors who wish to acquire New Bonds in the context of the Retail Offering are required to subscribe to New Bonds amounting to at least EUR 1,000 (the **“Minimum Investment Amount”**).

“Subscription Undertakings” shall mean the orders submitted by investors to acquire a certain amount of New Bonds.

Disclosure of the Principal Amount

The aggregate principal amount of the New Bonds is expected to be determined on or around 7 March 2025 based on the subscription orders received in the course of the Retail Offering and the Institutional Offering and will be communicated to investors on or around 10 March 2025 in a pricing notice, which will also contain an indication of the net proceeds of the Offering (the **“Pricing Notice”**) .

The Pricing Notice will be published on the website of the Luxembourg Stock Exchange (www.luxse.com), the Nasdaq Riga Stock Exchange (www.nasdaqbaltic.com), the Frankfurt Stock Exchange (www.boerse-frankfurt.de) and the Issuer’s website (<https://eleving.com/investors/>).

Offer period of the Offering

The New Bonds may be subscribed for during the period commencing on 19 February 2025 at 8:00 a.m. CET / 9:00 a.m. EET and ends on 7 March 2025 at 2:30 p.m. CET / 3:30 p.m. EET (the **“Offer Period”**). The Issuer reserves the right to cancel the Offering or change the terms and conditions thereof as described in this Prospectus.

Indicative timetable of the Offering

Start of the Offer Period	19 February 2025
End of the Offer Period	7 March 2025
Announcement of the results of the Offering	10 March 2025
Settlement of the Offering	14 March 2025
Commencement of trading	17 March 2025

Distribution and Allocation

The Issuer expects to decide on the allocation of the New Bonds after the expiry of the Offer Period and on or about 10 March 2025. The New Bonds will be allocated to the investors participating in the Offering in accordance with the following principles:

should an Over-Subscription occur, the Issuer will have the right to reduce or reject individual Subscription Undertakings under the Offering in its absolute discretion. For the purpose of the preceding sentence, an “Over-Subscription” will occur if the total amount

of the Subscription Undertakings submitted exceeds the aggregate principal amount of the New Bonds offered. In the event of a reduction or rejection of Subscription Undertakings, investors will be repaid the respective subscription amount, if any. Investors will be informed via their deposit bank to which extent their subscriptions were accepted;

the division of New Bonds between the retail and institutional investors has not been predetermined. The Issuer will determine the exact allocation in its sole discretion;

under the same circumstances, all investors shall be treated equally, whereas depending on the number of investors and interest towards the Offering, the Issuer may set minimum and maximum number of the New Bonds allocated to one investor; which will apply equally to both – the retail investors and the institutional investors;

the allocation shall be aimed to create a solid and reliable investor base for the Issuer;

the Issuer shall be entitled to prefer its existing shareholders and bondholders of the Issuer to other investors;

possible multiple Subscription Undertakings submitted by an investor shall be merged for the purpose of allocation; and

each investor entitled to receive the New Bonds shall be allocated a whole number of New Bonds and, if necessary, the number of New Bonds to be allocated shall be rounded down to the closest whole number. Any remaining New Bonds which cannot be allocated using the above-described process will be allocated to investors on a random basis.

The Issuer expects to announce the results of the Offering and the allocation on or about 10 March 2025 through the information systems of the Nasdaq Riga Stock Exchange and the Frankfurt Stock Exchange and through the Issuer's website (<https://eleving.com/investors/>). The results of the Offering will be notified vis-à-vis the CSSF.

Settlement

The New Bonds allocated to investors are expected to be transferred to their securities accounts on or about 14 March 2025 through the "delivery versus payment" method if subscribed via financial institutions, simultaneously with the transfer of payment for such New Bonds on terms announced for the Offering. The title to the New Bonds will pass to the relevant investors when the New Bonds are transferred to their securities accounts.

Listing and Admission to Trading

The Issuer will, simultaneously with the Offering, apply for the listing and for the admission to trading of the New Bonds on the Baltic Regulated Market of Nasdaq Riga Stock Exchange and on the Frankfurt Stock Exchange's Regulated Market (General Standard), segment for bonds of Deutsche Börse AG. The expected date of listing and the admission to trading of the New Bonds is on or about 17 March 2025.

While every effort will be made and due care will be taken by the Issuer in order to ensure the listing and the admission to trading of the New Bonds, the Issuer cannot ensure that the New Bonds are listed and admitted to trading on the Nasdaq Riga Stock Exchange's or on the Frankfurt Stock Exchange's Regulated Markets.

Expenses

Total expenses of the issue are expected to amount up to EUR 1,000,000 assuming full placement of the New Bonds in the principal amount of up to EUR 50,000,000. The investors will not be charged by the Issuer any costs, expenses or taxes.

Why is this Prospectus being produced?

The New Bonds form part of the Issuer's debt financing on the capital markets and this Prospectus has been prepared for the purposes of generating proceeds from the issuance of the New Bonds.

The net proceeds of the New Bonds will be used by the Group, to the largest extent, to grow the Group's loan portfolio, to refinance existing liabilities and for general corporate purposes. The final amount of net proceeds will be communicated to investors in the Pricing Notice.

The issue of the New Bonds is not subject to an underwriting agreement.

According to the best knowledge of the Issuer, there are no material conflicts of interest pertaining to the offering and admission of the New Bonds to trading on the Frankfurt Stock Exchange's Regulated Market and on the Nasdaq Riga Stock Exchange's Regulated Market.

The content of any website referred to in this summary by hyperlinks is for information purposes only and does not form part of the summary.

II. RISK FACTORS

Below is the description of risk factors that are material for the assessment of the market risk associated with the Bonds and risk factors that may affect each of the Issuer's ability to fulfil its obligations under the Bonds and, as applicable, the Guarantors' ability to fulfil their obligations under the Guarantee.

Any of these risks could have a material adverse effect on the financial condition and results of operations of the Group. The market price of the Bonds could decline due to any of these risks, and investors could lose all or part of their investments.

Potential investors should carefully consider the specific risk factors outlined below in addition to all other information in this Prospectus and consult with their own professional advisors should they deem it necessary before deciding upon the purchase of the New Bonds. In addition, investors should bear in mind that several of the described risks can occur simultaneously and those have, possibly together with other circumstances, a material adverse impact on the Group's business activities, financial conditions and result of operations. Additional risks, of which the Issuer is not presently aware, could also affect the business operations of the Group and have a material adverse effect on the Group's business activities and financial condition and results of operations.

In each category below the Issuer sets out first the most material risks, in its assessment. The assessment of the materiality of each risk factor based on the probability of its occurrence and the expected magnitude of its negative impact is disclosed by rating the relevant risk as, low, medium or high.

Potential investors should consider the following:

1. RISK FACTORS RELATING TO THE ISSUER, THE GROUP AND OUR BUSINESS

The Guarantors are direct or indirect subsidiaries of the Issuer and part of the Group. Accordingly, the Issuer and the Guarantors are substantially affected by the same risks as those that affect the business and operations of the entire Group. Therefore, references in this section to the Group shall include references to the Issuer and all Guarantors (if applicable).

a. Risks relating to the Group's business activities and industry

The preparation of our consolidated financial statements under IFRS and certain tax positions taken by us require the judgment of management, and we could be subject to risks associated with these judgments or could be adversely affected by the implementation of new, or changes in the interpretation of existing, accounting standards, financial reporting requirements or tax rules

We prepare our consolidated financial statements in accordance with International Financial Reporting Standards as adopted by the European Union (“IFRS”). IFRS and its interpretations are subject to change over time. If new accounting standards or interpretations of or amendments to existing accounting standards require us to change our financial reporting, our results of operations and financial condition could be materially adversely affected, and we could be required to restate historical financial reporting.

The preparation of our consolidated financial statements in conformity with IFRS requires the Management Board and other management personnel to make estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities, at the dates of the consolidated financial statements, and the reported amounts of income and expenses in the reporting periods. It also requires our Management Board and other management personnel to exercise their judgment in the application of our accounting policies. There is a risk that such estimates, assumptions or judgments by the Management Board and other management personnel do not correctly reflect the actual financial position of the Group.

In addition, management's judgment is required in determining the provision for income taxes, the levels of deferred tax assets and liabilities and any valuation allowance recorded against deferred tax assets, along with our approach to matters concerning withholding tax and value added tax. We regularly assess the adequacy of our tax provisions. If required, we also seek advice from external tax advisors. There can be no assurance as to the outcome of these decisions, or to the quality of advice we receive. From time to time, we may become subject to tax audits in the jurisdictions in which we operate. Furthermore, tax laws and regulations, including the interpretation and enforcement thereof, in the jurisdictions in which we operate may be subject to change. As a result, we may face increases in taxes payable if tax rates increase, or if tax laws or regulations are modified in an adverse manner. Any additional or increased tax payments may have a material adverse effect on our business, financial condition, results of operations, prospects or cash flows.

Risk rating: High.

We may face difficulties in assessing the credit risk of potential customers

Despite our credit scoring as well as vehicle valuation models, we may be unable to correctly evaluate the current financial condition of each prospective customer and determine his or her creditworthiness and/or value of the collateral. Our financing decisions are partly based on information provided to us by applicants. Prospective customers may fraudulently provide us with inaccurate information upon which, if not alerted to the fraud, we may base our credit scoring. Any failure to correctly assess the credit risk of potential customers, due to failure in our evaluation of the customer or incorrect information fraudulently provided by the customer, may have a material adverse effect on our business, financial condition, results of operations, prospects or cash flows and may even invoke regulatory sanctions (including imposition of fines and penalties, suspension of operations, or revocation of our licenses).

We utilize a variety of proprietary credit scoring criteria, monitor our loan portfolios performance and maintain an allowance for estimated losses on loans and advances (including interest fees) at a level estimated to be adequate to absorb expected credit losses. Our allowances for doubtful debts are based on estimations and thus, if circumstances or risks arise that have not been identified or anticipated when developing our credit scoring model, the level of our non-performing assets and write-offs could be greater than expected. Actual losses may materially exceed the level of our allowance for impairment losses, which may have a material adverse effect on our business, financial condition, results of operations, prospects or cash flows. The quality of credit risk is influenced by, among other factors, customers' financial strength, collateral quality, overall demand for vehicles and general macroeconomic conditions. In order to assess the level of credit risk, we use our proprietary credit scoring system and/or vehicle valuation models that provide us with an objective basis to evaluate a potential vehicle finance agreement.

Risk rating: Medium.

We are exposed to the risk that our customers or other contractual counterparties may default or that the credit quality of our customers or other contractual counterparties may deteriorate

The risk of counterparty default is defined as the potential negative deviation of the actual counterparty risk outcome from the planned one. This includes the risk of default on vehicle finance payments as well as on repayment. The deviation in outcome occurs when the actual loss exceeds the expected loss due to changes in internal credit ratings or credit losses.

In particular, we are subject to risk of loss through defaults in the customer business, notably, due to non-payments by a lessee or a borrower of its obligations. The default is contingent on the inability or unwillingness of the lessee or a borrower to make payments. This includes scenarios where the contracting party makes payments late, only partially or not at all.

We have implemented detailed procedures in order to contact delinquent customers for payment, initiate legal actions and, in the case of secured loans, also arrange for the repossession of unpaid vehicles and sell repossessed vehicles. However, there is still the risk that our assessment procedures, monitoring of credit risk, maintenance of customer account records, collection procedures and repossession policies, in the case of secured loans, might not be sufficient to prevent negative effects for our operations.

In addition, factors beyond our control, such as the impact of macroeconomic trends, political events or adverse events affecting our key jurisdictions, or natural disasters, may result in an increase in non-performing assets. Our allowances for doubtful debts may not be adequate to cover an increase in the amount of non-performing assets or any future deterioration in the overall credit quality of our total portfolio. If the quality of our total portfolio deteriorates, we may be required to increase our allowances for doubtful debts, which may have a material adverse effect on our business, financial condition, results of operations, prospects or cash flows.

Risk rating: Medium.

A decrease in the residual values or the sales proceeds of returned vehicles could have a material adverse effect on the value of the collateral of our vehicle loans, used car rent, and traditional vehicle finance arrangements.

As a vehicle financing provider we generally bear the risk that the market value of vehicles sold at the end of the term may be lower than the contractual residual value

at the time the contract was entered into (so-called residual value risk). We take such differences into account in establishing provisions for the existing portfolio and in its determination of the contractual residual values for new business.

The residual value risk could be influenced by many different external factors, including, government policies and regulatory reforms (e.g. implementation of EU emission standards). For example, a decline in the residual value of used vehicles was evident during the global financial and economic crisis as a result of incentive programs, offered by governments (e.g. scrapping premium) and automobile manufacturers, aiming to promote new vehicle sales. New policy initiatives and regulatory changes may also be implemented in the future in response to a renewed deterioration of the macroeconomic environment. For instance, current political discussions surrounding potential driving bans of Diesel vehicles might influence the residual value risk of such vehicles. Due to the fact that customers might change their consumption behavior and refrain from buying Diesel vehicles, the potential implementation of these bans could have a negative impact on the corresponding market prices.

Furthermore, changes in economic conditions, government policies, exchange rates, marketing programs, the actual or perceived quality, safety or reliability of vehicles or fuel prices could also influence the residual value risk.

Uncertainties may also exist with respect to the internal methods for calculating residual values. Although we continuously monitor used vehicle price trends and make adjustments to our risk valuation, there is still the risk of using false or inaccurate assumptions to assess the residual value risk.

Estimates of provisions for residual value risks may be less than the amounts actually required to be paid due to misjudgments of initial residual value forecasts or changes in market or regulatory conditions. Such a potential shortfall may have a material adverse effect on the value of the collateral of our vehicle finance agreements, used car rent and reverse finance contracts.

Risk rating: Medium.

Our operations in various countries subject us to foreign exchange risk

We operate in various jurisdictions and provide loan products in local currencies, including the Euro (“**EUR**”), the Georgian Lari (“**GEL**”), the Romanian Leu (“**RON**” or “**LEI**”), the Moldavian Leu (“**MDL**”), the Albanian Lek (“**ALL**”), the Armenian Dram (“**AMD**”), the Uzbekistani Som (“**UZS**”), the Kenyan Shilling (“**KES**”), the Ugandan Shilling (“**UGX**”), the North Macedonian Denar (“**MKD**”), the Ukrainian Hryvnia (“**UAH**”), the Lesotho Loti (“**LSL**”), the Zambian Kwacha (“**ZMW**”), the Botswanan Pula (“**BWP**”), the Namibian Dollar (“**NAD**”) and loans linked to the United States Dollar (“**USD**”) through monthly payments which are adjusted based on the performance of the United States Dollar in foreign exchange markets. Thus, our results of operations are exposed to foreign exchange rate fluctuations. As at 31 December 2023, 47% (as at 31 December 2022, 45%) of our net assets exposed to foreign currency risk are in highly volatile and unhedged currencies. Although we regularly monitor our open foreign currency positions, and manage them by borrowing in local currencies to the extent possible, and by entering into economically viable financial instruments, such as FX hedge agreements, we are still subject to certain shifts in currency valuations. Any failure to manage foreign exchange risk may have a material adverse effect on our business, financial condition, results of operations, prospects or cash flows.

Risk rating: Medium.

Substantial change in the underwriting standards

Further credit risks could arise if our management decides on a more aggressive risk tolerance without compensating for it in the form of sufficient additional revenue. For instance, the acceptance policy for traditional vehicle finance or loan contracts could be adjusted to a riskier approach by setting higher acceptance thresholds. This could lead to a situation where our total credit risk increases, but the planned income from additional business does not compensate the additional risk-related costs. As a consequence, our operational results could be adversely affected.

Risk rating: Medium.

We are dependent upon our information technology systems to conduct our business operations

Our operations are significantly dependent on highly complex information technology (“IT”) systems. The underwriting process is mainly performed automatically by IT systems developed internally by us and used at various stages of the underwriting process, including customer registration, application, identification and credit scoring. In addition, bank transfers are completed online and reminder e-mails and invoices are automatically generated and sent to customers. If any IT system at any stage of the underwriting process were to fail, any or all stages of the underwriting process could be affected and customer access to our websites and products could be disrupted. Any disruption in our IT systems would prevent customers from applying for traditional vehicle finance products, used-car rent and loans, which would hinder our ability to conduct business and have a material adverse effect on our business, financial condition, results of operations, prospects or cash flows.

Moreover, our IT strategy is based on utilizing, in our view, the most sophisticated technologies and solutions available on the market. Therefore, we intend to continue making substantial investments in our IT systems and to adapt our operations and software to support current and future growth. We are required by our IT strategy to continually upgrade our global IT system, and any failure to carry out such upgrades efficiently may result in the loss or impairment of our ability to do business or in additional remedial expense. In addition, there can be no assurance that we will be able to keep up to date with the most recent technological developments due to financial or technical limitations. Any inability to successfully develop or complete planned upgrades of our IT systems and infrastructure or to adapt our operations and software may have a material adverse effect on our business, financial condition, results of operations, prospects or cash flows.

Risk rating: Medium.

The continued expansion of our portfolio depends, to an increasing extent, upon our ability to obtain adequate funding

Our growth depends, to a significant extent, on our ability to obtain adequate funding from a variety of sources such as international capital markets, marketplace platforms, bank facilities and other third parties. It is possible that these sources of financing may not be available in the future in the amounts we require, or they may be prohibitively expensive and/or contain overly onerous terms. European and international credit markets have experienced, and may continue to experience, high volatility and severe liquidity disruptions, such as those that took place following the international financial and economic crisis in 2008 - 2009, and more recently, the European sovereign debt crisis. These and other related events have had a significant impact on the global financial system and capital markets, and may make it increasingly expensive for us to diversify our funding sources and refinance our debt, if necessary. Increased funding

costs or greater difficulty in diversifying our funding sources may negatively impact our ability to sufficiently finance the expansion of our business operations and also, potentially, the business operations themselves, which may have a material adverse effect on our business, financial condition, results of operations, prospects or cash flows.

Risk rating: Medium.

Our business depends on services provided by third parties such as banks, local consumer credit agencies, IT service providers and debt-collection agencies

For the most part, we advance loans to customers and collect repayments from customers through local bank accounts. Our continuing relationship with banks, with which we maintain accounts, are important to our business.

We contact consumer credit agencies and use other publicly available data sources in the jurisdictions in which we operate to verify the identity and creditworthiness of potential customers. In addition, every application in every country is verified through one or more credit bureaus. Should access to such information be restricted or disrupted for any period of time, or if the rates we are charged for access to such information should significantly increase, we may not be able to complete automatic customer identity and credit scoring checks in a timely manner or at all. This could impede our ability to process applications and to grant loans, and/or increase our cost of operation.

We also outsource certain IT services, such as software development, data center and technical support, to third party providers.

Moreover, in certain jurisdictions where we operate, we outsource the collection of debt to debt-collection agencies. The loss of a key debt-collection agency relationship, or the financial failure of one of our core debt-collection agency partners, could restrict our ability to recover delinquent debt, and there is no guarantee that we could replace a strategic debt-collection agency partner in a timely manner or on favorable terms.

Any inability to maintain existing business relationships with banks, local consumer credit agencies, IT service providers, debt-collection agencies and other third party providers or the failure by these third party providers to maintain the quality of their services or otherwise provide their services to us may have a material adverse effect on our business, financial condition, results of operations, prospects or cash flows.

Risk rating: Medium

Our current interest rate spread may decline in the future, which could reduce our profitability

We earn a substantial majority of our revenues from interest payments and fees on the loans we make to our customers. Financial institutions and other funding sources provide us with capital to fund these loans and charge us interest on funds that we draw down. In the event that the spread between the rate at which we lend to our customers and the rate at which we borrow from our lenders decreases, our financial results and operating performance will suffer. The interest rates we charge to our customers and pay to our lenders could each be affected by a variety of factors, including access to capital based on our business performance, the volume of loans we make to our customers, competition and regulatory requirements. These interest rates may also be affected by a change over time in the mix of the types of products we sell to our customers and investors. Interest rate changes may adversely affect our business forecasts and expectations and are highly sensitive to many macroeconomic factors beyond our control, such as inflation, the level of economic growth, the state of

the credit markets, changes in market interest rates, global economic disruptions, unemployment and the fiscal and monetary policies of the jurisdictions in which we operate. Any material reduction in our interest rate spread could have a material adverse effect on our business, financial condition, results of operations, prospects or cash flows.

Risk rating: Medium.

Our ability to recover outstanding debt may deteriorate if there is an increase in the number of our customers facing personal insolvency procedures

Various economic trends and potential changes to existing legislation may contribute to an increase in the number of customers subject to personal insolvency procedures. The ability to successfully collect on our loans may decline with an increase in personal insolvency procedures or a change in insolvency laws, regulations, practices or procedures, which may have a material adverse effect on our business, financial condition, results of operations, prospects or cash flows.

Risk rating: Medium.

We operate in an evolving industry, which makes it difficult to evaluate our future prospects and may increase the risk that we will not be successful

We operate in an evolving industry that may not develop as expected. Assessing our business and future prospects is challenging in light of the risks and difficulties we may encounter. These risks and difficulties include our ability to:

- increase the number and total volume of loans while managing our credit risk;
- improve the terms on which we provide loans to our customers as our business becomes more efficient;
- increase the effectiveness of our direct marketing;
- increase repeated borrowing particularly in the consumer lending segment;
- increase partnership and brokerage network;
- successfully develop and deploy new products;
- favorably compete with other companies that are currently in, or may in the future enter, the business of vehicle financing, used car renting and consumer lending;
- successfully navigate economic conditions and fluctuations in credit markets;
- respond to regulatory developments;
- successfully integrate new acquisitions;
- effectively manage the growth of our business; and
- successfully expand our business into new markets.

We may not be able to successfully address these risks and difficulties, which could have a material adverse effect on our business, financial condition, results of operations, prospects or cash flows.

Risk rating: Medium.

We may make acquisitions or pursue business combinations that prove unsuccessful or strain or divert our resources

Our growth strategy depends, in part, on the acquisition of existing businesses, including possible competitors. For example, in 2020, we expanded our business into consumer lending by acquiring three profitable and mature operating entities (Sebo, Finmak (formerly Fintek and Tigo) and ECFA (formerly Kreda) in Moldova, North Macedonia and Albania and in July 2023, we further expanded our consumer lending business through the process of integration of SIA ECFG (formerly SIA EC Finance Group), better known as ExpressCredit, a consumer finance provider operating in Botswana, Namibia, Lesotho, and Zambia. We expect to continue growing our business by acquiring or combining with other businesses.

Successful growth, partially through future acquisitions, is dependent upon our ability to identify suitable acquisition targets, conduct appropriate due diligence, negotiate transactions on favourable terms and ultimately complete such transactions and integrate the acquired businesses into our existing network. If we make acquisitions, there can be no assurance that we will be able to generate expected margins or cash flows or to realize the anticipated benefits of such acquisitions, including growth or expected synergies. There can be no assurance that our assessments of and assumptions regarding acquisition targets will prove to be correct, and actual developments may differ significantly from our expectations.

Integration risks are particularly high when entering a new market due to the time associated with establishing an appropriate credit scoring and vehicle valuation models and an effective collection system. We may not be able to integrate acquisitions successfully into our business or such integration may require more investment than expected, particularly if acquisitions are in regions or areas of business where we do not currently have operations, and we could incur or assume unknown or unanticipated liabilities or contingencies with respect to customers, employees, suppliers, government authorities or other parties, which may impact our results of operations. The process of integrating businesses may be disruptive to our operations and may cause an interruption of, or a loss of momentum in, such businesses, or a deterioration in our results of operations. Moreover, any acquisition may result in the incurrence of additional debt. All of these factors may have a material adverse effect on our business, financial condition, results of operations, prospects or cash flows.

Risk rating: Medium.

Rapid growth and expansion may place significant strain on our managerial and operational resources and could be costly

We have experienced substantial growth and development in a relatively short period of time and, although our strategy is to grow profitably, our business may continue to grow substantially in the future. This growth has placed and may continue to place significant demands on our management and our operational and financial infrastructure. Expanding our products or entering into new jurisdictions with new or existing products can be costly and may require significant management time and attention. Additionally, as our operations grow in size, and as scope and complexity and our product offerings increase, we will need to upgrade our systems and infrastructure to offer an increasing number of customer-enhanced solutions, features and functionality. The expansion of our systems and infrastructure will require us to commit substantial financial, operational and technical resources in advance of an increase in the volume of business, with no assurance that the volume of business will ultimately increase. Continued growth could also strain our ability to maintain reliable service levels for our customers, develop and improve our operational, financial and management controls, develop and enhance our legal and compliance controls and processes, enhance our reporting systems and procedures and recruit, train and retain

highly skilled personnel. Managing our growth will require, among other things, continued development of financial and management controls and IT systems; increased marketing activities; hiring and training new personnel; and the ability to adapt to changes in the countries in which we operate, including changes in legislation, incurrence of additional taxes, increased competition and changes in the demand for our services. Rapid growth and expansion may be costly, and may strain our managerial and operational resources; any difficulties encountered in managing our growth may have a material adverse effect on our business, financial condition, results of operations, prospects or cash flows.

Risk rating: Low.

Damage to our reputation and brand or a deterioration in the quality of our service may impede our ability to attract new customers and retain existing customers

Our ability to attract new customers and retain existing customers depends in part on our brand recognition and our reputation for and delivery of high quality services. The Group has recently rebranded by transferring from an outgrown umbrella brand to the new Eleving Group brand to better reflect the growing product range of the Group. Although the previously established Mogo brand remains the product brand in all vehicle finance countries of the Group, it is uncertain how the rebranding will affect our brand recognition and our reputation. In addition, our reputation and brand (including the newly acquired consumer finance brands – ECFA Sh.A., Tigo, Bongo, Sebo and ExpressCredit) may be harmed if we encounter difficulties in the provision of new or existing services, whether due to technical difficulties, changes to our traditional product offerings, financial difficulties, regulatory sanctions, or for any other reason. An unsuccessful rebranding, damage to our reputation and brand, or a deterioration in the quality of our service, may have a material adverse effect on our business, financial condition, results of operations, prospects or cash flows.

Risk rating: Low.

The international scope of our operations may contribute to increased costs

We currently operate in 16 countries and, as part of our business strategy, we aim to continue pursuing attractive business opportunities in new jurisdictions. Although we analyze and carefully plan our international expansion and strictly control our investments, such expansion increases the complexity of our organization and may result in additional administrative costs (including costs relating to investments in IT), operational risk (including risks relating to management and control of cash flows and management and control of local personnel), other regulatory risk (including risks relating to non-compliance with data protection, anti-money laundering and local laws and regulations) and other challenges in managing our business. Any unforeseen changes or mistakes in planning or controlling our operations in these respects may have a material adverse effect on our business, financial condition, results of operations, prospects or cash flows.

Risk rating: Low.

The introduction of our new products and services may not be successful

As part of our business strategy, we may develop and introduce products and services that complement our current lending proposition. For example, in 2019 we introduced our new premium vehicle financing brand, Primero, through a joint venture with a local Latvian bank. However, we cannot guarantee these pilot products will be developed into permanent product offerings or that we will launch any other new products. We can also offer no assurance that any products or services that we introduce will be

successful once they are offered to our current or future customers. We may not be able to adequately anticipate our target customers' needs or desires, which could change over time rendering certain of our products and services obsolete. We may face difficulties in making these products and services profitable and may incur significant costs in connection with such products. Moreover, our introduction of additional financial products or services could subject us to additional regulation or regulatory oversight by governmental authorities. Any of these factors may have a material adverse effect on our business, financial condition, results of operations, prospects or cash flows.

Risk rating: Low.

Our business depends on a strategically located branch footprint

A core part of our vehicle loan origination process is visually inspecting the vehicle on the spot before issuing the loan. Convenient location greatly improves customer experience and, thus, conversion. We have established branches in strategic locations, such as within close vicinity of large local vehicle markets, near (or within) vehicle registries, or areas with high population density to ensure vehicle inspection process causes minimal disruption in the customer journey. Our consumer lending business, formed through a strategic acquisition during 2020, also depends on the number of branches as well as their convenient location to enable our customers to easily contact our customer service representatives.

We do not own any of the premises where our branches are located. Any inability to maintain existing relationships with current landlords may have a material adverse effect on customer experience & conversion and/or increase cost of our operations as we may not be able to find comparable locations at similar cost.

Risk rating: Low.

Our business depends on marketing affiliates to assist us in obtaining new customers

We are partially dependent on marketing affiliates as a source for new customers. Our marketing affiliates place our advertisements on their websites, which, in turn, direct potential customers to our websites. As a result, the success of our business depends substantially on the willingness and ability of marketing affiliates to provide us customer leads at acceptable prices.

The failure of our marketing affiliates to comply with applicable laws and regulations, or any changes in laws and regulations applicable to marketing affiliates or changes in the interpretation or implementation of such laws and regulations, could have an adverse effect on our business and could increase negative perceptions of our business and industry. Also, certain changes in our online marketing affiliates' internal policies or privacy rules could limit our ability to advertise online. Additionally, the use of marketing affiliates could subject us to additional regulatory cost and expense. Any restriction on our ability to use marketing affiliates may have a material adverse effect on our business, financial condition, results of operations, prospects or cash flows.

Risk rating: Low.

Our vehicle finance business depends on partnerships (e.g. vehicle dealers) and brokers to assist us in obtaining new customers

A substantial part of our loan issuances goes through vehicle dealer and broker channels. We typically motivate our partners to work with us by paying a commission for each loan issued and, in some cases, offering better loan terms to the customers

that have been attracted by some (or all) partners. In most countries, our competitors use similar partner motivation models and the majority of partners work with more than one traditional vehicle finance provider.

Should our partner motivation system become less competitive or should our loan product terms become substantially worse compared to competition, we may lose all or part of the business that is issued through partner channel. This may have a material adverse effect on our business, financial condition, results of operations, prospects or cash flows.

Risk rating: Low.

A decrease in demand for our financial products and failure by us to adapt to such decrease could result in a loss of revenues

Any decrease in demand for our products could have a significant impact on our revenue. A variety of factors could influence demand for our products, such as increased availability or attractiveness of competing financial products, changes in consumer sentiment and spending or borrowing patterns, regulatory restrictions that inhibit customer access to particular financial services, and changes in the financial condition of our customers that cause them to seek financing from other lending institutions or, alternatively, to exit the lending market entirely. Should we fail to adapt to a significant change in customer demand for, or access to, our products and services, our revenues could decrease significantly and our on-going business operations could be adversely affected. Even if we do adapt our existing products or introduce new products to meet changing customer demand, customers may resist or reject such products. The effect of any product diversification or change on the results of our business may not be fully ascertainable until the change has been in effect for some time. All of these factors may result in a loss of revenue and may have a material adverse effect on our business, financial condition, results of operations, prospects or cash flows.

Risk rating: Low.

We may be unable to protect our proprietary technology or keep up with that of our competitors and we may become subject to trademark infringements and intellectual property disputes, which are costly to defend and could harm our business and operating results

The success of our online and mobile lending channels depend to a significant degree upon the protection of our software and other proprietary intellectual property rights. We may be unable to deter misappropriation or other unauthorized use of our proprietary information or take appropriate steps to enforce our intellectual property rights. In addition, competitors could, without violating our proprietary rights, develop technologies that are as good as or better than our technology. Failure to protect our software and other proprietary intellectual property rights or to develop technologies that are as good as our competitors' could put us at a competitive disadvantage. Any such failures may have a material adverse effect on our business, financial condition, results of operations, prospects or cash flows.

We may face in the future, allegations that we have infringed the trademarks, copyrights, patents or other intellectual property rights of third parties, including from our competitors. Third parties without any affiliation to the Group may also infringe our intellectual property rights by unauthorized use of our trademarks. Trademark and other intellectual property litigation may be protracted and expensive, and the results are difficult to predict and may require us to stop offering certain products or product features, acquire licenses which may not be available at a commercially reasonable price or at all, or modify our products, product features, processes or websites while

we develop non-infringing substitutes. Such events may have a material adverse effect on our business, financial condition, results of operations, prospects or cash flows.

Risk rating: Low.

We are subject to cyber security risks and security breaches and may incur increasing costs in an effort to minimize those risks and respond to cyber incidents

Our business involves the storage and transmission of customers' proprietary and personal information, and security breaches could expose us to a risk of loss or misuse of this information, of being involved in litigation procedures and of potentially being held liable. We are entirely dependent on the secure operation of our websites and systems, and the websites and systems of our data center providers, as well as on the operation of the internet generally. While we have not incurred any significant cyber-attacks or security breaches to date, a number of other companies have disclosed cyber-attacks and security breaches, some of which have involved intentional attacks. Attacks may be targeted at us, our customers and/or our data center providers. Although we and our data center providers devote resources to maintain and regularly upgrade our systems and processes that are designed to protect the security of our computer systems, software, networks and other technology assets and the confidentiality, integrity and availability of information belonging to us and our customers, there is no assurance that these security measures will provide absolute security. Despite our efforts to ensure the integrity of our systems and our data center providers' efforts to ensure the integrity of their systems, effective preventive measures against all security breaches may not be anticipated or implemented, especially because the techniques used change frequently or are not recognized until launched, and because cyber-attacks can originate from a wide variety of sources. These risks may increase in the future as we continue to increase our mobile and other internet-based product offerings and expand our internal usage of web-based products and applications or expand into new countries. If an actual or perceived breach of security occurs, customer and/or supplier perception of the effectiveness of our security measures could be harmed and could result in the loss of customers, suppliers or both. Actual or anticipated attacks and risks may cause us to incur increased costs, including costs to deploy additional personnel and protection technologies, train employees or engage third party experts and consultants.

Our servers are also vulnerable to computer viruses, physical or electronic break-ins, and similar disruptions, including "denial-of-service" type attacks. We may need to expend significant resources to protect against security breaches or to address problems caused by breaches. Security breaches that result in the unauthorized release of customers' personal information could damage our reputation and expose us to a risk of loss or litigation and possible liability. In addition, many of the third parties who provide products, services or support to us could also experience any of the cyber risks or security breaches described above, which could impact our customers and our business and could result in a loss of customers, suppliers or revenue.

Any of these events could result in a loss of revenue and may have a material adverse effect on our business, financial condition, results of operations, prospects or cash flows.

Risk rating: Low.

Our success is dependent upon our management and employees and our ability to attract and retain qualified employees

Our success depends on our management and employees who possess highly specialized knowledge and experience in IT and the development of vehicle and

consumer financing. Many members of our senior management team possess significant experience in the lending industry and knowledge of the regulatory and legal environment in the countries in which we operate, and we believe that our senior management would be difficult to be replaced. The market for qualified individuals is highly competitive and labor costs for hiring and training new employees are increasing. Accordingly, we may not be able to attract and/or retain qualified managers or IT specialists, which may have a material adverse effect on our business, financial condition, results of operations, prospects or cash flows.

Risk rating: Low.

If we fail to geographically diversify and expand our operations and customer base, our business may be adversely affected

Several countries in which we operate generate a significant share of our revenues. As a result, we are exposed to country-specific risks. In such countries, a dissatisfaction with our products, a revocation of our operating license, a decrease in customer demand, a failure to successfully market our new and existing products or the failure to further expand our customer base and retain our existing customer base may have a material adverse effect on our business, financial condition, results of operations, prospects or cash flows. While we continue to seek opportunities to expand our operations into new countries, there can be no guarantee that such efforts of diversification will be successful. Failure to geographically diversify and expand our operations and customer base could have a material adverse effect on our business, financial condition, results of operations, prospects or cash flows.

Risk rating: Low.

Failure to keep up with the rapid changes in e-commerce and the uses and regulation of the Internet could harm our business

The business of providing products and services such as ours over the Internet is dynamic and relatively new. We must keep pace with rapid technological change, consumer use habits, Internet security risks, risks of system failure or inadequacy and governmental regulation and taxation. Local regulators may have divergent interpretations as to the classification of our services provided online, which may result in the reclassification of our services into services requiring a separate license. In addition, concerns about fraud, computer security and privacy and/or other problems may discourage additional customers from adopting or continuing to use the Internet as a medium of commerce, and each of these factors could adversely impact our business.

Risk rating: Low.

Significant, rapid or unforeseen economic or political changes in the economies in which we operate could reduce demand for our products and services and result in reduced income

We operate in a variety of countries which experience or may face in the future political and/or economic instability. Countries in which we currently operate, such as Armenia, Lesotho, Botswana, Namibia and Uganda, have suffered from political turbulence and, in some instances, armed conflicts. We also consider expanding our business into other new countries should opportunities present themselves. Hence, any significant changes in, or a deterioration of, the political environment in regions where we currently operate or will operate in the future could lead to political and economic instability, which may have an adverse effect on investor and consumer confidence and affect consumers' ability to repay loans. Should the ability of our customers to repay loans be negatively affected, this could restrict our ability to sustain or expand

our operations in these countries and could therefore adversely and materially affect our cash flow, liquidity and working capital position.

Risk rating: Low.

The unstable regulatory and legal framework and the volatility of the emerging economies in which we operate could reduce demand for our products and services and result in reduced income

In recent years, certain of the emerging markets where we operate have undergone substantial economic and institutional change. As it is typical of emerging or transitioning markets, they do not possess the full business, legal and regulatory infrastructures that would generally exist in more mature, free market economies, and the business, legal and regulatory infrastructures in these jurisdictions are continuously evolving. See also “*Our business is highly regulated, and if we fail to comply with existing or newly introduced applicable laws, regulations, rules and guidance, we may be subject to fines or penalties, have to exit certain markets or be restricted from carrying out certain operations*”. In addition, the tax and currency legislation in the markets in which we operate are subject to varying interpretations and changes, which can occur frequently. Any disruption of the reform policies and recurrence of economic instability may have a material adverse effect on our business, financial condition, results of operations, prospects or cash flows.

The future economic development of the countries in which we operate remains largely dependent upon the effectiveness of economic, financial and monetary policies undertaken by their respective governments, together with tax, legal and regulatory developments. Our failure to manage the risks associated with our operations in emerging markets may have a material adverse effect on our business, financial condition, results of operations, prospects or cash flows.

Risk rating: Low.

Our operations could be subject to civil unrest and other business disruptions, which could adversely impact our future income and financial condition and increase our costs and expenses

Our services and operations are vulnerable to damage or interruption from power losses, telecommunications failures, terrorist attacks, acts of war and similar events in countries where we operate. Although we have clear understanding of actions necessary to be taken in case of disaster to recover our IT systems, acts of terrorism, war, civil unrest and violence could cause disruptions to our business or the economy as a whole. Any of these events could cause consumer confidence to decrease, which could decrease the number of loans we make to customers. Any of these occurrences may have a material adverse effect on our business, financial condition, results of operations, prospects, credit recovery or cash flows.

Risk rating: Low.

b. Risks related to the Group's financial situation

Changes in our working capital requirements may adversely affect our liquidity and financial condition

Our working capital requirements can vary significantly from market to market, depending, in part, on differences in demand for vehicle financing and consumer credit. If our available cash flows from operations are not sufficient to fund our ongoing cash needs, we would be required to look to our cash balances and available credit facilities to satisfy those needs, as well as potential sources of additional capital.

Furthermore, an economic or industry downturn could increase the level of non-performing assets. A significant deterioration in our debt collection or our ability to sell non-performing loans to third parties could affect our cash flow and working capital position and could also negatively impact the cost or availability of financing to us.

If our capital resources are insufficient to meet our capital requirements, we will have to raise additional funds. We may not be able to raise sufficient additional funds on terms that are favorable to us, if at all. If we fail to raise sufficient funds, our ability to fund our operations, take advantage of strategic opportunities or otherwise respond to competitive pressures could be significantly limited, which may have a material adverse effect on our business, financial condition, results of operations, prospects or cash flows. See also *“The continued expansion of our portfolio depends, to an increasing extent, upon our ability to obtain adequate funding”*.

Risk rating: Medium.

Our substantial level of indebtedness could adversely affect our financial condition, our ability to obtain financing in the future and our ability to fulfill our obligations under the Bonds

We have substantial indebtedness and we may incur additional indebtedness. Our high level of indebtedness and high debt to equity ratio could have important consequences for holders of the Bonds. Notably, it could:

- make it more difficult for us to satisfy our obligations with respect to the Bonds and our other indebtedness, resulting in possible defaults on and acceleration of such indebtedness;
- require us to dedicate a substantial portion of our cash flows from operations to the payment of principal and interest on our indebtedness, thereby reducing the availability of such cash flows to fund working capital, acquisitions, capital expenditures and other general corporate purposes;
- limit our ability to obtain additional financing for working capital, acquisitions, capital expenditures, debt service requirements and other general corporate purposes;
- limit our ability to refinance indebtedness or cause the associated costs of such refinancing to increase;
- limit our ability to fund change of control offers;
- restrict the ability of our subsidiaries to pay dividends or otherwise transfer assets to us, which could limit our ability to, among other things, make required payments on our debt;
- increase our vulnerability to general adverse economic and industry conditions, including interest rate fluctuations (because a portion of our borrowings may have variable rates of interest); and
- place us at a competitive disadvantage compared to other companies with proportionately less debt or comparable debt at more favorable interest rates who, as a result, may be better positioned to withstand economic downturns.

The high level of our indebtedness and the consequences thereof (as described above) could have a material adverse effect on our business, financial condition and results of operations. We expect to obtain the funds to pay our expenses and to repay our indebtedness primarily from our operations. Our ability to meet our expenses and make these payments thus depends on our future performance, which will be affected by

financial, business, economic, regulatory and other factors, many of which we cannot control. Our business may not generate sufficient cash flow from operations in the future and our currently anticipated growth in revenue and cash flow may not be realized, either or both of which could result in our being unable to repay indebtedness, or to fund other liquidity needs. If we do not have enough funds, we may be required to refinance all or part of our then existing debt, sell assets or borrow more funds, which we may not be able to accomplish on terms acceptable to us, or at all. In addition, the terms of existing or future debt agreements may restrict us from pursuing any of these alternatives.

Risk rating: Medium.

We may face liquidity risks

We are exposed to liquidity risks arising out of the mismatches between the maturities of our assets and liabilities, which may prevent us from meeting our obligations in a timely manner. If short- and, in particular, long-term funding from international capital markets is unavailable or if maturity mismatches between our assets and liabilities occur, this may have a material adverse effect on our business, financial condition, results of operations, prospects or cash flows.

Risk rating: Medium.

A downgrade of the Group's credit ratings may increase its financing costs and harm its ability to finance its operations and investments

On 7 June 2024, Fitch Ratings – a branch of Fitch Ratings Ireland Limited affirmed the Issuer's Long-Term Issuer Default Rating (IDR) at 'B', with a Stable Outlook and a Short-Term Issuer Default Rating of 'B'. Fitch has also affirmed the Issuer's senior secured debt rating (including the Existing Bonds) at 'B' with a Recovery Rating of 'RR4'. Depending on its ratings, the Group's access to capital markets may be limited and obtaining funding from capital markets may be more expensive. There can be no assurance that the credit ratings assigned to the Issuer will remain in effect for any given period of time or that a rating will not be lowered, suspended or withdrawn entirely by the rating agency if, in such rating agency's judgment, circumstances so warrant. Any actual or anticipated changes or downgrades in our credit ratings, including any announcement that our ratings are under further review for a downgrade, could affect the market value of the Shares and increase our corporate borrowing costs.

Risk rating: Medium.

We may be able to incur substantially more debt, including secured debt, which could further exacerbate the risks associated with our substantial level of indebtedness

We may incur substantial additional indebtedness in the future, including secured debt. If new debt is added to our current debt levels, the related risks that we face would increase, and we may not be able to meet all of our debt obligations.

Risk rating: Medium

c. Legal and regulatory risk

Failure to comply with anti-corruption laws, including anti-bribery laws, could have an adverse effect on our reputation and business

While we are committed to doing business in accordance with anti-corruption and anti-bribery laws applicable in the countries where we operate, we face the risk that any of our operating subsidiaries or their respective officers, directors, employees, agents or

business partners may take actions or have interactions with persons that violate such anti-corruption laws, or face allegations that they have violated such laws.

Certain countries where we operate pose risks of corruption violations. According to the 2023 Transparency International Corruption Perceptions Index, which evaluates data on corruption in countries throughout the world by ranking countries from 1 (least corrupt) to 179 (most corrupt), key markets for the Group in terms of assets, growth and profitability like Lithuania, Romania, Kenya and Moldova were ranked 34, 63, 126 and 76 respectively.

While we closely monitor any signs of potential breaches of the law, the effects of corruption on our operations are difficult to predict. However, under certain circumstances, corruption, particularly where it heightens regulatory uncertainty or leads to regulatory changes adverse to our operations or to liability on our part or on the part of our directors or business partners, may result in penalties and sanctions, which may have a material adverse effect on our reputation, business, financial condition, results of operations, prospects or cash flows.

Risk rating: Medium.

The legal and judicial systems in some of our countries of operation are less developed than western European countries – enforceability risk

The legal and judicial systems in some of the countries in which we operate are less developed than those of western European countries. Commercial, competition, securities, anti-bribery, personal data protection, company and bankruptcy law (as well as other areas of law) in such countries may be unfamiliar to local judges. Related legal provisions in these jurisdictions have been and continue to be subject to ongoing, and at times unpredictable, changes. Existing laws and regulations in our countries of operation may be applied inconsistently or may be interpreted in a manner that is restrictive and non-commercial. Furthermore, it may not be possible, in certain circumstances, to obtain legal remedies in a timely manner in these countries. The relatively limited experience of a significant number of judges or other legal officials practicing in these countries, specifically with regard to capital markets issues, and questions regarding the independence of the judiciary system in such countries may lead to decisions based on considerations that are not grounded in the law. The enforcement of judgments may also prove difficult, which means that the enforcement of rights through the respective court systems may be laborious, especially where such judgments may lead to business closures or job losses. This lack of legal certainty may adversely affect our business, and may also make it difficult for you to address any claims you may have as an investor.

Risk rating: Medium.

Fraud risk related to employees and management

We are exposed to the risk of fraud and misconduct by employees, including management, which could materially impact our financial performance, reputation, and overall operations. Fraud risk arises from actions such as misappropriation of company assets, financial statement manipulation, insider trading, bribery, or violation of laws and regulations. These risks can lead to significant legal, financial, and reputational consequences, including fines, regulatory sanctions, loss of market confidence, or even criminal prosecution.

Risk rating: Low.

Our business is highly regulated, and if we fail to comply with existing or newly introduced applicable laws, regulations, rules and guidance we may be subject to fines, penalties or limitations, have to exit certain countries or be restricted from carrying out certain operations

Our operations are subject to regulation by a variety of consumer protection, financial services and other state authorities in various jurisdictions, including, but not limited to, laws and regulations relating to consumer loans and consumer rights protection, debt collection and personal data processing. See “*Regulatory Framework*”. National and international regulations, as well as plaintiff bars, the media and consumer advocacy groups, have subjected our industry to intense scrutiny in recent years. Failure to comply with existing laws and regulations applicable to our operations, or to obtain and comply with all authorizations and permits required for our operations, or adverse findings of governmental inspections, may result in the imposition of material fines or penalties or more severe sanctions, including preventing us from continuing substantial parts of our business activities, suspension or revocation of our licenses, or in some cases criminal penalties being imposed on our officers.

In several of the jurisdictions where we operate, we also face risks related to the acquisition of licenses to conduct traditional vehicle finance and consumer lending services. We are dependent on the authorities to grant us such required licenses, and in some jurisdictions the licenses are subject to renewal procedures. See “*Regulatory Framework*”. If we fail to comply with the laws and regulations applicable to our business, it may result in us not being able to renew our consumer lending license in one or several jurisdictions. Local regulators may also suspend existing licenses temporarily or revoke them permanently.

Furthermore, governments may seek to impose new laws, regulatory restrictions or licensing requirements that affect the products or services we offer, the terms on which we offer them, and the disclosure, compliance and reporting obligations we must fulfill in connection with our business. They may also interpret or enforce existing requirements in new ways that could restrict our ability to continue our current methods of operation, including the development of our scoring models, or to expand operations or impose significant additional compliance costs on us. In some cases these measures could even directly limit or prohibit some or all of our current business activities in certain jurisdictions, or render them unprofitable. In addition, they could require us to refund interest and result in a determination that certain traditional vehicle finance agreements and loans are not recoverable and could cause damage to our brand and our valued customer relationships.

Risk rating: Low.

Our business is subject to complex and evolving laws and regulations regarding privacy, data protection, and other matters

Our business is subject to a variety of laws and regulations internationally that involve user privacy issues, data protection, advertising, marketing, disclosures, distribution, electronic contracts and other communications, consumer protection and online payment services. The introduction of new products or the expansion of our activities in certain jurisdictions may subject us to additional laws and regulations. In addition, the application and interpretation of these laws and regulations are often uncertain, particularly in the new and rapidly evolving industry in which we operate, and may be interpreted and applied inconsistently from country to country and may also be inconsistent with our current or past policies and practices. Existing and proposed laws and regulations can be costly to comply with and can delay or impede the development of new products, the expansion into new countries, result in negative publicity, increase our operating costs, require significant management time and attention, and subject us

to inquiries or investigations, claims or other remedies, including demands which may require us to modify or cease existing business practices and/or pay fines, penalties or other damages. This may have a material adverse effect on our business, financial condition, results of operations, prospects or cash flows.

Although we continuously educate our employees on applicable laws and regulations in relation to privacy, data protection and other relevant matters, we cannot guarantee that our employees will comply at all times with such laws and regulations. If our employees fail to comply with such laws and regulations in the future, we may become subject to fines or other penalties which may have a negative impact on our reputation and may have a material adverse effect on our business, financial condition, results of operations, prospects or cash flows.

Risk rating: Low.

Failure to comply with anti-money laundering laws could have an adverse effect on our reputation and business

We are subject to anti-money laundering laws and related compliance obligations in part of the jurisdictions in which we do business. We have put in place local anti-money laundering policies and procedures, which we apply in all of our countries of operation. However, our compliance with the anti-money laundering requirements of local laws may not prevent all possible breaches. The relatively small amounts invested by our customers make our business less attractive for money laundering activities at a large scale and therefore we consider the money laundering risk inherent to the Group is low. Country managers in each jurisdiction are responsible for money laundering prevention and compliance. As a financial institution, we are required to comply with anti-money laundering regulations that are generally less restrictive than those that apply to banks. As a result, we often rely on anti-money laundering checks performed by our customers' banks when such customers open new bank accounts. If we are not in compliance with relevant anti-money laundering laws (including as a result of relying on deficient checks carried out by our customers' banks), we may be subject to criminal and civil penalties and other remedial measures. Any penalties, remedial measures or investigations into any potential violations of anti-money laundering laws could harm our reputation and may have a material adverse effect on our business, financial condition, results of operations, prospects or cash flows.

Risk rating: Low.

We may be adversely affected by contractual claims, complaints, litigation and negative publicity

We may be adversely affected by contractual claims, complaints and litigation, resulting from relationships with counterparties, customers, competitors or regulatory authorities, as well as by any adverse publicity that we may attract. Any such litigation, complaints, contractual claims, or adverse publicity may have a material adverse effect on our business, financial condition, results of operations, prospects or cash flows.

Defense of any lawsuit, even if successful, could require substantial time and attention of our management and could require the expenditure of significant amounts for legal fees and other related costs. We are also subject to regulatory proceedings, and we could suffer losses from the interpretation of applicable laws, rules and regulations in regulatory proceedings, including regulatory proceedings in which we are not a party. Any of these events could have a material adverse effect on our business, financial condition, results of operations, prospects or cash flows.

Risk rating: Low.

Other tax risks

Further changes in tax legislation (such as the Council Directive (EU) 2022/2523 of 14 December 2022 on ensuring a global minimum level of taxation for multinational enterprise groups and large-scale domestic groups in the Union implementing OECD global minimum taxation rules (Pillar 2) which has been implemented in Luxembourg domestic law on 20 December 2023), administrative practice or case law, which are possible at any time and may occur on short notice, could also have adverse tax consequences for the Issuer.

Risk rating: Low.

d. Internal control risk

The interests of our beneficial owners may conflict with those of the Holders

Notwithstanding the public offering of the shares of the Issuer in 2024, the Group is ultimately controlled by several individuals (see *Information about the Group – Beneficial ownership*). These individuals have and will continue to have the power to affect the legal and capital structure and the day-to-day operations of the Group, as well as the ability to elect and change the management team and approve other changes to the Group's operations. The interests of the ultimate beneficial owners may, in some circumstances, conflict with the interests of the Holders, particularly if the Group encounters financial difficulties or if we are unable to pay our debts as they become due. The ultimate beneficial owners could also have an interest in pursuing financings or other transactions which, in their judgment, could enhance their equity investment, although such transactions might increase the Group's indebtedness, require the Group to sell assets or otherwise impair our ability to make payments under the Bonds. Any potential conflict between the interests of the indirect controlling shareholder or the ultimate beneficial owners, on the one hand, and Holders, on the other hand, may have a material adverse effect on the value of the Bonds.

Risk rating: Low.

2. RISK FACTORS RELATING TO THE BONDS, THE TRANSACTION SECURITIES, THE GUARANTEES AND THE SECURITY AGENT AGREEMENT

e. Risks related to the nature of the Bonds

We may not be able to generate sufficient cash to service all of our indebtedness, including the Bonds, and may be forced to take other actions to satisfy our obligations under our debt agreements, which may not be successful

Our ability to make scheduled payments on or refinance our debt obligations depends on our financial condition and operating performance, which is subject to prevailing economic and competitive conditions and to certain financial, business and other factors beyond our control. We may not be able to maintain a level of cash flows from operating activities sufficient to permit us to pay the principal, premium, if any, and interest and additional amounts, if any, on our indebtedness, including the borrowings under the Bonds offered hereby.

If our cash flows and capital resources are insufficient to fund our debt service obligations, we may be forced to reduce or delay investments and capital expenditures, or to sell assets, seek additional capital or restructure or refinance our indebtedness, including our indebtedness under the Bonds offered hereby. Our ability to restructure or refinance our debt will depend on the condition of the capital markets and our financial condition at such time. Any refinancing of our debt could be at higher interest rates and may require us to comply with more onerous borrowing covenants, which

could further restrict our business operations. The terms of existing or future debt instruments may restrict us from adopting some of these alternatives. These alternative measures may not be successful and may not permit us to meet our scheduled debt service obligations. In addition, any failure to make payments of interest and principal on our outstanding indebtedness on a timely basis would likely result in a reduction of our credit rating, which could harm our ability to incur additional indebtedness.

If we cannot make scheduled payments on our debt:

- the holders of our debt could declare all outstanding principal and interest to be due and payable;
- the holders of our secured debt, to the extent we have any, could commence foreclosure proceedings against our assets;
- we could be forced into bankruptcy or liquidation; and
- you could lose all or part of your investment in the New Bonds.

Risk rating: Medium.

We may be unable to repay or repurchase the Bonds at maturity

At maturity, the entire principal amount of the Bonds, together with accrued and unpaid interest, will become due and payable. We may not have the ability to repay or refinance these obligations. We may also attempt to seek approval of the Holders to further extend the maturity of the Bonds. If the maturity date occurs at a time when other arrangements prohibit us from repaying the Bonds, we could try to obtain waivers of such prohibitions from the lenders and holders under those arrangements, or we could attempt to refinance the borrowings that contain the restrictions. If we fail to obtain the waivers or refinance these borrowings, we would be unable to repay the Bonds.

Risk rating: Medium.

Relevant insolvency and administrative laws may not be as favorable to creditors, including Holders, as insolvency laws of the jurisdictions in which you are familiar and may limit your ability to enforce your rights under the New Bonds and the Guarantees and the Issuer and the Guarantors are subject to risks relating to the location of their center of main interest (“COMI”)

The Issuer is incorporated in the Grand Duchy of Luxembourg and the Guarantors are incorporated or organized in Latvia, Lithuania, Estonia, Georgia, Romania, Moldova, Armenia, Albania and North Macedonia. The insolvency laws of these jurisdictions may not be as favorable to your interests as creditors as the bankruptcy laws of certain other jurisdictions and your ability to receive payment under the Bonds may be more limited than would be the case under such bankruptcy laws. See “*Limitations on Validity and Enforceability of the Guarantees, Transaction Security Documents and the Bonds and Certain Insolvency Considerations*”.

In addition, there can be no assurance as to how the insolvency laws of these jurisdictions will be applied in relation to one another. In the event that the Issuer, any of the Guarantors or any other of our subsidiaries experience financial difficulty, it is not possible to predict with certainty in which jurisdiction or jurisdictions insolvency or similar proceedings would be commenced or the outcome of such proceedings. Under the Regulation (EU) No 2015/848 of the European Parliament and of the Council of 20 May 2015 on insolvency proceedings, as amended (the “**EU Insolvency Regulation**”), the “main” insolvency proceedings in respect of a debtor should be opened in the EU Member State in which its COMI is located. See “*Limitations on Validity and*

Enforceability of the Guarantees and the Bonds and Certain Insolvency Considerations". There is a presumption in the EU Insolvency Regulation that a company's COMI is in the EU Member State in which its registered office is located; however, this presumption may be rebutted by certain factors relating in particular to where the company's central administration is located. Although the Issuer is incorporated under the laws of the Grand Duchy of Luxembourg and has its registered office in the Grand Duchy of Luxembourg, where the board meetings are held or initiated, some members of its board of directors are not residing in the Grand Duchy of Luxembourg, and thus it is possible, even though rather unlikely, that the Issuer's COMI may be found to exist outside Luxembourg, and insolvency laws of another jurisdiction may become relevant. The insolvency and other laws of different jurisdictions may be materially different from, or in conflict with, each other, including in the areas of rights of secured and other creditors, the ability to void preferences, transactions at an undervalue and transactions defrauding creditors, priority of governmental and other creditors, ability to obtain or claim interest following the commencement of insolvency proceedings and the duration of the proceedings. The application of these laws, or any conflict among them, could call into question whether any particular jurisdiction's laws should apply, adversely affect your ability to enforce your rights under the Bonds or the Guarantees in these jurisdictions and limit any amounts that you may receive. Prospective investors in the Bonds should consult their own legal advisors with respect to such considerations.

Risk rating: Medium.

The credit rating assigned to the Bonds may not reflect all risks of your investment in the Bonds

The credit rating assigned to the Bonds by Fitch is limited in scope and does not address all material risks relating to an investment in the Bonds but rather reflects only the view of the rating agency at the time the rating is issued. The credit rating agency also evaluates our industry and may change its credit rating for us based on its overall view of our industry. There can be no assurance that the credit ratings assigned to the Bonds will remain in effect for any given period of time or that a rating will not be lowered, suspended or withdrawn entirely by the rating agency if, in such rating agency's judgment, circumstances so warrant. Credit ratings are not a recommendation to buy, sell or hold any security. Each agency's rating should be evaluated independently of any other agency's rating, if any. Any actual or anticipated changes or downgrades in our credit ratings, including any announcement that our ratings are under further review for a downgrade, could affect the market value of the Bonds and increase our corporate borrowing costs.

Risk rating: Medium.

Investors may face foreign exchange risks by investing in the New Bonds

The New Bonds will be denominated and payable in EUR. If investors measure their investment returns by reference to a currency other than EUR, an investment in the New Bonds will entail foreign exchange-related risks due to, among other factors, possible significant changes in the value of the EUR relative to the currency by reference to which investors measure the return on their investments because of economic, political and other factors over which we have no control. Depreciation of the EUR against the currency by reference to which investors measure the return on their investments could cause a decrease in the effective yield of the relevant New Bonds below their stated coupon rates and could result in a loss to investors when the return on such New Bonds is translated into the currency by reference to which the investors measure the return on their investments.

Risk rating: Medium.

We may choose to repurchase or redeem the Bonds when prevailing interest rates are relatively low, including in open market purchases

We may seek to repurchase or redeem the Bonds from time to time in full under a call option right provided under the Terms and Conditions, especially when prevailing interest rates are lower than the rate borne by such Bonds. We may also seek to repurchase or redeem the Bonds from time to time in part in case of an equity listing event under an equity claw back right provided under the Terms and Conditions. If prevailing rates are lower at the time of redemption, you may not be able to reinvest the redemption proceeds in a comparable security at an effective interest rate as high as the interest rate on such Bonds being redeemed. Our redemption right may also adversely impact your ability to sell such Bonds.

We may also from time to time repurchase the Bonds in the open market, privately negotiated transactions, tender offers or otherwise. Any such repurchases or redemptions and the timing and amount thereof would depend on prevailing market conditions, liquidity requirements, contractual restrictions and other factors. Such transactions could impact the market for such New Bonds and negatively affect our liquidity.

Risk rating: Medium.

The Bonds will be structurally subordinated to all indebtedness of those of our existing or future subsidiaries that are not, or do not become, Guarantors of the Bonds

The Bonds are initially guaranteed only by some of the Issuer's subsidiaries. Claims of holders of the Bonds will be structurally subordinated to all indebtedness and the claims of creditors of any non-guarantor subsidiaries, including trade creditors. All indebtedness and obligations of any non-guarantor subsidiaries will have to be satisfied before any of the assets of such subsidiaries would be available for distribution upon liquidation or otherwise to us or to a Guarantor of the Bonds.

Risk rating: Medium.

The Issuer is a company that has no revenue generating operations of its own and depends on cash from our operating companies to be able to make payments on the Bonds

The Issuer's only business operations consist of providing financing to the Group companies and to act as holding company of the Group with no business operations other than the equity interests it holds in its subsidiaries. See "*Information about the Issuer*" and "*Information about the Group and the Guarantors*". The Issuer will be dependent upon the cash flow from our operating subsidiaries in the form of interest income, direct loan repayment, dividends or other distributions or payments to meet their obligations, including the Issuer's obligations under the Bonds or other indebtedness incurred to fund its equity interests and other financial assets. The amounts of interest income, dividends or other distributions or payments available to the Issuer will depend on the profitability and cash flows of our subsidiaries and the ability of those subsidiaries to issue dividends and make distributions and other payments under applicable law. Our subsidiaries, however, may not be able to, or may not be permitted under applicable law to, make interest payments, loan principal repayments, dividends, distributions or other payments to the Issuer to make payments in respect of their indebtedness, including the Bonds. In addition, our subsidiaries that do not guarantee the Bonds have no obligation to make payments with respect to the Bonds.

Risk rating: Low.

An increase in interest rates could result in a decrease in the relative value of the Bonds

In general, as market interest rates rise, bonds bearing interest at a fixed rate generally decline in value because the premium, if any, over market interest rates will decline. Consequently, if you purchase these Bonds and market interest rates increase, the market value of your Bonds may decline. We cannot predict future levels of market interest rates.

Risk rating: Low.

Risks related to the Common Reporting Standard

The common reporting standard framework was first released by the OECD in February 2014 as a result of the G20 members endorsing a global model of automatic exchange of information in order to increase international tax transparency. On 21 July 2014, the Standard for Automatic Exchange of Financial Account Information in Tax Matters was published by the OECD, including the Common Reporting Standard (“**CRS**”). As of 12 May 2016 and per the status issued by the OECD on 19 August 2016, 84 jurisdictions, including Luxembourg, signed the multilateral competent authority agreement, which is a multilateral framework agreement to automatically exchange financial and personal information, with the subsequent bilateral exchanges coming into effect between those signatories that file the subsequent notifications. More than 40 jurisdictions, including Luxembourg, have committed to a specific and ambitious timetable leading to the first automatic exchanges in 2017 (early adopters). Under CRS, financial institutions resident in a CRS country would be required to report, according to a due diligence standard, account balance or value, income from certain insurance products, sales proceeds from financial assets and other income generated with respect to assets held in the account or payments made with respect to the account. Reportable accounts include accounts held by individuals and entities (which include trusts and foundations) with tax residency in another CRS country. CRS includes a requirement to look through passive entities to report on the relevant controlling persons.

As of 1 January 2016, CRS and EU Council Directive 2014/107/EU have been implemented in Luxembourg law (by the Luxembourg law dated 18 December 2015 on the Common Reporting Standard (*loi relative à l'échange automatique de renseignements relatifs aux comptes financiers en matière fiscale*), as amended). As a result, the Issuer is required to comply with identification obligations starting in 2016, with reporting having begun in 2017. Holders of New Bonds may be required to provide additional information to the Issuer to enable it to satisfy its identification obligations under the Luxembourg implementation of the CRS. Prospective investors are advised to seek their own professional advice in relation to the CRS and EU Council Directive 2014/107/EU. Not complying with the CRS rules may be sanctioned by fines imposed upon the Issuer. Furthermore, it cannot be ruled out that as a sanction against failure to comply with the CRS rules, a withholding tax will be introduced similar to the withholding tax imposed for non-compliance with FATCA regulations.

Risk rating: Low.

There is no established trading market for the New Bonds. If an actual trading market does not develop for the New Bonds, you may not be able to resell them quickly, for the price that you paid or at all

The New Bonds will constitute a new issue of securities and there is no established trading market for the New Bonds. If an active trading market does not develop or is

not sustained, the market price and liquidity of the New Bonds may be adversely affected and you may be unable to resell your New Bonds at a particular time, at their fair market value or at all.

If a trading market does develop, the market price of the New Bonds will depend on many factors, including:

- the market demand for securities similar to the New Bonds and the interest of securities dealers in making a market for the New Bonds;
- the number of holders of the New Bonds;
- the prevailing interest rates being paid by other companies similar to us;
- our financial condition, financial performance and future prospects;
- the market price of our common stock;
- the prospects for companies in our industry generally; and
- the overall condition of the financial markets.

Historically, the market for non-investment grade debt has been subject to disruptions that have caused volatility in prices of securities similar to the Bonds. It is possible that the market for the Bonds will be subject to such disruptions. Any disruptions may have a negative effect on holders, regardless of our prospects and financial performance.

Risk rating: Low.

The transfer of the Bonds is restricted for U.S. Securities Act purposes, which may adversely affect their liquidity and the price at which they may be sold

The Bonds and the Guarantees have not been registered under, and we are not obliged to register the Bonds or the Guarantees under, the U.S. Securities Act or the securities laws of any other jurisdiction and, unless so registered, may not be offered or sold except pursuant to an exemption from, or a transaction not subject to, the registration requirements of the U.S. Securities Act or such securities laws as applicable. We have not agreed to or otherwise undertaken to register the Bonds or the Guarantees, and do not have any intention to do so.

Risk rating: Low.

f. Risks related to the Transaction Securities, the Guarantees and the Security Agent Agreement

The Transaction Securities and the Guarantees may not be sufficient to cover all the Secured Obligations and the enforcement of the security may be delayed or the security may not be enforceable at all.

There is no assurance that the Transaction Securities and the Guarantees, benefiting the holders of the Bonds, will be sufficient to cover all the Secured Obligations and, therefore, all the Issuer's payment obligations under the Bonds may not be secured, if at all.

The receivables of the holders of the Bonds rank *pari passu* with the receivables of the other secured creditors except for certain liabilities owed to the Security Agent and certain enforcement costs of the secured creditors, which have priority to the enforcement proceeds of the Transaction Securities and Guarantees. The Issuer cannot assure that the proceeds of any enforcement of the Transaction Securities would be sufficient to satisfy all amounts then owed to the Holders. In addition, any

enforcement may be delayed due to any inability to sell the security assets in a timely and efficient manner. For more information on the Security Agent Agreement, please see “*Additional Information on the Guarantees, the Transaction Securities and the Security Agent Agreement*”.

Risk rating: Medium.

Enforcement of the Guarantees across multiple jurisdictions may be difficult

The Bonds will be guaranteed by the initial and any additional Guarantors, which are organized or incorporated under the laws of multiple jurisdictions. In the event of a bankruptcy, insolvency or similar event, proceedings could be initiated in any of these jurisdictions. The rights of holders of the Bonds under the Guarantees will thus be subject to the laws of a number of jurisdictions, and it may be difficult to enforce such rights in multiple bankruptcy, insolvency and other similar proceedings. Moreover, such multi-jurisdictional proceedings are typically complex and costly for creditors’ rights. In addition, the bankruptcy, insolvency, administration and other laws of the jurisdiction of organization of the Issuer or the Guarantors may be materially different from, or in conflict with, one another, including creditor’s rights, priority of creditors, the ability to obtain post-petition interest and the duration of the insolvency proceeding. The application of these various laws in multiple jurisdictions could trigger disputes over which jurisdictions’ law should apply and could adversely affect the ability to realize any recovery under the Bonds and the Guarantees.

Risk rating: Medium.

There are risks related to the Security Agent Agreement

The holders of the Bonds and the other secured creditors are represented by the Security Agent in all matters relating to the Transaction Securities. There is a risk that the Security Agent, or anyone appointed by it, does not properly fulfil its obligations in terms of perfecting, maintaining, enforcing or taking other necessary actions in relation to the Transaction Securities.

Subject to the terms of the Security Agent Agreement, the Security Agent is entitled to enter into agreements with the Issuer or a third party or take any other actions necessary for the purpose of maintaining, releasing or enforcing the Transaction Securities or for the purpose of settling, among others, the holders of the Bonds rights to the security. Although there is a limitation that such actions shall not be taken if the Security Agent deems the action to be detrimental to the interests of the holders of the Bonds, it cannot be guaranteed that actions would not be taken that may be considered to be detrimental in the view of some or all of the holders of the Bonds.

Risk rating: Medium.

The Transaction Securities and the Guarantees will be subject to certain limitations on enforcement and may be limited by applicable law or subject to certain defenses that may limit its validity and enforceability

The Transaction Securities and the Guarantees provide the Security Agent, acting for the benefit of the holders of the Bonds, with a claim against the relevant Security Provider. However, the Transaction Securities and the Guarantees will be limited to the maximum amount that can be guaranteed by the relevant Security Provider without rendering the relevant Transaction Securities and Guarantee voidable or otherwise ineffective under applicable law, and enforcement of each Transaction Securities and Guarantee would be subject to certain generally available defenses. See “*Limitations on Validity and Enforceability of the Guarantees and the Bonds and Certain Insolvency Considerations*”.

Enforcement of any of the Transaction Securities and the Guarantees against any Security Provider will be subject to certain defenses available to Security Providers in the relevant jurisdiction. Although laws differ among these jurisdictions, these laws and defenses generally include those that relate to corporate purpose or benefit, fraudulent conveyance or transfer, voidable preference, insolvency or bankruptcy challenges, financial assistance, preservation of share capital, thin capitalization, capital maintenance or similar laws, regulations or defenses affecting the rights of creditors generally. If one or more of these laws and defenses are applicable, a Security Provider may have no liability or decreased liability under its Transaction Securities and Guarantee depending on the amounts of its other obligations and applicable law.

Although laws differ among various jurisdictions, in general, under bankruptcy or insolvency law and other laws, a court could (i) avoid or invalidate all or a portion of a Security Provider's obligations under its Transaction Securities and Guarantee, (ii) direct that the holders of the Bonds return any amounts paid under a Transaction Securities and the Guarantee to the relevant Security Provider or to a fund for the benefit of the Security Provider's creditors or (iii) take other action that is detrimental to you, typically if the court found that:

- the relevant Transaction Securities and Guarantee was incurred with actual intent to give preference to one creditor over another, hinder, delay or defraud creditors or shareholders of the Security Provider or, in certain jurisdictions, when the granting of the Transaction Securities and Guarantee has the effect of giving a creditor a preference or guarantee or the creditor was aware that the Security Provider was insolvent when the relevant Transaction Securities or Guarantee given;
- the Security Provider did not receive fair consideration or reasonably equivalent value or corporate benefit for the relevant Transaction Securities and Guarantee and the Security Provider: (i) was insolvent or rendered insolvent because of the relevant Transaction Securities and Guarantee; (ii) was undercapitalized or became undercapitalized because of the relevant Transaction Securities and Guarantee; or (iii) intended to incur, or believed that it would incur, indebtedness beyond its ability to pay at maturity;
- the relevant Transaction Securities and Guarantee were held to exceed the corporate objects of the Security Provider or not to be in the best interests of or for the corporate benefit of the Security Provider; or
- the amount paid or payable under the relevant Transaction Securities and Guarantee was in excess of the maximum amount permitted under applicable law.

We cannot assure you which standard a court would apply in determining whether a Security Provider was "insolvent" at the relevant time or that, regardless of method of valuation. There can also be no assurance that a court would not determine that a Security Provider was insolvent on that date, or that a court would not determine, regardless of whether or not a Security Provider was insolvent on the date its Transaction Securities and Guarantee were issued, that payments to holders of the Bonds constituted preferences, fraudulent transfers or conveyances on other grounds. The liability of each Security Provider under its Transaction Securities and Guarantee will be limited to the amount that will result in such Transaction Securities and Guarantee not constituting a preference, fraudulent conveyance or improper corporate distribution or otherwise being set aside. However, there can be no assurance as to what standard a court will apply in making a determination of the maximum liability of each Security Provider. There is a possibility that the entire Transaction Securities or Guarantee may be set aside, in which case the entire liability may be extinguished. If a court decided that a Transaction Securities or Guarantee was a preference,

fraudulent transfer or conveyance and voided such Transaction Securities or Guarantee, or held it unenforceable for any other reason, the Security Agent may cease to have any claim in respect of the relevant Security Provider and would be a creditor solely of the Issuer and, if applicable, of any other Security Provider under the relevant Transaction Securities or Guarantee which has not been declared void. In the event that any Transaction Securities or Guarantee is invalid or unenforceable, in whole or in part, or to the extent the agreed limitation of the Transaction Securities and Guarantee obligations apply, the Bonds would be effectively subordinated to all liabilities of the applicable Security Provider.

Risk rating: Medium.

Rights in the Transaction Securities may be adversely affected by the failure to perfect it

According to the law applicable to the Transaction Securities Documents, a security interest in certain assets can only be properly perfected and its priority retained through certain actions undertaken by the secured creditor, the security provider or the relevant local regulator or governmental authority. The Transaction Securities may not be perfected if the Security Agent or the relevant security provider is not able to or does not take the actions necessary to perfect or maintain the perfection of any such security. Such failure may result in the ineffectiveness of the relevant Transaction Securities or adversely affect the priority of such security interest in favor of third parties, including a bankruptcy administrator and other creditors who claim a security interest in the same Transaction Securities.

In relation to certain classes of security assets, the terms of the Transaction Securities documents require the perfection action to be carried out only upon the occurrence of a trigger event. A failure by the Security Agent to react to the trigger event may cause the security to be unperfected, and the occurrence of the triggering event and due perfection of the security during a suspect period before the insolvency of the security provider may expose the security to recovery.

Risk rating: Low.

The enforcement of the Guarantees and the Transaction Securities will be subject to the procedures and limitations set out in the Security Agent Agreement

Even when the Transaction Securities are enforceable, the enforcement is subject to the procedures and limitations agreed in the Security Agent Agreement and the Terms and Conditions. There can be no assurance as to the ability of the holders of the Bonds to instruct the Security Agent to initiate any enforcement procedures. Furthermore, any enforcement of security may be delayed due to the provisions of the Security Agent Agreement and the Terms and Conditions.

Risk rating: Low.

The Security Agent Agreement and the Transaction Security Documents may be amended without the consent of the holders of the Bonds

The Terms and Conditions provide for the Agent to agree to amendments and grant waivers and consents and give written instructions in respect of the Security Agent Agreement and the Transaction Security Documents without consulting the holders of the Bonds provided that in the opinion of the Issuer and the Agent, such amendments or waivers are of a formal, minor or technical nature or are made to correct a manifest or proven error or to comply with mandatory provisions of law and which are in the opinion of the Issuer and the Agent not materially prejudicial to the interests of the

holders of the Bonds. Any of the before-mentioned actions may result in less beneficial rights and more cumbersome obligations for the holders of the Bonds under the Transaction Security Documents.

Risk rating: Low.

The rights of the holders of the Bonds depend on the Agent's and Security Agent's actions and financial standing

By subscribing for, or accepting the assignment of, any New Bond, each holder of a New Bond will accept the appointment of the Agent (being on the date of this Prospectus TMF Trustee Services GmbH) to act on its behalf and to perform administrative functions relating to the Bonds and the Finance Documents. In addition, pursuant to the Security Agent Agreement, the Security Agent has been appointed as the agent and representative of the secured creditors, to represent and act for such secured creditors, i.e., the holders of the Bonds, in relation to the Transaction Securities.

The Agent has, among other things, the right to represent the holders of the Bonds in all court and administrative proceedings in respect of the Bonds and the sole right and legal authority to represent the holders of the Bonds vis-à-vis the Security Agent. Only the Security Agent is entitled to exercise the rights under the Transaction Securities and enforce the same. Any failure by an agent to perform its duties and obligations properly, or at all, may adversely affect the enforcement of the rights of the holders of the Bonds due to, for example, inability to enforce the security and/or receive any or all amounts payable from the security in a timely and effective manner.

A failure by the Agent to perform its duties and obligations properly or at all may adversely affect the enforcement of the rights of the holders of the Bonds. Funds collected by the Agent as the representative of the holders of the Bonds must be held separately from the funds of the Agent and be treated as escrow funds to ensure that in the event of the Agent's bankruptcy, such funds can be separated for the benefit of the holders of the Bonds. In the event the Agent would fail to separate the funds in an appropriate manner, the funds could be included in the Agent's bankruptcy estate.

The Agent may be replaced by a successor Agent in accordance with the Terms and Conditions. Generally, the successor Agent has the same rights and obligations as the retired Agent. It may be difficult to find a successor Agent with commercially acceptable terms or at all. Further, it cannot be excluded that the successor Agent would not breach its obligations under the above documents or that insolvency proceedings would not be initiated against it.

Materialization of any of the above risks may have a material adverse effect on the enforcement of the rights of the holders of the Bonds and the rights of the holders of the Bonds to receive payments under the Bonds.

Risk rating: Low.

We cannot exclude that the Guarantee granted under the Guarantee Agreement may be reclassified as a suretyship by a Luxembourg court

While the Guarantee provided under the Guarantee Agreement is structured as a first demand independent guarantee and it explicitly states that it is not a suretyship (*cautionnement*) we cannot exclude that such Guarantee could, if submitted to a Luxembourg court, possibly be construed by such court as a suretyship (*cautionnement*) and not as a first demand guarantee or an independent guarantee. Article 2012 of the Luxembourg Civil Code provides that the validity and enforceability of a suretyship (which constitutes an accessory obligation) is subject to the validity of

the underlying obligation. It follows that if the underlying obligations were invalid or challenged, it cannot be excluded that the Guarantors would be released from their liabilities under such Guarantee.

Risk rating: Low.

Transaction Securities and Guarantees may be released under certain circumstances

In addition to the authority for the Security Agent to release relevant parts of the Transaction Securities and Guarantees and to discharge Secured Obligations and certain intra-group liabilities in order to facilitate enforcement of Transaction Securities or a distressed disposal or appropriation made in accordance with the Security Agent Agreement, the Security Agent Agreement provides that in connection with a disposal of an asset by a member of the Group permitted under the terms of the secured financing under non-distressed circumstances, the Security Agent is under the Security Agent Agreement authorized to release Transaction Securities over that asset and where the asset consists of shares in a Group company, Transaction Securities and Guarantees granted by such company. Such release will impair the security interest and the secured position of the holders of the Bonds.

The Terms and Conditions of the Bonds provide that the Agent shall in certain circumstances agreed therein, take actions necessary to release the Guarantees and Transaction Securities or part thereof.

After any such release, depending on the scope of the release, the holders of the Bonds may become unsecured and unguaranteed and lose priority in case of foreclosure, dissolution, winding-up, liquidation, recapitalization, administrative or other bankruptcy or insolvency proceedings of any member of the Group.

Risk rating: Low.

Insolvency administrator may not respect the Security Agent Agreement

It is not certain that a secured creditor or a bankruptcy administrator of such secured creditor or of the Issuer would respect the Security Agent Agreement which potentially could adversely affect the interests of other secured creditors.

Risk rating: Low.

III. GENERAL INFORMATION

Responsibility Statement

The Issuer accepts sole responsibility for the information contained in this Prospectus and hereby declares, having taken all reasonable care to ensure that such is the case, the information contained in this Prospectus is, to the best of its knowledge, in accordance with the facts and does not omit anything likely to affect its import.

The Issuer, having made all reasonable enquiries, confirms that this Prospectus contains all information which is material in the context of the offering, admission to trading and listing of the New Bonds on the Regulated Market, including all information which, according to the particular nature of the Issuer, of the Group and of the New Bonds is necessary to enable investors to make an assessment of the assets and liabilities, financial position, profits and losses and prospects of the Issuer and the Group and of the rights attached to the New Bonds, that the information contained in this Prospectus is true and accurate in all material respects and is not misleading in any material respect, that the opinions and intentions expressed in this Prospectus are honestly held, and that there are no other facts the omission of which would make this Prospectus or any of such information or the expression of any such opinions or intentions misleading in any material respect, and all reasonable enquiries have been made by the Issuer to ascertain such facts and to verify the accuracy of all such information and statements.

Authorisation

The creation and issue of the New Bonds has been authorised by a resolution of the Management Board of the Issuer dated 13 February 2025.

Subject of this Prospectus

The subject matter of the Prospectus is the public offering, listing and admission to trading on the Nasdaq Riga Stock Exchange's Regulated Market and on the Frankfurt Stock Exchange's Regulated Market of the New Bonds in the aggregate principal amount of up to EUR 50,000,000 in a denomination of EUR 100.00 each, to be immediately consolidated on the Issue Date and form a single series with the Existing Bonds. The interest offered on the Bonds is 13 per cent per annum. Unless earlier redeemed, the Bonds will be repaid on 31 October 2028. The yield to maturity of the New Bonds will be 10% per annum, assuming (i) an Issue Price of 109 percent of the Bond principal amount, (ii) the Settlement Date on 14 March 2025 and (iii) full repayment occurring on 31 October 2028. The Bonds are governed by Luxembourg law and constitute Bonds in bearer form in accordance with Luxembourg applicable laws. The Bonds are freely transferable.

The security codes of the Bonds are as follows:

International Securities Identification Number: DE000A3LL7M4

German Securities Code (*Wertpapierkennnummer (WKN)*): A3LL7M

Consent to the use of this Prospectus

The sales agents appointed by the Issuer as financial intermediaries for the issue of the New Bonds (the "**Sales Agents**") and/or each further financial intermediary subsequently reselling or finally placing the New Bonds are entitled to use this Prospectus in Germany, Estonia, Latvia, Luxembourg and Lithuania for the subsequent resale or final placement of the New Bonds during the period commencing on (and including) 19 February 2025 and ending on (and including) 7 March 2025 during which subsequent resale or final placement of the New Bonds can be made, provided however, that this Prospectus is still valid in accordance with the Prospectus

Regulation. The Issuer accepts responsibility for the information given in this Prospectus also with respect to such subsequent resale or final placement of the New Bonds.

This Prospectus may only be delivered to potential investors together with all supplements published before such delivery. Any supplement to this Prospectus will be available for viewing in electronic form on the website of the Issuer (<https://eleving.com/investors/>) and on the website of the Luxembourg Stock Exchange (<https://www.luxse.com/>).

When using this Prospectus, each Sales Agent and/or relevant further financial intermediary must make certain that it complies with all applicable laws and regulations in force in the respective jurisdictions.

In the event of an offer being made by the Sales Agents and/or a further financial intermediary, the Sales Agents and/or the further financial intermediary shall provide information to investors on the terms and conditions of the New Bonds at the time of that offer.

Any financial intermediary using this Prospectus shall state on its website that it uses this Prospectus in accordance with this consent and the conditions attached to this consent.

Form of New Bonds

The New Bonds are issued in bearer form and are represented by a global certificate (the “**Global Bond**” deposited with Clearstream Banking AG, with registered office at Frankfurt, Mergenthalerallee, 61, D-65760 Eschborn, Federal Republic of Germany (the “**Clearing System**”). Title to the Global Bond will pass by delivery.

The New Bonds have been accepted for clearance by Clearstream Banking AG, Frankfurt am Main.

References

Unless the context otherwise requires, references to “**we**”, “**our**”, “**us**”, “**Eleving**” or the “**Group**” refer to Eleving Group and its direct and indirect subsidiaries. Unless the context otherwise requires, references to the “**Issuer**” refer to Eleving Group.

Unless otherwise defined, capitalized terms used in this Prospectus have the same meaning as defined in the terms and conditions governing the New Bonds (the “**Terms and Conditions**”).

Information posted on our website and those of our affiliates and subsidiaries do not constitute a part of this Prospectus.

Hyperlinks

The content of any website referred to in this Prospectus by hyperlinks is for information purposes only, does not form part of the Prospectus (with the exception of hyperlinks to the electronic addresses where information incorporated by reference is available) and has not been scrutinised or approved by the CSSF.

Forward-looking Statements

This Prospectus includes forward-looking statements. All statements other than statements of historical facts contained in this Prospectus, including, without limitation, those regarding the Issuer’s future financial position and results of operations, its strategy, plans, objectives, goals, targets and future developments in the markets in which it participates or is seeking to participate and any statements preceded by, followed by or that include the words “anticipate”, “believe”, “continue”, “could”,

“estimate”, “expect”, “forecast”, “aims”, “intends”, “will”, “may”, “plan”, “should” or similar expressions or the negative thereof, are forward-looking statements. Such forward-looking statements involve known and unknown risks, uncertainties and other factors which may cause the Issuer’s actual results, performance or achievements, or industry results, to be materially different from any future results, performance or achievements expressed or implied by such forward-looking statements. Certain forward looking statements may prove wrong, although being reasonable at present. Furthermore there are a lot of risks and uncertainties related to the Issuer’s business because of which a forward looking statement, estimate or forecast may prove wrong. Thus, the investors should urgently read the chapters “Summary”, “Risk Factors” and “Description of the Issuer”, which contain a detailed explanation of the factors, which influence the business development of the Issuer and the market, in which the Issuer is active.

In consideration of the risks, uncertainties and assumptions the future events mentioned in the Prospectus may not occur.

Because the risk factors referred to in this Prospectus, and other factors, could cause actual results or outcomes to differ materially from those expressed in any forward-looking statements made in this Prospectus by the Issuer or on its behalf, the investors should not place any reliance on any of these forward-looking statements. Further, any forward-looking statement speaks only as of the date on which it is made, and the Issuer undertakes no obligation to update any forward-looking statement to reflect events or circumstances after the date on which the statement is made or to reflect the occurrence of unanticipated events. New factors will emerge in the future, and it is not possible for the Issuer to predict which factors they will be. In addition, the Issuer cannot assess the effect of each factor on its business or the extent to which any factor, or combination of factors, may cause actual results to differ materially from those described in any forward-looking statements. The Issuer does not assume any obligation to update such forward looking statements or to adapt them to future events or developments unless required by law.

Third Party Information

In this Prospectus, the Issuer relies on and refers to information regarding the Group’s business and the countries in which it operates and competes. Certain economic and industry data, market data and market forecasts set forth in this Prospectus were extracted from market research and industry publications. Where such third party data has been used in the Prospectus, the source of data is named.

Where information in this Prospectus has been specifically identified as having been extracted from third party documents, the Issuer confirms that this information has been accurately reproduced and that as far as the Issuer is aware and is able to ascertain from information published by that third party, no facts have been omitted which would render the reproduced information inaccurate or misleading. Although the Issuer has no reason to believe that any of this information is inaccurate in any material respect, the Issuer has not independently verified the competitive position, market size, market growth or other data provided by third parties or by industry or other publications.

Presentation of Financial Information

The financial information of the Group set forth herein, has, unless otherwise indicated, been derived (i) from the audited consolidated financial statements of the Issuer as of and for the financial year ended 31 December 2023 (the “**Issuer’s Consolidated Financial Statements**”) which have been prepared in accordance with IFRS or (ii) from the unaudited condensed consolidated interim financial statements as of and for the twelve-month period ended 31 December 2024 (consisting of the consolidated

statements of comprehensive income, financial position and cash flows) prepared in accordance with Interim Financial Reporting (IAS 34).

The unaudited interim financial statements as of and for the twelve-month period ended 31 December 2024 of the Issuer and the Guarantors have been compiled and prepared on a basis which are comparable with the historical financial information and consistent with the Issuer's and the Guarantors' accounting policies.

Where financial information in the tables in the Prospectus is labeled "audited", this means that it has been taken from the above mentioned audited consolidated financial statements. The label "unaudited" is used in the tables in the Prospectus to indicate financial information that was not taken from the above mentioned audited consolidated financial statements but has been taken either from the above mentioned unaudited condensed consolidated interim financial statements or the Issuer's internal accounting and reporting system, or is based on calculations of financial information of the above mentioned sources.

Certain stated figures, financial information and market data (including percentages) given in this Prospectus have been rounded up or down pursuant to generally applicable commercial and business standards. It is therefore possible that not all total amounts (total sums or interim totals, differences or figures used as reference) contained within this Prospectus coincide completely with the underlying (non-rounded) individual amounts contained in other places or in documents incorporated by reference in this Prospectus. In addition, it is possible that these rounded figures in tables do not add up precisely to form the overall total sums in the respective tables.

Further Information Regarding this Prospectus

No person is authorized to give any information or to make any representations other than those contained in this Prospectus and, if given or made, such information or representations must not be relied upon as having been authorized by or on behalf of the Issuer.

The delivery of this Prospectus shall not, under any circumstances, create any implication

- (i) that the information in this Prospectus is correct as of any time subsequent to the date hereof or, as the case may be, subsequent to the date on which this Prospectus has been most recently amended, or supplemented, or
 - (ii) that there has been no adverse change in the affairs or the financial situation of the Issuer which is material in the context of the issue and sale of the New Bonds since the date of this Prospectus or, as the case may be, the date on which this Prospectus has been most recently amended or supplemented, or
 - (iii) that any other information supplied in connection with the issue of the New Bonds is correct at any time subsequent to the date on which it is supplied or, if different, the date indicated in the document containing the same,
- as far as the Issuer has fulfilled its obligation to publish a supplement pursuant to Article 23 of the Prospectus Regulation.

The New Bonds are not suitable for all kinds of investors. Neither this Prospectus nor any other information supplied in connection with the New Bonds should be considered as a recommendation by the Issuer to an investor that such investor should purchase any New Bonds.

MiFID II Product Governance

Solely for the purposes of each manufacturer's product approval process, the target market assessment in respect of the New Bonds, taking into account the five categories referred to in item 18 of the Guidelines on MiFID II (as defined below) product governance requirements published by ESMA dated 5 February 2018, has led to the conclusion that: (i) the target market for the New Bonds is eligible counterparties, professional and retail clients, each as defined in Directive 2014/65/EU (as amended, "MiFID II"); and (ii) all channels for distribution of the New Bonds are appropriate. Any person subsequently offering, selling or recommending the New Bonds (a "distributor") should take into consideration the manufacturers' target market assessment; however, a distributor subject to MiFID II is responsible for undertaking its own target market assessment in respect of the New Bonds (by either adopting or refining the manufacturers' target market assessment) and determining appropriate distribution channels.

Documents Available for Inspection

For the time of the validity of the Prospectus, copies of the following documents may be inspected at the head office of the Issuer, 8-10 Avenue de la Gare, L-1610 Luxembourg, Grand Duchy of Luxembourg, on weekdays from 9:00 am to 4:00 pm and will be available on the Issuer's website at <https://eleving.com/investors/>:

- the Prospectus
(<https://www.eleving.com/investors/bonds/>);
- the Issuer's up to date articles of association
(<https://www.eleving.com/investors/bonds/>);
- the Guarantors' up to date articles of association
(<https://www.eleving.com/investors/bonds/>);
- the Issuer's audited consolidated financial statements as of and for the financial years ended 31 December 2023 and 31 December 2022
(<https://www.eleving.com/investors/reports/>);
- the Issuer's unaudited condensed consolidated interim financial statements as of and for the twelve months ended 31 December 2024
(<https://www.eleving.com/investors/reports/>);
- the Guarantors' audited financial statements as of and for the financial years ended 31 December 2023 and 31 December 2022
(<https://www.eleving.com/investors/bonds/>);
- the Guarantors' unaudited interim financial statements as of and for the twelve months ended 31 December 2024
(<https://www.eleving.com/investors/bonds/>); and
- the Guarantee Agreement
(<https://www.eleving.com/investors/bonds/>).

In addition to the above, for the time of the validity of the Prospectus, copies of the following documents may be inspected at the head office of the Issuer, 8-10 Avenue de la Gare, L-1610 Luxembourg, Grand Duchy of Luxembourg, on weekdays from 9:00 am to 4:00 pm:

- the Transaction Security Documents;
- the Agent Agreement; and

- the Security Agent Agreement.

IV. USE OF NET PROCEEDS

The net proceeds of the New Bonds are intended to be used by the Group to the largest extent, to grow the Group's loan portfolio, to refinance existing liabilities and for general corporate purposes.

Assuming full placement of the New Bonds in the principal amount of EUR 50,000,000, the Issuer will receive gross issue proceeds of up to EUR 50,000,000 from the Offering. The Issuer expects to incur expenses in connection with the Offering of an aggregate amount of up to approximately EUR 1,000,000 (the "**Total Issue Costs**"). As a result, assuming full placement of the New Bonds, the net proceeds from the Offering received by the Issuer (after deduction of Total Issue Costs as set out above) will be approximately EUR 49,000,000 (the "**Net Proceeds**").

In the event a full placement of the New Bonds in the amount of EUR 50,000,000.00 occurs, the Net Proceeds are intended to be used to the largest extent, to grow the Group's loan portfolio, to refinance existing liabilities and for general corporate purposes.

V. CAPITALIZATION

The table below sets forth the consolidated capitalization of the Group as of 31 December 2022, 31 December 2023 and 31 December 2024 on an actual historical basis. This table should be read in conjunction with “Use of Net Proceeds”, “Material Agreements”, “Loans with Related Parties” and the consolidated financial statements of the Issuer as of and for the financial years ended 31 December 2023 and 31 December 2022 and the unaudited condensed consolidated interim financial statements of the Issuer as of and for the twelve-month period ended 31 December 2024 incorporated by reference in this Prospectus.

	As of 31 December 2023	As of 31 December 2022	As of 31 December 2024
	Audited	Audited	Unaudited
	(in million EUR)	(in million EUR)	(in million EUR)

Non-controlling interests	11.8	8.9	15.3
Total capitalization¹	404.0	345.4	447.4

There have been no material changes in the Group’s consolidated capitalization or indebtedness since 31 December 2024.

¹ For the purposes of this Prospectus, the Total capitalization is the sum of (i) Non-current borrowings (EUR 264.5 million), (ii) Current borrowings (EUR 74.9 million) and (iii) Total equity (EUR 108.0 million) as presented in the Issuer’s unaudited condensed consolidated interim financial statements as of 31 December 2024.

VI. SELECTED FINANCIAL INFORMATION AND OPERATING DATA

As at the date of this Prospectus, the parent company of the Group is the Issuer.

The selected consolidated financial information set forth below should be read in conjunction with the respective documents incorporated by reference in this Prospectus.

The tables below present key selected consolidated financial information for the Group as of and for (i) the financial years ended 31 December 2023 and 31 December 2022 derived from the Issuer's audited consolidated financial statements as of and for the financial year ended 31 December 2023 prepared in accordance with IFRS, and (ii) the twelve-month period ended 31 December 2024 derived from the unaudited interim condensed consolidated financial statements as of and for the twelve-month period ended 31 December 2024 (consisting of the consolidated statements of comprehensive income, financial position and cash flows) prepared in accordance with Interim Financial Reporting (IAS 34).

The unaudited interim financial statements as of and for the twelve-month period ended 31 December 2024 have been compiled and prepared on a basis which are comparable with the historical financial information and consistent with the Issuer's accounting policies.

The financial information, with respect to net debt and the key financial parameters set forth herein, has, unless otherwise indicated, been derived from the management report included in the Issuer's annual reports of 2023 and 2022, the Issuer's internal accounting and reporting system, prepared in accordance with IFRS, and have been calculated based on financial information from the aforementioned sources.

Where financial information is labelled as "audited", this means that it has been taken from the above mentioned audited consolidated financial statements of the Issuer. Financial information labelled as "unaudited" has been taken or derived from the above mentioned unaudited condensed consolidated interim financial statements, from the Issuer's internal accounting and reporting system or is based on calculations of figures from the sources mentioned before.

7. Alternative Performance Measures

The definitions for the following unaudited APMs are contained in the respective footnotes below the following table. The Group believes that such unaudited APMs are a useful way of understanding trends in the performance of the business of the Group over time..

In accordance with the Commission Delegated Regulation (EU) 2016/301 and the ESMA Guidelines on alternative performance measures (“APMs”) of 5 October 2015 (the “**ESMA Guidelines**”), the following sections set out information related to certain financial measures of the Group that are not defined by IFRS and which the Group regards as APMs within the meaning of the ESMA Guidelines.

Cost / income ratio ⁽⁵⁾	37%	37%	39%
Net impairment to revenue ratio ⁽⁶⁾	20%	24%	19%
Non-performing loans (STAGE 3) as a share of value of portfolio of loans ⁽⁷⁾	5%	7%	5%

(1) Gross loan portfolio less provisions for bad debts and debt acquisition costs. We disclose Net loan portfolio and rental fleet as an APM, as we believe it is a meaningful indicator of Group's loan portfolio size.

(2) Net worth is calculated as the sum of share capital, retained earnings, reserves and subordinated debt. We disclose Net worth / Net loan portfolio as an APM, as we believe it is a meaningful indicator of the leverage of the Group.

(3) Profit before tax divided by the interest revenue calculated using the effective interest method for the relevant period. We disclose Profit before tax margin as an APM, as we believe it is a meaningful indicator of Group's profitability.

(4) Net profit for the period/ average assets (total assets as at the start and end of each period divided by two). We disclose Return on average assets as an APM, as we believe it is a meaningful indicator of Group's profitability.

(5) Sum of administrative expense and selling expense / sum of Interest revenue calculated using the effective interest method, Fee and commission income and Revenue from rental fleet. We

disclose Cost / income ratio as an APM, as we believe it is a meaningful indicator of Group's cost efficiency relative to its revenues.

- (6) Sum of Impairment of financial assets and Net gain/(loss) from de-recognition of financial assets measured at amortized cost divided by operating income (Interest revenue calculated using the effective interest method, Fee and commission income and Revenue from rental fleet). We disclose Net impairment to revenue ratio as an APM, as we believe it is a meaningful indicator of Group's loan portfolio quality relative to its revenues.
- (7) Non-performing loans (STAGE 3) as a share of value of portfolio of loans. We disclose Non-performing loans (STAGE 3) as a share of value of portfolio of loans as an APM, as we believe it is a meaningful indicator of Group's portfolio quality

8. Other Financial Data (EBITDA)

	Year ended 31 December 2023	Year ended 31 December 2022	As of and for the twelve-month period ended 31 December 2024
	(Unaudited)		
	(in million EUR)		
Profit from continuing operations	21.9	14.6	28.8
Corporate income tax	8.3	9.0	8.2
Deferred corporate income tax	(1.8)	(2.2)	0.8
Interest expense	37.5	31.1	41.5
Amortization and depreciation	9.4	8.1	9.8
Net foreign exchange result	6.4	7.4	3.7
EBITDA	81.8	68.1	92.9
(Gain)/Loss from subsidiary sale	-	0.8	-
VAT in Romania for prior periods	-	-	3.0
Non-controlling interests	(4.4)	(3.3)	(5.9)
Adjusted EBITDA	77.5	65.6	90.1

The abbreviation "EBITDA" stands for: "Earnings Before Interest, Taxes, Depreciation and Amortization".

EBITDA is defined as net profit for the period before corporate income tax and deferred corporate income tax, interest expense calculated using the effective interest method, amortization and depreciation, and net foreign exchange result and is calculated based on figures extracted from the consolidated statement of comprehensive income.

The Group believes this metric is a useful indicator of its capacity to pay interest on its borrowings.

The abbreviation “Adjusted EBITDA” stands for: “Adjusted Earnings Before Interest, Taxes, Depreciation and Amortization”.

Adjusted EBITDA is defined as EBITDA adjusted for minority interests' share of profits as well as any other one-off income or expenses not directly related to continuous business operations.

The Group believes this metric is a useful indicator of Group's profitability.

9. Key Performance Indicators (unaudited)

Our key performance indicators in terms of business volume include (i) the number of registered customers; (ii) the number of active customers (iii) the value of loan amounts issued; and (iv) average loan amount. The number of registered customers reflects the number of customers who have applied for a loan, regardless of acceptance, and whose contact information we retain. The number of active customers reflects the number of customers who currently have one or more open loans with us. The value of loan amounts issued reflects the total amount of new loans issued during a period. The average loan amount represents the average value of the loan size issued in the respective period. The table below summarizes these key performance indicators for our operative companies for the periods indicated.

As at 31 December 2024 (compared to 31 December 2023), the number of active and registered customers increased significantly comparing to a respective reporting period year ago. Romania demonstrated substantial growth in both metrics, particularly for a developed market, while Uganda continued its positive trend from the previous year. In the consumer lending segment, African operations demonstrated significant expansion across all businesses acquired in 2023.

The table below provides further key metrics for our operative companies for the periods indicated. The information has been derived from the consolidation file of the Issuer's integrated annual report for the financial year ended 2023 and the Issuer's unaudited interim condensed consolidated financial statements as of and for the twelve-month period ended 31 December 2024.

10. Independent Auditors

The statutory auditor (*réviseur d'entreprises agréé*) of the Issuer for the financial years ended 31 December 2023 and 31 December 2022 is BDO Audit (*société anonyme*), incorporated under the laws of Luxembourg, having its registered office at 1, rue Jean Piret, L-2350 Luxembourg, Grand Duchy of Luxembourg and registered with the Luxembourg trade and companies register (Registre de Commerce et des Sociétés, Luxembourg) under number B.147570.

BDO Audit (*société anonyme*) is registered as *cabinet de révision agréé* with the CSSF and is member of the professional institute of auditors (*Institut des réviseurs d'entreprises*) in Luxembourg.

11. Significant Changes in the Financial Position or Financial Performance

There has been no significant change in the financial position or financial performance of the Issuer or the Group after the date of the unaudited condensed consolidated interim financial statements as of and for the twelve-month period ended 31 December 2024.

⁹ Monthly interest rate has been derived from the annual percentage rate (APR).

¹⁰ Monthly interest rate has been derived from the annual percentage rate (APR).

VII. SELECTED PORTFOLIO INFORMATION

The following tables present certain selected information on our operating data and our loan portfolios and ratios for the periods indicated. The following information should be read in conjunction with the Issuer's Consolidated Financial Statements included by reference in this Prospectus, as well as the Section "Selected Financial Information and Operating Data". The information in the following section is of statistical nature and based on the Issuer's internal reporting system.

Certain amounts and percentages included in this Prospectus have been subject to rounding adjustments; accordingly figures shown for the same category presented in different contexts may vary slightly and figures in certain other contexts may not be an exact arithmetic result of the figures shown here.

Furthermore, certain data in this Section "Selected Portfolio Information" do not agree with the consolidated statement of financial position data as the portfolio amount per consolidated statement is net of impairment, non-current assets held for sale (repossessed vehicles) and deferred fees paid and received upon loan disbursement. The consumer loan portfolio amount is net of deferred income, while the vehicle loan portfolio amount is gross of deferred income.

VIII. BUSINESS

1. Overview

Eleving Group, formerly known as Mogo Finance, is the holding company of a group comprised of a number of fast-growing financial technology companies. Eleving Group has driven innovation in financial technology around the world since its foundation in Latvia in 2012. As at today, the group operates in 16 countries and 3 continents, encouraging financial inclusion and upward social mobility in underserved communities around the globe. Eleving Group has developed a multi-brand portfolio for its vehicle and consumer finance business lines, with around 2/3 of the portfolio comprising secured vehicle loans and mobility products, with Mogo as the leading brand, and around 1/3 of the portfolio including unsecured consumer finance products, with Kredo and Tigo as the segment's flagship brands. Currently, 53% of the group's portfolio is located in Europe, 34% in Africa, and 13% in the rest of the world.

The Group's historical customer base exceeds 1,380,000 customers worldwide, while the total volume of loans nears EUR 2.0 billion. With headquarters in Latvia, Lithuania, and Estonia and a governance structure in Luxembourg, the Group ensures efficient and transparent business management, powered at the operational level by 2793 employees. For two consecutive years, the Group was listed among Europe's 1000 fastest-growing companies, compiled by the Financial Times in 2020 and 2021, while in 2024, Eleving Group was ranked as the 41st fastest-growing European company in the last decade in 'Europe's Long-Term Growth Champions 2025' research by Financial Times and Statista.

The Group ended 2024 with solid results across all key business metrics, achieving adjusted EBITDA of EUR 90.1 million and reporting EUR 217.1 million in revenue and EUR 29.6 million in total net profit. On 31 December 2024, the Group's net loan portfolio and rental fleet reached EUR 371.6 million. During Q2 2024, the international credit rating agency Fitch upgraded Eleving Group's rating from B- to B with a stable outlook.

Since its formation in 2012, the Group has evolved from a Latvia-based start-up into an international group offering a wide range of financial solutions around the world. In May 2021, Mogo Finance announced its corporate brand change, becoming Eleving Group. A corporate brand change was a logical step for the Group, showing the evolution from a one-brand company focused on car finance to a multi-brand group with several lines of business and multiple brands across its vehicle and consumer financing products. The new brand captured the Group's revised goal of elevating customers' financing choices by giving access to innovative and sustainable financial solutions to different communities around the world. This change of corporate brand, paired with a focus on sustainability and ESG, was a necessary step to continue the Group's international growth. The Group's leading brand Mogo remains the main brand represented in the Group's vehicle finance products.

During 2020, the Group acquired consumer lending businesses in Moldova, North Macedonia and Albania, and in July 2023, it integrated SIA ECFG, better known as ExpressCredit, a consumer finance provider operating in Botswana, Namibia, Lesotho, and Zambia, into the Issuer's direct subsidiary AS Eleving Finance. The key factors for these transactions were the attractive growth potential due to their strong market position and similar product base, thus providing immediate operational and financial synergies. The acquired companies focus on short-term and long-term financing and have a similar mix of sales channels comprised of online platforms and physical presence. The experience of the Group with unsecured vehicle loans in the Baltics and also a strong presence and track record in the Eastern Africa region facilitated the integration of the new companies into Eleving's structure.

Starting from the second half of 2020, following the above-mentioned acquisitions, the Group has established two business lines: vehicle and consumer finance.

Eleving Vehicle Finance

Eleving Vehicle Finance provides vehicle financing products through a wide range of sales channels, which include: an online platform managed by Eleving, third party online car sales portals, physical branches and physical used car dealers. The financing products are offered up to EUR 35 thousand in size and in terms up to 120 months. Eleving Vehicle Finance fills a funding gap by providing alternative ways of vehicle financing and creates new opportunities for people who previously did not have access to private means of transportation.

Eleving Vehicle Finance specializes in vehicle loans, traditional vehicle financing arrangements. In traditional vehicle financing, customers can select a vehicle that Eleving Vehicle Finance finances. Throughout the financing period, the customers own and/or use the vehicle while making installment payments. Typically, the vehicles are 12 to 18 years old, while in the African markets, new motorbikes are financed. In addition, Eleving Vehicle Finance companies in some markets offer secured loans, where the vehicle is the collateral. These core products constitute 45.4% of Eleving Group's total net loan portfolio as at 31 December 2024.

In addition, Eleving Vehicle Finance offers flexible and subscription-based products, comprising 20.3% of the portfolio. In Lithuania, the Group offers rent-to-buy solutions, granting customers the flexibility to return or exchange vehicles anytime. In Eastern Africa, the Group focuses on productive lending through vehicle loans, targeting self-employed riders and SMEs with ICE and electric motorcycle and three-wheeler financing for passenger transport or deliveries.

Notably, in 2022, the Group introduced OX Drive, an electric car-sharing service available in Riga and neighboring cities. This service catered to individuals seeking high-end and eco-friendly mobility solutions for short-distance travel needs. In August 2024, OX Drive merged their operations with SIA Slyfox, the frontrunners of car-sharing services in Latvia, and is now operating under the Carguru brand, with Eleving Group holding approximately 36% of SIA Slyfox.

The proven business model of Eleving Vehicle Finance is built around high demand for quality pre-owned vehicles in Central and Eastern Europe as well as demand for new motorcycles in East Africa and it is realized through an innovative, data-driven and fast process. This process is led by IT investments together with strong controls, an efficient debt collection process, and direct partnerships with used car dealer networks. With a focus on secured lending against a used vehicle's title, Eleving Vehicle Finance has unlocked a niche market for financial services and is a first mover in this sector benefitting from economies of scale and competitive advantage.

Eleving Consumer Finance

Eleving Consumer Finance focuses on countries with high levels of financial inclusion and communities underserved by conventional financial institutions. There is usually no "middle ground" between difficult-to-access bank financing and very limited, expensive short-term loans. Eleving Consumer Finance companies are often the only ones offering online and offline customer service experiences for diverse customer groups. With 190 branches in Moldova, North Macedonia, Albania, Botswana, Namibia, Zambia, and Lesotho, Eleving Consumer Finance companies offer flexible financial products – from credit lines to installment loans, providing access to substantial funds to customers that meet the Group's credit assessment benchmarks. This business line accounts for 34.3% of the total portfolio.

The key consumer financing product Eleving Consumer Finance offers is a long-term unsecured loan with regular fixed monthly payments. Interest rates differ based on the product, loan size, and term, with decreasing pricing for longer maturities. A customer may repay the outstanding loan balance in full at any time or make required minimum payments by the loan agreement terms.

Geographical Markets

The Group's main headquarter is located in Riga (Latvia) and some of the regional functions are managed also from Vilnius (Lithuania) and Tallinn (Estonia). Eleving currently operates through local entities in sixteen countries – with the vehicle financing business line present in ten of them (Latvia, Lithuania, Estonia, Georgia, Romania, Moldova, Armenia, Uganda, Kenya, and Uzbekistan) and consumer financing in seven (Albania, Moldova, North Macedonia, Lesotho, Zambia, Botswana, and Namibia).

Marketing Channels and Underwriting

Eleving uses diversified marketing channels to reach potential customers. The Group's marketing strategies are tailor made and specific to the country where the loans will be originated, stretching from traditional mass media (including television and radio) to digital channels, search engine optimization and affiliates marketing. Eleving has established a large network of partnerships and brokers (car dealerships, non-banking financial intermediaries) which are key to the Group's success and further growth.

Once customers apply for financing, their creditworthiness is determined through a sophisticated underwriting process, which relies on data-driven statistical analysis as captured in Eleving's proprietary scoring models for vehicle and consumer finance. In addition, Eleving has developed automated instant car valuation models. These models are flexible and can be adjusted to changes in the macroeconomic environment in a particular jurisdiction, allowing Eleving to adapt quickly and to maximize existing opportunities. IT investments and the Group's underwriting process enable Eleving to issue instant preliminary offers based on a car value and a customer's creditworthiness scoring, ensuring an efficient and expedited process for each customer. Eleving can change a car's title in a short period of time and physically inspects all vehicles that are funded. Eleving's customer service is provided in local languages and expedited through a network of call centers in all operating countries and branches in all of its countries of operation. Eleving has established an efficient debt collection process to maximize the recovery rate from the loans including the sale of the financed cars.

Sustainability and ESG

As a financial institution with operations and clients around the world, Eleving promotes sustainable business practices and helps clients capitalize on opportunities that achieve positive environmental and social impacts.

One of the Group's priorities is to measure its non-financial performance according to internationally recognized metrics by the global investors' community. At the end of 2020, Eleving launched its non-financial reporting practice in the framework of Environmental, Social and Governance (“**ESG**”) reporting. ESG reporting aims to provide disclosure and data transparency on environmental, social, and corporate governance aspects, thus ensuring that key stakeholders have the relevant information that is needed to make informed decisions about the Group's ability to make a positive impact and create value through its ESG initiatives in the short, medium and longer term. All non-financial reports are available on the investor section of the company's website for further inspection: <https://eleving.com/investors>.

Overview of performance of the Issuer's business and of its position for the interim period

Eleving Group concluded the year 2024 with robust consolidated results, achieving revenues of EUR 217.1 million, reflecting an increase of 15% compared to the same period in the previous year (12M 2023: EUR 189.3 million). The Group's adjusted EBITDA reached a record high for a twelve-month period, amounting to EUR 90.1 million, representing a 16% increase compared to the respective period a year ago (12M 2023: EUR 77.5 million). The net loan portfolio (including rental fleet) grew to EUR 371.4 million by the end of 2024, marking a 16% increase from EUR 320.3 million at the close of 2023. Adjusted Net profit before FX and discontinued operations reached EUR 35.2 million during the twelve months of 2024, a substantial 20% increase compared to the same period in the previous year (12M 2023: EUR 29.5 million). Net profit from continuing operations reached EUR 28.8 million, reflecting a robust 32% increase compared to the corresponding period in 2023 (12M 2023: EUR 21.9 million).

The improved net profit during 2024 was primarily driven by the quality of the loan portfolio, with impairment expenses increasing by only 4% to EUR 40.3 million (12M 2023: EUR 38.7 million) while revenues increased by 15% compared to the corresponding reporting period. Portfolio quality improvements on a year-on-year basis are evidenced by a significant reduction of NPL rates in 2024 - from 7.5% to 6.1% for Vehicle Finance, and from 4.5% to 4.3% for the Consumer Finance business segment.

Eleving Group concluded the twelve-month period of 2024 with EUR 368.6 million loan issuance volumes, an increase of 27% compared to the corresponding period in 2023 (12M 2023: EUR 290.6 million). This growth was driven by heightened organic demand for the Group's products, loan product offering strategy modifications in certain countries, and further expansion of sales channels, with an increased focus on digitalization and scalability.

Eleving Group also experienced significant growth in customer activity within the Vehicle Finance segment. The number of loan applications during Q4 2024 remained consistently high, and the 2024 twelve-month figures surged by 81% compared to the previous year. Noteworthy growth in applications was observed across most markets, with the Latvian, Romanian and Uzbekistan car financing segments and the motorcycle segment in East Africa being particularly prominent. The number of vehicles financed also increased during 2024, driving a 17% growth compared to the previous year, while the Group maintained prudent underwriting standards and kept the conversion rate stable at 8.3% during 2024.

The Group's Consumer Finance business line continued its trajectory of setting new loan issuance volume records, reaching EUR 191.1 million during 2024, an increase of 44% compared to respective period in 2023. In its mature European Consumer Finance markets, the Group maintained a stable net portfolio size, while substantial growth was recorded in the Sub-Saharan region, where loan issuance volumes reached EUR 42.4 million during the second half of 2024, surging by over 113% compared to the same period last year (Q4 2023: EUR 19.9 million). The African Consumer Finance operations also set a new record in the number of loans issued during second half of 2024, reaching a milestone of 124,000 loans, and surpassing the Q4 2023 result by 66%. This was achieved while maintaining prudent underwriting standards, with conversion rates for all Consumer Finance business lines decreasing by 3.2 percentage points to 33.8% during 2024 (12M 2023: 37.0%).

Eleving Group ended the second half of 2024 with a strong financial position, supported by an increase in equity to EUR 108.0 million (31 December 2023: EUR 82.0 million), a capitalization ratio of 29.2% (31 December 2023: 26.1%), an interest coverage ratio (ICR) of 2.4 (31 December 2023: 2.3), and net leverage of 3.3 (31

December 2023: 3.7). Furthermore, reflecting the Group's enhanced balance sheet structure and sustained profitability, Fitch Ratings upgraded the Group's credit rating from "B-" to "B" with a stable outlook during Q2 2024. This upgrade underscores Eleving Group's progress in fundraising, capital allocation, execution of its long-term strategy, and strengthening of corporate governance.

2. Strategy

Eleving's management emphasizes sustainable growth in its existing markets in the Group's development plans.

Eleving's strategy in vehicle financing is to enable social mobility, focusing on two kinds of markets - developed and emerging markets. In the developed markets (Europe) the strategic goal is to become the leading mobility platform offering a wide range of products in used vehicle financing, premium car financing and subscription-based products for greater flexibility, like rent-to-buy, rent-to-own and flexible rent solutions. In the frontier markets (Africa and Central Asia) the strategy is to drive organic growth in core segments by focusing on productive lending that supports local entrepreneurs and taxi drivers, introducing subscription-based products, launching multiple social impact products targeted at decreasing unemployment and building a strong vehicle fleet management infrastructure.

The consumer finance business strategy includes expanding the product range by utilizing existing databases and shifting the portfolio to longer maturities and higher-loan amounts to secure long-term income streams. The strategy also emphasizes an increase in brick and mortar presence through partnerships with local retailers.

The core strategy for developing both business lines – vehicle and consumer finance – is to maintain similar product mix with 2/3 of portfolio secured and up to 1/3 of portfolio unsecured.

The Group has also a strategic focus on continuous digitalization of processes across the organization, including automation of loan issuance and underwriting processes for efficient resource allocation, and further development of sales channels, like launch of the latest version of car portal across all vehicle finance markets and upgrading partners' (POS / Dealerships) sales tools.

Financial Strategy

In developing and maintaining strategic capital management, the Group is focused on continuous improvement in financial covenants, in particular on ICR, leverage ratio, and the capitalization ratio as well as on exploring routes for attracting outside equity.

The backbone of Eleving's growth is to have access to diversified and efficient funding sources, including issuance of senior secured bonds. Such funding source provides benefits of having a very stable investor base as well as achieving immediate cost optimization by refinancing more expensive debt like marketplace and peer to peer loans.

ESG Strategy

Eleving's mission statement is to empower diverse communities around the world by providing them with financial inclusion, thus enabling upward social mobility. The revised mission statement closely intertwines with the recently established non-financial reporting practice as well as the launch of several social and ESG initiatives (such as women motorcycle school in Kenya and paperless office) that will be reflected in Eleving's product performance going forward. Eleving has defined social impact contribution as crucial for sustainable business development. Eleving has committed

to long term ESG targets and has launched several projects to help vulnerable and under-served groups across different markets.

3. Key Strengths

Proven and Sustainable Business Model

Eleving has two main business lines: vehicle finance and consumer finance. The Group's core focus remains vehicle finance, which comprises 66% of the consolidated net loan portfolio as at 31 December 2024.

The vehicles funded by Eleving are high quality used vehicles (top three car brands financed by Eleving are BMW, Toyota and Nissan) that are known for their reliability and robust aftermarket value. Therefore, the loan-to-value of the issued loans decrease constantly throughout the entire term. Moreover, by keeping a vehicle's title, Eleving can always sell the vehicle should a customer default on a loan.

While consumer finance loans issued by Eleving are primarily used for everyday spending or purchasing consumer goods and electronics, Eleving provides easy access to consumers, since it has both brick and mortar and online presence.

Across all of its products, Eleving analyses customers' creditworthiness via public and private databases (car register information, government institution databases, debt collection agency databases, industry / peer company blacklists and bank statement providers) and allocates a scoring band to each customer. The automated scoring models are developed in-house and, depending on the relevant country, are either integrated in the customer relationship management systems or run on third party cloud solutions. This allows Eleving an efficient assessment of a counterparty risk. The approval rate is extremely rigorous: during 2024 out of approximately 1.8 million client applications received for the Group's products, Eleving has kept an approval rate of 8.3% for vehicle financing products and 33.8% for consumer finance products.

Additionally, for the vehicle financing business Eleving has created a sophisticated automated car evaluation program. The underlying data is regularly updated through an automated process from leading local online car sale webpages and takes into account a large number of parameters, including car model, maker, year, transmission, mileage, engine type and engine size. Eleving automatically and instantly assesses a car's value by integrating relevant databases such as state authority databases, manufacturer records, stolen vehicles and accident databases, while requesting detailed technical information about a car and comparable screening criteria by reviewing main virtual car marketplaces in each relevant country.

Rigorous credit assessment, fast decision output, online and physical presence and the secured nature of the majority of the loans ensure that the risk profile of Eleving's products remains lower compared to traditional online unsecured lending products.

Eleving is a leading player in the European used car lending segment with a unique reach across a large number of European markets as well as operations in two Eastern African and one Central Asian markets. In its consumer finance business, Eleving is one of the leading non-bank lenders measured by the number of registered clients in each market where it operates.

Eleving's presence is solidified by a large network of branches in these countries as well as a widespread network of brokers and used car dealers. Eleving uses traditional and digital marketing channels. While Eleving is using a data-driven marketing strategy as well as the dealer's and broker's network to attract potential customers, their acceptance as customers is ultimately determined by the scoring model based underwriting process.

Eleving has a proven track record and has developed a strong know how that allows its flexible business model to be implemented into new markets in an efficient way by leveraging on its knowledge and technology resources. Before entering a new market, Eleving conducts a detailed market analysis which includes an analysis of the legal framework, competition, country risk, data availability and other market conditions. Furthermore, Eleving performs an onsite visit to the country to meet potential partners and suppliers, and interviews potential local management candidates. Once a final decision to enter a new market is made, Eleving typically adapts existing models and business processes of existing markets to its new markets. This approach, together with an experienced hands-on regional management team, allows to quickly enter new markets and to maintain processes and credit risk assessments at a high level.

Simple and Transparent Product Offering

The Group's products are designed to offer simplicity, convenience and transparency to its customers. The convenient online and offline products aim to protect customer privacy, provide easy access to funding and offer transparent fee and interest structures. Vehicle finance products are long-term loans (up to 84 months), while consumer finance loans are both short-term and long term with maturities ranging from 7 days to up to 120 months. For all products, customers are charged with a nominal interest and fees, payable monthly on the outstanding principal amount. While penalty interests are charged for delayed loan payments, this is a minimal proportion of the Group's income and shows the resilience of its customer base.

Eleving's websites' design aims to be as simple and convenient as possible to use, providing clear terms and conditions. Typically, customers can expect a decision on whether a financing product, subject to a customer's jurisdiction and product type, is approved within a range of 5 minutes to 1 business day after submitting an application. Customers value Eleving's services because of the convenience and transparency offered compared to other available alternatives.

Large Physical Footprint Serving Customers in their Local Markets

A significant part of used car sales takes place at physical locations, where potential customers can see and test a car while interacting with a seller directly. Because of this trend, Eleving introduced dedicated partner account managers and specific partner programs in order to establish close business relationships with used car sellers. The Mogo, Renti and Primero brand is then promoted when a potential customer approaches a car seller with an inquiry about available financing options. As at 31 December 2024, Eleving had entered into cooperation contracts with more than 2,920 car dealerships out of which more than 1,780 are considered active car dealerships with at least one car sale in the reporting period.

In its consumer finance business, as at 31 December 2024, Eleving had 190 branches across its markets, allowing the Group to serve wider population and adapt to different clients' needs.

As at 31 December 2024, Eleving had more than 280 branches in 16 countries of operation, strategically located to address its customers' needs across its both business lines.

Innovative, Data-driven Business Processes

Eleving is constantly investing in digitalization, data processing and risk solutions. Such investments, together with Eleving's experience and expertise in providing innovative and data-driven financial services, strengthen the Group's position to stay ahead of its competitors in terms of ease of use, customer convenience and product offering. In addition, the Group's IT systems have demonstrated a track record for

reliability and uninterrupted performance with no instances of significant system downtime in the last 3 years. Eleving believes that its in-house IT team will be able to maintain the current service level and further develop and strengthen the performance of its IT systems.

Eleving uses a data-driven analysis and a data-driven decision-making process in all aspects of its business. The use of data improves the assessment of existing and potential customers, helps optimize marketing expenditures, enhances credit risk management, and facilitates efficient new product development. Predictive data from alternative sources, in addition to traditional data sources such as credit bureaus, is used for a customer's valid credit scoring.

Sophisticated Marketing Technology

Eleving's marketing technology is increasingly sophisticated and allows for a dynamically adjusted investment in different marketing channels to optimize the amount and type of traffic directed to the Eleving websites by analysing traffic quality and conversion rate of attracted leads in real time. This targeted data-driven approach attracts potential customers who are more likely to apply for the Group's loans, and reduces costs per acquisition of new customers, an important component of the operating costs.

Dynamic Customer Scoring

Eleving's in-house expertise with proprietary credit scoring models containing anonymous information from over 8.2 million loan applications, including both traditional and alternative data points, provides valuable insight into customer trends in existing markets. Since its inception to end of 2024, Eleving has issued around EUR 2.0 billion in aggregate loans and contracted with around 1.4 million registered customers. Eleving continuously learns and analyzes anonymously customer behavior patterns in all the markets where it operates and applies and tests this experience when entering into new countries.

The dynamic credit scoring model aims to ensure that Eleving captures the highest quality and potentially most profitable customer base in the existing and prospective markets. Eleving aims at setting acceptance thresholds that both minimize risks and maximize profitability. The rate of non-performing loans as a percentage of net loan portfolio has been stable and was 5% as at 31 December 2024, compared to 6% as at 31 December 2023 and 7% as at 31 December 2022. Such ratio takes into account the rate of non-performing loans as at a specific date (for example, 31 December 2024) as a percentage of net loan portfolio of Eleving at that point in time.

Real Time Car Valuation

For the purpose of evaluating used cars, Eleving has internally developed an assessment program with multiple integrations with different databases, such as state transport authority databases, stolen vehicle databases, accident databases, manufacturer records and others. This approach allows Eleving to obtain detailed technical information about a vehicle and its legal status. Eleving has also developed integrations with main virtual car marketplaces in each country. While using these marketplaces Eleving is able to obtain comparable car screening data in each respective country and prepare an instant car valuation.

Customer Service Focused on High Customer Satisfaction

Customer satisfaction and operational excellence is the key for Eleving in order to serve its customers at the core of their needs once they have made a choice of buying a new car or applying for a consumer loan.

Eleving has developed a customer service division with more than 960 full-time specialized employees as at 31 December 2024, delivering increasingly convenient customer support in local languages across all markets. Eleving continuously works to improve customer satisfaction by creating personal contact with its customers through telephone calls, e-mails and chats, among others, to discuss product options, address customers' questions, inform customers of their payment due dates and encourage on time payment, discuss options of late payments and help customers with their applications. In addition, Eleving carefully monitors different customer service quality ratios, such as call waiting minutes and abandoned calls. Customer service quality is one of the reasons why customers return to Eleving for more credit.

Established and Efficient Debt Collection Procedures

Eleving has developed policies and procedures for internal debt collection with proven cost and recovery efficiencies.

Eleving primarily handles all debt collection and car repossession activities in-house. Eleving has gained substantial expertise in debt collection strategies over the years. In certain countries, Eleving outsources parts of the debt collection activities to test and compare the efficiency of internal versus external debt collection. Eleving monitors the results of debt collection procedures and aims to implement the most appropriate and efficient procedure in each jurisdiction, thereby increasing the effectiveness of the debt collection process.

Eleving does not employ controversial payment collection practices, such as the use of continuous payment authority or the siphoning of money from customers' bank accounts. Such practices are controversial and will or may become illegal in certain jurisdictions. Due to this fact, and also from a customer relations and loyalty perspective, Eleving strongly believes that its business model is more sustainable than those of other competitors that do engage in that type of debt collection practices.

The repossessed car sales process is handled primarily in-house. In certain newly established countries, parts of the repossessed car sales activities are outsourced to establish the most efficient repossessed car sales models and not to lose any collateral value at the very beginning of such a newly established country's operational phase. Eleving monitors the results of repossessed car sales procedures and implements the most appropriate and efficient procedure in each jurisdiction, thereby increasing the effectiveness of the repossessed car sales process.

Strong Financial Position and Controlled Foreign Currency Exposure

Eleving has demonstrated strong cash flow and profitability characteristics. In the year of 2024, a high net profit before tax margin and return on average assets of 19% and 7%, respectively has been reached. Eleving employs a conservative strategy regarding the maturity profile of the balance sheet by trying to match the duration of assets versus liabilities. Eleving operates with a highly efficient cost base and infrastructure. The cost to income ratio of the Group is at 39% as at 31 December 2024. Eleving believes that this has supported the stable historic growth profile.

Eleving issues loans denominated in euro currency in markets where local regulations allow it. Where this is not possible Eleving chooses one of the following options – i) the relevant company issues loans in local currency linked to either EUR or USD; ii) the relevant company uses a natural hedge by obtaining debt in a local currency to the extent possible; iii) loans provide for upwards adjusting of their effective interest rate to price in any potential adverse foreign exchange currency movement. Eleving proactively hedges its USD linked exposure by entering into non deliverable forward contracts.

Experienced Management with Proven Track Record

The executive team and country managers of Eleving consist of experienced professionals who have worked in different segments of the international financial market and the banking sector for more than 7 years each. Their knowledge, experience and support have proven to be significant assets to Eleving both on the strategic front and in the development of new products. Their knowledge, experience and support are an asset for Eleving and provide Eleving with a significant competitive advantage.

4. Products

As at 31 December 2024, the Group's two business lines – vehicle finance and consumer finance – provide a variety of products and services, thus, filling the funding gap and creating new opportunities for people who previously did not have access to required financing or to private means of transportation. The vehicle finance business is then split into two sub-categories, based on the essence of the provided products and services – traditional vehicle finance and flexible and subscription-based products.

(i) Traditional vehicle finance – a product provided under the Mogo brand in all the vehicle finance markets and premium car traditional vehicle finance under the Primero brand in Latvia.

Eleving offers traditional vehicle finance products to customers in all the countries of operation. As part of the financing service, customers can select a vehicle that Eleving Vehicle Finance finances. Throughout the financing period, the customers own and/or use the vehicle while making installment payments. Eleving finances a vehicle only once it has inspected the vehicle. The majority of the purchased vehicles are pre-owned, 12 to 18 years old, while in the African markets, new motorbikes are financed. In addition, Eleving Vehicle Finance companies in some markets offer secured loans, where the vehicle is the collateral. Eleving provides loans in amounts up to EUR 15,000 (up to EUR 25,000 for Primero brand) for a term of up to 84 months. Customers have the option to repay the loan before the end of the term. In each of the markets where Eleving operates, the nominal interest and fees levied ranges on average from 1.7% to 6.6% per month depending on the product type and characteristics with lower pricing typically applied for longer term loans. In certain countries Eleving applies a 4.6% to 10.0% issuance commission depending on product type and characteristics, which is normally added to the principal amount.

The table below describes key terms for customers of the Traditional vehicle finance in the countries of operation, ordered in accordance with the launch date of operations in the respective countries. For the relevant websites used for the products, see “*Business— Intellectual property*”.

Country	Launch Date	Product Name	Approx Minimum Amount (EUR) ¹⁸	Approx Maximum Amount (EUR) ¹⁹	Term (months)	Application
Latvia	September 2012	Traditional vehicle finance	1,000	25,000	12 - 84	Online, offline (by phone or own branches), partners

¹² In brackets in local currency, where applicable.

¹³ In brackets in local currency, where applicable.

Lithuania	July 2013	Traditional vehicle finance	2,000	15,000	12 - 84	Online, offline (by phone or own branches), partners
Estonia	August 2013	Traditional vehicle finance	500	20,000	6 - 84	Online, offline (by phone or own branches), partners
Georgia	June 2014	Traditional vehicle finance	335 (GEL 1,000)	33,685 (GEL 100,000)	3 - 84	Online, offline (by phone or own branches), partners
Romania	January 2017	Traditional vehicle finance	1,000 (RON 5,000)	12,050 (RON 60,000)	6 - 60	Online, offline (by phone or own branches), partners
Moldova	September 2017	Traditional vehicle finance	1,025 (MDL 20,000)	15,400 (MDL 300,000)	18 - 60	Online, offline (by phone or own branches), partners
Armenia	August 2017	Traditional vehicle finance	850 (AMD 350,000)	48,410 (AMD 20,000,000)	24 - 120	Online, offline (by phone or own branches), partners
Uganda	May 2019	Traditional vehicle finance	265 (UGX 10,000,000)	13,140 (UGX 50,000,000)	6-24	Online, offline (by phone or own branches), partners

Uzbekistan	December 2018	Traditional vehicle finance	745 (UZS 10,000,000)	9,300 (UZS 125,000,000)	6-60	Online, offline (by phone or own branches), partners

In all of the countries of operation, Eleving offers the traditional vehicle finance via its online platform, phone, branch or broker/dealer network.

Traditional vehicle finance is Eleving's core product and represented 45% of the total net loan portfolio as at 31 December 2024.

(ii) Flexible and subscription-based products – products provided under the Renti brand in Lithuania, and boda-boda financing under Mogo brand in Kenya and Uganda.

Eleving offers a rent-to-buy product which is designed with ultimate flexibility in mind so that customers can choose the vehicles they want, with a peace of mind that they are not locked into a contract for the same vehicle for a long period of time. The table below describes key terms for customers of the product in the countries of operation, ordered in accordance with launch date of operations in the respective countries. For the relevant websites used for the products, see “Business— Intellectual property”.

Country	Launch Date	Product Name	Approx Minimum Amount (EUR)	Approx Maximum Amount (EUR)	Term (months)	Application
Lithuania	December 2021	Rent-to-buy	2,000	15,000	12 – 60	Online, offline (by phone or own branches), partners

In Kenya and Uganda Eleving finances boda-bodas (motorbike taxis) and tuk-tuks (three-wheel taxis) riders, which is a perfect solution for self-employed individuals, who use mobility as a source of income. A boda-boda is a small motorcycle widely used for taxi services and cargo deliveries in East Africa. The customer is the legal owner of the vehicle, and Eleving issues credit against the vehicle collateral. The majority of the financed motorcycles are new, and in 2023 Eleving launched financing for electric motorcycles to facilitate the adoption of EVs in Africa. The table below describes key terms for customers of the product in the countries of operation, ordered in accordance with launch date of operations in respective countries. For the relevant websites used for the products, see “Business— Intellectual property”.

Country	Launch Date	Product Name	Approx Minimum Amount (EUR) ²⁰	Approx Maximum Amount (EUR) ²¹	Term (months)	Application
Kenya	April 2019	Motorcycle taxi loans	375 (KES 50,000)	3,735 (KES 500,000)	12-24	Online, offline (by phone or own branches), partners
Uganda	May 2019	Motorcycle taxi loans	370 (UGX 1,400,000)	2,890 (UGX 11,000,000)	12-24	Online, offline (by phone or own branches), partners

¹⁴ In brackets in local currency, where applicable.

¹⁵ In brackets in local currency, where applicable.

Rent-to-buy services and Motorcycle-taxi loans represented 6.2% and 12.7% respectively of the total net loan portfolio as at 31 December 2024.

(iii) Consumer finance – a product provided under Kredo, Bongo, Tigo and Sebo brands in Albania, North Macedonia and Moldova respectively and ExpressCredit in Zambia, Botswana, Namibia and Lesotho.

As at 31 December 2024, Eleving offers uncollateralized consumer loan products (“**Consumer finance**”) to customers in Albania, North Macedonia, Moldova, Zambia, Botswana, Namibia and Lesotho. The Consumer finance products are unsecured loans with amounts of up to EUR 18,000 and for a term of up to 120 months. The Consumer finance loans are typically amortized in monthly installments. The main Consumer finance products are short-term and long-term unsecured loans designed to help customers solve various household-related needs and expenses, such as home repairs, appliance purchases, or unexpected bills. This short-term financial solution is designed to be paid in full at the end of the loan term, which ranges from 7 to 30 days. Eleving also offers an option to choose a long-term unsecured loan where the repayment of the principal and interest is split into small monthly installments. For customers with greater needs for financial input, Eleving offers a long-term unsecured loan, with regular scheduled monthly fee payments and repayment of the principal at the end of the loan term. As at 31 December 2024, Eleving charges an average monthly interest rate of 7.5% in the European markets and 6.8% in the African markets. Interest rate differs based on a product, amount of a loan and a loan’s term, with decreasing pricing for longer maturities. A customer may repay the outstanding loan balance in full at any time or make required minimum payments in accordance with the terms of the loan agreement.

The table below describes key terms for customers of the Consumer finance in the countries in which Eleving operates as at 31 December 2024.

Country	Product Name	Minimum Amount per month (EUR) ²²	Maximum Amount per month (EUR) ²³	Term (days)	Application
Albania	Consumer Finance	39 (ALL 4,000)	4,938 (ALL 500,000)	3-1460	Online and offline
Moldova	Consumer Finance	53 (MDL 1,000)	2,927 (MDL 55,000)	Flexible-730	Online and offline
North Macedonia	Consumer Finance	8 (MKD 500)	3,254 (MKD 200,000)	30-730	Online and offline
Zambia	Consumer Finance	8 (ZMW 200)	3,760 (ZMW 100,000)	7-1095	Online and offline

¹⁶ In brackets in local currency, where applicable.

¹⁷ In brackets in local currency, where applicable.

Botswana	Consumer Finance	136 (BWP 2,000)	18,000 (BWP 265,000)	30-3650	Online and offline
Namibia	Consumer Finance	25 (NAD 500)	1,500 (NAD 30,000)	6-1095	Online and offline
Lesotho	Consumer Finance	75 (LSL 1,500)	1,200 (LSL 24,000)	90-2555	Online and offline

As at 31 December 2024, the average amount of issued Consumer finance loans was EUR 396.

Prospective customers may apply for Consumer finance services either through Eleving subsidiary's online platform or at its branches.

Consumer financing loans represented 34% of the total net loan portfolio as at 31 December 2024.

(iv) Car sale business – a product provided by Mogo Auto Limited in Kenya

During the 2023 financial year, the Group has started with the sale of vehicles and other goods in Kenya. The revenue from the sale of vehicles and other goods (after deduction of expenses from contracts with customers) represents a minor part of the total revenue of the Group.

Revenue from contracts with customers recognized point in time	As at 31 December 2024	As at 31 December 2023	As at 31 December 2022
	(in Million EUR)		
Income from sale of vehicles and other goods	7.1	1.9	0.2
Total	7.1	1.9	0.2

(v) Key future product development

The Group is constantly testing new financing products to better serve its customers' needs and expand its product range. As an example, Elevation is currently implementing shorter maturity consumer lending products tailored to local entrepreneurs in Botswana, Zambia and Namibia. At the same time it is testing a mobile phone financing product in Kenya and Uganda. This product was introduced in 2023 and is still in a testing phase in order for the Group to familiarize itself with the underwriting rules, technical solutions, the sales channels and other market standards.

The Group has started financing electric motorcycles in Kenya in 2023 in Uganda in 2024. Elevation is partnering with electric motorcycle producers to offer customers tailored financing solutions. The product characteristics are similar to that of regular motorcycle loans, nevertheless, EV pricing is *circa* 20% lower, promoting customers to choose a more sustainable option. The Group expects that in the next 3-4 years electric motorcycle product will account for 30-50% of all motorcycle financing issuances in Kenya and Uganda.

The Group was contemplating to engage in SME financing in the future. After initial market and product analysis across existing Group's markets, the Group has decided to put this new product line development on pause, focusing on developing existing and new consumer focused products.

5. Geographic Markets

Elevation's revenues are geographically diversified, spanning 3 continents and 16 countries, and the majority of the net loan portfolios for each respective country is within a 5%-15% range. Net portfolio split: continental Europe – 53%, Africa – 34%, other countries – 13%.

Revenues are derived from these markets where Elevation operates:

- Latvia (since September 2012);
- Lithuania (since July 2013);
- Estonia (since August 2013);
- Georgia (since June 2014);
- Romania (since January 2016);
- Armenia (since August 2017);
- Moldova (since September 2017 with respect to vehicle finance business);
- Uzbekistan (since December 2018);
- Kenya (since April 2019);
- Uganda (since May 2019);
- Albania (since acquisition in summer 2020);
- North Macedonia (since acquisition in summer 2020);
- Moldova (since acquisition in summer 2020 with respect to consumer finance business);
- Zambia (since integration in summer 2023);

- Botswana (since integration in summer 2023);
- Namibia (since integration in summer 2023);
- Lesotho (since integration in summer 2023).

Eleving's management expects that the proportion of these markets in the loan portfolio will increase in 2025 and beyond, while existing core markets will continue to grow.

Before entering new markets, Eleving carefully considers local regulatory and tax issues, typically hiring international or local legal and/or tax advisors for advice on such matters. Eleving then also obtains general market research from its advisors on the new country's market environment. Before starting operations, Eleving also typically collects statistical data on the industry as a whole, such as availability of credit bureaus, and other data, such as the size of the used car market, competitive factors, potential partnerships, the environment and potential customer base in the new markets. Once a country is selected for expansion, Eleving starts to test the market and adapts its scoring and decision-making systems to the new country.

A breakdown of total revenues by operating segment and geographic market as at 31 December 2024, 31 December 2023, 31 December 2022 follows:

Total revenues by operating segment and geographic market

		As at 31 December 2024	As at 31 December 2023	As at 31 December 2022

Physical Footprint – Branches

As at 31 December 2024, Eleving had more than 280 branches in 16 countries of operation, which are strategically located to address the needs of all Eleving's customers.

For its vehicle finance business, Eleving has established branches in strategic locations, such as close to the largest local car markets, near (or within) car registries, or areas with high population density. The branch employees are responsible for formalization of a customer contract, visual inspection of a vehicle and any other customer service related tasks including processing of payments. Eleving's extensive branch network ensures a customer's journey to be as smooth as possible with only a few steps: first a used car seller, then an Eleving branch and, finally, a car registry office.

For its consumer finance business, Eleving has established branches across areas with high population density which is key to reaching and serving its customers. These branches are located conveniently to enable a customer to easily contact Eleving's customer service representatives. This enables Eleving to reach clients who prefer face to face customer service in the loan issuance process and/or payment in cash.

Physical Footprint – Car Dealers

A significant part of used car sales takes place in physical car sales markets. These are the places where potential customers can see and test a car and interact with a seller directly. Having recognized this opportunity, Eleving has put in place dedicated partner account managers and specific partner programs in order to establish a business relationship with used car sellers. The Eleving brand is then promoted when a potential customer approaches the car seller with an inquiry about available financing options. Such partnerships are beneficial for both – Eleving and the used car seller – as they helps to reach Eleving’s customers at the core of the sales activity and they also help to drive the cars sales volumes of the car seller. As at 31 December 2024,

Eleving has entered into cooperation contracts with more than 2,920 car dealerships out of which more than 1,780 are considered active car dealerships with at least one car sale in the reporting period. In some countries, the number of Eleving's partnerships with local car dealers has decreased mainly due to changes in the competitive landscape of the relevant car dealership market, as smaller dealers are acquired or discontinue their business, while larger car dealers strengthen their market position.

Active car dealers per country

6. Developments

Product development

Currently the Group is focusing on scaling up its core vehicle finance, consumer finance and mobility products across existing markets. In each market the Group tries to tailor its products to specific customer needs and maintain existing market position with focus on growing portfolio across all markets. In 2025 this will be the main strategy as there is still a significant potential for organic growth.

In the future the Group plans to develop existing markets with new consumer focused products, further scale up electric motorcycle financing products, as well as enter new markets with existing product lines. First product roll-out in the current portfolio of countries is expected in year 2025 with the plan to add 1-2 new countries per year. The Group will be focusing on its existing European and African markets where it plans to utilize its extensive customer branch network, upgrading already developed IT systems and further capitalising on strong brand recognition.

Development of the Issuer's / Group's business

In Q3 2023, Eleving Group integrated ExpressCredit consumer financing business in four Sub-Saharan region countries. As a result, Botswana, Namibia, Zambia, and Lesotho joined the Group's portfolio.

In July 2023, Renti Plus business operations in Latvia were sold to Transporent Ltd, a Latvian subsidiary of the international mobility services provider SIXT. The respective transaction included the sale of more than 100 vehicles from the Renti Plus fleet and its active customer portfolio.

In January 2024, the Group received all the necessary approvals from Belarussian government authorities with respect to the Mogo Belarus sale. The sale was finalized in second quarter of 2024. For reporting purposes, Mogo Belarus is classified as a discontinued operation (also in comparatives).

An important milestone in digitalization was reached by implementing new generation 2.0 digital solution (advanced online client cabinet) initially in the Romanian market, followed by the rest of European vehicle finance markets, finishing with year-end roll-outs in Latvia and the Caucasus. The project is ensuring active onboarding of existing clients and 24/7 account access. It provides real-time information on agreements, customer information, payment history, and plans. On top of that, it will provide numerous payment methods that focus on promoting recurring (subscription) payments.

Future Development of the Issuer's / Group's business

Eleving plans to expand its geographic footprint while launching 1-2 new markets per year starting in 2025. The Group's geographic growth will be focused on launching new markets in African and European regions. In the new markets Eleving will launch traditional vehicle financing and mobility products. Currently the Group is analyzing multiple markets and plans to select the next target for market launch in the second part of 2025.

Development of corporate finance

As part of its foreign currency exchange risk management strategy during the last quarter of 2023, the Group established cooperation with MFX Currency Risk Solutions (USA), Absa Bank (Kenya) and Absa Bank (Uganda). As a result, in January 2024, the Group companies entered into currency hedging contracts to cover the Group's exposure with respect to the Kenyan and Ugandan shillings.

Environmental impact

In the sustainable mobility area, Eleving Group continued to roll out its electric car-sharing service in Latvia and electric motorcycle financing in Kenya and Uganda. Since the launch of e-mobility products, over 20.0 million kilometers are commuted on pure electricity by the Group's clients. Therefore, both green mobility services have reduced the potential CO₂ emissions by approximately 1000t CO₂, compared to the amount an internal combustion engine would have generated.

In mid-Q4 2023, the Group launched a new initiative in Kenya – retrofitting internal combustion engine motorcycles to electric. The main objective of this product was to intensify the introduction of sustainable mobility in Kenya. By mid-2024, the retrofitting project was discontinued in favor of offering purpose-built EV motorcycles. This decision was driven by the emergence of high-quality, competitively priced electric models that outperformed retrofitted motorcycles in both quality and cost-effectiveness. As of 31 December 2024, the Group has financed more than 2000 EV motorcycles. As per estimates, transitioning a single consumer from using a petrol motorcycle to an electric vehicle reduces CO₂ emissions by 1.2-1.5 tons annually.

The Group has reduced the average CO₂ emission intensity in the vehicle portfolio (excluding the motorcycle segment) from 174.4 g/km (2023) to 173.4 g/km (2024).

Impact to local communities

Over 65,000 unique users have taken the self-assessment test on the Group's financial literacy platform since its launch. The platform was most frequently visited from Tanzania (22%), Latvia (17.5%), and North Macedonia (13.9%) out of the total number of visitors.

Over 20% of the Group's portfolio serves the self-employed and SMEs, thereby increasing economic inclusion and the prosperity of local communities.

Other

In 2024 Elevation Group received Silver category as the most inclusive workplace by Society Integration Fund of Latvia. On top of that, Fontes General Remuneration Survey listed Elevation Group among the fairest salary payers, while the State Revenue Service of Latvia has awarded the "A" category (the highest) given to companies that are the most honest taxpayers in the country.

IX. MARKETING

Eleving has invested in data-driven marketing analysis, allowing the deployment of an efficient marketing mix in each country and attracting potential customers in a targeted and performance based manner. Eleving's marketing spending for the year ended on 31 December 2024 was EUR 7.2 million, which constitutes 0.2% of total loans issued in 2023. Eleving follows a different marketing approach based on the peculiarities and competitive set of the relevant market, however, companies across the whole Group use all range of online/digital and offline marketing channels, like TV, radio, advertising on billboards and public transportation, and sponsorships.

Eleving's key marketing strategies include online marketing channels such as search display and social networks using a cost per click (CPC, also referred to as pay per click, PPC) model, which is a model of online marketing where advertisers pay a fee each time one of their ads is clicked. An increasing focus of Eleving's marketing strategy has been Search Engine Optimization (SEO), i.e., enhancing the visibility of a website in a search engine's unpaid search results. Affiliate marketing, where a commission is paid for each successful loan transaction, and other online marketing tools, such as website display advertising drive additional volume and coverage across the target audience.

Eleving's marketing strategies were developed and are constantly upgraded and updated based on its customer information, such as lifestyle, needs, financial and social position, as well as specific market conditions that are unique in every market where Eleving operates. In addition, the marketing strategy depends on the phase of development of Eleving's products in each country. When entering a new market, Eleving primarily employs performance-based marketing channels to build initial interest and drive customers to the relevant products while the risk profile and the website conversion is optimized and the partnership, branch and broker network is built. As Eleving realizes favorable unit economics, different brand building marketing activities are also considered in order to establish a top of mind brand in the segment.

1. Marketing Organization and Development

As at 2021, Eleving employs a matrix structure for its marketing operations. For each of the regions where Eleving operates, there is a dedicated marketing team in charge of designing a general marketing strategy, creating campaign structures and managing performance of each country. Further, each of the countries has its own marketing team, which is a mix of in-house and outsourced experts. This structure helps to optimize marketing costs and to ensure a high quality of marketing materials. Best practices are shared between the countries, a significant part of marketing materials are created centrally and similar campaign management structures are used.

Local marketing teams are split into several sub-divisions, with each working on a specific goal. The acquisition division works on optimizing channel mix to acquire customers. The conversion division works on converting acquired leads to customers by both ensuring efficient user experience and embracing sales tactics through direct sales channels (email, SMS, calls). The retention division leverages a mix of direct sales channels, discount strategy and loyalty programs to ensure repeated sales to high-performing customer segments. The brand and PR division increases brand awareness and positive view towards the brand which makes it easier for other divisions to reach their goals as customers are more likely to use services from a brand they know and trust.

In addition, Eleving collaborates with third parties - top local marketing agencies that are familiar with the current marketing situation in each local market. This allows Eleving to deploy the most efficient marketing tools tailored to each specific geographic and customer segment.

2. Potential Customers

Eleving's potential customers are working class people receiving regular income but having limited savings. Typically, these are customers underserved by traditional banks due to the low loan amounts, inefficient underwriting process, complicated and inefficient loan application process, and long turnaround times for such loans.

Potential customers of Eleving's Vehicle Finance are people who prefer to drive used premium class vehicles instead of new or few years old economy class vehicles, since such vehicles perform better, depreciate less and have cheaper maintenance cost due to a well-developed spare parts aftermarket. For most customers a car is not a nice to have item, but rather a necessity needed to travel to their workplace or to earn income. Eleving also serves small and medium enterprises who need quick financial solutions to solve mobility issues in their businesses. The majority of Eleving's Vehicle Finance customers are males within an age range from 21 to 59.

Potential customers of Eleving's Consumer Finance are often trying to address urgent cash flow needs, mostly related with unexpected expenses as well as financing consumer electronics purchases. Eleving's Consumer Finance customers are equally divided between both sexes within an age range from 21 to 59.

All Eleving's customers value the convenience and the fast and easy process offered by Eleving.

3. Below the Line (BTL) Marketing Channels

a. Search Engine Marketing

Eleving utilizes Google, Yahoo, Bing, and other local specific search engine paid ads or organic search tactics in order to reach potential customers who are looking for financing products. It is important for Eleving to reach top positions within search results, while being effective and profitable.

A lot of effort is put in Search Engine Optimization (SEO) on each of the Group companies' websites. Eleving enhances organic search results by increasing the depth of information and interaction with its websites. As a result, content marketing has become an important part of the Group companies' marketing mix.

b. Social media marketing

Facebook, as one of the leading social networks in the world, holds a lot of information about its users which is monetized through selling ads on its social networks – Facebook and Instagram. Facebook ads are targeted to users based on their location, demographic, and profile information. Eleving uses Facebook ads to attract potential customers by showing them tailored offers. With Instagram ads Eleving drives awareness and increases its customer base through visuals. In recent years, given the increase of popularity, the Group is intensively utilizing TikTok as a content marketing channel in its markets.

To reach potential customers in Georgia, Moldova and Armenia, Eleving also uses social media networks that are popular and widely used in these countries – Telegram among others.

c. Display Ads

Eleving's potential customers can find information about financial solutions in different global and local online media sources, such as car portals, blogs and news websites. Eleving works with these global and local media channels to offer their visitors what they might be looking for, by strategically showing Eleving's image format messages (banner ads) to potential customers at the right place and the right time.

Eleving uses also Google Display Network and other display networks for all the stages of the sales funnel - prospecting, lead generating and converting. These networks provide a wide set of targeting options such as geography, interests and customer behavior. YouTube is a part of Google Display Network where Eleving places not only banner ads, but also video ads.

Along with display ads on different media, Eleving also uses Google Remarketing tools that help reconnecting with customers who have visited Eleving's website by showing relevant ads across their different devices.

d. E-Mail and SMS Marketing

To retain or upsell customers Eleving also uses e-mail and SMS marketing with segmented custom messages. This year Eleving plans to enhance e-mail and SMS marketing with automation features which will allow delivery of even more customized messages at the right time to the right users. By using automated communication workflows, Eleving has managed to significantly reduce manual labor resources as well as eliminate human errors. Automated workflows are being constantly optimized by executing A/B or multivariate testing. This way Eleving can identify what type of messages at what time and through which communication channels best reach its customers. Such tests give incremental improvement for conversion rate or cost optimization.

e. Affiliate Marketing

Instead of buying ad impressions or clicks, Eleving's affiliate partners and networks generate leads and online sales for its purposes. Affiliate publishers include a range of companies from financial comparison websites to content and e-mail marketing companies or individuals that create financial information and guidance with a link for customers to apply for related products. The affiliate/publisher gets rewarded on fixed commission models such as CPL (cost per lead) – website application and CPS (cost per sale) – issued loans. Affiliate marketing is one of the most accountable and essential digital marketing channels because publishers are responsible for driving traffic to their own assets using their own investments and digital marketing strategies. In this case, Eleving as a lender company must provide additional marketing awareness and educational support in above the line (ATL) and other digital channels such as social media, brand awareness etc., to make the affiliate program more successful.

As affiliates are investing resources to deliver traffic to Eleving, the commissions paid to them must be competitive as well as profitable for them so that the affiliates are motivated to continue to work as Eleving's affiliate partners and promote its financial services. Eleving has its own affiliate marketing engine that is a first-party platform allowing the retention of direct relations with the most valuable and competitive affiliate partners and saves the cost of an intermediary network. As a result, Eleving's affiliate program is more effective, builds strong long-term relationships and a good reputation for the affiliate program in general.

4. Above the Line (ATL) Marketing Channels

Eleving also conducts effective ATL advertising campaigns to increase awareness, drive trust, provide messages of reassurance, and simply to be right next to its customers. The media approach and investment varies by market and competitive set in that market.

Television and radio are among the channels where Eleving gets a good coverage of the target audience. In addition, different offline marketing channels are used, such as

outdoor advertising (print and digital billboards, transit advertising on buses, taxis etc.), and print materials like booklets, flyers, and others.

As an additional layer for measuring marketing performance, Eleving conducts regular in-depth market research to measure brand awareness, understand customer needs, and evaluate whether marketing activities are addressing the key issues customers want to solve.

5. User Experience (UX)

Eleving constantly improves UX by updating design and texts of its online portals in order to increase visitor conversion rate and to streamline overall website usability, making it more convenient for a customer and which increases success of an eventual customer acquisition and reduced cost per sale. The ultimate goal is to have an automatically tailored experience for each customer which will ensure a smooth application process with the highest likelihood of conversion.

X. UNDERWRITING AND REVIEW

1. Overview of the Underwriting and Review Process

The underwriting process for the vehicle finance and the consumer finance loan issuance includes the following steps: (i) customer application for the financing product, (ii) customer registration and identification, (iii) risk assessment and scoring with respect to the customer and, for secured and premium vehicle loan products, the collateral, and (iv) agreement on and issuance of the financing product.

Eleving customers are private individuals and small and medium enterprises that apply for financing products online, in Eleving's branches or through its partners. Loan issuance is based on data driven underwriting and the key processes are automatized based on a scalable and efficient proprietary IT platform.

Eleving is proud of its internally developed programs for client scoring and automated vehicle valuation. The vehicle valuation tool has integrations with state transport authority databases, manufacturer records, stolen vehicles and accident databases as well as main online vehicle marketplaces to make a valuation based on all comparable screening criteria available in the market.

Country-focused client scoring tools take into account parameters from potential customers such as payment discipline (assessed on credit databases and internal and external blacklists), customer profile, income and liabilities, customer personality and, in case of the vehicle finance products, vehicle and seller information.

A customer's identity can be checked either online or at Eleving's or its partner's branches. Customers are identified either through physical identification and document check, through third parties – bank authentication and bank transfer from customer account – or, through electronic identification, where a customer is requested to log in to their existing online third party bank account and the third party bank provides customer identity information to Eleving which is then used in order to check against the registration information provided by a customer. Each vehicle is typically physically inspected by Eleving's customer service team or authorized partners before the loan issuance.

The underwriting process is mostly performed automatically using Eleving's proprietary IT systems.

Typically, with some country-specific exceptions, the review process of each application consists of the following steps:

1. Loan application processing and preliminary assessment
2. Risk evaluation and scoring
3. Vehicle inspection (in case of the vehicle finance products) and finalizing loan terms
4. Final loan approval and loan issuance

2. Loan Application Processing

In every country where Eleving operates, the underwriting process is automated to the greatest possible extent, using the integration with Microsoft Azure solution for automatic, self-learning model recalibration and implementation. The issuance policy in each country sets a detailed process overview including business "hard" rules (e.g. age limits, eligible customers, revenues, vehicles, indebtedness levels), fraud rules and scoring models for decision-making.

During a loan application process, the preliminary data in each application is cross-checked and supplemented. If needed, a customer is asked to provide further information, preliminary fraud and blacklists checks are performed and, in case of vehicle finance loans, vehicles are automatically valuated. During a loan application processing, the most important steps are the verification of a customer's eligibility for Eleving's financing, based on the information related to a customer's financial, economic and reputational information, applicable legislation and also based on the financing terms applied (advance payment, length, exposure, type of vehicle being financed). After such steps are successfully completed, a customer receives a preliminary offer.

3. Risk Evaluation and Scoring

During the risk assessment and scoring evaluation stages, credit history databases are checked, a customer's income information analyzed, a customer's indebtedness calculated and evaluated. Also, where necessary, additional information about the customer is collected and used in the scoring process, such as mobile wallet information, mobile account data, bank statements, personal information and other. The internally developed scoring tool, while taking into account parameters designed for each local market and being in compliance with local regulatory requirements, gives a clear score that enables an informed granting decision. With the increase of the loan portfolio, the scoring models are updated with newly available data and underwriting is designed to be fully adjustable without IT team's involvement. Inclusive credit scoring utilizes alternative data points, allowing the service to be provided to a broader customer base.

4. Vehicle Inspection (in case of the vehicle finance products)

With respect to the vehicle finance products, vehicles are typically physically checked by Eleving's customer service team or authorized partners before a decision on a loan application is taken. Final adjustments on a loan amount and other terms are made and documents to be signed are automatically generated.

5. Final Loan Approval and Loan Issuance

Eleving's loan agreements' terms are adapted to each jurisdiction's specific requirements in order to comply with local laws and regulatory guidance. Such adjustments may cover interest rates, handling fees, commission fees, penalty fees, personal information disclosure, customer withdrawal rights, loan amendments (early repayments, term changes, takeover) and other terms. The loan documentation is signed physically or with electronic authentication/digital signature depending on the country of operations and the loan product, i.e., for each jurisdiction Eleving uses the most efficient method that allows entering into a legally binding loan agreement.

The loan disbursement process depends on the product. For consumer finance and vehicle finance products, Eleving mainly uses bank transfers, which are usually performed automatically by way of batch payments. For the traditional vehicle finance products, after a customer has made a down-payment, Eleving makes a bank payment directly to the seller of the vehicle.

XI. PORTFOLIO MANAGEMENT

Customer Service

Eleving has developed a customer service division with more than 960 full-time specialized employees as at 31 December 2024.

Eleving has established a dedicated customer service organization in each market where it has operations. This allows the provision of customer-focused service in line with local specifics and market practice. To ensure consistent quality of customer service operations across the Group, group-wide customer service principles have been developed, which include (i) customer service and quality principles, (ii) best practices and requirements for managing customer service departments and (iii) internal procedures for each country operations to ensure effective knowledge sharing and continuous improvement of operations. On a daily basis, the customer service organization is improved through regular benchmarking, experience sharing and targeted projects supervised by the Group's operations team to roll-out best practices across the Group.

Eleving's customer service is based on the following six core pillars to ensure convenience and high-quality customer experience:

- 1) *Single point of contact*: The customer service model works on a premise to never redirect a customer to other colleagues. This approach minimizes customer drop-off and maximizes conversion. Eleving's customer service employees are highly trained specialists who are able to serve the Group's customers without any hand-offs by leveraging Eleving's sophisticated IT platform and deep expertise in Eleving's products.
- 2) *Speed*: Critical success factor to Eleving's business is being able to provide a binding loan offer to a customer within a short period of time. Typically the application processing takes from two minutes to one day, depending on the specific country and application channel. Eleving closely monitors key performance indicators on its response times; the channels where speed is most critical (e.g. sales through partner network) are prioritized in order to reduce time-to-loan. Moreover, Eleving constantly seeks improvement and process automation by utilizing modern IT solutions and integrations with third party service providers, such as digital identification and credit information services.
- 3) *Strategic locations*: Eleving has established branches in strategic locations for its both lines of business. For its consumer loan business, a widespread branch network across areas with high population density is key to reaching and serving customers. For Eleving's vehicle loans business, a location next to the largest local car markets or near (within) car registries is preferred. Given that the process requires the visual inspection of a vehicle prior to a loan issuance, convenient locations greatly improve customer experience and convenience. Furthermore, Eleving's branch network offers high visibility to most important areas where used vehicle sales occur.
- 4) *Ease of access*: Eleving is accessible by phone, web, e-mail, chat, social networks, at its branches and its partner's branches. This setup gives Eleving's customers a wide range of convenient contact options and allows Eleving to drive customer conversion rates.
- 5) *Local Call Center*: Eleving has a dedicated and fully-staffed customer service center in each market where it operates. Various call center solutions, such as robocalls, autodialers and queue management tools are used to optimize team

capacity, maximize reach rates and customer service level. Elevation strives to answer most of the calls within 20 seconds, while remaining unanswered calls are saved and processed separately. To ensure efficient management of peak periods and high employee utilization, the branch employees of Elevation serve as virtual call center specialists when there are no customers to serve in person at the branch.

- 6) *Procedures*: Elevation has rolled-out detailed client service procedures in all of its markets. Procedures are tailored to local regulatory requirements and customer specifics. They are overlaid by the Group's customer service standards to ensure consistent service quality across all countries. A dedicated central operations team drives the consistency of customer service standards, serves as the source for best practices and works with local country management to continuously improve the effectiveness and efficiency of local customer service organizations.

Elevation motivates its employees through a tailored performance based motivation system. Elevation's customer service employees are rewarded based on sales performance, efficiency and quality. Elevation monitors key performance indicators at all levels of organization, and the performance is benchmarked against peers, other teams and other markets.

Elevation uses several brick and mortar channel partners for the loan issuance process, and cooperates with partners who, depending on the country of operations, may facilitate part of its customer identification and underwriting process. Internal processes of risk evaluation, vehicle assessment, fraud detection, scoring and loan approval are kept in all the markets where Elevation operates. Partners may be involved in the process of application and documentation submission, vehicle inspection and loan document signing. The typical partners for vehicle finance products are broker firms and used car dealers.

Debt Collection

Elevation has established an efficient and effective debt collection process in each country where it operates. Elevation has a dedicated team in each country and follows debt collection practices which are fully compliant with local regulations. Elevation's strategy is focused on maximizing the dialogue with customers. When Elevation assesses that a customer can repay its loan, it offers various options and tailors the offers to such customer. When Elevation assesses that the customer will not be able to continue a successful relationship, a quick and efficient repossession of the collateral and subsequent sale of it is strived for, while maintaining full transparency with the customer about the process. In case of unsecured loans, legal collection or debt sale processes are initiated.

The following table presents Eleving’s versatile, results-oriented debt collection process fueled by automation:

Overdue days	Vehicle Finance	Consumer Finance
Not Overdue	Pre-collection: Upcoming payment reminders: predictive dialer, automatic emails, SMS, robo caller	
1–30 days overdue	Soft collection: Predictive dialer, calls, automatic emails, SMS, robo caller, written letters	
31–60 days overdue	Mid/Hard collection: Predictive dialer, calls, automatic emails, SMS, robo caller, written letters, contract termination, in-person visits, skip tracing Further actions: Loan renewal Restructuring Voluntary vehicle return Vehicle repossession Forward flow cession (debt sale)	Mid/Hard collection: Predictive dialer, calls, automatic emails, SMS, robo caller, written letters, contract termination Further actions: a. Loan renewal b. Restructuring c. Loan termination
61–90 days overdue	Hard collection: Skip tracing, GPS analytics, home visits, repossession, police reporting Further actions: a. Settlement agreement (new repayment schedule) b. Vehicle sales c. Legal collection ²	Hard collection: Skip tracing, manual calls, notary writs
91+ days overdue	Legal collections ² , cession sales	

¹ Exact termination date differs across markets and is based on local regulations and client’s willingness to cooperate

² Third-party services

At Eleving, the primary objective is to negotiate mutually beneficial agreements with the clients, facilitating loan repayment solutions. In all the jurisdictions where it operates, Eleving adjusts its approach based on the stage of the overdue loan (Eleving classifies a secured loan as non-performing if it is more than 35 days overdue (applies to non-mature countries) and more than 60 days overdue (applies to mature countries), and a consumer loan as non-performing if it is more than 90 days overdue. Each collection stage is shaped to achieve maximum efficiency, by using different tools and focus. Based on the number of delayed days, the internal debt collection process is initiated. Debt collection procedure determines communication rules with the borrowers, loan restructuring/amendment rules and conditions, collateral repossession, and realisation process.

Before the loan becomes overdue, Eleving has an automated reminder process that ensures that the client is aware of upcoming payment and payment details.

As at the first day when the payment is overdue, it enters the early debt collection process, where Eleving launches its automated reminder system (auto-calls, texts, e-mails) informing the customer about the overdue amounts, further actions if payment will not be made and Eleving’s contacts to discuss potential options. Eleving constantly

monitors the effectiveness of the automated system. In addition, Eleving involves its in-house debt collection specialists that call all debtors from a certain day (as early as day 1 in some countries) with the aim to recover the delayed amount, identify reason for the delay and if necessary offer restructuring possibilities, where possible and economically viable. Prior to pursuing further debt collection activities, Eleving first aims to reach an agreement with a customer in order to find a solution for loan repayment. For vehicle finance loans, if the case is not resolved until day 30-60 (depending on the market and product), it is passed on to the next debt collection stage. For consumer finance loans debts are handled in-house up to 90 days past due date (DPD). If the customer is amenable to resolution, they are retained in-house. Otherwise, they are seamlessly transferred to field collection, external collections agencies, or litigation after the 30-day mark, ensuring efficient debt management processes.

During mid-collection stage Eleving uses multiple approaches: predictive dialer, debt collection calls, automatic emails, SMS reminders, robot callers, e-mail communication and in certain jurisdictions – in-person visits. In around 66% of the cases in the mid-collection stage the overdue loans are restructured or go back to the regular payment schedule. In certain situations no resolutions are available and the overdue loan is terminated. The exact moment of termination depends on the relevant country's legislation and payment discipline specifics. When the agreement is terminated, the debt specialists of Eleving offer the customer the option to renew the agreement, repay the loan or voluntarily return the vehicle, where applicable. In most cases, vehicle loan agreements are terminated when they are 60-90 days overdue in order to physically repossess a vehicle and preserve its value.

In the final debt collection stage, Eleving's in-house vehicle repossession experts work with customers to recover the collateral. More than 80% of the vehicles, which are set for repossession are successfully repossessed at this stage of the debt collection. This stage does not apply to products without collateral (vehicle). In case of consumer financing, the loan is terminated and passed on to litigation / cessation processes.

After vehicle repossession, the vehicle is put up for sale in Eleving's car lot. Sale of a repossessed vehicle takes 44 days on average from the moment such vehicle is repossessed²⁴. For the repossessed vehicles (in countries with fully secured products) the post-termination recovery rate stands at approximately 85%, which is a ratio of recovered principal and interest payments (including legal fees collected and other related fees) against outstanding principal. Outstanding debt (if any) is then recovered through an unsecured recovery process of Eleving, which includes amicable settlements, court execution process and / or debt portfolio sale (depending on the country).

To ensure consistent quality of debt collection operations, Eleving has developed Group-wide debt collection service standards that include (i) debt collection principles, (ii) best practices and requirements for the debt collection department and (iii) internal procedures for each country in order to ensure effective knowledge sharing and continuous improvement of operations. On a daily basis, the debt collection management is improved through regular benchmarking, experience sharing, and targeted projects supervised by the Group's operations team to develop best practices across the Group.

²⁴ Measured as average days between vehicle repossession date in 2023 and vehicle sales date.

XII. INFORMATION TECHNOLOGY

Eleving's IT department supports the full lifecycle of product development and optimization. Eleving embraces effective design principles and applies value driven prioritization principles to maximize return on the time invested by the IT department. This approach aims to build solutions based on validated business needs, with a focus on running secure and stable systems minimizing maintenance costs but maximizing customer conversion rates and streamlining portfolio administration.

Credit Management Systems

Eleving has three regional systems for processing credit applications and managing the credit lifecycle. Each system is tailored to support the best business processes in the particular region where it is deployed. Eleving relies on technology diversity and benefits from having two three systems available to run business operations independently without building redundant cross dependencies. In each country where it operates Eleving deploys one of its three systems and aligns the IT processes to obtain business process similarities across countries of operation. This approach ensures that Eleving's business processes are unified where possible across all system installations (countries) – this significantly simplifies user support, system maintenance and updates provided by IT departments. Furthermore, Eleving ensures a unified business control function and that the key performance indicators (KPI), such as conversion rate, delay rates, SLA etc., are gathered in a qualitative and comparable way. All the factors outlined above have historically allowed Eleving to launch business operations in a new country in a few months' time, and to launch businesses in several countries in parallel.

IT Practices

Eleving has to retain a certain degree of flexibility in order to secure leading market positions in the countries where it operates. Eleving's IT systems are easy customizable without breaking business processes. Eleving does not distribute business processes across multiple systems and platforms but rather focuses on building systems relying on loosely coupled processing modules. Similarly, Eleving avoids expensive batch processing where possible, instead making calculations just in time and splitting work into smaller parcels.

The IT engineering team of Eleving is a mix of product owners, system analysts, experienced developers and testing engineers, all focused on delivering stable solutions. Eleving has embedded proven test practices in the area of test automation. Comprehensive regression test suites are fully automated and are continuously extended and maintained by the IT engineering team.

IT Infrastructure

Eleving's core IT infrastructure is centrally managed by the Group's IT team, which is responsible for all network, server, service and mission critical production system operations and business application support.

Local IT support is provided by local IT teams or outsourced to local IT support service providers to ensure fast service deliveries and communication in local languages that is convenient for the end users.

Eleving has concluded the transition to cloud computing service providers and all mission critical production systems utilize the advantages of high availability, fast scalability and business continuity offered by the leading service providers - Microsoft Azure or AWS.

Eleving is at the forefront of technology, utilizing Azure Machine Learning platform to harness the power of automated decision-making, ensuring smarter, faster, and more accurate business solutions in an ever-evolving digital era.

Data Backup Strategy

Eleving relies on the high availability of Microsoft Azure and AWS platforms and the available backup services. Eleving works on automation of the infrastructure in order to support business continuity, implementing principles of “Infrastructure as Code” - allowing to deploy new instances of systems in very short timeframe in alternative locations if/when this would be required.

Monitoring

There are comprehensive monitoring systems implemented and running 24/7, continuously inspecting system performance, collecting statistics and analyzing system/user activities. Data is aggregated to ensure a 3-layer monitoring: IT Infrastructure Monitoring, System Health Check and Business Process Monitoring. Should any warning or fault be detected, an alert is raised automatically.

Reporting Platform

Data warehouse (DWH) solution, together with the reporting platform, gather data from all databases into one unified source, providing a comprehensive set of dashboards and reports for decision making and business steering in an effective way.

Microsoft Power BI (the leading BI tool according to Gartner Magic Quadrant for Analytics and Business Intelligence Platforms in 2021) is selected as the reporting platform for management and KPI operations reports on all levels (country, region, group). Pre-processed data is available for immediate analysis and is used for various purposes, including customer scoring algorithm adjustments and target customer segmentation for new marketing campaigns.

IT Cost Control

Eleving keeps a low-cost base by utilizing cloud computing services that can be scaled up rapidly as needed without major investments. IT running costs and investments are monitored continuously and revised regularly, with a focus on reassessing costs, revising investments and identifying opportunities for further optimization.

IT Security

Eleving employs a multi-layered security strategy. IT security management program utilizes risk-based architecture for consistent IT security practice. Eleving deploys and maintains a stack of security infrastructure technologies. Security testing, threat modeling and risk assessment processes are implemented. The information security team continuously mitigates and monitors vulnerabilities and threats. In face of new and changing threats Eleving adapts its defenses accordingly.

XIII. CREDIT AND RISK MANAGEMENT

1. Risk Management

Risk management at Eleving involves identifying, monitoring and managing potential risks in order to minimize the negative impact they may have on the organization. Eleving applies Enterprise risk management (ERM) approach for organizing and coordinating an integrated risk management framework for the Group. To ensure an efficient process of significant risk management across all business units and stages, Eleving describes the general framework and duties in internal policies and guidelines.

Internal policies and guidelines pursue the following objectives, for each operational company of the Group:

- to establish the framework required for the identification of significant risks;
- to assess the exposure to significant risks;
- to establish the techniques and indicators to be used for the management of significant risks, including with reference to the adequacy of the limits system;
- to allocate the risk management duties within the entity;
- to establish the framework required for risk reporting (reporting typology– indicators, content; frequency, users);
- to establish the entity’s risk profile in line with the entity’s business strategy; and
- to establish the measures required for addressing the conflicts of interests at the level of the risk management function and the conditions required for the independent exercise of the risk management function.

2. Risk Management Process

The Risk Management process consists of 4 main parts:

- Risk identification
- Risk analysis
- Risk quantification
- Risk management

Eleving has defined the following significant risks: (i) financial risk, (ii) legal risk, (iii) operational risk and (iv) reputational risk.

a. Financial Risk

The Group’s activities are exposed to a variety of financial risks: market risk (including currency risk and interest rate risk), credit risk and liquidity risk. The Group’s overall risk management focuses on financial markets and seeks to minimize potential adverse effects on the Group’s financial performance. The Group uses derivative financial instruments to hedge certain risk exposures which are carried out by the central treasury department (the Group’s treasury).

Liquidity Risk

The Group manages its liquidity by controlling the amount of funding (i) it attracts through peer-to-peer platforms, which provides the management greater flexibility to manage the level of borrowings and available cash balances, and (ii) it obtains from local banks and independent funds. Also, the Group manages its longer-term liquidity

needs by obtaining funding from international capital markets, in particular by issuing the Eleving Group Bonds 2023/2028, the Eleving Group Bonds 2021/2026.

Credit Risk

The Group is exposed to credit risk through its traditional vehicle financing receivables, loans, and advances, as well as cash and cash equivalents. The key areas of credit risk policy cover traditional vehicle financing and loan granting process (including solvency check of the lessee or borrower), monitoring methods, as well as decision making principles. The Group uses financed vehicles as collateral to significantly reduce the credit risk. The Group operates by applying a clear set of traditional vehicle financing and loan granting criteria. These criteria include assessing the credit history of the customer, means of traditional vehicle financing and loan repayment and understanding the traditional vehicle financing object. The Group takes into consideration both quantitative and qualitative factors when assessing the creditworthiness of the customer. Based on this analysis, the Group sets the credit limit for each and every customer. When the traditional vehicle financing agreement has been signed, the Group monitors both the traditional vehicle financing object and the customer's solvency. The Group has developed a traditional vehicle financing monitoring process that helps quickly spot any possible non-compliance with the provisions of the agreement. The receivable balances are monitored on an ongoing basis to ensure that the Group's exposure to bad debts is minimized, and, where appropriate, sufficient provisions are being made. The Group does not have a significant credit risk exposure to any single counterparty but is exposed to risks of a group of counterparties having similar characteristics.

Market Risk

The Group takes on exposure to market risks, which are the risks that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risks arise from open positions in interest rate and currency products, all of which are exposed to general and specific market movements and changes in the level of volatility or market rates or prices such as interest rates and foreign exchange rates.

Currency Risk

Currency risk is defined as the risk that the value of a financial instrument will fluctuate due to changes in foreign exchange rates. The Group is exposed to the effects of fluctuations in the prevailing foreign currency exchange rates on its financial position and cash flows. The most significant foreign currency exposure comes from Georgia, Armenia, Uzbekistan, Kenya and Moldova, where the Group has evaluated potential hedging options, but due to the costs associated with it, has decided not to pursue hedging strategy for now and assume potential short to mid-term currency fluctuations with retaining potential upside from strengthening of the mentioned currencies. Nevertheless, the Group has a practice of pricing in the currency risk within the cost of its products in the most volatile markets from a foreign currency perspective.

In addition, the Group is making substantial progress in issuing as many loans as possible in EUR and USD currencies. Having now a significant portfolio of USD loans and traditional vehicle financing, mainly linked to Kenya and Uganda, the Group has started to proactively manage the foreign currency exposure risk towards USD. The proactive management of USD exposure can be observed by forward contract purchases that have started already in 2020 and will continue in 2024 and onwards.

Over the last years, Eleving Group has substantially reduced exposure to its foreign currency risk by decreasing its open FX position across the Group. As at 31 December 2024 adjusted FX position stands at EUR 20.9 million and adjusted open FX position ratio of 0.3x – showing significant improvement compared to previous periods. The

Group continues its strong dedication towards proactively mitigating foreign currency risk in its portfolio. In addition to the measures outlined above, this has been achieved by successful divestments from markets that previously operated in a volatile foreign exchange environment.

Interest Rate Risk

Cash flow interest rate risk means the risk that future cash flows of a financial instrument will fluctuate due to changes in market interest rates. Fair value interest rate risk is the risk that the value of a financial instrument will fluctuate due to changes in market interest rates, in particular that the Group's income or the value of its portfolios of financial assets might be affected as a result. The management of Eleving believes that for the Group, interest rate risk is not material since all loans are issued and received at fixed rates and most of the borrowings as well as loans issued to customers are long term.

b. Legal Risk

Legal risks are mainly derived from regulatory changes which the Group successfully manages with the help of in-house legal department and external legal advisors that closely follow latest developments and the legal environment. While the majority of the Group's operating entities are financial institutions, the Group is not regulated as a bank, payment institution or e-money institution in any of its operating jurisdictions. The regulatory framework applicable to the Group's operating entities varies depending on the jurisdiction in which the Group is operating. The relevant regulations relate to, *inter alia*, lending and traditional vehicle financing activities, consumer rights protection, the processing of personal data, debt collection and the prevention of money laundering and financing of terrorism.

c. Operational Risk

The Group's operational risks are associated with organizational operations and could affect an organization's ability to meet its goals and objectives. The Issuer manages its operational risk by defining and implementing clear processes, policies, and procedures for identifying potential operational risks, assessing their severity, and developing strategies for reducing or eliminating them. The Issuer focuses on establishing clear roles and responsibilities, internal control mechanisms, developing modern FinTech solutions and ensuring data security. The Issuer established an Economical Security Department (ESD) to manage internal and external fraud risk. In terms of operational risk management, the Issuer pays special attention to operational resilience enabling business to proactively prepare for, respond to, and effectively manage disruptions.

d. Reputational Risk

Reputational risk is concerned with the exposure of the Issuer to events that could adversely affect customers' trust in its products, could decrease its customer portfolio or could lead to: (i) an increased difficulty in attracting new customers; (ii) difficulty in raising financing sources; (iii) difficulty in retaining the employees; (iv) non-compliance with the requirements set forth by local authorities. The Issuer's reputational risk monitoring is performed e.g. by monitoring of the local and central media, monitoring the Issuer's activity with focus on the events that could expose the company to a reputational risk (specifically those related to customer relations and to the relationships with the supervisory authority) and monitoring the amount of complaints received from customers.

XIV. COMPETITION

Eleving’s vehicle finance business line has very limited competition in the markets where it operates due to the lack of companies specializing in purely pre-owned motor-vehicle lending. Furthermore, used pre-owned vehicle lending is not the immediate market segment which a typical unsecured lending company would target, mainly due to the essential physical presence (branch network) which requires capital expenditure in infrastructure and due to the necessity of establishing close relationships with pre-owned motor-vehicle dealers.

In certain markets, Eleving also competes with financial institutions, such as banks, credit unions and other consumer lenders offering unsecured loans that can be used for motor-vehicle purchase.

Eleving’s consumer finance business line competes with non-bank lenders which usually have only online operations. Eleving has a unique mix of a vast network of physical branches and a well-established online lending platform. This way Eleving addresses a wider population of potential customers and is able to offer fast loan issuance process both online and offline.

The table below describes Eleving’s key competitors, apart from commercial banks, in the countries of operation and a brief overview of the relevant market.

Country	Main Competitors	Description of the Market
Latvia		
(vehicle finance)	BigBank AS Aizdevums.lv (Marginalen AB) Inbank TF Bank Ferratum Incredit Group	Customer mobility is enhanced by offering used cars through different vehicle financing products. Eleving has a historical presence in used car long-term rent which was paused since 2022 by putting more emphasis on financing, but starting from from Q2, 2025 Eleving will start provide long-term rent for used cars simultaneously keeping emphasis on both financing and rent. Commercial banks have the biggest share of the unsecured-installment loan market.
(car rent)	Current Watu Auto	AS Renti was the first company in 2018 to introduce used car long-term rent in the Latvian market with the possibility for customers to select a car on their own (as opposed to choosing a car offered by a car rental company) from any registered car dealers in Latvia. The change of Eleving focus in 2022 from renting to financing has led to reduction of the used car rent business and its portfolio, but as abovementioned starting from Q2, 2025 rent empahsis will be renewed and rent portfilio will rise.

Estonia

Country	Main Competitors	Description of the Market
(vehicle finance)	InBank Bigbank AS Autopay Svea Finance	Eleving has a significant market presence in Estonia. In 2024 there were 34 creditors not associated with banks, 9 creditors associated with banks, 8 licensed credit intermediaries, 8 cross-border credit intermediaries and 4 agencies of licensed credit intermediaries. Creditors not associated with banks, which mainly provide instant loans, differ from creditors associated with banks in the structure of the loan portfolio and in their lending conditions. Their loans are on average much more expensive than those from creditors associated with banks. According to recent market research conducted by KOG Institutas, the recognition of the Mogo brand is around 8%, which is better than that of its biggest competitors.

Lithuania

(vehicle finance)	Inbank SB Lizingas TF Bank Fjord Bank	The used vehicle financing market in Lithuania is gradually growing, offering traditional vehicle financing and car loans as primary financing instruments, followed by long-term rent as an alternative. The market is highly regulated by local authorities, protecting consumer rights in both used car traditional vehicle financing and other financing areas. Among major market players, Eleving stands out for its product offering and operational flexibility and is considered as one of the leaders in used car market segment. As at now, Eleving offers a full range of financial and non-financial solutions to customers who are looking to obtain a vehicle.
(car rent)	Go4Rent (SME Finance group) Current	In 2017, Eleving expanded its market base introducing long-term rent for used vehicles. Operating under Renti brand, company offers used car long-term rent with the possibility for customers to select a car on their own from any registered car dealers in Lithuania or to choose the one from company fleet.

Georgia

Country	Main Competitors	Description of the Market
(vehicle finance)	Swiss capital Dizi leasing Liberty Bank TBC Bank	Eleving has been a key player in the Georgian market for over a decade, establishing itself as a market leader in used vehicle financing. With a track record of excellence, we have successfully signed over 70,000 agreements, solidifying our position as the number one top-of-mind brand for car financing in the country, as confirmed by internal market research conducted in 2024. Our commitment to innovation and customer-centric solutions has allowed us to consistently meet the evolving needs of our clients, ensuring trust and loyalty across the market.
Romania		
(vehicle finance)	TBI Bank Happy Credit ImoCredit MobiFinance Credius OnToPay	Eleving has operated in the Romanian market for 8 years under the brand Mogo. Eleving's competitors offer both secured and unsecured lending products, which are similar to Eleving's products. Nevertheless, Eleving's products are specially designed to serve the individual needs of retail consumers. While other financial institutions offer similar services, like credit lines secured by cars or reverse finance assimilated loans or other car acquisition products, their services are targeted to a different segment of the consumer market. Since 2021 Eleving switched to online lending which offers a competitive advantage from time-to-loan perspective.
Armenia		
(vehicle finance)	Global Credit Mikro Kapital	Eleving has been operating in Armenia for 8 years and established itself as one of the market leaders for used vehicle financing. To date, Eleving has financed the purchase of more than 28,250 vehicles. Eleving's advantage over competitors is quick decision-making process compared to Eleving's main competitor in Armenia. Armenian banks mostly provide car loans to customers with a low-risk threshold, which enables Eleving to attract customers which banks do not finance. Loans are also issued via the partner network. This source is not used

Country	Main Competitors	Description of the Market
Uzbekistan	(vehicle finance) Fortuna Biznes Mikro Leasing PulMan	by competitors and this serves as an advantage over competitors. Eleving's competitive advantage in the market is built on fast service, financing cars with older production year and wider range of clients' age. With its 11 branches Eleving is present in all regional centers and serves such clients as self-employed persons and small business owners; in general those ones, who have difficulties to get financing from banks.
Uganda	(vehicle finance) WATU Tugende	<p>Eleving has strategically prioritized financing motorcycles (Boda Bodas) in Uganda, recognizing the higher-than-expected profitability in this segment. Boda Bodas, widely used as income-generating assets (taxis), provide borrowers with a reliable income stream to repay loans. With over 42,000 active clients, Eleving has established itself as the leading Boda Boda financing company in Uganda, operating in a market with limited local and international competition. Traditional banks typically avoid financing motorcycles, as customers in this segment often lack formal employment, creating a significant opportunity for Eleving to dominate this niche.</p> <p>In the car financing sector, Eleving successfully resumed and scaled up its traditional vehicle finance products in 2024. Since its relaunch, this product has shown remarkable growth and has become a cornerstone of Eleving's broader growth strategy. The market for traditional vehicle financing remains largely underserved, with most competitors being small domestic companies with limited financial resources and operational scale. Banks, on the other hand, tend to focus only on clients with very low-risk profiles, leaving</p>

Country	Main Competitors	Description of the Market
Kenya	(vehicle finance) WATU NGAO Credit Platinum Credit Momentum Credit Mwananchi Credit M-Kopa	<p>this segment untouched. Elevation's expertise and dedicated focus on traditional vehicle financing have firmly positioned the company as a market leader in Uganda, enabling it to expand its market share and strengthen its competitive position.</p> <p>According to Elevation's internal market research, Elevation is a leader in the motorcycle financing market based on financing volumes and asset base (around 75% of the total market in 2024). The majority of vehicles in this segment are income-generating assets used as taxis. Banks generally shy away from financing motorcycles, given that customers are not salaried employees. M-Kopa is actively entering sub-segments of electric vehicles. The car financing industry in Kenya is quite competitive and it seems that the competition will keep increasing. Elevation's competitors are local companies without strong financial support and most of them have small-scale operations, with only a small portion of them having large-scale operations. According to internal market research, currently Elevation Group is one of the top 3 players in Kenya in non-banking car financing industry. Banking institutions target customers with very low risk profile and thus they do not seek to participate in the market segment in which Elevation is primarily active. Used cars are also financed by dealers, but they are not competitive since they provide quite expensive and short-term services.</p>
Moldova	(vehicle finance) Microinvest SRL Easy Credit SRLBT Leasing MD SRL ÎCS Express Leasing & Microcredit SRL	The non-bank credit sector has a small share in the country's economy, compared to the banking sector, but its scope is wide, offering credit services for small businesses, consumer loans and personal needs of natural persons throughout the country. The market of

Country	Main Competitors	Description of the Market
	BT Leasing MD SRL Credit Rapid Srl	<p>non-banking credit organizations (NCCs) remains extremely competitive. In Q III 2024, 118 companies serving almost 324 thousand customers were active. The share of the 10 largest companies by total assets is relatively stable with small decrease from 75.5% to 75.2% in 2024, which maintains the trend towards the consolidation of the NCCs market.</p> <p>The National Financial Market Commission (CNPF), as a regulator, has undertaken legislative and educational measures to increase the quality of financial services offered by NCCs and has contributed to an increase in customer confidence in this sector. The financial activity regulator National Bank of Moldova has taken measures to analyze the NCCs market, namely: transparency of the shareholders and the financing structure of NCCs and the reporting methodology. Limiting the possibilities of consumer over-indebtedness helped the sector to become more consolidated and stable.</p>
(consumer finance)	Microinvest Easy Credit lute Credit Aventus Finance (Credit 7 & Credit 365) Ecofinance Technologies SRL (Credit Prime) Credit Rapid	<p>Eleving offers loans up to 100,000 MDL with terms of up to 36 months. Key competitors like lute Credit and Aventus Finance provide broader offerings, including refinancing and loans up to 300,000 MDL. Credit Rapid specializes in USD loans for auto and collateral needs, while Microinvest focuses on small business financing. Credit Prime leads in long-term borrowing with limits up to 500k MDL and terms of 60 months.”</p>
North Macedonia		
(consumer finance)	lute Macedonia FlexCredit Credissimo M-cash	<p>Main competitors who offer similar products and have a comparable business model are lute Macedonia, FlexCredit, Credissimo, M-cash and SN Finansii. There are more than 20 other, relatively smaller companies providing</p>

Country	Main Competitors	Description of the Market
	SN Finansii	non-banking services in the market who directly compete with Eleving.
Albania		
(consumer finance)	luteCredit Mia Finance NOA Fondi Besa	The main competitor who offers similar products and have a comparable business model is lute Credit. Of all other competitors, the second strongest is NOA who has during 2023 put an extra effort to enter into the small consumer loans. Other competitors are Fondi Besa, Mia Finance and financial banking institutions who are targeting the consumer loan and credit card segment.
Botswana		
(consumer finance)	Letshego Bayport	The market is dominated by the 6 Systemically Important Entities (SIE) who make up over 90% of the asset base. The market is regulated by the non-bank financial regulatory authority (NBFIRA) with the SIE being subject to prudential reporting requirements. The market is dominated by the government deduction at source product where the deduction codes are owned by unions. The MFIs work with the different unions to provide loans to their members where the deduction is made directly from source. The maximum loan amount for DAS are up to BWP 1 million (EUR 70,000) and a maximum loan tenor of 10 years.
Namibia		
(consumer finance)	Letshego Entrepo Focus Finance Janeel Finance	The financial sector in Namibia is characterized by a) low financial intermediation (with limited access to financial services to the rural population and low to medium income groups), and b) relatively undeveloped money and capital markets. The financial services sector in Namibia is comprised of banks and microfinance institutions (MFIs) and insurance companies which are regulated and supervised by the Namfisa and BON (Bank of Namibia).

Country	Main Competitors	Description of the Market
Zambia (consumer finance)	IZWE Loans (Zambia) Bayport LOLC Finance Zambia Tottengram Fin Serv Xtenda Finance Limited Micro Finance Zambia Limited BIU Capital Limited Unify	<p>According to Namfisa, there are 426 registered MFIs currently operating in Namibia, of which 99% are payday lenders and approximately 10 are term-lenders.</p> <p>The list contains the top 7 competitors offering Government loans. All, except Bayport and LOLC Finance Zambia, are non-deposit taking Microfinance companies. Micro finance Zambia Limited and Tottengram Fin Serv offer similar products to Eleving.</p> <p>Two mobile Network operators (MTN and Airtel) are providing the largest small loans through their mobile wallet platforms. Two account for close to 60% of small loans averaging K3000 (EUR 100) and up to K10,000 (EUR 333). These companies perform the activity in partnerships with banks and other lenders.</p>
Lesotho (consumer finance)	Letshego Financial Services Lesana Financial Services Thusong Financial Services	<p>Primary competitors who offer similar products and have a comparable business model are Lethshego, Lesana and Thusong. Amongst these 3 main competitors, Letshego financial services is leading the pack. Main competitors are also providing loans to the private companies and funeral services loans. There are also many relatively small companies that provide non-banking services in the market who directly compete with Eleving.</p>

XV.INTELLECTUAL PROPERTY

Eleving's principal operating activity is providing vehicle finance and consumer finance loans, predominantly via the Group's internet platforms, phone, branches and broker/dealer network. The table below sets forth the websites currently used by the Group to provide its services through the internet platform. The content of these websites is not part of this Prospectus.

Besides the websites listed above, we own other domains that we plan to use for business footprint expansion to other countries, launching new products and implementing other business ideas.

To further facilitate the connection between its customers and car dealers, Elevation Vehicle Finance has also developed proprietary car sales portals in various regions. The Group currently has 10 proprietary car sales portals, with more than 7,500 cars listed across 10 markets in Europe, Central Asia and Africa. The online platform serves as the main channel through which Elevation sells repossessed vehicles.

Registered Trademarks

The Group company AS "mogo" (Latvia) has figurative and word trademarks "Mogo Finance" and "mogo" registered in the European Union in respect of financial services under Class 36 of the Nice Classification. Based on the registration of figurative trademark 'Mogo Finance' in the European Union, AS "mogo" (Latvia) has registered international trademark via WIPO in respect of, Armenia, Kenya, Moldova, North Macedonia, and Uzbekistan. In part of above-mentioned and in other countries (in Georgia, Lithuania, Latvia, Estonia, and Moldova), trademarks containing the verbal element 'mogo' has been registered by Group companies as well.

The Issuer has a figurative trademark "Elevation" registered in the European Union in respect of services under Classes 35, 36 and 39 of the Nice Classification. In addition, the Issuer has filed for registration of a word trademark "Elevation" in the European Union in respect of services under Classes 35, 36 and 39 of the Nice Classification. The opposition period ended on 8 September 2021, and due to an opposition of the application, the registration process is still ongoing as at the date of this Prospectus.

XVI. REGULATORY FRAMEWORK

While the majority of the Issuer's operating entities are financial institutions, the Issuer is not regulated as a bank, payment institution, or e-money institution in any of the Issuer's operating jurisdictions. The regulatory framework applicable to the Issuer's operating entities varies depending on the jurisdiction in which the Issuer operates. The relevant regulations relate to, *inter alia*, lending and traditional vehicle financing activities, consumer rights protection, the processing of personal data, debt collection and the prevention of money laundering and financing of terrorism.

The table below sets forth the relevant local regulator in the countries in which Elevation operates.

Country	Regulator
Latvia	Consumer Rights Protection Centre
Estonia	Estonian Financial Supervision and Resolution Authority
Lithuania	Central Bank of Lithuania
Georgia	Not applicable
Romania	National Bank of Romania
Armenia	Central Bank of the Republic of Armenia
Uzbekistan	Not applicable
Uganda	Uganda Microfinance Regulatory Authority
Kenya Moldova (both lines of business have the same regulator)	Central Bank of Kenya National Bank of Moldova
North Macedonia (consumer finance)	Ministry of Finance
Albania (consumer finance)	Bank of Albania
Botswana (consumer finance)	Non-Bank Financial Institutions Regulatory Authority
Namibia (consumer finance)	Namibia Financial Institutions Supervisory Authority
Zambia (consumer finance)	Bank of Zambia
Lesotho (consumer finance)	Central Bank of Lesotho

Below, we give an overview of the most relevant major regulations with which each relevant entity complies in the jurisdictions of the principal operating entities of the Group as at the date of this Prospectus:

Latvia

AS “mogo” (Latvia) is a licensed consumer lending non-banking company and is required to comply with rules on consumer lending and consumer rights protection, prohibition against unfair commercial practices, personal data processing requirements, debt collection legislation, money laundering and terrorism financing prevention requirements and civil law.

A license is required for consumer lending in Latvia. Except for the credit institutions and other companies that fall under the exceptions provided under the Consumer Rights Protection Law of the Republic of Latvia, only companies having received a special license may provide credit services to consumers in Latvia. All activities regarding consumers and licenses, including compliance with anti-money laundering provisions, are supervised by the Consumer Rights Protection Centre of Latvia.

Legislation sets forth requirements in respect of the relationship between lending companies and their customers as they relate to marketing and remote selling of leases, consumer loans, the terms of consumer loan agreements and information that must be disclosed to prospective customers prior to entering into a lease or loan agreement, calculation of annual interest rates and limitations on penalties and interest, assessment of consumer solvency, right of withdrawal, as well as personal data processing, client identification and due diligence under anti-money laundering procedures and debt collection.

The Consumer Rights Protection Law sets forth Latvia’s general rules on consumer credit. On the basis of the Consumer Rights Protection Law, numerous important regulations of the Cabinet of Ministers of Republic of Latvia have been adopted, including: the Regulations Regarding Consumer Credit and the Regulations Regarding Distance Contracts for the Provision of Financial Services. In addition, based on the applicable laws and regulations the Consumer Rights Protection Centre of Latvia has adopted several binding guidelines for providing consumer lending services including recommendations of the Consumer Rights Protection Center to the consumer crediting service providers.

According to the latest version of Law on Consumer Rights Protection, the total cost of a consumer’s credit cannot exceed 0.07% per day. This law also prohibits the promotion of lending services, except at the premises of the lender or its intermediary, or on their website or mobile application, as well as personally addressing potential clients on-site or by telephone if the consumer has agreed, and except for the trademark advertising.

The Law on the Prevention of Money Laundering and Terrorism and Proliferation Financing of the Republic of Latvia sets forth Latvia’s general rules on prevention of money laundering and terrorism financing, including identification and due diligence of the customers. On the basis of the Law on the Prevention of Money Laundering and Terrorism and Proliferation Financing, important regulations of the Cabinet of Ministers of the Republic of Latvia have been adopted, including: procedures for remote identification and requirements for the Prevention of the Money Laundering and Terrorism and Proliferation Financing direct for the providers of the consumer crediting services.

The enforcement of the claims arising from consumer-credit contracts is to a great extent set forth in or affected by other legal acts, most importantly in the Law on

Extrajudicial Recovery of Debt of the Republic of Latvia and the Civil Procedure Law of the Republic of Latvia.

Estonia

Primero Finance OÜ (Estonia) is a licensed lending (consumer lending) non-banking company in Estonia regulated and supervised by the Estonian Financial Supervision Authority. Starting from 2016, all consumer credit providers and intermediaries must be licensed by the Estonian Financial Supervision Authority. The main laws and guidelines that regulate the activities of Primero Finance OÜ are as follows: The Creditors and Intermediaries Act, which applies to creditors and intermediaries established and operating in Estonia, and which sets the relation to capital requirements, internal procedures (inter alia, provision of information, assessment of the creditworthiness) and requirements for providing services; the Consumer Protection Act in relation to general consumer protection obligations; the Law of Obligations Act in relation to contractual aspects of credit transactions, including consumer credit specific requirements (*inter alia* limitations of the terms and conditions of the credit agreements), the Money Laundering and Terrorist Financing Prevention Act and the Advertising Act prescribing restrictions on advertising. In addition, the company must comply with the guidelines on the Estonian Financial Supervision Authority in respect to, *inter alia*, responsible lending guidelines, outsourcing and IT-systems.

Lithuania

UAB “mogo LT” (Lithuania) is a consumer lending non-banking company, approved and included in a Public List of Consumer Credit Providers handled by the Bank of Lithuania. Companies are able to provide consumer credit services in Lithuania only after inclusion in the Public list.

The company must comply with rules on consumer lending and consumer rights protection, stated in a consumer credit law and in the Central Bank guidelines on consumer lending, such as limitations on debt-to-income rate, average income amount, penalties and percentage, obtaining client data from specific registers, and criteria for termination of consumer agreements. Anti-money laundering legal norms require all new clients to be identified physically or through approved technological solutions.

The main laws and regulations concerning the business of Mogo are: Law on Consumer Credit; Anti-Money Laundering law; Personal data protection law; Regulations on the Assessment of the Creditworthiness of Consumer Credit Borrowers and Responsible Lending; Regulations on the Assessment of the Solvency of Consumer Credit Borrowers; Consumer Credit Provision Guidelines.

Georgia

Mogo LLC (Georgia) is a vehicle financing company in Georgia, not requiring any license for vehicle financing operations. According to the Georgian National bank, vehicle financing companies are not defined as financial institutions and hence not regulated by the NBG (National bank of Georgia). So, there is no specific regulatory and/or supervising body for vehicle finance companies in Georgia. Vehicle financing companies issuing loans of 30,000 GEL or more are required to submit regular reporting to Financial Monitoring Service, an independent governmental agency in charge of anti-money laundering compliance by relevant monitoring entities. Vehicle financing companies, which issue loans in the amount of less than 30,000 GEL are required to adopt AML internal procedures and have a responsible person, who oversees compliance.

The existing legislative framework in the field of vehicle finance is borrower friendly. Since February 2019 the Georgian law sets a maximum annual percentage rate (APR) of 50%. Penalties and any type of a financial sanctions provided for/imposed on a client under the vehicle financing contract for violation of any provision of the contract shall not exceed the annual 0.27% of the remaining principal amount of the loan for each day. The amount of a penalty and any type of financial sanction provided for/imposed on a client under the contract for violation of any provision of the vehicle financing contract at each exceeding of the loan period shall not exceed in total the 1.5-time amount of the currently remaining principal amount of the debt. Also, the law does not impose any mandatory requirements for co-financing of the vehicle by the borrower or the lender. The main law for vehicle financing and recovery of debts is the Civil Code of Georgia (Chapter Four and Article 625) which is mainly used in relation to consumers. Georgian Consumer protection law regulates the consumer lending, but vehicle financing is excluded from its scope.

In terms of consumer right's protection, Georgia has implemented a law which is fully constructed and based on the EU Directive 98/6/EC on consumer protection in the indication of prices of products offered to consumers, the EU Directive 93/13/EEC on unfair terms in consumer contracts, the EU Directive 2006/114/EC concerning misleading and comparative advertising, as well as the EU directive on unfair commercial practices. The implementation of the EU Directive 2023/2673 on the protection of consumers with regards to distance contracts is also expected.

Romania

Mogo IFN SA (Romania) is a consumer lending non-banking company, with strict supervision from the National Bank of Romania. Mogo IFN SA is registered in the "Special Registry" and has to comply with some conditions similar to the ones applicable to banks (e.g., Mogo IFN SA needs to have an audit committee and a risk committee, and it needs to submit financial statements audited by top-tier auditors or at least by auditors acceptable to the National Bank of Romania). Mogo IFN SA is required to have (at least) 2 directors (general and deputy) which are approved by the National Bank in terms of having relevant experience and a good reputation.

The company must comply with the rules on consumer lending and consumer rights protection stated in the consumer credit law and the guidelines of National Bank of Romania on consumer lending. Among the limitations: debt-to-income ratio has to be reasonable; Mogo IFN SA may not grant credit without client proven fiscal income, and fees and penalties are strongly regulated. The activities of the company are being monitored by ONPCSB (Anti money laundering office) to which the company has to report any suspicious cases, if they arise.

Furthermore, the consumer lending non-banking company license require to ensure the level of equity is not less than company's finance receivables portfolio divided 15 times.

Armenia

Mogo Universal Credit Organization LLC (Armenia) is a licensed non-banking credit institution. The license allows Mogo Universal Credit Organization LLC to issue any type of loans. The financial sector of Armenia is regulated by the Central Bank of Armenia.

Licensed credit organizations may carry out various financial operations, including but not limited to providing vehicle financing products, attracting borrowings and/or executing like transactions, extending loans, borrowings and finance debt or commercial transactions, factoring and providing financial consultancy, inter alia creating and administering customers credit information system, performing debt

repayment operations as well as with the Central Bank's consent conducting internationally practiced credit organization operations.

The main Armenian laws and regulations applicable to the business of Mogo Universal Credit Organization LLC are:

- Law on Credit Organizations,
- Law on Consumer Credits,
- Law on Circulation of Credit Information and Activities of Credit Bureaus,
- Law on Combating Money Laundering and Terrorism Financing,
- The Procedure on reporting to the Central Bank of Armenia, the Terms, forms and procedures of communication between financial organizations and consumers,
- Law on Financial System Mediator.

According to the Armenian law, credit institutions, such as Mogo Universal Credit Organization LLC must present reports to Central Bank with daily, weekly, monthly, quarterly and annual frequency.

The Central Bank of Armenia also applies a cap on penalties for overdue payments and prudential standards of activities of credit organizations.

Additionally, the non-banking credit institutions license requires:

- 1) To maintain minimum amount of statutory capital of 150mln AMD;
- 2) To maintain minimum amount of total capital of 150mln AMD;
- 3) To maintain minimum ratio of amounts of total capital and risk-weighted assets at 10%.

Uzbekistan

OOO Mogo Lend (Uzbekistan) is a non-banking finance company not regulated by Central Bank of Uzbekistan.

The company's activities are regulated by the Law of the Republic of Uzbekistan No. 756-I "On Leasing", the Tax Code of the Republic of Uzbekistan and the Law of the Republic of Uzbekistan No. LRU-547 "On Personal Data".

The Government of the Republic of Uzbekistan continued social and economic reforms and market liberalisation, with the key focus on FDI attraction. In this context, the laws and regulations governing the business operation in Uzbekistan have been evolving rapidly. Future economic stability and development trends in Uzbekistan are largely dependent on the effectiveness of the Government's economic, financial and currency measures as well as the development of the legislative framework and political environment.

The company's financial position and operational performance will continue to be impacted by the political and economic transformation in Uzbekistan, including the application of the existing and future legislation and tax regulation, which have a significant influence on Uzbekistan's financial markets and overall economy. The company's management cannot currently foresee all transformations that might have an impact on the further reduction in the liquidity of financial markets and the growth of volatility on currency and equity markets, affecting the company's financial position.

Uganda

MOGO LOANS Limited is a licensed non-deposit taking institution registered under the Companies Act of Uganda (2012), as amended from time to time, on 10 January 2019, in Kampala, Uganda. The responsible regulatory authority in Uganda is UMRA (Uganda Microfinance Regulatory Authority). The company's activities are regulated

by Tier 4 Microfinance Institutions and Money Lenders Act, 2016, Tier 4 Microfinance Institutions and Money Lenders (Non-Deposit Taking Microfinance Institutions) Regulation, 2018 and UMRA guidelines. Companies operating in Uganda have to comply with the Data Protection and Privacy Act 2019 and the Data Protection and Privacy Regulations, 2021, which set general principles in relation to personal data protection, data subject rights and set a registration obligation for data collectors, controllers, and processors.

The company operates under the supervision of the Financial Intelligence Authority of Uganda. In addition to the local requirements, MOGO LOANS Limited has adopted Eleving Group's AML/CTF/PF best practices.

Kenya

Mogo Auto Limited is a financing company registered under the Companies Act of Kenya (2015), as amended from time to time, on 21 December 2018, in Nairobi, Kenya. On 27 June 2024, Mogo Auto Limited was licensed by the Central Bank of Kenya (CBK) as a digital credit provider. As a result, the company is required to adhere to the Central Bank of Kenya (Digital Credit Providers) Regulations, 2022.

Under the Central Bank of Kenya (Digital Credit Providers) Regulations, 2022, digital credit providers are required to adhere to several rules to ensure responsible lending practices, consumer protection, and overall financial stability, for example, digital lenders must clearly disclose all terms and conditions of the credit, including interest rates, fees, and any other charges, before the loan agreement is finalized, must treat consumers fairly, ensuring that they do not engage in predatory lending practices or harassment of borrowers, must protect the personal and financial information of borrowers, adhering to data protection laws etc. Furthermore, the CBK may set limits on the interest rates and fees that digital credit providers can charge, ensuring that rates are not excessively high and that all charges are transparent and justifiable. The Central Bank of Kenya (Digital Credit Providers) Regulations, 2022, sets out rules also in respect to Credit Reference Bureau (CRB) reporting, debt collection practices, governance and risk management processes, capital and financial requirements, complaints handling and other topics.

Mogo Auto Limited is also a registered AML reporting institution (FRC No. 316) in compliance with the Proceeds of Crime and Anti-Money Laundering Act (2009) and has further adopted the Eleving Group's AML/CTF/PF best practice to further ensure the highest level of AML/CTF/PF compliance reasonably possible. The company is also compliant with the provisions of the Competition Act, No. 12 of 2010 as regulated by the Competition Authority of Kenya.

Moldova

North Macedonia

Finance Company FINMAK DOO SKOPJE (formerly known as Finance Company FINTEK DOO Skopje and Finance Company TIGO FINANCE DOOEL Skopje) is a financial company, registered at the Central Registry of North Macedonia upon prior License no. 13-6093/4 of 25.08.2017, issued by the Ministry of Finance of North Macedonia, in accordance with the Law on Financial Companies. The issued license entitles FINMAK DOO SKOPJE to issue loans in accordance with the Law on Consumer Protection during Consumer Loans.

During its day-to-day operations, the company must comply and adhere to, among others, the following legislation:

- Law on Financial Companies – contains provisions regarding the founding and operation of financial companies, as well as the conditions and terms that must be met by the company in order to obtain a license and other types of approval from the Ministry of Finance as the supervisory body;
- Law on Consumer Protection regarding Consumer Loans – contains provisions which regulate the statutory elements of the loan agreement which is concluded between the company and the consumer, and other aspects of the lending process such as the obligation to check the creditworthiness of the client, the pre-contractual information; form and content of the notifications and reports that need to be delivered to the Ministry of Finance. The relevant supervisory body is the Ministry of Finance;
- Law on Anti Money Laundering and Terrorism Financing – contains provisions which regulate the statutory obligation for implementation of measures for prevention of money laundering and terrorist financing prevention, including but not limited to drafting and implementing AML/CFT Risk Assessment, introduction of AML Program, analysis and reporting, data retention, appointing AML Officer and Deputy and/or establishing AML Department, introducing internal controls and other measures. The relevant supervisory body is the Financial Intelligence Unit;
- Law on Personal Data Protection – contains provisions that regulate the collecting and processing of personal data of Finmak's clients, applicants, employees and job candidates. The Macedonian Law on Personal Data Protection is fully harmonized with the EU General Data Protection Regulation. The relevant supervisory body is the Data Protection Agency;

- The other more important and applicable laws regulating the business of the company in North Macedonia are: the Law on consumer protection; Labour Law; Law on Trade Companies; Law on Obligations; Law on Safety and Protection at work; Law on Electronic Documents, Electronic Identification and Trust Services.

Furthermore, the financial company is required to ensure that the loan portfolio limit is set as share capital multiplied by 10.

Albania

ECFA Sh.A. (formerly Kreda Finance Shpk) is a non-bank financial institution, registered with the Central Bank of Albania and granted license nr. 42 date 22.11.2017 and operates under the law no 9662 dated 18 December 2006, as amended, titled "For Banks in the Republic of Albania". As a commercial company, it is registered as well at the National Business Register (QKB) and has a registration No. L71610009A, in compliance with the Albanian Law on Entrepreneurs and Companies. As such we comply with the Central Bank Regulations and tax legislation for lending activity.

The main Albanian laws and regulations applicable to the business of ECFA Sh.A. (formerly Kreda Finance Shpk):

- Central Bank of Albania regulations which include: licensing of the lending, reporting on portfolio growth (lending practices) and quality (delinquency ratios), capital adequacy, management profiles and corporate governance structure:
 - The Regulation no. 1 dated 17.01.2013 "On licensing and activity of non-bank financial Institutions" and supervised by the Bank of Albania (BoA);
 - Regulation 48/2015 "On consumer credit and mortgage credit";
 - Regulation 59/2008 "On the transparency for banking and financial products and services", integrated version;
 - Regulation 2/2013 "On risk management in the activity of non-bank financial institutions", integrated version; and
 - Regulation 72/2020 "On the functioning of the Credit Registry in the Bank of Albania", as well as the conditions and procedures for the recognition, use and review of the data administered in it.
- Tax law and regulation in reference to VAT applied for double taxation;
- Consumer protection law in reference to transparency and all law requirements about the terms and conditions;
- Anti-money laundering law in reference to identifying the company's customers and reporting on a regular basis to local authorities on suspicious transactions and/or sources of funds for the business; and
- Labour inspectorate; to be in compliance with labour code and mandatory standards for working conditions and to provide periodic reporting on the number of staff, salaries, insurance paid etc.

Additionally, the granted license on performing financing activities requires to maintain amount of equity at all times not lower than 10% of the total assets of the entity.

Botswana

ExpressCredit (Botswana) is a non-deposit taking financial institution, regulated by the Non-Bank Financial Institutions Regulatory Authority (hereinafter NBFIRA). Botswana's financial sector consists of banking sector and the non-banking financial

sector. The non-bank financial sector is a plethora of financial institutions like capital markets, the insurance industry, pension and provident funds, collective investment undertakings, micro lenders and assets managers. All these service providers fall under the non-banking financial sector which is regulated by NBFIRA. NBFIRA is a single independent regulator tasked with the regulation of non-bank financial institutions (NBF) and it operates under the NBFIRA Act of 200898.

The main laws and regulations applicable to the business of ExpressCredit are laws that support the operations of the Micro Lenders such as:

- Companies Act, which governs the formation of an entity to undertake the business of lending, be it a company or a business name.
- Employment Act, which regulates the relationship between ExpressCredit as the Employer and its staff.
- Financial Intelligence Act, which governs the conduct of businesses against the commission and perpetuation of the commission of financial crimes.

Additionally, according to the terms of Regulation 6 of the Micro-Lending Regulations, any person applying to carry on a business as a micro lender shall have and maintain at all times a minimum financial balance of BWP 20,000 (Twenty Thousand Pula).

Namibia

Express Credit Cash Advance (Pty) Ltd (Namibia) is one of the leading microlenders in Namibia offering non-deposit taking microlending products. The company is engaged in the provision of short to medium-term unsecured consumer loans to salaried employees of the public and private sectors. Microlending sector is supervised by Namibia Financial Institutions Supervisory Authority (NAMFISA) whose primary goal is to regulate and supervise financial institutions and financial intermediaries to foster a stable, fair non-banking financial sector contributing to the economic development of Namibia, and to promote consumer protection. Major regulations that the company complies with are Microlending Act No. 9 of 2018, Usury Act 73 of 1968 as well as various Standards issued by NAMFISA.

The regulatory environment in Namibia is very conducive to the consumer finance business which is regulated by the Microlending Act of 2018. The microlending market is categorised either as Payday (a loan that is repayable in 1 to 5 months) or Term Loans (loan repayment 6 to 60 months.) Express Credit Cash Advance (Pty) Ltd (Namibia) is the largest microlender in Payday Lending and holds 60% of the total value of disbursements. Express Credit Cash Advance (Pty) Ltd (Namibia) is the only player operating in both the long-term lending and microloan markets.

Zambia

Expresscredit (Zambia) is a non-bank financial institution registered under the Companies Act and licensed by the Central Bank of Zambia (Bank of Zambia). It is licensed to provide microfinance credit facilities to the public.

The Regulatory environment includes the following:

- Bank of Zambia regulations such as the Banking and financial services Act and its subsidiary legislation, circulars, guidelines and directives issued by the Central bank that govern the terms of licence, operations and sound business practices, consumer protection, prudential reporting and limits, risk management, Board shareholder and Senior Management responsibilities and general corporate governance.
- Patents and Companies Registration Agency, which governs the registration and corporate governance operational corporate governance requirements.

- Financial Intelligence Centre regulations, which provide requirements and guidelines for effective anti- money laundering frameworks for regulated entities.
- Competition and Consumer Protection Commission regulations, which administer regulation designed to prevent anti-competitive market conduct in any industry by the players and requiring approval of mergers and acquisitions that meet certain parameters.
- Tax Regulations, which dictate taxes payable by the company on various transactions and requirements for the same such as income tax, Pay As You Earn, Withholding Tax, Property Transfer Tax etc.
- Labour Regulations, which govern the employer-employee relationships and minimum wage protection.
- Pension and Health regulations (social security), which require the company to make certain contributions towards employees' national social security and health insurance scheme.
- Data Protection Commission, which relate to the licensing of data processors and controllers and the requirements around the processing and protection of personal data.

Lesotho

Express Credit Limited (Lesotho) is a credit only and non-deposit taking Micro finance institution duly registered with the Central Bank of Lesotho and certified Tier III License.

The company is required to comply with financial institutional regulations. These regulations are codified in the Financial Institutions Act 2012 (as amended in 2014). The regulations set lending limits and requirements for general conduct of micro finances, including customer complaints handling. The fundamental statutes include amongst others the Financial Consumer Protection Act 7 of 2022, the Credit Reporting Act 2011, the Money Lenders Order 1989, the Money Lenders Amendment Act 1993, the Financial Institutions Act 2012, the Exchange Control Order 1987, the AML Amendment Regulations 2019, the Exchange Control Order Regulations 1989, the Financial Institutions Regulations 2018, the Financial Consumer Protection (Disclosure of Credit Information) Regulations 2023, the Money Laundering (Administrative sanctions) Rules 2023, the Financial Institutions (Computation of Capital Change for Credit, Operational and Market Risks) Regulations 2023, the Micro Finance Amendment Regulations, the Credit Only and Deposit taking Micro-Finance Institutions Regulation 2014 and Amendment 2018, the Credit Reporting Regulations Part I and II.

The current legal climate requires strict adherence to the above listed legislation. Lesotho's finance regulation is dynamic and susceptible to change influenced by the ongoing legislative reforms.

XVII. INFORMATION ABOUT THE ISSUER

1. General Information about the Issuer

Legal and Commercial Name, Business Address and Website

The legal and commercial name of the Issuer is Eleving Group.

The registered office of the Issuer is at 8-10 Avenue de la Gare, L-1610 Luxembourg, Grand Duchy of Luxembourg, its telephone number is +352 26 18 61 and its fax number is +352 26 84 54 10. The Issuer's legal identifier (LEI) is 894500N14T2GUDX0FL66.

The website of the Issuer is <https://eleving.com/>. The information on the website of the Issuer does not form part of this Prospectus unless that information is incorporated by reference into this Prospectus.

History and Development of the Issuer, Commercial Register

The Issuer was incorporated on 18 December 2012, and operates, under the laws of Luxembourg, as a public limited liability company (société anonyme) with unlimited duration under the legal name of "Twelve Purslane S.A.". The legal name of the Issuer has been changed from "Twelve Purslane S.A." to "Mogo Finance", pursuant to the decision of an extraordinary general meeting of the then shareholders of the Issuer, recorded through a notarial deed dated 28 May 2014 and later from "Mogo Finance" to "Eleving Group" pursuant to the decision of an extraordinary general meeting of the then shareholders of the Issuer, recorded through a notarial deed dated 15 July 2021.

As per the Issuer's Articles of Association, the Issuer has been incorporated with unlimited duration. The Issuer is registered with Luxembourg trade and companies register (Registre de Commerce et des Sociétés, Luxembourg) under number B.174457.

Business Purpose and Objectives of the Issuer

Pursuant to Article 3 of the restated articles of association (statuts coordonnés) of the Issuer dated 18 December 2012 as amended pursuant to shareholder resolutions dated 28 May 2014, 4 May 2015, 6 June 2016, 12 October 2018, 29 October 2019, 15 July 2021, 23 December 2021, 20 September 2022, 6 June 2024, 8 August 2024 and 14 October 2024 (the "**Articles of Association**"), the Issuer's purpose is to invest, acquire and take participations and interests, in any form whatsoever, in Luxembourg or foreign companies or entities having a purpose similar to the purpose of the Issuer and to acquire through participations, contributions, purchases, options or in any other way any securities, rights, interests, patents, trademarks and licenses or other property as the Issuer shall deem fit, and generally to hold, manage, develop, encumber, sell or dispose of the same, in whole or in part, for such consideration that is in the corporate interest of the Issuer.

The Issuer may also enter into any financial, commercial or other transactions and grant to any company or entity that forms part of the same group of companies as the Issuer or is affiliated in any way with the Issuer, including companies or entities in which the Issuer has a direct or indirect financial or other kind of interest, any assistance, loan, advance or grant in favor of third parties any security or guarantee to secure the obligations of the same, as well as borrow and raise money in any manner and secure by any means the repayment of any money borrowed.

Finally the Issuer may take any action and perform any operation which is, directly related to its purpose in order to facilitate the accomplishment of such purpose.

The Articles of Association of the Issuer have been amended several times since its incorporation, and for the last time, pursuant to a notarial deed dated 14 October 2024 and published in the Luxembourg Recueil Electronique des Sociétés et Associations, under number RESA_2024_232.274.

Business Overview

The Issuer's business operations consist of providing financing to the Group companies. The Issuer is financed through its share capital, external debt and cash from the activities of the Group's operating companies. The Issuer's ability to pay principal, interest and premium, if any, on the Bonds is therefore dependent on financing and cash transferred to it from the operating companies of the Group.

Material Adverse Change in the Prospects of the Issuer

There has been no material adverse change in the prospects of the Issuer since 31 December 2023.

Material Changes in the Borrowing and Funding Structure of the Issuer

There has been no material changes in the borrowing and funding structure of the Issuer since 31 December 2023.

Investments

In 2019 Eleving introduced a new premium vehicle financing brand, Primero, through a joint venture with a local Latvian bank Signet bank AS. On 13 April 2021 AS Eleving Stella (Latvia) has signed a shareholders' agreement with Signet bank AS (Latvia), designed to establish a successful business cooperation and to agree on the procedures applicable to the operation of Primero Holding AS (Latvia) and/or its subsidiaries and the business, on the decision-making on operational, financial and organizational issues and other issues relating to Primero Holding AS (Latvia) and/or its subsidiaries; as well as the regulation of mutual relations of the shareholders of Primero Holding AS (Latvia).

Primero brand (financing for higher-end vehicles) is currently operational only in Latvia and Estonia.

The main material investment that Eleving is engaged into relates to capitalized software. A breakdown of the amounts on a yearly basis follows:

2024: EUR 1.5 M

2023: EUR 2.5 M

2022: EUR 3.9 M

The capitalized software investments refer to (i) internally generated intangible assets, primarily including internal development and improvement costs of the Group's IT systems (e.g. Group IT employee salaries and social security contributions) and (ii) externally acquired computer software product costs and development services.

The investments in the Group's IT systems have resulted in achieving or materially supporting the Key Strengths of the Group described in Section VIII (Business) part 3 (Key Strengths).

There are no other material investments that are in progress or for which Eleveling commitments have already been made.

Corporate Governance

In its decision making and administration, the Issuer applies the Luxembourg Company Law, the Luxembourg law of 24 May 2011 on the exercise of certain rights of shareholders in general meetings of the shareholders of listed companies and implementing Directive 2007/36/EC of the European Parliament and of the Council of 11 July 2007 on the exercise of certain rights of shareholders in listed companies, as amended and the Issuer's Articles of Association.

The Issuer complies with its country's of incorporation corporate governance regime.

Financial Year of the Issuer

The financial year of the Issuer commences on January 1 and ends on December 31 of each calendar year.

Independent Auditor

The statutory auditor (*réviseur d'entreprises agréé*) of the Issuer for the financial years ended 31 December 2023 and 31 December 2022 is BDO Audit (société anonyme), incorporated under the laws of Luxembourg, having its registered office at 1, rue Jean Piret, L-2350 Luxembourg, Grand Duchy of Luxembourg and registered with the Luxembourg trade and companies register (*Registre de Commerce et des Sociétés, Luxembourg*) under number B.147570.

BDO Audit (*société anonyme*) is a cabinet de révision agréé by the CSSF and a member of the Luxembourg Institute of Statutory Auditors (*Instituts des réviseurs d'entreprises*).

2. Share Capital and Shareholders of the Issuer

As at the date of this Prospectus, the Issuer has a fully paid-up share capital of EUR 117,108,824.24 EUR (one million one hundred seventy-one thousand eighty-eight Euros and twenty-four cents) represented by 117,108,824 (one hundred seventeen million one hundred eight thousand eight hundred twenty-four) ordinary shares in dematerialized form each having a nominal value of 0.01 EUR (one Euro cent) each.

Prior to 6 June 2024, the Issuer's fully paid-up share capital of EUR 1,000,500 (one million five hundred euro) consisting of 100,050,000 (one hundred million fifty thousand) shares each having a nominal value of EUR 0.01 (one euro cent), divided into (i) 100,049,998 (one hundred million forty-nine thousand nine hundred ninety-eight) ordinary shares, (b) 1 (one) class A preferred share and (c) 1 (one) class B preferred share. Each of, respectively the class A preferred share and the class B preferred share had no voting rights attached to it and each holder of preferred shares was entitled, in priority to the payment of dividends to the holders of ordinary shares, to an annual cumulative preferred dividend decided by the affirmative vote of a shareholder or shareholders holding at least fifty percent of the share capital of the Issuer at the general meeting of the Issuer.

On 6 June 2024, the extraordinary general meeting of shareholders of the Issuer has resolved to convert each of the class A preferred share and the class B preferred share into ordinary shares, each having a nominal value of EUR 0.01 (one euro cent).

The Issuer's major shareholders do not have different voting rights.

The following table sets out the shareholding of the Issuer as at the date of this Prospectus.

XVIII. INFORMATION ABOUT THE GROUP AND THE GUARANTORS

1. History of the Group

Eleving Group was founded in 2012 in Latvia to provide innovative and easy-to-use financing products for purchasing pre-owned cars. At that time, the pre-owned car financing segment was largely neglected by the banks, which have always been much more willing to finance new cars that most of the population cannot afford. Also, the value of pre-owned cars over three to four years of utilization was stable and depreciated significantly slower than the value of the new cars. On top of that, the demand for used cars and actual sales volumes were much higher compared to those for new cars. All these factors led to the creation of Eleving Group's business - to provide financing alternatives for consumers so they can purchase cars they can afford.

From the currently operationally active markets, the Group launched operations in Lithuania, Estonia, and Georgia in 2013 and 2014, while from 2016 to 2019, the Group started operations in Romania, Armenia, Moldova, Uzbekistan, Kenya, and Uganda. In 2020, the Group made three strategic acquisitions in Moldova, North Macedonia, and Albania, all profitable and mature companies operating in consumer finance. In 2023, Eleving Group expanded its presence in Africa by integrating four Sub-Saharan consumer markets in Botswana, Namibia, Zambia, and Lesotho. Currently, the Group operates in 16 countries across 3 continents, recording around 25% CAGR in net portfolio in the last 8 years.

2. Beneficial ownership

As at the date of this Prospectus, the beneficial owners of the Issuer are:

- a. Aigars Kesenfelds, holding indirectly 37.31% of the voting share capital of the Issuer;
- b. Alberts Pole, holding indirectly 12.44% of the voting share capital of the Issuer;
- c. Kristaps Ozols, holding indirectly 12.44% of the voting share capital of the Issuer; and
- d. Māris Keišs, holding indirectly 12.44% of the voting share capital of the Issuer.

The remaining voting share capital of the Issuer is owned by minority shareholders and current and former employees of the Issuer in the following proportions:

- Modestas Sudnius, holding directly 2.56% of the voting share capital of the Issuer;
- Mārcis Grīnis, holding indirectly 2.13% of the voting share capital of the Issuer;
- Jēkabs Endziņš, holding indirectly 2.13% of the voting share capital of the Issuer;
- Māris Kreics, holding indirectly 1.28% of the voting share capital of the Issuer;
- Mārtiņš Baumanis, holding indirectly 1.71% of the voting share capital of the Issuer;
- Igors Lavrinovičs, holding directly 0.43% of the voting share capital of the Issuer;
- Jūlija Lebedinska – Ļitvinova, holding directly 0.36% of the voting share capital of the Issuer;
- Toms Puriņš, holding indirectly 0.21% of the voting share capital of the Issuer.

There are no particular measures to prevent abusive exercise of control on the Issuer. The Issuer's Management Board believes that the Issuer's corporate governance structure, together with the provisions of Luxembourg corporate law, provides sufficient safeguards against the abuse of controlling interests by shareholders.

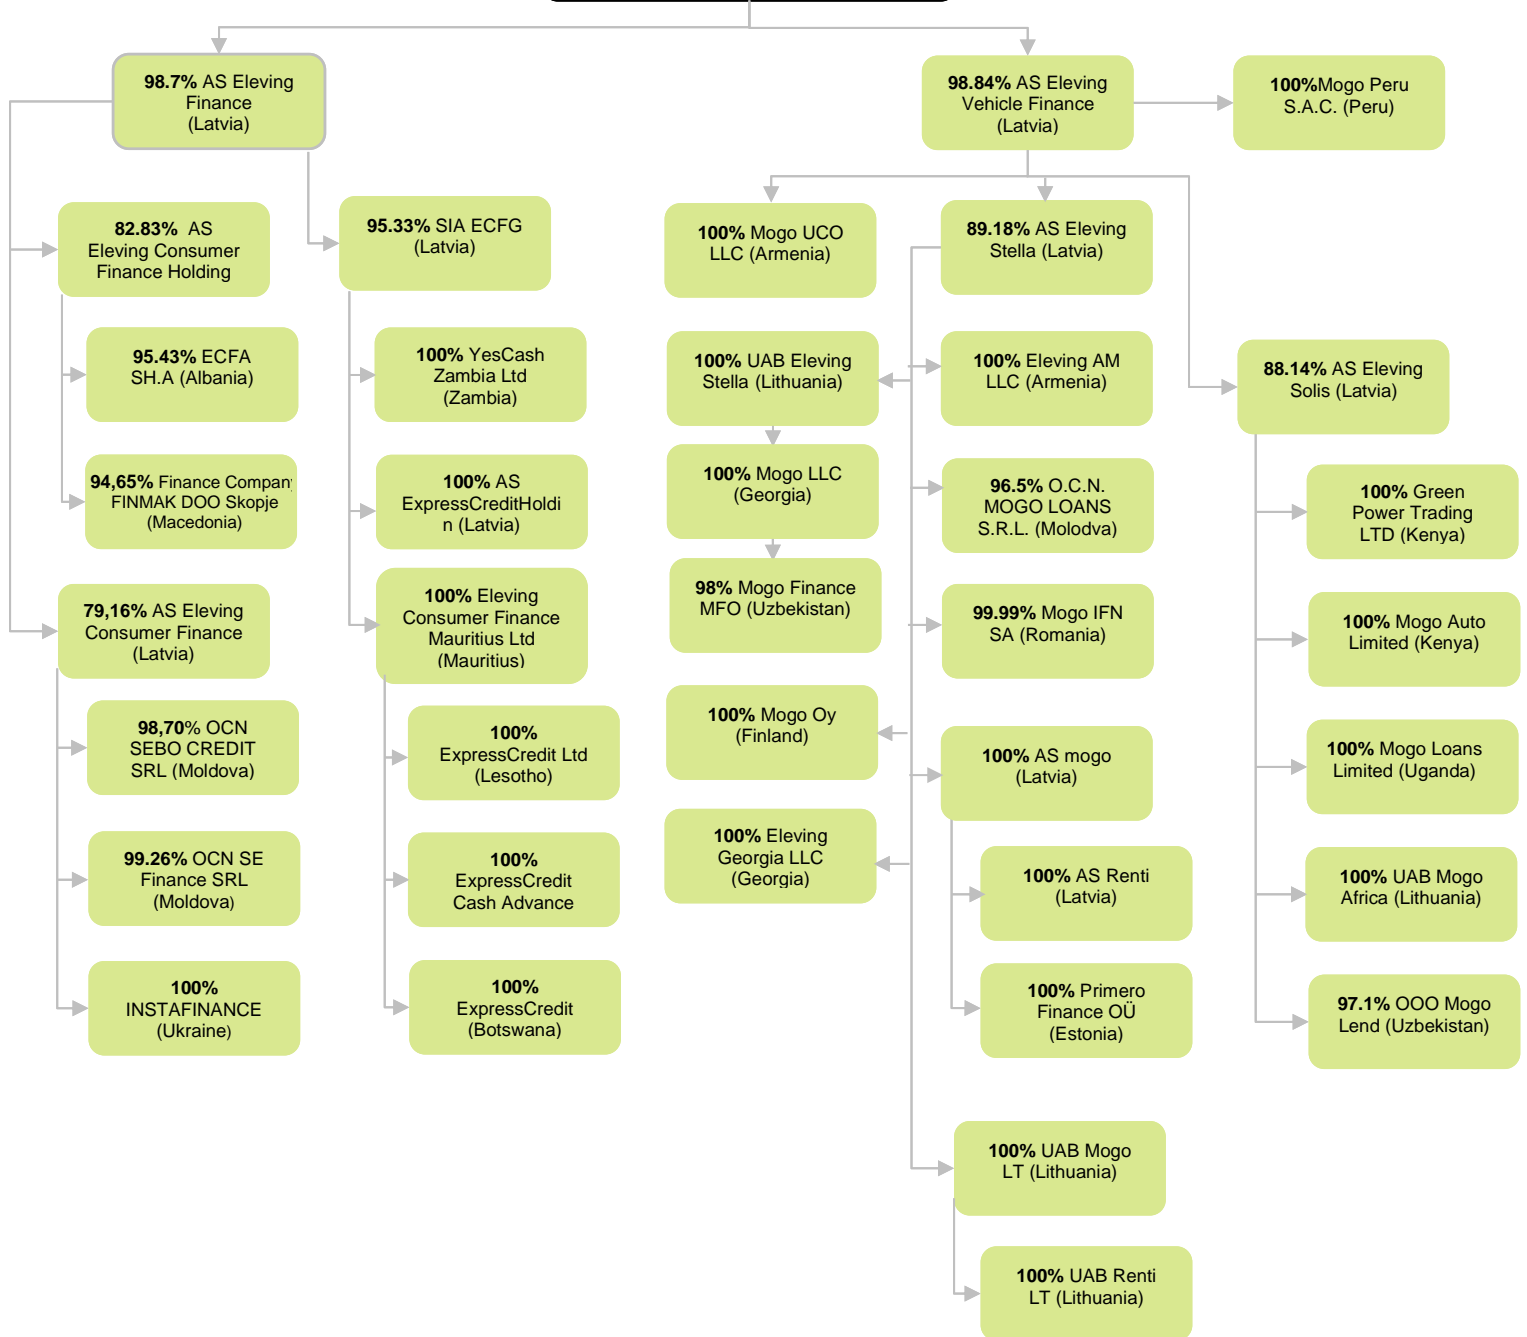

3. Issuer and Subsidiaries

Before joining the Group, Vladislav has gained significant experience in the non-bank lending and debt collection industries, managing the non-bank lending company Wandoo Spain, and also worked for more than six years at ASA B2Holding group companies in the Baltics.

Ģirts Kurmis and Vladislavs Mejeertāls do not engage in any principal activities outside the Group.

Supervisory board

AS “mogo” is supervised by a supervisory board consisting of 3 supervisory board members, which has the right to supervise the management board.

As of the date of this Prospectus, the supervisory board of the company consists of:

- Chairman of the supervisory board – Valerij Petrov, with business address at A.Vivulskio street 7, Vilnius, Lithuania, LT-03220

Valerij Petrov acted as country manager in Lithuania from January 2018 until January 2019, has acted as a COO in Lithuania since July 2014 and is currently the regional CEO. Valerij holds a BA in Economics from Vilnius University and MA in Law and International business from International Business School in Lithuania (TVM). He has experience in business development having been the head of business development at Energijos Tiekimas – a leading retail electricity supply company (part of Lietuvos

Energija group), where he was responsible for new product development and expansion to new markets.

- Deputy chairman of the supervisory board – Neringa Plauškiene, with business address at A.Vivulskio street 7, Vilnius, Lithuania, LT-03220

Neringa Plauškiene holds a B.Sc degree in Finance from Vilnius University. Since June 2019, she joined the Group as the regional CFO at AS Elevation Stella which currently oversees mogo markets in Latvia, Lithuania, Estonia, Georgia, Romania, and Moldova. Before joining the Group, Neringa has gained extensive experience in the finance field by working more than five years at the energy and utility sector as well as almost six years at the audit department at EY Lithuania.

- Member of the supervisory board – Aleksandra Priede, with business address at Skanstes street 52, Riga, Latvia, LV-1013

Aleksandra Priede has extensive experience in FinTech sector, specializing in risk management and compliance. She has held key roles at organizations such as TWINO, where she contributed to credit risk assessment and oversight, and TNS Latvia, where she focused on statistical data processing and analysis. Aleksandra holds a Masters degree in Mathematics from the University of Latvia. Valerij Petrov, Neringa Plauškiene and Aleksandra Priede have no principal activities outside the Group.

Conflicts of Interest

There are no potential conflicts of interest between any duties arising to the company of its management and the supervisory board and their private interests or their other duties.

Organizational Structure and Shareholders

The sole shareholder of AS “mogo” issued shares are held by AS Elevation Stella. There are no particular measures to prevent abusive exercise of control on AS “mogo”. Its corporate governance structure, together with the provisions of Latvian corporate law, provides sufficient safeguards against the abuse of controlling interests by shareholders. The shares of AS mogo are divided in A and B category shares. A category shares provide the rights to receive dividends, to receive liquidation quota and the voting rights, while B category shares provide the rights to receive dividends and to receive liquidation quota, without the voting rights. There are 410,338 A category shares and 14,662 B category shares.

Share Capital of AS “mogo”

Auditors

The auditor of UAB “mogo LT” for the financial year ended 31 December 2022 was BDO auditas ir apskaita, UAB, incorporated under laws of Lithuania with its registered office at . Baršausko g. 66, LT-51436, Kaunas, Lithuania and registered with the Register of enterprises of Lithuania under number 135273426. BDO auditas ir apskaita, UAB, is a member of the Lithuanian Chamber of Auditors. The auditor of UAB “mogo LT” for the financial year ended 31 December 2023 was UAB „ROSK Consulting”, incorporated under laws of Lithuania with its registered office at Laisvės av. 10A, Vilnius, Lithuania and registered with the register of enterprises of Lithuania under number 302692397. UAB „ROSK Consulting”, is a member of the Lithuanian Chamber of Auditors.

The independent auditor's report issued by BDO auditas ir apskaita, UAB on the financial statements of UAB "mogo LT" as of and for the financial year ended 31 December 2022 incorporated by reference in this Prospectus is qualified as described in the basis for qualified opinion contained therein with respect to the impairment of accounts receivable resulting from a credit default swap agreement. The qualified opinion of BDO auditas ir apskaita, UAB on the financial statements of UAB "mogo LT" as of and for the financial year ended 31 December 2022 reads as follows:

“Qualified Opinion

We have audited the financial statements of mogo LT UAB (the Company), which comprise the statement of financial position as at December 31, 2022, and the statement of comprehensive income, statement of changes in equity and statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies. In our opinion, except for the effects of the matter described in the Basis for Qualified Opinion section of our report, the accompanying financial statements give a true and fair view of the financial position of the Company as at December 31, 2022, and its financial performance and its cash flows for the year then ended in accordance with the International Financial Reporting Standards as adopted by the European Union.

Basis for Qualified Opinion

As at 31 December 2022, the Company recognized trade receivables amounting to EUR 1,090 thousand (EUR 1,598 thousand as at 31 December 2021), resulting from credit default swap (CDS) agreement which have accumulated since 2017. As at 31 December 2022 no expected credit losses were recognized in relation to the said balance. We were unable to obtain sufficient appropriate audit evidence regarding the recoverable amount of these amounts and accordingly, the potential impairment that should be recognized in these financial statements. If it were determined that part of the receivables will not be recovered, the Company's assets and retained earnings should be reduced accordingly on 31 December 2022. Another auditor's opinion about the financial statements as of 31 December 2021 was modified accordingly. Our opinion on the current period financial statements is also modified due to the potential impact on the comparability of the relevant data for the current period and the prior period.

We conducted our audit in accordance with International Standards on Auditing (ISAs). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants (IESBA Code) together with the requirements of the Law on Audit of Financial Statements of the Republic of Lithuania that are relevant to audit in the Republic of Lithuania, and we have fulfilled our other ethical responsibilities in accordance with the Law on Audit of Financial Statements of the Republic of Lithuania and the IESBA Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our qualified opinion.”

Please see “Documents incorporated by reference”.

Audit Committee

As of the date of this Prospectus UAB "mogo LT" has no internal audit committee.

Corporate Governance

In its decision making and administration, UAB "mogo LT" applies Lithuanian Law on Companies and its articles of association.

UAB “mogo LT” complies with its country’s of incorporation corporate governance regime.

Financial Statements

UAB “mogo LT” is required by law to prepare annual audited stand-alone financial statements. UAB “mogo LT” is in compliance with such requirements.

UAB “mogo LT” has prepared unaudited interim financial statements as of and for the twelve-month period ended 31 December 2024 in accordance with Interim Financial Reporting (IAS 34).

Material Contracts of UAB “mogo LT”

For a description of the material contracts to which UAB “mogo LT” is a party to, please refer to Section “– *Material Agreements*” below, page 212 et seq.

Legal Proceedings of UAB “mogo LT”

UAB “mogo LT” has not been a party to any governmental, legal or arbitration proceeding (including any such proceedings which are pending or threatened of which the Issuer is aware) during a period covering at least the previous 12 months which may have, or have had in the recent past significant effects on UAB “mogo LT”’s financial position or profitability. For a description of the legal proceedings relating to the entire Group, please refer to Section “– *Legal Proceedings*” below , page 231 et seq.

Material Adverse Change in the Prospects of UAB “mogo LT”

There has been no material adverse change in the prospects of UAB “mogo LT” since 31 December 2023.

Material Changes in the Borrowing and Funding Structure of UAB “mogo LT”

There has been no material changes in the borrowing and funding structure of UAB “mogo LT” since 31 December 2023.

Significant changes in the financial performance and position of the Group, including UAB “mogo LT”

There has been no significant change in the financial performance and in the financial position of the Group, including UAB “mogo LT”, since the date of the latest unaudited consolidated condensed financial statements of the Group as of 31 December 2024.

Outlook for UAB “mogo LT”

The financial year of Mogo LLC commences on 1 January and ends on 31 December each calendar year.

Business Overview

Traditional vehicle financing services.

According to the company's articles of association (Art. 3), the purpose of Mogo LLC is to provide traditional vehicle financing, other lending services, financial service activities not classified elsewhere, except for insurance and pension funding, other activities complementary to financial services, except of insurance and pension funding, sale of cars and other passenger vehicles, sale of automobiles.

For a more detailed description of the business activities, including key strengths, strategy, products, marketing, competition, intellectual property as well as a description of operations, processes, IT technology and credit and risk management, please refer to the Sections "*Business*", "*Physical Footprint*", "*Marketing*", "*Underwriting and Review*", "*Portfolio Management*", "*Information Technology*", "*Credit and Risk Management*", "*Competition and Intellectual Property*". Further, the regulatory framework of business operations is described in more detail – and also for the jurisdiction of Georgia – under Section "*Regulatory Framework*".

Administrative, Management and Supervisory Parties of Mogo LLC

Management

Mogo LLC is managed by a sole director, who has the right to represent the company vis-à-vis third parties.

As at the date of this Prospectus, sole director of the company is:

- Davit Mezurishvili, with business address at O.Chkheidze street N10, 0160, Tbilisi, Georgia

Davit Mezurishvili is a dynamic leader with extensive experience in executive management, business development, and strategic planning across multiple industries, including fintech, consulting, and marketing. He is a founding partner of DM Consulting, and has served as Deputy CEO and Member of the Board of Directors at OPPA. He was also CCO at the Georgian National Lottery, where he contributed to the company's growth and operational excellence. Davit is a graduate of Georgian Technical University, holding a Bachelor's degree in Engineering

Davit Mezurishvili does not engage in any principal activities outside the Group.

Supervisory board

Mogo LLC is supervised by a supervisory board, consisting of 3 supervisory board members, which has the right to supervise the sole director.

As of the date of this Prospectus, supervisory board of the company consists of:

- Valerij Petrov, chairman of the supervisory board, with business address at Vivulskio street 7, Vilnius, Lithuania

Valerij Petrov acted as country manager in Lithuania from January 2018 until January 2019, has acted as a COO in Lithuania since July 2014 and is currently the regional CEO. Valerij holds a BA in Economics from Vilnius University and MA in Law and International business from International Business School. He has experience in business development having been the head of business development at Energijos Tiekimas – a leading retail electricity supply company (part of Lietuvos Energija group), where he was responsible for new product development and expansion to new markets.

- Vladislavs Mejertāls, member of the supervisory board, with business address at Skanstes Street 52, Riga, Latvia

Vladislavs Mejertāls has graduated from the Stockholm School of Economics and obtained a Master's degree (MBA) and since 2019 Vladislavs is the regional COO of AS Elevation Stella which currently oversees the Mogo markets in Latvia, Lithuania, Estonia, Georgia, Romania, and Moldova. Before joining the Group, Vladislav has gained significant experience in the non-bank lending and debt collection industries, managing the non-bank lending company Wandoo Spain, and also worked for more than six years at ASA B2Holding group companies in the Baltics.

- Neringa Plauškiene, member of the supervisory board, with business address at Vivulskio street 7, Vilnius, Lithuania

Neringa Plauškiene holds a B.Sc degree in Finance from Vilnius University. Since June 2019, she joined the Group as the regional CFO at AS Elevation Stella which currently oversees mogo markets in Latvia, Lithuania, Estonia, Georgia, Romania, and Moldova. Before joining the Group, Neringa has gained extensive experience in the finance field by working more than five years at the energy and utility sector as well as almost six years at the audit department at EY Lithuania.

Valerij Petrov, Vladislavs Mejertāls and Neringa Plauškiene have no principal activities outside the Group.

Conflicts of Interest

There are no potential conflicts of interest between any duties arising to the company of its management and the supervisory board and their private interests or their other duties.

Organizational Structure and Participation Holders

100% of Mogo LLC issued participation rights are held by UAB Eleving Stella. There are no particular measures to prevent abusive exercise of control on Mogo LLC. Its corporate governance structure, together with the provisions of Georgian corporate law, provides sufficient safeguards against the abuse of controlling interests by participation holders.

Capital of Mogo LLC

The capital of Mogo LLC is GEL 200,000 and is divided into participations instead of shares with 1 voting right per percentage of participation. The capital is fully paid-up and all participations grant the same rights to the participation holders of Mogo LLC.

Mogo LLC depends upon other entities within the Group for funding and for provision of certain shared services, including IT.

Auditors

The auditor of Mogo LLC for the financial years ended 31 December 2023 and 31 December 2022 is BDO Audit LLC, incorporated under laws of Georgia with its registered office at 2 Tarkhnishvili street, Vere Business Center, 0179, Tbilisi, Georgia and registered under number registration number SARAS-F-114094, identification number 205145403. BDO Audit LLC is a member of the Georgian Federation of Professional Accountants and Auditors.

The independent auditor's report issued by BDO Audit LLC on the stand alone financial statements of Mogo LLC as of and for the financial year ended 31 December 2022 incorporated by reference in this Prospectus is qualified as described in the basis for qualified opinion contained therein with respect to the assumed acceptance of the tax treatment of Mogo LLC's related party transactions by the tax authority, which is not appropriately supported by the respective tax litigation practice. The qualified opinion of BDO Audit LLC on the financial statements of Mogo LLC as of and for the financial year ended 31 December 2022, reads as follows:

“Qualified Opinion

We have audited the financial statements of Mogo LLC (the “Company”), which comprise the statement of financial position as at 31 December 2022, the statement of comprehensive income, statement of changes in equity and statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In our opinion, except for the effects of the matter described in the Basis for Qualified Opinion section of our report, the accompanying financial statements present fairly, in all material respects, the financial position of the Company as at 31 December 2022, and its financial performance and its cash flows for the year then ended in accordance with International Financial Reporting Standards (IFRS).

Basis for Qualified Opinion

As described in Note 24 (b) to the financial statements, as at 31 December 2021 the Company considers it is probable that the taxation authority will take into consideration the tax treatment of the Company's related party transactions. However, this judgement is not appropriately supported by the respective tax litigation practice and significant economic benefit outflow is expected from the Company. Reflection of an effect of the uncertain tax treatment is required by International Financial Reporting Standard IAS 12 Income Taxes and IFRIC 23 Uncertainty over Income Tax Treatments: if the entity concludes that it is not probable that a particular tax treatment is accepted by the taxation authority, the entity has to use most likely amount or the expected value of the tax treatment. The decision made by the management of the

Company in previous year caused above mentioned circumstance. Due to this fact, our opinion on the current period's financial statements is also modified. Had such tax consequences been recognized, the effect would have been to increase a tax liability and decrease retained earnings as at 31 December 2022 and 2021 with the amount of GEL2,700 thousand and would have been to increase tax expenses and decrease net profit and total comprehensive income by GEL2,700 thousand for the year ended 31 December 2021.

We conducted our audit in accordance with International Standards on Auditing (ISAs). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the International Ethics Standards Board for Accountants International Code of Ethics for Professional Accountants (including International Independence Standards) (IESBA Code) together with the ethical requirements that are relevant to our audit of the financial statements in Georgia, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the IESBA Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our qualified opinion. ”

The independent auditor's report issued by BDO Audit LLC on the consolidated financial statements of Mogo LLC as of and for the financial year ended 31 December 2023 incorporated by reference in this Prospectus is qualified as described in the basis for qualified opinion contained therein with respect to the assumed acceptance of the tax treatment of Mogo LLC's related party transactions by the tax authority, which is not appropriately supported by the respective tax litigation practice. The qualified opinion of BDO Audit LLC on the consolidated financial statements of Mogo LLC as of and for the financial year ended 31 December 2023, reads as follows:

“Qualified Opinion

We have audited the consolidated financial statements of Mogo LLC (hereinafter the Company), and its subsidiary (hereinafter the Group) which comprise the consolidated statement of financial position as at 31 December 2023 and consolidated statements of comprehensive income, consolidated changes in equity and cash flows for the year then ended, and notes to the consolidated financial statements, including a summary of significant accounting policies. In our opinion, except for the effects of the matter described in the Basis for Qualified Opinion section of our report, the accompanying consolidated financial statements present fairly, in all material respects, the consolidated financial position of the Group as at 31 December 2023, and its consolidated financial performance and its consolidated cash flows for the year then ended in accordance with International Financial Reporting Standards (IFRS).

Basis for Qualified Opinion

As described in Note 23 (b) to the consolidated financial statements, as at 31 December 2021 the Group considers it is probable that the taxation authority will take into consideration the tax treatment of the Group's related party transactions. However, this judgement is not appropriately supported by the respective tax litigation practice and significant economic benefit outflow is expected from the Group. Reflection of an effect of the uncertain tax treatment is required by International Financial Reporting Standard IAS 12 Income Taxes and IFRIC 23 Uncertainty over Income Tax Treatments: if the Group concludes that it is not probable that a particular tax treatment is accepted by the taxation authority, the Group has to use most likely amount or the expected value of the tax treatment. The decision made by the management of the Group in previous year caused above mentioned circumstance. Due to this fact, our opinion on the current period's consolidated financial statements is also modified. Had such tax consequences been recognized, the effect would have been to increase a tax

liability and decrease retained earnings as at 31 December 2023 and 2022 with the amount of GEL2,700 thousand.

We conducted our audit in accordance with International Standards on Auditing (ISAs). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group in accordance with the International Ethics Standards Board for Accountants International Code of Ethics for Professional Accountants (including International Independence Standards) (IESBA Code) together with the ethical requirements that are relevant to our audit of the consolidated financial statements in Georgia, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the IESBA Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our qualified opinion. ”

Mogo IFN SA complies with its country's of incorporation corporate governance regime.

Financial Statements

Mogo IFN SA is required by law to prepare annual audited stand-alone financial statements. Mogo IFN SA is in compliance with such requirements.

Mogo IFN SA has prepared unaudited interim financial statements as of and for the twelve-month period ended 31 December 2024 in accordance with Interim Financial Reporting (IAS 34).

Material Contracts of Mogo IFN SA

For a description of the material contracts to which Mogo IFN SA is a party to, please refer to Section “– *Material Agreements*” below, page 212 et seq.

Legal Proceedings of Mogo IFN SA

On 16 December 2024, the Regional General Directorate of Public Finance of Bucharest concluded a tax audit of Mogo IFN S.A., focusing on the assessment of the value-added tax (VAT) base for the period from 2017 to 2022. Based on the audit’s findings, an additional VAT liability of EUR 3.03 million was determined, along with related penalties and late payment interest.

In line with Romanian legislation, which allows for the application of tax amnesty, Mogo IFN S.A. has utilized this option, thereby limiting its immediate payment obligation to the assessed tax amount until the settlement deadline for this payment the 20 January 2025.

Mogo IFN S.A. strongly disagrees with the conclusions and assessments of the Romanian tax authorities and is actively contesting the findings. The company plans to submit a formal contestation to the Romanian tax authorities as part of its ongoing efforts to resolve the matter by 31 of January 2025.

Other than the aforementioned, Mogo IFN S.A. has not been a party to any governmental, legal or arbitration proceeding (including any such proceedings which are pending or threatened of which the Issuer is aware) during a period covering at least the previous 12 months which may have, or have had in the recent past significant effects on Mogo IFN S.A. financial position or profitability. For a description of the legal proceedings relating to the entire Group, please refer to Section “– *Legal Proceedings*” below, page 231 et seq.

Material Adverse Change in the Prospects of Mogo IFN SA

There has been no material adverse change in the prospects of Mogo IFN SA since 31 December 2023.

Material Changes in the Borrowing and Funding Structure of Mogo IFN SA

There has been no material changes in the borrowing and funding structure of Mogo IFN SA since 31 December 2023.

Significant changes in the financial performance and position of the Group, including Mogo IFN SA

There has been no significant change in the financial performance and in the financial position of the Group, including Mogo IFN SA, since the date of the latest unaudited consolidated condensed financial statements of the Group as of 31 December 2024.

Outlook for Mogo IFN SA

For a description of the prospects of the Group, including Mogo IFN SA, please refer to Section “– *Recent Events and Trends*” below.

Outlook for AS Eleving Solis

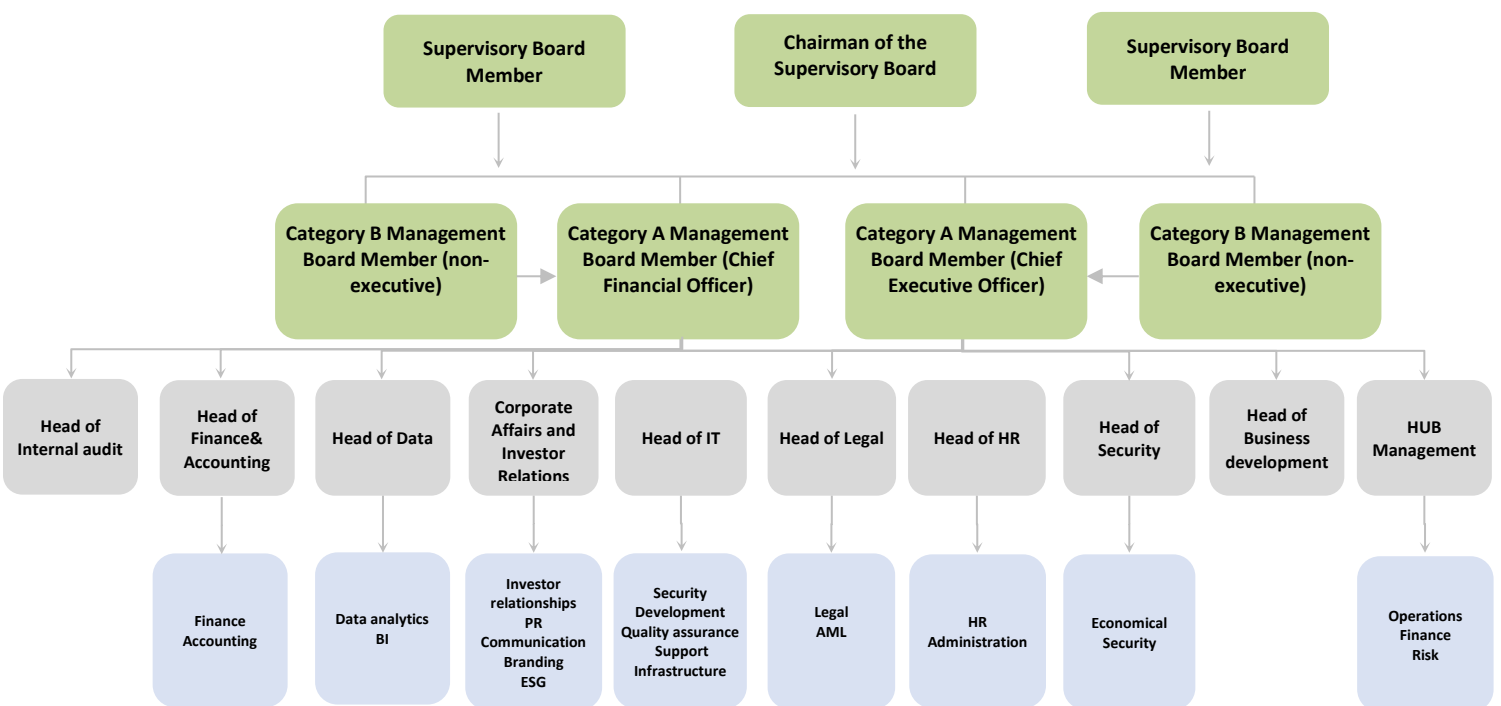

For a description of the prospects of the Group, including AS Eleving Solis, please refer to Section “– *Recent Events and Trends*” below.

5. Organization Structure

Overview

The Group is managed by the Management Board (*directoire*) and supervised by the Supervisory Board (*conseil de surveillance*) of the Issuer and the management team of Eleving. The management team is formed by the Chief Executive Officer, the Chief Financial Officer, the Chief Operating Officer and the Chief Information Officer (See “Management”). In addition, the Group has a Head of Data Science, Head of Marketing, Head of Legal and country managers.

The Group’s organization structure is set out in the chart below.

The organization structure for the typical local operation unit in each jurisdiction is set out in the chart below.

6. Properties of the Group

We do not own any land or buildings. We lease a number of our premises and certain equipment under operating leases. The leases typically run for an initial period of up

to five years, with an option to renew the lease after that date. Lease payments are usually increased annually to reflect market rentals.

7. Employees

As at 31 December 2024, Eleving Group has 2793 employees. 268 employees were based in Latvia; 220 of these employees were engaged in Group-level functions. The table below sets forth the number of employees based in each of our countries of operation as at the respective dates.

Country	As at 31 December 2024	As at 31 December 2023	As at 31 December 2022
Latvia (group functions)	220	227	182
Latvia (operations)	48	53	54
Lithuania (group functions)	26	26	32
Lithuania (operations)	38	56	47
Estonia	20	22	21
Georgia	74	75	78
Romania	64	64	57
Moldova	185	225	213
Albania	222	225	234
Armenia	70	64	165
Ukraine	15	61	121
North Macedonia	192	175	158
Uganda	431	394	324
Kenya	688	732	891
Uzbekistan	65	56	47
Namibia	212	158	-
Botswana	77	53	-
Zambia	135	83	-
Lesotho	11	11	-
Total	2 793	2 760	2 624

We expect that the number of employees in our countries of operation as well as the total number of our employees will grow going forward.

Social Policy and Employee Benefits

We believe that our current compensation package is generally competitive compared to the packages offered by our competitors or employers in other industries which engage professionals with similar education and experience records.

Our personnel management policy is aimed at developing a skilled and highly-productive staff that is successful in performing its responsibilities. We have developed a comprehensive training program which provides for both internal and external professional training of employees at all levels.

We have not been party to any major labor dispute with our employees.

8. Material Agreements

The following section provides a summary of material agreements to which any member of the Group is a party.

a. Eleving Group Bonds 2021/2026

On 18 October 2021, Eleving Group issued 9.50% senior secured bonds due 18 October 2026 for an aggregate principal amount of EUR 150,000,000.00 (the “**Eleving Group Bonds 2021/2026**”) with ISIN XS2393240887. The Eleving Group Bonds 2021/2026 are traded on the Frankfurt Stock Exchange and an application has been made to be traded on Frankfurt Stock Exchange’s Regulated Market (*General Standard*). The prospectus for the admission to trading of the Eleving Group Bonds 2021/2026 on the Frankfurt Stock Exchange’s Regulated Market was approved by the CSSF on 22 September 2023. The Eleving Group Bonds 2021/2026 are further traded on Nasdaq Riga’s Regulated Market and an application has been made to be traded on Nasdaq Riga’s Regulated Market. The prospectus for the admission to trading of the Eleving Group Bonds 2021/2026 on the Nasdaq Riga’s Regulated Market was approved by the CSSF on 22 March 2024.

The Eleving Group Bonds 2021/2026 are guaranteed by several subsidiaries of Eleving Group and are secured with local security documents provided by several subsidiaries of the Eleving Group. The Eleving Group Bonds 2021/2026 rank *pari passu* with the Eleving Group Bonds 2023/2028.

As at 31 December 2024, the principal outstanding amount under the Eleving Group Bonds 2021/2026 was EUR 144.8 million.

b. Eleving Group Shares IPO in October 2024

On 8 October 2024, Eleving Group completed the initial public offering (IPO) of 17,052,824 offer shares in a total aggregate amount EUR 29,000,000 (consisting in EUR 27,000,000 as proceeds from the placement of 15,882,353 base shares and EUR 2,000,000 as proceeds from the sale of 1,176,471 over-allotment Shares) with ISIN LU2818110020 (the “**Eleving Group Offer Shares**”).

The Eleving Group Offer Shares are listed and traded on the Regulated Market of the Nasdaq Riga Stock Exchange (*Baltic Main List*) and the Frankfurt Stock Exchange (*General Standard*). The prospectus for the public offering, listing and admission to trading of the Eleving Group Offer Shares on the Nasdaq Riga Stock Exchange’s and the Frankfurt Stock Exchange’s Regulated Market was approved by the CSSF on 20 September 2024.

c. Mintos

AS “mogo”, AS Renti, Primero Finance OÜ, UAB “mogo LT”, UAB Renti, Mogo IFN SA, Expresscredit (Proprietary) Limited, , Express Credit Cash Advance (Proprietary) Limited, Mogo LLC, O.C.N. “MOGO LOANS” S.R.L., OCN SEBO CREDIT SRL, ECFA Sh.A. (formerly KREDO FINANCE SHPK), FINANCE COMPANY FINMAK DOO SKOPJE, MOGO Universal Credit Organization LLC and Mogo Auto Limited have financed their operations through the Mintos marketplace. Mintos is a global platform for investing in loans and is a go-to investment platform where retail investors can invest, in a diversified way, in income-producing assets to build wealth in the long term.

The Mintos platform typically works as follows: (i) borrowers (i.e., Eleving’s customers) apply for a loan with the loan originator (i.e., Eleving), (ii) the loan originator evaluates the application, sets an interest rate and lends money from its own funds and (iii) several loans with similar properties are pooled together in notes, which are financial instruments that allow investors to essentially invest in loans on a regulated environment. The notes are then listed on the Mintos marketplace, where investors can select notes to invest in, thereafter receiving part of monthly payments and interest. By investing in notes, investors are buying a financial instrument with an International Securities Identification Number (ISIN). In the case that a borrower is unable to repay the loan, investors may lose some or all of their invested capital. The loan originator may guarantee the performance of the borrower, by undertaking to buy back the notes if they remain unpaid for 60 days after they are due. In certain cases, however, Mintos as a loan originator grants a loan, or a series of loans, to Eleving, which then repays from loans to its customers serving as the source of repayment and Mintos as the loan originator further lists such loans on the Mintos marketplace by issuing separate notes, where investors can select notes to invest in, thereafter receiving part of monthly payments and interest received by Mintos from Eleving. The notes are secured by security agreements entered between Mintos and the relevant Eleving entity. The term “**Mintos Debt**” refers to the net amount owned by Eleving to Mintos from time to time in the context of the above transactions executed between them.

Mintos investors can find more information about the applicable structure and the role of each entity in the base prospectus that applies to a particular set of notes.

Below a brief description of the contractual arrangement with the Mintos marketplace for each jurisdiction where we operate:

1. Latvia

1.1. AS “mogo”

AS “mogo” issues loans to borrowers, and then sells the relevant loan receivables to SIA Mintos Finance No.1. SIA Mintos Finance No.1 then issues a series of notes corresponding to these loan receivables to investors via the Mintos platform. When an investor purchases any note of the series, its Mintos investment account is credited with the note and debited with the purchase price of the note. The purchase price is transferred to AS “mogo”. The notes are secured with a pledge over the loan receivables forming the pool under the notes.

Security agreements in place:

- Receivables pledge agreement
Pledgor: AS mogo (Latvia)

Pledgee: SIA Mintos Finance No.1 (Latvia) and AS Mintos Marketplace (Latvia)

- Guarantee Agreement

Issuer: SIA Mintos Finance No.1 (Latvia)

Investment Firm: AS Mintos Marketplace (Latvia)

Partner: AS “mogo” (Latvia)

Guarantor: Elevation Group (Luxembourg)

In accordance with this agreement, in order to secure the Issuer’s monetary claims towards the Partner arising (or that may arise) from the notes, the Guarantor guarantees to the Issuer the performance of Partner’s obligations that may be incurred and arising from the notes.

During the effectiveness of this agreement, the Guarantor undertakes to ensure to provide consolidated financial ratios of Guarantor’s group:

Capitalization ratio of no less than 15% (fifteen per cent).

ICR for the Guarantor’s group of no less than 1.25 (one point two five).

Non-performing loans ratio for the Partner of less than 10% (ten per cent). Non-performing loans ratio is calculated by dividing (x) the sum of the outstanding principal amount of loans issued by the Partner, which are due for over 60 (sixty) days during the 3-month vintage period, (y) by the sum of principal amounts disbursed during the same 3-month period. The fact that a loan is due for over 60 (sixty) days during the 3-month vintage period is measured at the end of the 5th month following the month of disbursement.

1.2. AS Renti

AS Renti concludes rent agreements with its clients/renters. The renters use the vehicle that is bought and owned by AS Renti. After concluding these agreements, AS Renti requests disbursement of a loan from Mintos Finance Estonia OÜ (Estonia) in an amount that is no more than 95% of the evaluation price for the vehicle. Once the loan agreement with AS Renti as a severally liable borrower is concluded, Mintos Finance Estonia OÜ (Estonia) sells the relevant loan receivables to SIA Mintos Finance No.1 (Latvia). SIA Mintos Finance No.1 (Latvia) issues a series of notes corresponding to these loan receivables to investors via Mintos platform. When an investor purchases any note of the series, its Mintos investment account is credited with the note and debited with the purchase price of the note. The purchase price is transferred to Mintos Finance Estonia OÜ (Estonia). After receipt of the purchase price Mintos Finance Estonia OÜ (Estonia) makes the disbursement of the loan to AS Renti.

Security agreements in place:

- Asset (vehicle) pledge agreement

Pledgor: AS Renti (Latvia)

Pledgee: Mintos Finance Estonia OÜ (Estonia)

- Guarantee Agreement

Issuer: SIA Mintos Finance No.1 (Latvia)

SPV (Lender): Mintos Finance Estonia OÜ (Estonia)

Investment Firm: AS Mintos Marketplace (Latvia)

Partner: AS Renti (Latvia)

Guarantor: Eleving Group (Luxembourg)

In accordance with this agreement, in order to secure the SPV (Lender's) monetary claims towards the Partner arising (or that may arise) from the notes, the Guarantor guarantees to the SPV (Lender's) the performance of the Partner's obligations that may be incurred and arising from the notes.

During the effectiveness of this agreement, the Guarantor undertakes to ensure to provide consolidated financial ratios of Guarantor's group:

Capitalization ratio –no less than 15% (fifteen per cent).

ICR for the Guarantor's group of not less than 1.25 (one point two five).

Non-performing loans ratio for the Partner – less than 10% (ten per cent). Non-performing loans ratio is calculated by dividing (x) the sum of the outstanding principal amount of loans issued by the Partner, which are due for over 60 (sixty) days during the 3-month vintage period, (y) by the sum of principal amounts disbursed during the same 3-month period. The fact that a loan is due for over 60 (sixty) days during the 3-month vintage period is measured at the end of the 5th month following the month of disbursement.

2. Estonia

Primero Finance OÜ (Estonia) issues loans to borrowers, and then sells the relevant loan receivables to SIA Mintos Finance No.1. SIA Mintos Finance No.1 then issues a series of notes corresponding to these loan receivables to investors via Mintos platform. When an investor purchases any note of the series, its Mintos investment account is credited with the note and debited with the purchase price of the note. The purchase price is transferred to the Primero Finance OÜ (Estonia). The notes are secured with a pledge over loan receivables forming the pool under the notes.

Security agreements in place:

- Receivables pledge agreement
Pledgor: Primero Finance OÜ (Estonia)
Pledgee: SIA Mintos Finance No.1 (Latvia) and AS Mintos Marketplace (Latvia)
- Guarantee Agreement
Issuer: SIA Mintos Finance No.1 (Latvia)
Investment Firm: AS Mintos Marketplace (Latvia)
Partner: Primero Finance OÜ (Estonia)
Guarantor: Eleving Group (Luxembourg)

In accordance with this agreement, in order to secure the Issuer's monetary claims towards the Partner arising (or that may arise) from the notes, the Guarantor guarantees to the Issuer the performance of Partner's obligations that may be incurred and arising from the notes.

During the effectiveness of this agreement, the Guarantor undertakes to ensure to provide consolidated financial ratios of Guarantor's group:

Capitalization ratio – no less than 15% (fifteen per cent).

ICR for the Guarantor's group of not less than 1.25 (one point two five).

Non-performing loans ratio for the Partner – less than 8% (for car loans) and 15% (for installment loan as per Mintos definition). Non-performing loans ratio is calculated by dividing (x) the sum of the outstanding principal amount of loans issued by the Partner, which are due for over 60 (sixty) days during the 3-month vintage period, (y) by the sum of principal amounts disbursed during the same 3-month period. The fact that a loan is due for over 60 (sixty) days during the 3-month vintage period is measured at the end of the 5th month following the month of disbursement.

3. Lithuania

3.1. UAB “mogo LT”

(Lithuania) issues loans to borrowers, and then sells the relevant loan receivables to SIA Mintos Finance No.1. SIA Mintos Finance No.1 then issues a series of notes corresponding to these loan receivables to investors via Mintos platform. When an investor purchases any note of the series, its Mintos investment account is credited with the note and debited with the purchase price of the note. The purchase price is transferred to UAB “mogo LT” (Lithuania). The notes are secured with pledge over loan receivables forming the pool under the notes.

Security agreements in place:

- Receivables pledge agreement
Pledgor: UAB “mogo LT” (Lithuania)
Pledgee: SIA Mintos Finance No.1 (Latvia) and AS Mintos Marketplace (Latvia)
- Guarantee Agreement
Issuer: SIA Mintos Finance No.1 (Latvia)
Investment Firm: AS Mintos Marketplace (Latvia)
Partner: UAB “mogo LT” (Lithuania)
Guarantor: Elevation Group (Luxembourg)

In accordance with this agreement, in order to secure the Issuer's monetary claims towards the Partner arising (or that may arise) from the notes, the Guarantor guarantees to the Issuer the performance of Partner's obligations that may be incurred and arising from the notes.

During the effectiveness of this agreement, the Guarantor undertakes to ensure to provide consolidated financial ratios of Guarantor's group:

Capitalization ratio – no less than 15% (fifteen per cent).

ICR for the Guarantor's group of not less than 1.25 (one point two five).

Non-performing loans ratio for the Partner – less than 10% (ten per cent). Non-performing loans ratio is calculated by dividing (x) the sum of the outstanding principal amount of loans issued by the Partner, which are due for over 60 (sixty) days during the 3-month vintage period, (y) by the sum of principal amounts disbursed during the same 3-month period. The fact that a loan is due for over 60 (sixty) days during the 3-month vintage period is measured at the end of the 5th month following the month of disbursement.

3.2. UAB Renti

UAB Renti concludes rent agreement with its clients/renters. The renters are using the vehicle that is bought and owned by UAB Renti. After concluding these agreements, UAB Renti requests disbursement of a loan from Mintos Finance Estonia OÜ (Estonia) in an amount that is no more than 70% of the total vehicle valuation amount. Once the loan agreement with UAB Renti as a severally liable borrower is concluded, Mintos Finance Estonia OÜ (Estonia) sells the relevant loan receivables to SIA Mintos Finance No.1 (Latvia). SIA Mintos Finance No.1 (Latvia) issues a series of notes corresponding to these loan receivables to investors via Mintos platform. When an investor purchases any note of the series, its Mintos investment account is credited with the note and debited with the purchase price of the note. The purchase price is transferred to Mintos Finance Estonia OÜ (Estonia). After receipt of the purchase price Mintos Finance Estonia OÜ (Estonia) makes the disbursement of the loan to UAB Renti.

Security agreements in place:

- Receivables pledge agreement
Pledgor: UAB Renti (Lithuania)
Pledgee: Mintos Finance Estonia OÜ (Estonia)
- Property complex agreement
Pledgor: UAB Renti (Lithuania)
Pledgee: Mintos Finance Estonia OÜ (Estonia)
- Guarantee Agreement
Issuer: SIA Mintos Finance No.1 (Latvia)
SPV (Lender): Mintos Finance Estonia OÜ (Estonia)
Investment Firm: AS Mintos Marketplace (Latvia)
Partner: UAB Renti (Lithuania)
Guarantor: Eleveling Group (Luxembourg)

In accordance with the Receivables pledge and Property complex agreements, in order to secure the SPV (Lender's) monetary claims towards the Partner arising (or that may arise) from the notes, the Guarantor guarantees to the SPV (Lender's) the performance of Partner's obligations that may be incurred and arising from the notes.

During the effectiveness of these agreements, the Guarantor undertakes to ensure to provide consolidated financial ratios of Guarantor's group:

Capitalization ratio – no less than 15% (fifteen per cent).

ICR for the Guarantor's group of not less than 1.25 (one point two five).

Non-performing loans ratio for the Partner – less than 10% (ten per cent). Non-performing loans ratio is calculated by dividing (x) the sum of the outstanding principal amount of loans issued by the Partner, which are due for over 60 (sixty) days during the 3-month vintage period, (y) by the sum of principal amounts disbursed during the same 3-month period. The fact that a loan is due for over 60 (sixty) days during the 3-month vintage period is measured at the end of the 5th month following the month of disbursement.

4. Romania

Mogo IFN SA (Romania) issues loans to borrowers, then requests disbursement of a loan from Mintos Finance Estonia OU (Estonia) in an amount that is no more than 95% of the principal amount of each borrower's loan, and then Mintos Finance Estonia OU (Estonia) sells the relevant loan receivables to SIA Mintos Finance No.1 (Latvia). SIA Mintos Finance No.1 (Latvia) issues a series of notes corresponding to these loan receivables to investors via Mintos platform. When an investor purchases any note of the series, its Mintos investment account is credited with the note and debited with the purchase price of the note. The purchase price is transferred to Mintos Finance Estonia OU (Estonia). After receipt of the purchase price Mintos Finance Estonia OU (Estonia) makes the disbursement of the loan to Mogo IFN SA (Romania).

Security agreements in place:

- Movable mortgage agreement over receivables
Pledgor: Mogo IFN SA (Romania)
Pledgee: Mintos Finance Estonia OU (Estonia)
- Guarantee Agreement
Issuer: SIA Mintos Finance No.1 (Latvia)
Investment Firm: AS Mintos Marketplace (Latvia)
SPV (Lender): Mintos Finance Estonia OU (Estonia)
Partner: Mogo IFN SA (Romania)
Guarantor: Eleving Group (Luxembourg)

In accordance with this agreement, in order to secure the Issuer's monetary claims towards the Partner arising (or that may arise) from the notes, the Guarantor guarantees to the Issuer the performance of Partner's obligations that may be incurred and arising from the notes.

During the effectiveness of this agreement, the Guarantor undertakes to ensure to provide consolidated financial ratios of Guarantor's group:

Capitalization ratio – no less than 15% (fifteen per cent).

ICR for the Guarantor's group of not less than 1.25 (one point two five).

Non-performing loans ratio for the Partner – less than 15% (fifteen per cent). Non-performing loans ratio is calculated by dividing (x) the sum of the outstanding principal amount of loans issued by the Partner, which are due for over 60 (sixty) days during the 3-month vintage period, (y) by the sum of principal amounts disbursed during the same 3-month period. The fact that a loan is due for over 60 (sixty) days during the 3-month vintage period is measured at the end of the 5th month following the month of disbursement.

5. Georgia

Mogo LLC (Georgia) issues loans to borrowers, and then sells the relevant loan receivables to SIA Mintos Finance No.1. SIA Mintos Finance No.1 then issues a series of notes corresponding to these loan receivables to investors via Mintos platform. When an investor purchases any note of the series, its Mintos investment account is credited with the note and debited with the purchase price of the note. The purchase price is transferred to Mogo LLC (Georgia). The notes are secured with pledge over loan receivables forming the pool under the notes.

Security agreements in place:

- Receivables pledge agreement
Pledgor: Mogo LLC (Georgia)
Pledgee: SIA Mintos Finance No.1 (Latvia) and AS Mintos Marketplace (Latvia)
- Guarantee Agreement
Issuer: SIA Mintos Finance No.1 (Latvia)
Investment Firm: AS Mintos Marketplace (Latvia)
Partner: Mogo LLC (Georgia)
Guarantor: Elevation Group (Luxembourg)

In accordance with this agreement, in order to secure the Issuer's monetary claims towards the Partner arising (or that may arise) from the notes, the Guarantor guarantees to the Issuer the performance of Partner's obligations that may be incurred and arising from the notes.

During the effectiveness of this agreement, the Guarantor undertakes to ensure to provide consolidated financial ratios of Guarantor's group:

Capitalization ratio – no less than 15% (fifteen per cent).

ICR for the Guarantor's group of not less than 1.25 (one point two five).

Non-performing loans ratio for the Partner – less than 14% (fourteen per cent). Non-performing loans ratio is calculated by dividing (x) the sum of the outstanding principal amount of loans issued by the Partner, which are due for over 60 (sixty) days during the 3-month vintage period, (y) by the sum of principal amounts disbursed during the same 3-month period. The fact that a loan is due for over 60 (sixty) days during the 3-month vintage period is measured at the end of the 5th month following the month of disbursement.

6. Moldova

6.1 O.C.N. “MOGO LOANS” S.R.L.

O.C.N. “MOGO LOANS” S.R.L. (Moldova) issues loans to borrowers, then requests disbursement of a loan from Mintos Finance Estonia OU (Estonia) in an amount that is no more than 90% of the principal amount of each borrower’s loan, and then Mintos Finance Estonia OU (Estonia) sells the relevant loan receivables to SIA Mintos Finance No.1 (Latvia). SIA Mintos Finance No.1 (Latvia) issues a series of notes corresponding to these loan receivables to investors via Mintos platform. When an investor purchases any note of the series, its Mintos investment account is credited with the note and debited with the purchase price of the note. The purchase price is transferred to Mintos Finance Estonia OU (Estonia). After receipt of the purchase price Mintos Finance Estonia OU (Estonia) makes the disbursement of the loan to O.C.N. “MOGO LOANS” S.R.L. (Moldova).

Repayment is to be made according to repayment schedule attached to the Agreement.

The Agreement is secured with guarantee from the direct parent entity YesCash Group Limited (after name change – Eleving Consumer Finance Mauritius Limited).

n. *ExpressCredit Proprietary Limited Medium Term Note programme*

On 1 May 2019, ExpressCredit Proprietary Limited (Botswana) entered into Engagement letter with AFB In2Africa (Pty) Limited under which ExpressCredit Proprietary Limited (Botswana) appointed AFB In2Africa (Pty) Limited as an advisor and arranger for the establishment of a medium term note programme in the Republic of Botswana and for the issuance of notes under such programme in the amount of BWP 100,000,000, unless such amount is increased by the Issuer.

The board of the company agreed to increase the note amount from BWP 100,000,000 to BWP 250,000,000 in January 2022.

The terms of the notes under such programme contain a cross-default provision relating to indebtedness for money borrowed having an aggregate outstanding amount which equals or exceeds the greater of BWP 15,000,000 from time to time, or any guarantee of or indemnity in respect of any such indebtedness.

o. Union Bank JSC (Albania)

On 18 December 2023 Union Bank JSC (Albania) and ECFA Sh.A. (formerly Kredo Finance Shpk) (Albania) concluded a Loan Agreement (Installment Loan), under which the bank made funds available to ECFA Sh.A. amounting to 150'000'000 Albanian Leke. In order to secure the loan obligations, a security was placed over ECFA Sh.A. loan portfolio for the minimum value of 195'000'000.00 ALL or 130% of the remaining value of the loan according to a specific list of loans attached to the Security Agreement. The respective security was registered in the Albanian Pledge Registry according to the provisions stipulated in the Security Agreement. In addition to the loan portfolio provided by ECFA Sh.A. to the bank as a security, ECFA Sh.A. majority shareholder AS Eleving Consumer Finance Holding also provided its corporate guarantee to ensure the rights and obligations of ECFA Sh.A. arising out of the Loan Agreement.

p. Tirana Bank JSC (Albania)

On 18 December 2023 Tirana Bank JSC (Albania) and ECFA Sh.A. (formerly Kredo Finance Shpk) (Albania) and Eleving Group as Guarantor concluded a Loan Agreement (Overdraft Agreement), under which the bank made funds available to ECFA Sh.A. amounting to 120'000'000 Albanian Leke.

In order to secure the loan obligations, a security was placed over ECFA Sh.A.'s loan portfolio (loans receivables) for the minimum value of 156'000'000.00 ALL or 130% of the loan value. The respective security was registered in the Albanian Pledge Registry according to the provisions stipulated in the Security Agreement. In addition to the loan portfolio (loans receivables) provided by ECFA Sh.A. to the bank as a security, Eleving Group also became a guarantor of rights and obligations of ECFA Sh.A. arising out of the concluded Guarantee Agreement and Loan Agreement.

q. FI Bank JSC (Albania)

On 21 February 2024 FI Bank JSC (Albania) and financial company ECFA Sh.A. (formerly Kredo Finance Shpk) (Albania) concluded a Loan Agreement, under which the bank made funds available to ECFA Sh.A. amounting to 100'000'000 Albanian Lek. In order to secure the loan obligations, a security was placed over ECFA Sh.A.'s loan portfolio (loans receivables) for the minimum value of 130'000'000.00 ALL or 130% of the loan value. The respective security was registered in the Albanian Pledge Registry according to the provisions stipulated in the Security Agreement.

r. MFX Solutions

On 29 December 2023, Eleving Group has provided a guarantee in favour of MFX Solutions whereby Eleving Group absolutely, unconditionally and irrevocably guarantees on all transactions of Eleving Group subsidiary AS Eleving Solis makes under ISDA Master Agreement entered into between AS Eleving Solis and MFX Solutions.

s. American Bank of Investments JSC (Albania)

On 12 January 2024 American Bank of Investments JSC (Albania) and financial company ECFA Sh.A. (formerly Kredo Finance sh.p.k (Albania)) concluded an unsecured loan agreement under which the ABI Bank made funds available amounting at 300,000,000 ALL. This loan was used as a bridge for ECFA Sh.A. private offering of senior unsecured bonds dated 15 April 2024. The senior unsecured bonds of ECFA Sh.A. amount to 300,000,000 ALL, have maturity of 36 months and interest rate of 13.5% per annum. The interest payment frequency is every 6 months; payment structure - bullet payment at maturity. The purpose of issuance of the bonds was to ensure repayment of the loan granted to ECFA Sh.A. by the American Investment Bank JSC, whose funds were used by the ECFA Sh.A. in relation to exercising its

lending activity. American Investment Bank JSC purchased 100% of the bonds and is the custodian bank for these bonds issued by the ECFA Sh.A.

t. I&M Bank (Kenya)

On 1 August 2024, Eleving Group and AS Eleving Solis has provided a letter of guarantee and indemnity in favour of I&M Bank (Kenya) whereby Eleving Group and AS Eleving Solis absolutely, unconditionally and irrevocably guarantees on Mogo Auto Limited (Kenya) debt liabilities towards I&M Bank (Kenya) under the KES 500,000,000 credit facility dated 19 July 2024.

u. Absa Bank (Uganda)

On 2 October 2024, Mogo Loans (Uganda) entered into a specific debenture agreement with Absa Bank Uganda Limited, whereby Mogo Loans (Uganda) provided a debenture over a portion of it's net loan book not more 60 days past due with minimum collateral cover equivalent to 120% of Absa Bank Uganda Limited debt exposure or UGX 22,800,000,000.

On 10 October 2024, Eleving Group has provided professional payment guarantee in favour of Absa Bank Uganda Limited whereby Eleving Group and AS Eleving Solis absolutely, unconditionally and irrevocably guarantees on MOGO Loans (Uganda) debt liabilities towards Absa Bank Uganda Limited under the UGX 19,000,000,000 credit facility dated 25 September 2024.

v. Corpay

On 4 November 2024, Eleving Group has entered into a deed of guarantee and indemnity agreement, whereby Eleving Group agreed to guarantee and indemnity Cambridge Mercantile Corp. (UK) Limited and/or Cambridge Mercantile Risk Management (UK) Ltd. Eleving Consumer Finance Mauritius Limited liabilities under one or more agreement under which Corpay provides certain foreign currency exchange and/or payment services to Eleving Consumer Finance Mauritius Limited.

- p. Latvia – SIA Spaceship as borrower on 8 March 2022 – outstanding amount EUR (including accrued interest) 413,872.44 on 31 December 2024;
 - q. Armenia – Mogo UCO LLC as borrower made on 22 November 2018 – outstanding amount EUR (including accrued interest) 1,004,333.33 on 31 December 2024;
 - r. Estonia – Primero Finance OU as borrower made on 6 November 2024 – outstanding amount EUR (including accrued interest) 40,432,685.66 on 31 December 2024;
 - s. Estonia – Primero Finance OU as borrower made on 6 November 2024 – outstanding amount EUR (including accrued interest) 18,202,120.81 on 31 December 2024;
 - t. Georgia – Mogo LLC as borrower on 13 December 2024 – outstanding amount EUR (including accrued interest) 301,625.00 on 31 December 2024;
 - u. Latvia – AS Eleving Vehicle Finance as borrower as at 6 November 2024 – outstanding amount EUR (including accrued interest) 2,990,335.21 on 31 December 2024;
 - v. Latvia – AS Eleving Vehicle Finance as borrower as at 23 October 2023 – outstanding amount EUR (including accrued interest) 604,391.66 on 31 December 2024;
 - w. Latvia – Eleving Finance AS as borrower as at 21 November 2022 – outstanding amount EUR (including accrued interest) 415,498.03 on 31 December 2024;
2. Eleving Group (Luxembourg), as borrower, had previously entered into several credit line agreements with the Group companies. As of 31 December 2024, there are no outstanding principal, but the total outstanding accrued interest is EUR 61,674.67.

10. Legal Proceedings

On 16 December 2024, the Regional General Directorate of Public Finance of Bucharest concluded a tax audit of Mogo IFN S.A., focusing on the assessment of the value-added tax (VAT) base for the period from 2017 to 2022. Based on the audit's findings, an additional VAT liability of EUR 3.03 million was determined, along with related penalties and late payment interest.

In line with Romanian legislation, which allows for the application of tax amnesty, Mogo IFN S.A. has utilized this option, thereby limiting its immediate payment obligation to the assessed tax amount.

Mogo IFN S.A. strongly disagrees with the conclusions and assessments of the Romanian tax authorities and is actively contesting the findings. The company plans to submit a formal contestation to the Romanian tax authorities as part of its ongoing efforts to resolve the matter.

No other member of the Group, i.e., the Issuer and its direct and indirect subsidiaries including the Guarantors, is engaged in or, to our knowledge, has currently threatened against it, any governmental, legal or arbitration proceedings which may have, or have had during the 12 months preceding the date of this Prospectus, a significant effect on our financial position or profitability.

11. Expected Financing of the Group's Activities

The Issuer and each of the Guarantors expect to finance their activities with funds generated from their business activities as well as debt issues, marketplace platforms and bank facilities.

12. Credit Rating

On 7 June 2024, Fitch Ratings – a branch of Fitch Ratings Ireland Limited affirmed the Issuer's Long-Term Issuer Default Rating (IDR) at 'B', with a Stable Outlook and a Short-Term Issuer Default Rating of 'B'. Fitch has also affirmed the Issuer's senior secured debt rating (including the Existing Bonds) at 'B' with a Recovery Rating of 'RR4'.

For the purposes of Fitch ratings:

- a "B" rating indicates that material default risk is present, but a limited margin of safety remains. Financial commitments are currently being met; however, capacity for continued payment is vulnerable to deterioration in the business and economic environment. The rating scales ranges from "AAA" for issuers with lowest expectations of default risk to "D" for issuers that in Fitch's opinion has entered into bankruptcy filings, administration, receivership, liquidation or other formal winding-up procedure or that have otherwise ceased business;
- an "Outlook" indicates the direction a rating is likely to move over a one- to two-year period. They reflect financial or other trends that have not yet reached or been sustained the level that would cause a rating action, but which may do so if such trends continue. A positive rating outlook indicates an upward trend on the rating scale. Conversely, a negative rating outlook signals a negative trend on the rating scale. Positive or negative rating outlooks do not imply that a rating change is inevitable, and similarly, ratings with stable outlooks can be raised or lowered without a prior revision to the outlook. Occasionally, where the fundamental trend has strong, conflicting elements of both positive and negative, the rating outlook may be described as "Evolving";
- the modifiers "+" or "-" may be appended to a rating by Fitch to denote relative status within major rating categories.

Credit ratings included or referred to in this Prospectus have been issued by Fitch which is established in the EU and registered under Regulation (EC) No 1060/2009, as amended (the "CRA Regulation"). As such, Fitch is included in the list of credit rating agencies published by the European Securities and Markets Authority (the "ESMA") on its website in accordance with the CRA Regulation. A rating is not a recommendation to buy, sell or hold securities and may be subject to revision, suspension or withdrawal at any time by the assigning rating agency. The significance of the rating should be analyzed independently from any other rating. Ratings of the Issuer and the Existing Bonds by Fitch is not necessarily indicative of the ratings that may in the future be issued in respect of the Issuer and/ or the Bonds by Fitch or by any other rating agency.

The ratings take into account Eleving's nominal franchise in a competitive niche, increasing exposure to volatile markets, elevated risk appetite and high leverage.

The ratings also reflect sound profitability, a track record in placing public bonds and adequate experience of the management team.

13. Recent Events and Trends

a. General

Our business has grown substantially in recent years, and we continue to monitor business development opportunities in new countries and within existing markets. As we have made use of organic growth and strategic acquisitions, we aim further to leverage our existing expertise to expand into countries which we believe have an attractive customer base and growth potential.

During the first quarter of 2021, the Group has revised its corporate strategy together with the brand update from Mogo Finance to Eleving Group, to better reflect its updated mission statement and its diverse product and brand portfolio. The Group will keep offering products with the 'Mogo' brand name across its vehicle finance subsidiaries.

In Addition to the trends described in this Section "*Recent Events and Trends*", in Section VIII. 4. "*Products*" and Section VIII. 6. "*Developments*", there have been the following significant recent trends in production, sales and inventory and cost and selling prices since 31 December 2024.

There has been increasing demand for vehicle finance products across the majority of the markets on which the Group operates. This trend can be observed over last 12 months and can be explained by the following factors: (i) credit institutions have become more conservative in their lending strategies over last 24 months; (ii) the Group's typical competitor in this business is a local market player with limited access to debt and a weaker operation; (iii) changing interest rates, more difficult access to financing, growing inflation, and rising cost of financing led many of the Group's smaller competitors to experience both financial and liquidity difficulties.

With respect to the administrative costs and the costs of services, in the majority of the markets where the Group operates, inflation has been at double digits which affected prices in the broader sense (rental prices, services i.e. postal, databases, internet). Even though the Group has been addressing such increases through negotiations, the overall costs have still increased. Additionally, rising inflation resulted in higher salaries, however the Group, even before the inflation crisis, was revising the salaries on a yearly basis in order to remain an attractive employee. On average, over last 2 years it managed to increase salaries at 3-5% yearly across the Group.

Finally, the price of second hand has been stabilized, and there no significant deviation is anticipated in the future, in sharp contrast with the post-covid period, when second hand car priced moved up by 10%-30%. The Group does not anticipate price decreases in short- and mid-term which could have a negative effect to its business.

b. Sale of Subsidiaries

Eleving Group has always pursued the most efficient capital allocation and business risk diversification; therefore, the Group has historically successfully entered and exited markets either through sales process, or run-down/liquidation: Poland, Albania (vehicle finance business), Bulgaria, Bosnia and Herzegovina, Kosovo, North Macedonia (vehicle finance business), Kazakhstan. Given the external factors and risks arising from the war in Ukraine, since 2022, the Group has discontinued business operations in Ukraine and have fully exited Belarus in 2024.

In August 2024, OX Drive merged their operations with SIA Slyfox, the frontrunners of car-sharing services in Latvia, and is now operating under the Carguru brand, with Eleving Group holding approximately 36% of SIA Slyfox.

The Group has shown a disciplined approach to market transitions and the company's ability to enter and exit the markets efficiently. This approves the timely decisions made by the company and reflects Eleving Group's understanding of business dynamics and its ability to adapt to changing circumstances. Such calculated moves underscore the Group's confidence in its risk management strategies, operational efficiency, and capital allocation expertise. This deliberate pattern reaffirms Eleving Group's agility and resilience in navigating diverse business environments, ensuring sustained growth and profitability.

c. *War in Ukraine*

Starting with the first day of the full-scale invasion on 24 February 2022, the Eleving Group has taken a strong stance condemning Russia's aggression and crimes in Ukraine.

Upon receiving the first news of widespread military strikes in Ukraine, the company activated all internal procedures in a timely manner to ensure the safety of its employees, organizing their evacuation from hot spots if necessary. Shortly after the full-scale invasion, the decision was taken to operationally cease business activities in the war-affected country and to look at ways to rapidly reduce portfolio exposure in Belarus to insulate Eleving Group as much as possible from the business and reputational risks that could arise from doing business in an aggressor state. Currently, the active business operations in Ukraine have been discontinued. In January 2024, the Group received all the necessary approvals from Belarus government authorities with respect to the Mogo Belarus sale. The sale was finished in second quarter of 2024.

d. *Integration of SIA ECFG*

In July 2023, the Group started the process of integrating SIA ECFG, a consumer finance provider operating in the Southern Africa region with the brand ExpressCredit, into its direct subsidiary AS Eleving Finance. As a result of the transaction, the Group has taken over the company's assets, subsidiaries, and client portfolio and increased the Group's equity.

With the acquisition of SIA ECFG, Botswana, Namibia, Lesotho, and Zambia are added to the Group's portfolio in Africa and the Group has taken over a net portfolio of EUR 26 million split across the aforementioned four markets.

ExpressCredit mainly provides long-term consumer loans to government employees in the African markets. In the respective consumer finance segment, ExpressCredit is among the industry leaders. The specialty of the business is automated monthly payments, which are either deducted from the customer's salary or credit card. Due to that, repayment rates are consistently high, and the debt collection process is straightforward. In all markets, the business model is primarily based on an offline model with 87 branches across four markets.

The Group intends to develop the business further, offer already established consumer finance services as well as launch new products and utilize operational and financing synergies, thus improving the overall efficiency of the business.

e. *Recent changes to the Group Structure*

In summer 2023 the Group acquired ExpressCredit consumer finance business in four sub-Saharan region countries (SIA ECFG). As a result, Botswana, Namibia, Zambia, and Lesotho joined the Group's portfolio.

In addition, on 8 November 2023, following a merger between the Group companies, AS Eleving Luna (Latvia) underwent a division process in accordance with the laws of Republic of Latvia. As a result of the merger AS Eleving Stella and AS Eleving Vehicle Finance as merging companies each acquired part of the assets of AS Eleving Luna.

On 1 December 2023, in the context of an internal restructuring, UAB Elevation Stella purchased 100% of the share capital of Mogo LLC from AS Elevation Stella. As a result, UAB Elevation Stella is the sole shareholder of Mogo LLC as of 8 February 2024.

On 11 January 2024, in the context of a divestment plan, the Group sold all the shares in OOO "Mogo Credit" (*Belarus*). As a result, OOO "Mogo Credit" (*Belarus*) no longer belongs to the Group as of 11 January 2024. For an overview of the current structure of the Group, please refer to Section XVIII "*Information about the Issuer and the Group*" "Issuer and Subsidiaries" above.

f. IPO

On 8 October 2024, Elevation Group completed the initial public offering (IPO) of 17,052,824 Elevation Group Offer Shares in a total aggregate amount EUR 29,000,000 (consisting in EUR 27,000,000 as proceeds from the placement of 15,882,353 base shares and EUR 2,000,000 as proceeds from the sale of 1,176,471 over-allotment Shares) with ISIN LU2818110020.

The Elevation Group Offer Shares are listed and traded on the Regulated Market of the Nasdaq Riga Stock Exchange (*Baltic Main List*) and the Frankfurt Stock Exchange (*General Standard*). The prospectus for the public offering, listing and admission to trading of the Elevation Group Offer Shares on the Nasdaq Riga Stock Exchange's and the Frankfurt Stock Exchange's Regulated Market was approved by the CSSF on 20 September 2024.

XIX. MANAGEMENT

Below we describe the management of the Issuer.

Until 6 June 2024, the Issuer was managed by a single-tier board structure whose members have been appointed as category A directors and category B directors by the general meeting of the shareholders of the Issuer.

In the context of the public offering of the shares of the Issuer in September 2024, the Issuer has chosen to structure its corporate body in a two-tier system composed of a Management Board and a Supervisory Board.

In accordance with the Issuer's Articles of Association and the relevant provisions of the Luxembourg law of 10 August 1915 on commercial companies, as amended from time to time (the "**Luxembourg Company Law**") governing public limited liability companies (*sociétés anonymes*), the management of the Issuer is divided between the management board (*directoire*) (the "**Management Board**") under the supervision and control of the supervisory board (*conseil de surveillance*) (the "**Supervisory Board**") and the general meeting of the shareholders of the Issuer (*assemblée générale des actionnaires*).

The Management Board of the Issuer is supported by the management team of Eleving, which is responsible for providing high-level advice on decisions and business matters ranging from strategic planning, policy formulation, investment planning and risk assessment.

A brief description (which is not intended to be exhaustive) of the composition, roles and functioning of each of these bodies is set forth below.

1. Management Board

According to the Articles of Association, the Issuer shall be managed by a Management Board whose members shall be appointed as category A Management Board members and category B Management Board members by the Supervisory Board of the Issuer. In accordance with the Luxembourg Company Law, each category A member of the Management Board and category B member of the Management Board may be re-appointed for successive terms and also be removed at any time with or without cause and/or replaced, by a resolution adopted by the Supervisory Board. A member of the Management Board cannot be at the same time a member of the Supervisory Board.

The Management Board is responsible for managing the Issuer. For this purpose, the Management Board is vested with the broadest powers to act in the name of the Issuer and to take any actions, or to cause to take any actions, necessary or useful, to fulfill the Issuer's corporate purpose, with the exception of the powers expressly reserved by the Luxembourg Company Law or by the Issuer's Articles of Association to the Supervisory Board or the shareholders.

In the event of one or more vacancy in the office of members of the Management Board, the remaining members of the Management Board may appoint one or more members of the Management Board, as the case may be, to fill any such vacancy until the following meeting of the Supervisory Board.

The Management Board meets as often as the business and interests of the Issuer require. Meetings of the Management Board shall be held principally in Luxembourg, unless meetings need to be held abroad for exceptional reasons. Any member of the Management Board may participate in a meeting of the Management Board by conference call, video conference or by similar means of communication in accordance with the Articles of Association. Participation in a meeting by these means is equivalent

to participation in person at such meeting and the meeting is deemed to be held at the registered office of the Issuer.

A meeting of the Management Board may validly deliberate and make decisions for all purposes if at the commencement of the meeting at least one category A and at least one category B member of the Management Board are present or represented. Decisions of the Management Board are validly taken by a resolution approved at a duly constituted meeting of the Management Board by the affirmative vote of the majority of the members of the Management Board present or represented including the affirmative vote of at least one category A and at least one category B member of the Management Board. If the foregoing quorum is not present in the meeting, a second meeting may be convened at which the Management Board may validly deliberate and make decisions for all purposes if at the commencement of such second meeting at least one category A and at least one category B member of the Management Board are present or represented. If the foregoing quorum is not present in the second meeting, the decision on the matter should be resolved by the general meeting of the shareholders of the Issuer. Decisions are made by the majority of the votes of the members present or represented. If a member of the Management Board abstains from voting or does not participate to a vote in respect of a proposed resolution, this abstention or non-participation is not taken into account. A resolution of the Management Board may also be passed in writing. Such resolution shall consist of one or more documents containing the resolutions, signed by each member of the Management Board, manually or electronically by means of an electronic signature. The date of such resolution shall be the date of the last signature.

The Management Board shall request the prior consent of the Supervisory Board for Reserved Matters. Where a transaction requires the prior consent of the Supervisory Board and such prior consent is denied, the Management Board may decide to submit the matter to the general meeting of the shareholders of the Issuer.

The Management Board may decide to create committees, the composition and duties of which it shall determine and which shall exercise their activities within the limits of the powers conferred or authorized by the resolution appointing them.

The Management Board may appoint one or more persons who may be a shareholder or not, or who may be a member of the Management Board or not, to the exclusion of any member of the Supervisory Board, who shall have full authority to act on behalf of the Issuer in all matters pertaining to the daily management and affairs of the Issuer or give special powers for determined matters to one or more proxy holders.

The Issuer shall be bound against third parties by the joint signatures of a category A and a category B member of the Management Board.

The Issuer is currently managed by a Management Board composed of two category A members of the Management Board and two category B members of the Management Board as set out below. The members of the Management Board may be removed before the expiration of the term. Based on the Articles of Association of the Issuer, members of the Management Board of each category are vested with the same individual powers and duties. The two members of the Management Board of category B are Luxembourg residents, whereas the two members of the Management Board of category A are not Luxembourg residents and at the same time hold, respectively, the positions of CEO and CFO within the Group. The Management Board has not appointed a chairman among its members so far.

Name	Year of Birth	Term	Position
Modestas Sudnius	1986	From 2024 until 2029	Category A member of the Management Board
Māris Kreics	1985	From 2024 until 2029	Category A member of the Management Board
Delphine Glessinger	1981	From 2024 until 2029	Category B member of the Management Board
Sébastien Jean-Jacques François	1980	From 2024 until 2029	Category B member of the Management Board

Modestas Sudnius, with business address at Skanstes street 52, LV-1013 Riga, Latvia, was appointed as CEO of the Group in January 2019 and as director of Eleving Group in March 2019. A graduate of Stockholm School of Economics, Modestas Sudnius was the country manager in Lithuania, then holding Regional CEO position in Eleving Group, covering Baltic countries, Georgia and Armenia, then being Co-CEO of the Group together with Edgars Egle. Modestas has several years' experience in financial assurance and project management in companies such as Ernst & Young and EPS LT. Modestas Sudnius holds direct interest in the Issuer equal to 2.56% of the share capital of the Issuer.

Māris Kreics, with business address at Skanstes street 52, LV-1013 Riga, Latvia, was appointed as director of Eleving Group in 2018 and as CFO of the Group in 2015. Mr. Kreics has spent previous 2 years in a corporate finance role working for the biggest telecommunications service company in Latvia – Tet (previously Lattelecom). Before that Mr. Kreics has spent 7 years in PwC, whereas 2 years were spent in New York working exclusively on one of the largest (top 5 by market capitalization) S&P 500 Tech company's lead audit team. Mr. Kreics is a CFA charterholder and a member of the global body for professional accountants ACCA. Mr. Kreics has a bachelor's and master's degree in finance from the BA school of Business and Finance in Riga. Māris Kreics holds indirect interest in the Issuer equal to 1.28% of the share capital of the Issuer.

Delphine Glessinger, with business address at 8-10 Avenue de la Gare, L-1610 Luxembourg, Grand Duchy of Luxembourg, was appointed as director of Eleving Group in 2023. Ms. Glessinger currently is also Senior Legal Administrator in Centralis S.A. previously she has held legal trust officer position in Citco Corporate and Trust for more than 8 years. Ms. Glessinger holds Université de Haute-Alsace Mulhouse-Colmar degree in law, University of Lincoln Bachelor degree of administrative and Legal studies and Université Nancy 2 Bachelor's degree in International business.

Sébastien Jean-Jacques François, with business address at 8-10 Avenue de la Gare, L-1610 Luxembourg, Grand Duchy of Luxembourg, was appointed as director of Eleving Group in 2022. Sébastien Jean-Jacques Joseph Ghislain François holds a degree in Business Administration and a post-graduate degree in Financial Economics. Sébastien is an expert in governance, regulatory matters and accounting, with +15 years of work experience in the Financial Services sector in Luxembourg. Sébastien acts as non-executive Director on the board of international companies active in

diverse businesses such as energy, manufacturing, private equity and financing and since August 2013 is the managing director of Centralis S.A. (Luxembourg).

Modestas Sudnius and Māris Kreics have no principal activities outside of Eleving Group. The principal outside activities of Delphine Glessinger and Sebastien Francois comprise their activity as employees of Centralis SA in Luxembourg. Centralis SA is a corporate services provider, which, among others, offers its clients the service of having its employees act as directors of companies. In such capacity, Delphine Glessinger and Sebastien Francois are also directors of other companies in Luxembourg. The members of the Management Board of the Issuer confirm that, otherwise, there is no conflict of interest between their duties as members of the Management Board of the Issuer and their principal and/or other outside activities, other than any such activities which are explicitly disclosed above.

There are no family relationships among the members of the Management Board of the Issuer. No current member of the Issuer's Management Board has been convicted in relation to any fraudulent offenses, nor have they been officially publicly incriminated, and/or sanctioned by statutory or regulatory authorities (including designated professional bodies) within the past five years. It is also confirmed that Modestas Sudnius and Māris Kreics have had no involvement to any bankruptcies, receiverships, liquidations or companies put into administration for at least the previous five years.

No member of the Management Board (including the members of the Audit Committee and the Nomination and Remuneration Committee) have entered into a service agreement with a Group company that provides for benefits upon termination of employment or office.

2. Supervisory Board

The Issuer's Management Board is supervised by a Supervisory Board. The Supervisory Board carries out the permanent supervision of the Management Board, without being authorized to interfere with such management.

The members of the Supervisory Board are appointed by the general shareholders' meeting by way of simple majority vote of the shares present or represented. The general shareholders' meeting also determines the number of members of the Supervisory Board, the Supervisory Board members' remuneration, and the terms of their office (which may not exceed five years). Members of the Supervisory Board may be re-appointed for successive terms. Any member of the Supervisory Board may be removed from office at any time, with or without cause, and / or replaced by the general meeting of shareholders at a simple majority vote of the shares present or represented. No member of the Supervisory Board can be at the same time a member of the Management Board.

According to the Articles of Association, the Supervisory Board shall be composed of at least three members. The Supervisory Board shall elect among its members a chairperson and it may also appoint from among its members one or more vice chairs and elect a secretary who does not need to be a member of the Supervisory Board.

In the event of one or more vacancy(ies) in the office of a member of the Supervisory Board, the remaining members of the Supervisory Board may appoint one or more members of the Supervisory Board, as the case may be, to fill any such vacancy until the following general meeting of the shareholders of the Issuer.

The Supervisory Board may have one or more observers without voting right.

The Supervisory Board has an unlimited right to inspect all the transactions of the Issuer and may inspect the books, accounts, correspondence, minutes and in general all the records of the Issuer. It shall receive at least every three months a written report

of the Management Board in which it describes the status of the Issuer's business activities and the provisional development. Any information on events which are likely to have a significant effect on the Issuer's business must be passed on promptly to the Supervisory Board by the Management Board. The Supervisory Board may undertake any investigations necessary for the performance of its duties. It may request the Management Board to provide any information necessary for exercising its functions and may directly or indirectly proceed to all verifications which it may deem useful in order to carry out its duties. The Supervisory Board may further decide to create committees, the composition and duties of which is determined by it. Those committees shall exercise their activities under its responsibility.

Further certain measures and transactions to be carried on by the Management Board are subject to the prior consent of the Supervisory Board, in accordance with the Articles of Association (the "**Reserved Matters**").

The Supervisory Board meets as often as the business and interests of the Issuer require but at least four times per year. Meetings of the Supervisory Board shall be held in Luxembourg, or any other place even abroad as specified in the relevant convening notice. Any member of the Supervisory Board may participate in a meeting of the Supervisory Board by conference call, video conference or by similar means of communication in accordance with the Articles of Association. If a resolution is taken by way of conference call, the resolution shall be considered to have been taken in the Grand Duchy of Luxembourg.

The Supervisory Board may validly deliberate and make decisions only if at least one half of its members is present or represented. If the foregoing quorum is not present in the meeting, a second meeting may be convened at which there shall be no quorum requirement. Decisions are made by the majority of the votes of the members present or represented. If a member of the Supervisory Board abstains from voting or does not participate to a vote in respect of a proposed resolution, this abstention or non-participation is taken into account. A resolution of the Supervisory Board may also be passed in writing. Such resolution shall consist of one or more documents containing the resolutions, signed by each member of the Supervisory Board, manually or electronically by means of an electronic signature. The date of such resolution shall be the date of the last signature.

The Supervisory Board currently comprises three (3) members as set out below.

Name	Year of Birth	Term	Position
Mārcis Grīnis.....	1984	From 2024 until 2029	Chairman of the Supervisory Board
Lev Dolgatšjov.....	1975	From 2024 until 2029	Member of the Supervisory Board
Derek Bryce Urben.....	1997	From 2024 until 2029	Member of the Supervisory Board

Mārcis Grīnis, with business address at Skanstes street 52, LV-1013 Riga, Latvia, was appointed as the Chairman of the Supervisory Board of the Group in 6 June 2024. He holds a Bachelor's degree in Economics and Business, a post-graduate degree in Management, and a Master's degree in Finance and Strategic Management. Graduating from the esteemed Stockholm School of Economics in Riga and Copenhagen Business School, Mārcis has showcased exceptional expertise in various

domains including data intelligence, Business Strategy, Operations Scaling, Financial & Risk Management, and Corporate Finance. With a track record of founding and developing several start-ups and businesses within the MarTech, IT, and FinTech sectors, Mārcis stands as one of the co-founders and shareholders of the Issuer. Due to his significant involvement with the company, he is considered a dependent supervisory board member. Mārcis Grīnis holds indirect interest in the Issuer equal to 2.13% of the share capital of the Issuer.

Lev Dolgatšjov, with business address at Pärnaõie tee 7 Pirita, linnaosa Tallinn 11914, Harju maakond, Estonia was appointed as a Member of the Supervisory Board of the Group on 6 June 2024. Lev is an investment community and start-up ecosystem activist. Outside his new role as Member of the Supervisory Board, he is a managing partner of an Estonian investment company, Meemaeger Capital OÜ, and a founding partner of the Estonian company Syda Ventures OÜ. Previously, he has served as a board member and president of the Estonian Business Angels Network (EstBAN) and as a member of the board of directors of the European Business Angels Network (EBAN). In addition, he has advised and mentored numerous start-up projects and businesses.

Derek Bryce Urban, with business address at 2116 45TH Avenue, Flat 3, Long Island City, NY 11101-4704, USA was appointed as a Member of the Supervisory Board of the Group on 6 June 2024. Derek is an investor from the United States who previously spent five years at the company Left Lane Capital, a USD 2.0 billion growth equity fund. At Left Lane Capital, he led over a dozen investments representing over USD 200.0 million into companies worldwide, including Moove, Freetrade, Jackpocket, Salad, and others across the fintech, software, and consumer internet categories. Before working with Left Lane Capital, he was the CFO of a trading technology software business. Today, he is the founder of a new private investment firm focusing on activism in emerging markets. He currently serves on the board of Moove, a global mobility fintech, and Salad, a distributed AI computing company.

The principal outside activity of Mārcis Grīnis is his role as COO & Co-Founder of the Latvian company Roibox. In past from September 2012 until April 2013, he acted as Chairman of the board for SIA POScredit.

The principal outside activity of Lev Dolgatšjov is his role as managing partner at Meemaeger Capital, his role as Founding Partner of Syda Ventures, his role as member of the Board of Advisors of Lexi.Market, and his role as member of the Supervisory Board of SKYCROP Technologies. In past, from January 1998 until June 2008, he acted as Managing Director of Arvotek OU, an Estonian company, from May 2021 until June 2023, he acted as Board Member of the European Business Angels Network (EBAN), a pan-European representative body, from March 2020 until June 2023, he acted as Board Member and President of the Estonian Business Angels Network, a representation established in Estonia, from October 2021 until June 2023, he acted as Member of the Advisory Board of Latitute59, an Estonian company.

The principal outside activity of Derek Bryce Urban is his role as founder of The Imperium Project, while also acting as board member for companies Salad and Moove. In past, from 2014 until 2018, he acted as CFO of Coinigy Inc, a US-based company.

There are no family relationships among the members of the Supervisory Board of the Issuer. No current member of the Issuer's Supervisory Board has been convicted in relation to any fraudulent offenses, nor have they been officially publicly incriminated, and/or sanctioned by statutory or regulatory authorities (including designated professional bodies) within the past five years. It is also confirmed that the members of the Supervisory Board of Eleving Group have had no involvement to any

bankruptcies, receiverships, liquidations or companies put into administration for at least the previous five years.

No member of the Supervisory Board have entered into a service agreement with a Group company that provides for benefits upon termination of employment or office.

The members of the Supervisory Board of Eleving Group confirm that there is no conflict of interest between their duties as members of the Supervisory Board of the Issuer and their principal and/or other outside activities, other than any such activities which are explicitly disclosed above.

3. Group Corporate Governance

Each country’s Group company is entitled to take operational decisions regarding its business activities. Countries located in a certain region are combined in clusters (“Hubs”). Each Hub is entitled to take decisions regarding the activities of the countries included in the Hub as well as Hub common frame activities.

In order to have efficient management of the Group’s activities in each jurisdiction the Group has established in Latvia the following management companies representing the different Hubs:

- 1) AS Eleving Vehicle Finance (previously AS Mogo Car Finance);
- 2) AS Eleving Stella (previously AS Mogo Eastern Europe);
- 3) AS Eleving Finance; and
- 4) AS Eleving Solis (previously AS Mogo Africa).

Strategic decisions related to the countries where the Group operates and/or the Hubs are taken by the management team of Eleving, which is responsible for the governance of the Group in general (see “*Information about the Issuer and the Group - Organization Structure*” above).

The current management team of Eleving is set forth in the table below:

Name	Year of Birth	Position
Modestas Sudnius	1986	category A member of the Management Board of the Issuer and Chief Executive Officer (CEO) of the Group
Māris Kreics	1985	category A member of the Management Board of the Issuer and Chief Financial Officer (CFO) of the Group

Modestas Sudnius – see “Management Board” above.

Māris Kreics – see “Management Board” above.

4. Committees

According to the Issuer’s Articles of Association, the Management Board of the Issuer may establish one or more committees, notably a nomination committee, a

remuneration committee and/or any other committee it deems useful or necessary in order to deal with specific tasks, to exercise such powers to the extent conferred or authorised by the resolution appointing them, to advise the Management Board or to make recommendations to the Management Board and/or, as the case may be, the general meeting of the shareholders of the Issuer. The Management Board shall appoint the members of such committee and determine its organisation, responsibilities, powers and procedures in internal regulations adopted by way of a resolution, the members of which may be selected either from among the members of the Management Board or not, to the exclusion of any member of the Supervisory Board. If and for so long as the shares of the Issuer are admitted to trading on a Regulated Market, the Supervisory Board must establish an audit committee, which is responsible for the consideration and evaluation of all material questions concerning the auditing and accounting policies of the group and its financial controls and systems, together with related recommendations to be made to the Management Board.

a. Audit Committee

In 2019 the Issuer established an audit committee.

The audit committee oversees the Group's financial reporting process to ensure the transparency and integrity of published financial information, the effectiveness of the Group's internal control and risk management system, the effectiveness of the internal audit function, the effectiveness of the independent audit process of the Group, including recommending the appointment and assessing the performance of the external auditor, and the effectiveness of the process for monitoring compliance with laws and regulations affecting financial reporting and code of business conduct (where applicable).

The members of the audit committee have been appointed by the board of directors of the Issuer. The members of the audit committee consist of two members being Derek Bryce Urban and Lev Dolgatšjov and each of them is appointed for a period of three years. The audit committee reports to the Management Board of the Issuer.

b. Remuneration Committee

In 2024 the Group established a remuneration committee. Mr. Lev Dolgatšjov has been elected as the head of the Remuneration Committee, while Mr. Derek Bryce Urban has been elected as the member of the Remuneration Committee.

The Issuer has formed a remuneration committee. The remuneration committee is an advisory body responsible for the development, analysis and control with respect to, inter alia, the remuneration principles, remuneration, succession planning, compensation and development plans and other terms of employment applicable to the Management Board and Supervisory Board members.

5. Interest of Directors and Officers

As at the date of this Prospectus, none of the members of the Management Board or the Supervisory Board of the Issuer, other than Modestas Sudnius (holding direct interest in the Issuer equal to 2.56% of the share capital of the Issuer), Maris Kreics (holding indirect interest in the Issuer equal to 1.28% of the share capital of the Issuer) and Mārcis Grīnis (holding indirect interest in the Issuer equal to 2.13% of the share capital of the Issuer), has an ownership interest in the share capital of the Issuer and there are no other potential conflicts of interest between any duties of the Management Board or the Supervisory Board of the Issuer and their private interests and/or other duties.

6. Litigation Statement about Directors and Officers

Information regarding any and all legal proceedings, as further specified below, involving any members of the Management Board or the Supervisory Board of the Issuer, is disclosed in detail below.

Scope of disclosure	Applicability to any member of the Management Board or the Supervisory Board of the Issuer
Details of any convictions in relation to fraudulent offences for at least the previous five years	Not applicable
Details of any bankruptcies, receiverships, liquidations or companies put into administration in respect of any member of the Management Board or the Supervisory Board of the Issuer for at least the previous five years	Not applicable
Details of any official public incrimination and/or sanctions involving any member of the Management Board or the Supervisory Board of the Issuer by statutory or regulatory authorities (including designated professional bodies) and whether they have ever been disqualified by a court from acting as a member of the administrative, management or supervisory bodies of an issuer or from acting in the management or conduct of the affairs of any issuer for at least the previous five years	Not applicable

7. Change of Control over the Group

There are no arrangements, known to the Issuer, the operation of which may at a subsequent date result in a change in control of the Issuer (e.g. any arrangements among shareholders (e.g. acting in concert agreements)).

XX.TERMS AND CONDITIONS

1. DEFINITIONS AND CONSTRUCTION

1.1. Definitions

In these terms and conditions (these “**Terms and Conditions**”):

“**2021/2026 Bonds**” means the Luxembourg law governed EUR 150,000,000 9.50% senior secured bonds 2021/2026 with ISIN XS2393240887 issued by the Issuer on 18 October 2021.

“**Accounting Principles**” means the international financial reporting standards (IFRS) within the meaning of Regulation 1606/2002/EC (or as otherwise adopted or amended from time to time).

“**Additional Amounts**” means any deduction or withholding for, or on account of, any Taxes imposed or levied by or on behalf of any Relevant Taxing Jurisdiction on any payment by the Obligors of principal or interest or any other payment in relation to the Bonds under the Finance Documents.

“**Additional Guarantor**” has the meaning set forth in Condition 11.10 (*Additional Guarantee*).

“**Additional Secured Creditor**” means any senior secured creditor of the Issuer or the relevant Restricted Subsidiary with respect to any Additional Secured Obligation.

“**Additional Secured Obligations**” means subject to any limitation under the relevant Transaction Security Documents, all present and future obligations and liabilities (whether actual or contingent and whether owed jointly or severally or in any other capacity whatsoever) of the Obligors towards the Additional Secured Creditors under or in connection with any terms and conditions of debt instruments, facilities agreements or loan agreements entered into in accordance with and subject to Condition 11.17 (*Additional Secured Creditors*).

“**Advance Purchase Agreements**” means (a) an advance or deferred purchase agreement if the agreement is in respect of the supply of assets or services and payment is due not more than ninety (90) calendar days after the date of supply or (b) any other trade credit incurred in the ordinary course of business.

“**Affiliate**” means any other Person, directly or indirectly, controlling or controlled by or under direct or indirect common control with such specified Person and/or any Person that is related in a straight line of descent with such specified Person or a brother or a sister of such specified Person (each a “**Related Person**”) and/or any Person, directly or indirectly, controlled by such Related Person. For the purpose of this definition, “**control**” when used with respect to any Person means the power to direct the management and policies of such Person, directly or indirectly, whether through the ownership of voting securities, by contract or otherwise; and the terms “**controlling**” and “**controlled**” have meanings correlative to the foregoing.

“**Agent**” means the Holders’ agent under these Terms and Conditions and, if relevant, the other Finance Documents, from time to time, which shall be on the Existing Bonds Issue Date TMF Trustee Services GmbH.

“Agent Agreement” means the agency agreement entered into on or about 31 October 2023 between the Issuer and the Agent, or any replacement agent agreement entered into thereafter between the Issuer and the applicable Agent.

“Bonds” has the meaning set forth in Condition 2.1 (*Principal Amount, Currency and Denomination*).

“Bond Issue” means the issuance of the Bonds.

“Business Day” means any day on which banking institutions are open for business in Luxembourg, Riga and Frankfurt am Main and payments in Euro may be settled via the real-time gross settlement system operated by the Eurosystem (T2), or any successor system.

“Business Day Convention” means the first following day that is a Business Day.

“Calculation Agent” has the meaning set forth in Condition 14.2 (*Calculation Agent*).

“Capital Lease Obligations” means, at the time any determination is to be made, the amount of the liability in respect of a capital lease that would at that time be required to be capitalized on a balance sheet prepared in accordance with the Accounting Principles, and the scheduled maturity date thereof shall be the date of the last payment of rent or any other amount due under such lease prior to the first date upon which such lease may be prepaid by the lessee without payment of a penalty.

“Capital Stock” means:

in the case of a corporation, corporate stock, including shares (*actions*) in case of a Luxembourg company;

- (a) in the case of an association or business entity, any and all shares, interests, participations, rights or other equivalents (however designated) of corporate stock;
- (b) in the case of a partnership or limited liability company, partnership interests (whether general or limited) or membership interests; and
- (c) any other interest or participation that confers on a Person the right to receive a share of the profits and losses of, or distributions of assets of, the issuing Person, but excluding from all of the foregoing any debt securities convertible into Capital Stock, whether or not such debt securities include any right of participation with Capital Stock.

“Capitalization Ratio” means, for the Issuer as of any date of determination, the result (expressed as a percentage) obtained by dividing (x) Consolidated Net Worth of the Issuer (calculated as of the end of the Relevant Period ending on the last day of the period covered by the most recent Financial Report prior to the date of the transaction giving rise to the need to calculate Consolidated Net Worth) by (y) Net Loan Portfolio as of such date of determination.

“Cash and Cash Equivalents” means cash and cash equivalents in accordance with the Accounting Principles.

“Change in Tax Law” means (a) any change in, or amendment to, the law or treaties (or any regulations or rulings promulgated thereunder) of a Relevant Taxing Jurisdiction affecting taxation or (b) any change in, or amendment to, or

the introduction of, an official position regarding the application, administration or interpretation of such laws, treaties, regulations or rulings (including a holding, judgment or order by a court of competent jurisdiction) of a Relevant Taxing Jurisdiction.

“Change of Control Event” means (a) the direct or indirect sale or other disposal, in one or a series of related transactions, of all or substantially all of the properties or assets of the Obligors taken as a whole to any Person other than the Issuer or a Restricted Subsidiary and (b) the occurrence of an event or series of events whereby one or more Persons, not being a Current Shareholder or a Group Company, acting together, acquire control over the Issuer and where **“control”** means (i) acquiring or controlling, directly or indirectly, more than 50% of the shares or voting rights in the Issuer or (ii) the right to, directly or indirectly, appoint or remove the whole or a majority of the directors of the board of directors of the Issuer, the Issuer or any of the Guarantors that such Current Shareholder has to appoint directors of the Issuer, the Issuer or any of the Guarantors shall be disregarded).

“Clearing System” has the meaning set forth in Condition 2.3 (*Global Bond and Custody*).

“Code” has the meaning set forth in Condition 8.1 (*Withholding Tax*).

“Companies Law” has the meaning set forth in Condition 16.1 (*General*).

“Compliance Certificate” means a certificate, in form and substance reasonably satisfactory to the Agent, signed by the Issuer certifying (a) that so far as it is aware no Event of Default is continuing or, if it is aware that such event is continuing, specifying the event and steps, if any, being taken to remedy it, (b) compliance with the provisions of Condition 11.17 (*Pledges over receivables*) below and including calculation showing, among others, the amount of receivables pledged under the Transaction Securities in relation to the amount of receivables arising from the Net Loan Portfolio, (c) if provided in connection with an application of the Incurrence Test, that the Incurrence Test is met and including calculations and figures in respect of the Interest Coverage Ratio, Consolidated Net Leverage Ratio and, if applicable, the Capitalization Ratio and (d) if provided in connection with testing of the financial covenants that the financial covenants set out in Condition 12.1 (*Financial Conditions*) are met.

“Consolidated Net Debt” means, as of any date of determination, the sum of the total amount of Financial Indebtedness less the amount of Cash and Cash Equivalents of the Issuer and the Restricted Subsidiaries on a consolidated basis.

“Consolidated Net Leverage Ratio” means the ratio of (a) the Consolidated Net Debt (excluding any indebtedness incurred under the Permitted Basket) as of the date of determination to (b) the EBITDA for the Relevant Period ending on the last day of the period covered by the most recent Financial Report prior to such testing date (adjusted, where applicable, to take into consideration a relevant event, as described in these Terms and Conditions).

“Consolidated Net Worth” means, for the Issuer at any time, the sum of paid in capital, retained earnings, reserves and subordinated debt of the Group as set forth on the consolidated balance sheet as of the Relevant Period ending on the last day of the period covered by the most recent Financial Report prepared in accordance with the Accounting Principles, less (without duplication) amounts attributable to Disqualified Stock of the Issuer.

“Consolidated Total Assets” means the total assets of the Issuer and the Restricted Subsidiaries as of the Relevant Period ending on the last day of the period covered by the most recent Financial Report, calculated on a consolidated basis in accordance with the Accounting Principles.

“Corresponding Debt” has the meaning set forth in Condition 10.4 (*Parallel Debt*).

“CSD” means the Issuer’s central securities depository in respect of the Bonds from time to time; initially Clearstream Banking AG, Frankfurt am Main.

“Cure Receivables Pledgor” has the meaning set forth in Condition 11.11 (*Additional Transaction Securities*).

“Current Shareholders” means the direct and indirect shareholders and beneficial owners of the Issuer as of the Existing Bonds Issue Date and their Affiliates.

“Due Date” has the meaning set forth in Condition 7.3 (*Payment Day/Due Date*).

“Derivative Transaction” has the meaning set forth in item (e) of the definition “Permitted Debt” below.

“Disqualified Stock” means any Capital Stock that, by its terms (or by the terms of any security into which it is convertible, or for which it is exchangeable, in each case, at the option of the holder of the Capital Stock), or upon the happening of any event, matures or is mandatorily redeemable, pursuant to a sinking fund obligation or otherwise, or redeemable at the option of the holder of the Capital Stock, in whole or in part, on or prior to the date that is ninety-one (91) days after the date on which the Bonds mature. Notwithstanding the preceding sentence, any Capital Stock that would constitute Disqualified Stock solely because the holders of the Capital Stock have the right to require the Issuer to repurchase such Capital Stock upon the occurrence of a change of control or an asset sale will not constitute Disqualified Stock if the terms of such Capital Stock provide that the Issuer may not repurchase or redeem any such Capital Stock pursuant to such provisions unless such repurchase or redemption complies with the restrictions set out in Condition 11.2 (*Distributions*). The amount of Disqualified Stock deemed to be outstanding at any time for purposes of these Terms and Conditions will be the maximum amount that the Issuer and the Restricted Subsidiaries may become obligated to pay upon the maturity of, or pursuant to any mandatory redemption provisions of, such Disqualified Stock, exclusive of accrued dividends.

“EBITDA” means, in respect of the Relevant Period, the consolidated net profit of the Group from ordinary activities according to the latest Financial Report:

- i. before deducting any amount of tax on profits, gains or income paid or payable by any Group Company;
- ii. before deducting any Net Finance Charges;
- iii. before taking into account any exceptional items which are not in line with the ordinary course of business;
- iv. before taking into account any Transaction Costs;
- v. not including any accrued interest owing to any Group Company;

- vi. before taking into account any unrealized gains or losses on any derivative instrument (other than any derivative instruments which is accounted for on a hedge account basis);
- vii. before taking into account any gains or losses on any foreign exchange gains or losses;
- viii. before deducting any expense in relation to employee non-cash stock option based compensation plans;
- ix. after adding back or deducting, as the case may be, the amount of any loss or gain against book value arising on a disposal of any asset (other than in the ordinary course of trading) and any loss or gain arising from an upward or downward revaluation of any asset;
- x. after deducting the amount of any profit (or adding back the amount of any loss) of any Group Company which is attributable to minority interests;
- xi. after adding back or deducting, as the case may be, the Group's share of the profits or losses of entities which are not part of the Group; and
- xii. after adding back any amount attributable to the amortization, depreciation or depletion of assets of Group Companies.

“Economic Sanctions Law” means any economic or financial sanctions administered by the Office of Foreign Assets Control of the U.S. Department of the Treasury, the U.S. State Department, any other authority, department or agency of the U.S. government, the United Nations, Her Majesty's Treasury of the United Kingdom, the European Union or any member state thereof.

“Equity Cure” has the meaning set forth in Condition 12.3 (*Covenant Cure*).

“Equity Interest” means Capital Stock and all warrants, options or other rights to acquire Capital Stock (but excluding any debt security that is convertible into, or exchangeable for, Capital Stock).

“Equity Listing Event” means an initial public offering of Capital Stock in the Issuer or a Restricted Subsidiary, or any direct or indirect parent company of the Issuer (the **“Listed Entity”**), from time to time, resulting in that such shares are quoted, listed, traded or otherwise admitted to trading on a Regulated Market or a recognized unregulated marketplace.

“Equity Listing Market Capitalization” means an amount equal to (x) the total number of issued and outstanding shares of common stock or common equity interests of the Listed Entity at the time of closing of the Equity Listing Event multiplied by (y) the price per share at which such shares of common stock or common equity interests are sold in such Equity Listing Event.

“EUR” means the currency used by the institutions of the European Union and is the official currency of the Eurozone.

“Event of Default” means an event, circumstance or situation specified in Condition 13.1.

“Existing Bonds” has the meaning set forth in Condition 2.1 (*Nominal Amount, Currency and Denomination*).

“Existing Bonds Issue Date” means 31 October 2023.

“Existing Bonds Settlement Date” means 31 October 2023.

“Existing Debt” means all Financial Indebtedness of the Issuer and the Restricted Subsidiaries in existence on the Existing Bonds Issue Date, including without limitation Financial Indebtedness provided under the 2021/2026 Bonds.

“Existing Security” means all Security provided by the Issuer and the Restricted Subsidiaries in relation to the Existing Debt. For the sake of clarity, any Security to be released on or about the Existing Bonds Settlement Date shall not be deemed an “Existing Security”.

“Extraordinary Resolution” has the meaning set forth in Condition 16.3 (*Quorum and majority*).

“FATCA” has the meaning set forth in Condition 8.1 (*Withholding Tax*).

“Finance Charges” means, for the Relevant Period, the aggregate amount of the accrued interest, commission, fees, discounts, payment fees, premiums or charges and other finance payments in respect of Financial Indebtedness whether paid, payable or capitalized by any Group Company according to the latest Financial Report (calculated on a consolidated basis) without taking into account any (a) Transaction Costs, (b) unrealized gains or losses on any derivative instruments other than any derivative instruments which are accounted for on a hedge accounting basis, (c) losses arising on foreign currency revaluations of intercompany balances or (d) charges on pension balances.

“Finance Documents” means:

- (a) these Terms and Conditions;
- (b) the Guarantees;
- (c) the Transaction Security Documents;
- (d) the Security Agent Agreement;
- (e) the Agent Agreement;
- (f) the Intercreditor Agreement (if any); and
- (g) any other document designated by the Issuer and the Agent as a Finance Document.

“Financial Indebtedness” means any indebtedness in respect of:

- (a) monies borrowed or raised, including Market Loans, Shareholder Loans, Subordinated Loans, and shareholders’ loans granted on arm lengths terms and conditions;
- (b) any Capital Lease Obligation (for the avoidance of doubt, any leases treated as operating leases under the Accounting Principles as applicable on the Existing Bonds Issue Date shall not, regardless of any subsequent changes or amendments of the Accounting Principles, be considered as Capital Lease Obligation);
- (c) receivables sold or discounted (other than any receivables to the extent they are sold on a non-recourse basis);

- (d) any amount raised under any other transaction (including any forward sale or purchase agreement) having the commercial effect of a borrowing and treated as a borrowing under the Accounting Principles;
- (e) any Derivative Transaction (and, when calculating the value of any derivative transaction, only the mark to market value shall be taken into account);
- (f) any counter-indemnity obligation in respect of a guarantee, indemnity, bond, standby or documentary letter of credit or any other instrument issued by a bank or financial institution; and
- (g) (without double counting) any guarantee or other assurance against financial loss in respect of a type referred to in the above items (a)–(f).

“Financial Report” means the annual audited consolidated financial statements of the Issuer and the quarterly interim unaudited consolidated reports of the Issuer, which shall be prepared and made available according to Condition 11.14 (*Financial reporting and information*).

“Global Bond” has the meaning set forth in Condition 2.3 (*Global Bond and Custody*).

“Governmental Authority” means any nation, sovereign or government, any state, province, territory or other political subdivision thereof, and any entity or authority exercising executive, legislative, judicial, regulatory, self-regulatory or administrative functions of or pertaining to government, including a central bank or stock exchange.

“Group” means the Issuer and all its Subsidiaries from time to time. **“Group Company”** means the Issuer or any of its Subsidiaries.

“Guaranteed Obligations” means all present and future obligations and liabilities (whether actual or contingent and whether owed jointly or severally or in any other capacity whatsoever) of each Obligor to the Secured Creditors (or any of them) under each Finance Document, together with all costs, charges and expenses incurred by any Secured Creditor in connection with the protection, preservation or enforcement of its respective rights under the Finance Documents, or any other document evidencing such liabilities.

“Guarantee” has the meaning set forth in Condition 4 (*Guarantee*).

“Guarantors” means all the Material Group Companies, AS Elevation Solis (previously “AS Mogo Africa”) (Latvia) and any Additional Guarantor, except (i) Mogo Auto Limited (Kenya), (ii) Green Power Trading LTD (Kenya), (iii) Mogo Loans Ltd (Uganda), (iv) OOO Mogo Lend (Uzbekistan), (v) any Material Group Company incorporated in sub-Saharan Africa (except for any Material Group Company incorporated in the Republic of South Africa).

“Holder” means any holder of the Bonds, including, for the avoidance of doubt, any person shown for the time being in the records of the relevant clearing systems as the holder of a particular nominal amount of Bonds, collectively **“Holders”**.

“Holders’ Meeting” means a bondholders’ meeting among the Holders held in accordance with Condition 16 (*Meeting of Holders*).

“Incurrence Test” is met if:

- (a) the Interest Coverage Ratio for the Relevant Period ending on the last day of the period covered by the most recent Financial Report (immediately preceding the date on which such additional Financial Indebtedness is incurred, such Disqualified Stock or such preferred stock is issued or such distribution, payment or merger is made, as the case may be) would have been at least 1.75x, determined on a pro forma basis (including a pro forma application of any net proceeds therefrom), as if the additional Financial Indebtedness had been incurred, the Disqualified Stock or the preferred stock had been issued or the distribution, payment or merger had been made, as the case may be, at the beginning of such Relevant Period; and, unless otherwise stated in these Terms and Conditions,
- (b) the Capitalization Ratio of the Issuer on a consolidated basis is at least 20%, determined on a pro forma basis (including a pro forma application of the net proceeds therefrom), at the time of and immediately after giving pro forma effect to such incurrence;
- (c) the Consolidated Net Leverage Ratio does not exceed 5.00x, determined on a pro forma basis (including a pro forma application of any net proceeds therefrom), at the time of and immediately after giving pro forma effect to such incurrence;

provided that the figures for calculating the Interest Coverage Ratio (including the figures for EBITDA, Finance Charges and Net Finance Charges) and Consolidated Net Leverage Ratio *pro forma* in accordance with the above shall (as applicable) be adjusted so that:

- (i) any Financial Indebtedness that has been repaid, repurchased and cancelled by any Group Company during the Relevant Period, or after the end of the Relevant Period but before the relevant testing date, shall be excluded, *pro forma*, for the entire Relevant Period;
- (ii) any Financial Indebtedness that is to be refinanced in connection with the incurrence of such additional Financial Indebtedness shall be excluded, *pro forma*, for the entire Relevant Period;
- (iii) entities acquired or disposed of by the Group during the Relevant Period, or after the end of the Relevant Period but before the relevant testing date, shall be included or excluded (as applicable), *pro forma*, for the entire Relevant Period; and
- (iv) any entity to be acquired with the proceeds from new Financial Indebtedness shall be included, *pro forma*, for the entire Relevant Period.

“Initial Nominal Amount” has the meaning set forth in Condition 2.1 (*Nominal Amount, Currency and Denomination*).

“Insolvency Proceedings” means, with respect to any person, the winding-up, liquidation, dissolution, bankruptcy, receivership, insolvency or administration of such person or any equivalent or analogous proceedings under the law of the jurisdiction in which such person is incorporated (or, if not a company or corporation, domiciled) or of any jurisdiction in which such person carries on business or has any assets including the seeking of an arrangement, adjustment, protection or relief of creditors.

“Intercreditor Agreement” means the intercreditor agreement to be entered into between the Security Agent, the Agent and any other security agent, agent, trustee, representative of the Additional Secured Creditors or the Additional Secured Creditors themselves in accordance with and subject to Condition 11.17 (*Additional Secured Creditors*).

“Interest” means the interest on the Bonds calculated in accordance with Conditions 5.1 (*Interest Rate and Interest Payment Dates*) to 5.3 (*Day Count Fraction*).

“Interest Coverage Ratio” means the ratio of EBITDA to Net Finance Charges.

“Interest Payment Date” means 31 October, 31 January, 30 April and 31 July of each year or, to the extent such day is not a Business Day, the Business Day following from an application of the Business Day Convention (with the first Interest Payment Date of the New Bonds being 30 April 2025 and the last Interest Payment Date being the Final Redemption Date).

“Interest Period” means, with respect to the Existing Bonds, each period beginning on (and including) the Existing Bonds Issue Date or any Interest Payment Date and ending on (but excluding) the next succeeding Interest Payment Date (or a shorter period if relevant) and, in respect of the New Bonds or any Subsequent Bond issue, each period beginning on (and including) the Interest Payment Date falling on or immediately prior to its issuance or any succeeding Interest Payment Date and ending on (but excluding) the next succeeding Interest Payment Date (or a shorter period if relevant), in no case adjusted due to an application of the Business Day Convention.

“Interest Rate” means a fixed interest rate of 13.0 per cent. per annum.

“Issue Date” means 14 March 2025.

“Issuer” means Eleving Group, a public limited liability company (*société anonyme*) incorporated under the laws of Luxembourg, having its registered address at 8-10 Avenue de la Gare, L-1610 Luxembourg, Grand Duchy of Luxembourg, and registered with the Luxembourg Trade and Companies Register under number B174457.

“Listed Entity” has the meaning set forth in the definition “Equity Listing Event” above.

“Luxembourg” means the Grand Duchy of Luxembourg and, when used in a geographical sense, means the territory of the Grand Duchy of Luxembourg.

“Luxembourg Insolvency Event” means in relation to any company incorporated, domiciled or resident in Luxembourg, such person in Luxembourg:

- (a) enters into a voluntary arrangement with its creditors (*concordat préventif de la faillite*) pursuant to the law of 14 April 1886 on arrangements to prevent insolvency, as amended; or
- (b) is granted a suspension of payments within the meaning of Articles 593 et seq. of the Luxembourg Commercial Code; or
- (c) is subject to controlled management (*gestion contrôlée*) within the meaning of the grand ducal regulation 24 May 1935 on controlled management; or

- (d) is itself or any of its assets the subject of any Insolvency Proceedings commenced pursuant to Articles 437 et seq. of the Luxembourg Commercial Code or any other Insolvency Proceedings pursuant to the Regulation (EU) No 2015/848 of the European Parliament and of the Council of 20 May 2015 on insolvency proceedings, as amended, unless the application for such proceedings is dismissed within twenty (20) days from and excluding the day it is filed (unless dismissed on the ground that the costs of the Insolvency Proceedings were likely to exceed the assets of such person (clôture pour insuffisance d'actifs)); or
- (e) takes any corporate action or is the subject of any legal proceedings commenced against it for its dissolution or liquidation; or
- (f) is in a situation of illiquidity (cessation de paiements), or without access to credit (crédit ébranlé) within the meaning of Article 437 of the Luxembourg Commercial Code.

“Management Repurchase” means the repurchase, redemption or other acquisition or retirement for value of any Equity Interest of the Issuer or any Restricted Subsidiary held by any future, current or former officer, director or employee, or by any entity controlled by any such individual, of the Issuer or any Restricted Subsidiary (or any permitted transferee of such current or former officers, directors or employees) pursuant to any equity subscription agreement, stock option agreement, share purchase agreement, shareholders’ agreement or similar agreement; provided that the aggregate price paid for all such repurchased redeemed, acquired or retired Equity Interest may not exceed EUR 2,500,000 in any fiscal year or EUR 5,000,000 in the aggregate; provided, further, that such amount in any fiscal year may be increased by (x) the cash proceeds of any key-man life insurance policies received by the Issuer and the Restricted Subsidiaries and (y) an amount not to exceed the cash proceeds from the sale of Equity Interests of the Issuer to members of management or directors of the Issuer, any of the Restricted Subsidiaries or any of its direct or indirect parent companies to the extent the cash proceeds from the sale of Equity Interests have not otherwise been applied to the making of Restricted Payments.

“Market Capitalization” means an amount equal to the total number of issued and outstanding shares of common stock or common equity interests of the Listed Entity on the date of the declaration of the contemplated Permitted Payment multiplied by the arithmetic mean of the closing prices per share of such common stock or common equity interests for the thirty (30) consecutive Business Days immediately preceding the date of declaration of such contemplated Permitted Payment.

“Market Loan” means any loan or other indebtedness where an entity issues commercial paper, certificates, convertibles, debentures, bonds or any other debt securities (including, for the avoidance of doubt, medium term note programmes and other market funding programmes), provided in each case that such instruments and securities are or can be subject to trade on a Regulated Market or unregulated recognized market place.

“Material Adverse Effect” means a material adverse effect on (a) the business, financial condition or operations of the Group taken as a whole, (b) the Obligor’s ability to perform and comply with their payment and other undertakings under the Finance Documents or (c) the validity or enforceability of the Finance Documents.

“Material Group Company” means each Group Company whose loan portfolio is at least EUR 7,500,000 and represents at least 3% of the Net Loan Portfolio. Once the relevant Group Company no longer meets either of the aforementioned criteria, such Group Company shall no longer be deemed a Material Group Company.

“Maturity Date” means 31 October 2028.

“Net Finance Charges” means, for the Relevant Period, the Finance Charges according to the latest consolidated Financial Report, after deducting any interest payable for the Relevant Period to any Group Company, any New Shareholder Injection for the Relevant Period and any interest income relating to Cash and Cash Equivalents of the Group (and excluding any (a) payment-in-kind interest capitalized on Shareholder Loans, (b) gains arising on foreign currency revaluations of intercompany balances or (c) income on pension balances).

“Net Loan Portfolio” means, as of any date of determination, the sum of loans, securities, investments, receivables and reserves minus allowances for loss of the Group as set forth on the consolidated balance sheet as of the Relevant Period ending on the last day of the period covered by the most recent Financial Report, prepared in accordance with the Accounting Principles.

“Net Proceeds” means the proceeds from the Bond Issue, after deduction has been made for the transaction costs for the services provided in relation to the placement and issuance of the Bonds.

“New Bonds” has the meaning set forth in Condition 2.1 (*Nominal Amount, Currency and Denomination*).

“New Shareholder Injections” means the aggregate amount subscribed for by any person (other than a member of the Group) for ordinary shares in the Issuer or for any Shareholder Loan or Subordinated Loan on terms acceptable to the Agent.

“Nominal Amount” means the Initial Nominal Amount, or, if the principal amount of the Bonds have been partially repaid, the reduced nominal amount of the Bonds.

“Obligors” means the Issuer and the Restricted Subsidiaries.

“Ordinary Resolution” has the meaning set forth in Condition 16.3 (*Quorum and majority*).

“Original Secured Creditors” means the Holders.

“Payment Day” has the meaning set forth in Condition 7.3 (*Payment Day/Due Date*).

“Parallel Debt” has the meaning set forth in Condition (a) (*Parallel Debt*).

“Paying Agent” has the meaning set forth in Condition 14.1 (*Paying Agent*).

“Paying Agency Agreement” means the agency agreement entered into on or about 31 October 2023 between the Issuer and the Paying Agent, or any replacement paying agency agreement entered into thereafter between the Issuer and the applicable Paying Agent.

“Permitted Basket” has the meaning set forth in item (I) of the definition “Permitted Debt” below.

“Permitted Business” means any businesses, services or activities that are the same as, or reasonably related, ancillary or complementary to, any of the businesses, services or activities in which the Issuer and its Restricted Subsidiaries are engaged on the Existing Bonds Issue Date, including for the avoidance of doubt investments in connection with the Group’s loan portfolio, and reasonable future extensions, developments or expansions of such businesses, services or activities, so long as such future business is approved by a resolution of the board of directors of the Issuer.

“Permitted Debt” means any Financial Indebtedness:

- (a) incurred by the Issuer or any of the Restricted Subsidiaries under the Finance Documents;
- (b) incurred by the Issuer or any of the Restricted Subsidiaries under any Existing Debt;
- (c) the incurrence by the Issuer or any of the Restricted Subsidiaries of Financial Indebtedness represented by Capital Lease Obligations, mortgage financings or purchase money obligations or other financings, in each case, incurred for the purpose of financing or refinancing all or any part of the purchase price or cost of design, development, construction, lease, installation or improvement of property, plant or equipment used in the business of the Issuer or any of the Restricted Subsidiaries and including any reasonable related fees or expenses incurred in connection with such acquisition or development, in an aggregate principal amount not to exceed the greater of (i) EUR 5,000,000 and (ii) 2.00% of Consolidated Total Assets at any time outstanding;
- (d) incurred by the Issuer or any of the Restricted Subsidiaries as intercompany Financial Indebtedness provided by the Issuer or a Restricted Subsidiary, provided, however, that: (i) if (A) the Issuer or any Guarantor is the obligor of any such Financial Indebtedness and (B) the payee is not the Issuer or a Guarantor, then such Financial Indebtedness must qualify as Shareholder Loan or Subordinated Loan; and (ii) (A) any subsequent issuance or transfer of Equity Interests that results in any Financial Indebtedness incurred under this Condition being held by a Person other than the Issuer or a Restricted Subsidiary; and (B) any sale or other transfer of any Financial Indebtedness incurred under this Condition to a Person that is not either the Issuer or a Restricted Subsidiary will be deemed, in each case, to constitute an incurrence of such Financial Indebtedness by the Issuer or such Restricted Subsidiary, as the case may be, that was not permitted by this Condition;
- (e) arising under a derivative transaction entered into by the Issuer or a Restricted Subsidiary in connection with protection against or benefit from fluctuation in any rate or price (**“Derivative Transaction”**) where such exposure arises in the ordinary course of business or in respect of payments to be made under these Terms and Conditions (excluding for the avoidance of doubt any derivative transaction which in itself is entered into for investment or speculative purposes);
- (f) the guarantee by the Issuer or any Guarantor of Financial Indebtedness of the Issuer or a Guarantor, to the extent that the guaranteed Financial Indebtedness was permitted to be incurred by another provision of these Terms and Conditions; provided that, if the Financial Indebtedness being

guaranteed is subordinated to or pari passu with the Bonds, then the Guarantee must be subordinated or pari passu, as applicable, to the same extent as the Financial Indebtedness guaranteed;

- (g) incurred by the Issuer or any of the Restricted Subsidiaries as a result from the honoring by a bank or other financial institution of a check, draft or similar instrument inadvertently drawn against insufficient funds, so long as such Financial Indebtedness is covered within five (5) Business Days;
- (h) incurred as a result of the Issuer or a Guarantor acquiring or merging with another entity and which is due to the fact that such entity holds Financial Indebtedness, provided that: either (i) the Issuer would be permitted to incur at least EUR 1.00 of additional Financial Indebtedness pursuant to the Incurrence Test (calculated on a pro forma basis including the acquired or merged entity, as the case may be, as if acquired or merged, as the case may be, at the beginning of the relevant Period ending on the last day of the period covered by the most recent Financial Report); or (ii) each of the Interest Coverage Ratio, Capitalization Ratio and Consolidated Net Leverage Ratio of the Issuer and its Restricted Subsidiaries would not be lower than it was immediately prior to giving effect to such acquisition or merger (in each case calculated on a *pro forma* basis including the acquired or merged entity, as the case may be);
- (i) incurred by the Issuer or a Restricted Subsidiary under a Shareholder Loan or a Subordinated Loan;
- (j) incurred by the Issuer or any of the Restricted Subsidiaries in the ordinary course of business under the Advance Purchase Agreements, under any pension and tax liabilities and related to any agreements under which the Issuer or a Restricted Subsidiary leases office space or other premises;
- (k) Financial Indebtedness owed on a short-term basis of no longer than thirty (30) Business Days to banks and other financial institutions incurred in the ordinary course of business of the Issuer or the Guarantors with such banks or financial institutions that arises in connection with ordinary banking arrangements to manage cash balances of the Issuer or the Guarantors, in an aggregate principal amount not to exceed EUR 1,000,000;
- (l) Financial Indebtedness incurred by a Guarantor in an aggregate principal amount (or accreted value, as applicable) which, when taken together with the principal amount of any other outstanding Financial Indebtedness incurred by any Guarantor under this item (l) will not exceed 17.5% of the Group's Net Loan Portfolio (all the Financial Indebtedness incurred under paragraph (k) above and this paragraph (l) shall together be referred to as the "**Permitted Basket**") provided that at least 75% of the Financial Indebtedness incurred under this item (l) shall be incurred in relation with Permitted Business.

"Permitted Loans" means:

- (a) any loan granted by the Issuer or any of the Restricted Subsidiaries as intercompany Financial Indebtedness to the Issuer or a Restricted Subsidiary;

- (b) any guarantee of Financial Indebtedness permitted to be incurred under Condition 11.4 (*Financial Indebtedness and Disqualified Stock*) and the definition “Permitted Debt” above;
- (c) any loan arising under a Derivative Transaction;
- (d) any loan existing on the Existing Bonds Issue Date; provided that the amount of any such loan may be increased (i) as required by the terms of such loan (as in existence on the Existing Bonds Issue Date) and (ii) as otherwise permitted under these Terms and Conditions;
- (e) any loan acquired after the Existing Bonds Issue Date as a result of the acquisition by the Issuer or any Restricted Subsidiary or another Person (including by way of a merger, amalgamation or consolidation with or into the Issuer or any Restricted Subsidiary) in a transaction that is permitted under these Terms and Conditions;
- (f) any loan granted in the ordinary course of business (including lease, leaseback, consumer loans or participations therein arising in the ordinary course of business);
- (g) loans or advances to employees, or any entity controlled by employees, made in the ordinary course of business of the Issuer or any Guarantor in an aggregate principal amount not to exceed EUR 2,000,000 at any time outstanding; and
- (h) loans, advances or guarantees to directors, officers and employees of the Issuer or any Guarantor to cover, travel, entertainment or moving-related expenses enacted in the ordinary course of business.

“Permitted Payments” means:

- (a) any Management Repurchase;
- (b) so long as no Event of Default has occurred and is continuing (or would result therefrom), the declaration and payment of regularly scheduled or accrued dividends to holders of any class or series of Disqualified Stock of the Issuer or any preferred stock of any Restricted Subsidiary issued on or after the Existing Bonds Issue Date in accordance with these Terms and Conditions;
- (c) so long as no Event of Default has occurred and is continuing (or would result therefrom), any declaration of payment by the Issuer or a Restricted Subsidiary of dividends or distributions to any future, current or former employee, or any entity controlled by any such employee, of a Group Company in the context of employee incentive schemes, in an amount not to exceed EUR 2,500,000 per financial year; and
- (d) any principal repayment under any Shareholder Loans provided that such Shareholder Loans are replaced with Subordinated Loans or other equity or subordinated debt instruments of the Issuer.

“Permitted Security” means any Security:

- (a) provided in accordance with the Finance Documents;
- (b) which is an Existing Security;

- (c) provided in relation to any agreement under which the Issuer or a Restricted Subsidiary leases office space or other premises provided such lease constitutes Permitted Debt;
- (d) arising by operation of law or in the ordinary course of business (including collateral or retention of title arrangements in connection with but, for the avoidance of doubt, not including guarantees or security in respect of any monies borrowed or raised);
- (e) provided in relation to a Derivative Transaction;
- (f) incurred as a result of the Issuer or a Restricted Subsidiary acquiring another entity and which is due to that such acquired entity has provided security, provided that the debt secured with such security constitutes Permitted Debt in accordance with item (h) of the definition “Permitted Debt” above;
- (g) provided to secure Financial Indebtedness permitted by item (c) of the definition “Permitted Debt” above, covering only the assets acquired with or financed by such Financial Indebtedness;
- (h) over assets or property of a Restricted Subsidiary that is not a Guarantor securing Financial Indebtedness of any Restricted Subsidiary that is not a Guarantor;
- (i) over assets or property of the Issuer or any Restricted Subsidiary securing Financial Indebtedness or other obligations of the Issuer or such Restricted Subsidiary owing to the Issuer or another Restricted Subsidiary, or Security in favor of the Issuer or any Restricted Subsidiary;
- (j) provided in relation to the Permitted Basket; and
- (k) provided to secure Additional Secured Obligations.

“**Person**” means any individual, corporation, partnership, limited liability company, joint venture, association, joint-stock company, trust, unincorporated organization, government, or any agency or political subdivision thereof, or any other entity, whether or not having a separate legal personality.

“**Pledgors**” means Mogo LLC (Georgia) and MOGO Universal Credit Organization LLC (Armenia).

“**Prepayment Amount**” means:

- (a) 101% of the Nominal Amount if the prepayment right is exercised after 31 October 2026 or, to the extent such day is not a Business Day, the Business Day following from an application of the Business Day Convention (the “**First Prepayment Date**”) up to 31 October 2027 (the “**Second Prepayment Date**”);
- (b) 100% of the Nominal Amount if the prepayment right is exercised after the Second Prepayment Date up to (but excluding) the Maturity Date.

“**Put Option Trigger Event**” means any of the following events, circumstance or situation:

- (a) a Change of Control Event;

- (b) any requirement of Condition 12.1 (*Financial Conditions*) is not satisfied (unless remedied in accordance with the provisions of Condition 12.3 (*Covenant Cure*)); and
- (c) any ultimate beneficial owner of the Issuer is or becomes a Sanctioned Person.

“Record Date” means the Business Day prior to (a) an Interest Payment Date, (b) a Redemption Date, (c) a date on which a payment to the Holders is to be made, (d) the date of a Holders’ Meeting or (e) another relevant date, or in each case such other Business Day falling prior to a relevant date if generally applicable on the German bond market.

“Redemption Date” means the date on which the relevant Bonds are to be redeemed or repurchased in accordance with Condition 6 (*Maturity, Redemption, Early Redemption, Repurchase*).

“Regulated Market” means any regulated market (as defined in Directive 2014/65/EU of the European Parliament and of the Council on markets in financial instruments (recast)).

“Related Party” shall have the same meaning as ‘related party’ under IAS 24 – Related Party Disclosures, noting that each reference to ‘reporting entity’ in the IAS 24 – Related Party Disclosures definition of ‘related party’ shall be construed to be a reference to the Issuer and its Subsidiaries. In addition, an entity shall also fall under the definition of Related Party for the purposes of these Terms and Conditions if 30% or more of the outstanding shares or other equity instruments of that entity are held by shareholders who are also shareholders (directly or indirectly) of the Issuer or its Subsidiaries.

“Relevant Period” means each period of twelve (12) consecutive calendar months.

“Restricted Payment” has the meaning set forth in Condition 11.2 (*Distributions*).

“Relevant Taxing Jurisdiction” means (a) Latvia, Luxembourg or any political subdivision or Governmental Authority thereof or therein having power to tax, (b) any jurisdiction from or through which payment on any Bond or Guarantee is made by the Issuer, any Guarantor or their agents, or any political subdivision or Governmental Authority thereof or therein having the power to tax or (c) any other jurisdiction in which the Issuer or Guarantors are incorporated or organized, resident for tax purposes.

“Restricted Subsidiaries” means any Subsidiary of the Issuer, including the Guarantors, that is not an Unrestricted Subsidiary.

“Sanctioned Person” means any person, organization or vessel:

- (a) designated on the OFAC list of Specially Designated Nationals and Blocked Persons or on the Consolidated List of Persons, Groups and Entities Subject to EU Financial Sanctions, or on the Consolidated List of Financial Sanctions Targets maintained by the UK Treasury, or on any list of blocked persons issued under the Economic Sanctions Law of any other country;
- (b) that is, or is part of, a government of a Sanctioned Territory;
- (c) owned or controlled by, or acting on behalf of, any of the foregoing; or

located within or operating from a Sanctioned Territory, except that “Sanctioned Person” does not include a person listed on the US Sectoral Sanctions Identifications List or Annex III of Regulation (EU) No 833/2014 of 31 July 2014, or any successor thereto.

“**Sanctioned Territory**” means any country or other territory subject to a general export, import, financial or investment embargo under Economic Sanctions Law.

“**Secured Creditors**” means the Original Secured Creditors and any Additional Secured Creditor.

“**Secured Obligations**” means (i) subject to any limitation under the relevant Transaction Security Documents, all present and future obligations and liabilities (whether actual or contingent and whether owed jointly or severally or in any other capacity whatsoever) of the Obligors towards the Secured Creditors under or in connection with these Terms and Conditions and the other Finance Documents, and (ii) any Additional Secured Obligations.

“**Security**” has the meaning set forth in Condition 11.5 *(Negative pledge)*.

“**Security Agent**” means, initially TMF Trustee Services GmbH, or subsequently any other security agent, appointed by the Secured Creditors from time to time pursuant, to the Security Agent Agreement, holding the Transaction Securities on behalf of the Secured Creditors.

“**Security Agent Agreement**” means the security agent agreement entered into on or about the Existing Bonds Issue Date between the Issuer and the Security Agent, or any replacement security agent agreement entered into after the Existing Bonds Issue Date between the Issuer and the applicable Security Agent.

“**Settlement Date**” means on or about 14 March 2025.

“**Shareholder Loan**” means any loan raised by an Obligor from its current or previous direct or indirect shareholder, if such shareholder loan (a) according to its terms, is subordinated to the obligations of the Issuer under the Finance Documents, and (b) according to its terms, has a final redemption date or, when applicable, early redemption dates or instalment dates which occur only after the Maturity Date and according to its terms yield only payment-in-kind interest or where payment of principal and interest can only be made under Condition 11.2 *(Distributions)*.

“**Subordinated Loan**” means any loan raised by an Obligor, if such loan (a) according to its terms, is subordinated to the obligations of the Issuer under the Finance Documents, and (b) according to its terms, has a final redemption date or, when applicable, early redemption dates or instalment dates which occur only after the Maturity Date and according to its terms yield payment-in-kind or payment in cash interest.

“**Subsequent Bond**” means any issue of Bonds in accordance with Condition 15 *(Further Issues)*.

“**Subsidiary**” means, in relation to any person, any legal entity (whether incorporated or not), in respect of which such person, directly or indirectly, (a) owns shares or ownership rights representing more than 50.00% of the total number of votes held by the owners, (b) otherwise controls more than 50.00% of the total number of votes held by the owners or (c) has the power to appoint

and remove all, or the majority of, the members of the board of directors or other governing body.

"Taxes" means all present and future taxes, levies, imposts, deductions, charges, duties and withholdings and any charges of a similar nature (including, without limitation, interest, penalties and other liabilities with respect thereto) that are imposed by any government or other taxing authority.

"Third Party" means any Person other than the Issuer or the Restricted Subsidiaries.

"Transaction Costs" means all fees, costs and expenses incurred by a Group Company in connection with (a) the Bond Issue or a Subsequent Bond issue and (b) the listing of the Bonds on the Frankfurt Stock Exchange and the Nasdaq Riga Stock Exchange.

"Transaction Security Documents" means each security agreement, entered into or to be entered into between the Pledgors and the Security Agent (on behalf of the Secured Creditors), purporting to create a Security in favor of the Secured Creditors, in particular:

Armenian law governed security documents (the **"Armenian Transaction Security Documents"**), including:

- (i) an Armenian law governed receivables pledge agreement creating a first ranking pledge over present and future loan receivables which are not secured by Existing Securities granted by MOGO Universal Credit Organization LLC (Armenia) (the **"Armenian Receivables Pledge Agreement"**) entered into on or about the Existing Bonds Issue Date;
- (ii) an Armenian law governed share pledge agreement creating a second ranking pledge over all the shares directly and indirectly held by AS Eleving Vehicle Finance in MOGO Universal Credit Organization LLC (Armenia) (the **"Armenian Share Pledge Agreement"**) entered into on or about the Existing Bonds Issue Date;
- (iii) Georgian law governed security documents (the **"Georgian Transaction Security Documents"**), including:
 - (iv) a Georgian law governed receivables pledge agreement creating a first ranking pledge over present and future loan receivables which are not secured by Existing Securities granted by Mogo LLC (Georgia) (the **"Georgian Receivables Pledge Agreement"**) entered into on or about the Existing Bonds Issue Date;
 - (v) a Georgian law governed share pledge agreement creating a second ranking pledge over all the ownership interests directly and indirectly held by UAB Eleving Stella in Mogo LLC (Georgia) (the **"Georgian Share Pledge Agreement"**) entered into on or about the Existing Bonds Issue Date;
 - (vi) a Georgian law governed trademark pledge agreement creating a second ranking pledge over all trademarks owned by Mogo LLC (Georgia) and registered in Georgia (the **"Georgian**

Trademark Pledge Agreement") entered into on or about the Existing Bonds Issue Date;

- (vii) a Georgian law governed bank account pledge agreement creating a second ranking pledge over primary bank accounts owned by Mogo LLC (Georgia) (the "**Georgian Account Pledge Agreement**") entered into on or about the Existing Bonds Issue Date,

the Transaction Security Documents listed in paragraphs (a) to (b) above shall be referred to as the "**Initial Transaction Security Documents**".

"Transaction Securities" means the Securities granted to secure the Secured Obligations pursuant to the Transaction Security Documents.

"Unrestricted Subsidiary" means any Subsidiary of the Issuer other than the Guarantors that is designated by the board of directors of the Issuer as an Unrestricted Subsidiary pursuant to a resolution of the board of directors, but only to the extent that such Subsidiary:

- (a) has no Financial Indebtedness other than Financial Indebtedness (i) as to which neither the Issuer nor any of the Restricted Subsidiaries (A) provides credit support of any kind (including any undertaking, agreement or instrument that would constitute Financial Indebtedness) or (B) is directly or indirectly liable as a guarantor or otherwise and (ii) as to which the lenders have been notified in writing that they will not have any recourse to the stock or assets of the Issuer or any of the Restricted Subsidiaries (other than the Equity Interests of an Unrestricted Subsidiary); except to the extent that the Issuer or the relevant Restricted Subsidiary would be permitted to provide credit support, or be directly or indirectly liable as a guarantor or otherwise, pursuant to Condition 11.4 (*Financial Indebtedness and Disqualified Stock*);
- (b) except as permitted under these Terms and Conditions, is not party to any agreement, contract, arrangement or understanding with the Issuer or any Restricted Subsidiary unless the terms of any such agreement, contract, arrangement or understanding are no less favourable to the Issuer or such Restricted Subsidiary than those that might be obtained at the time from Persons who are not Affiliates of the Issuer;
- (c) is a Person with respect to which neither the Issuer nor any of the Restricted Subsidiaries has any direct or indirect obligation (i) to subscribe or additional Equity Interests or (ii) to maintain or preserve such Person's financial condition or to cause such Person to achieve any specified levels of operating results; and
- (d) has not guaranteed or otherwise directly or indirectly provided credit support for any Financial Indebtedness of the Issuer or any of the Restricted Subsidiaries.

"Vote without Meeting" has the meaning set forth in Condition 16.13 (*Resolution in writing*).

1.2. Construction

(a) Unless a contrary indication appears, any reference in these Terms and Conditions to:

- a ratio or figures being calculated on a *pro forma* basis, means that such ratio or figures shall be calculated on a *pro forma* basis after giving effect to any acquisition or sale or any other transactions entered into (including any incurrence of Financial Indebtedness and the use of proceeds thereof) as if these occurred at the beginning of the applicable reference period for purposes of determining the relevant ratio or figures.
- “**assets**” includes present and future properties, revenues and rights of every description;
- any agreement or instrument is a reference to that agreement or instrument as supplemented, amended, novated, extended, restated or replaced from time to time;
- a “**regulation**” includes any regulation, rule or official directive (whether or not having the force of law) of any governmental, intergovernmental or supranational body, agency or department;
- an Event of Default is continuing if it has not been remedied or waived;
- an “**enforcement**” of a Guarantee means making a demand for payment under a Guarantee;
- a provision of law is a reference to that provision as amended or re-enacted; and
- a time of day is a reference to Frankfurt/Main time.

(b) When ascertaining whether a limit or threshold specified in EUR has been attained or broken, an amount in another currency shall be counted on the basis of the rate of exchange for such currency against EUR for the previous Business Day, as published by the German Central Bank (Ger: Deutsche Bundesbank) on its website (www.bundesbank.de). If no such rate is available, the most recently published rate shall be used instead.

(c) No delay or omission of the Agent or of any Holder to exercise any right or remedy under these Terms and Conditions shall impair or operate as a waiver of any such right or remedy.

2. NOMINAL AMOUNT, FORM, GLOBAL BOND, TITLE

2.1. Nominal Amount, Currency and Denomination

This issue of the Issuer, in the aggregate amount of up to EUR 100,000,000.00 (in words: one hundred million Euros (the “**Issuer Currency**”)) consisting of EUR 50,000,000 bonds (the “**New Bonds**”), to be immediately consolidated on the Issue Date and form a single series with the 13% senior secured bonds due

2028 for an aggregate principal amount and issue price of EUR 50,000,000 (the “**Existing Bonds**” and, together with the New Bonds, the “**Bonds**”), payable to the bearer and ranking *pari passu* among themselves in the denomination of EUR 100.00 (the “**Initial Nominal Amount**”) each. Retail investors who wish to acquire Bonds are required to subscribe to Bonds amounting to at least EUR 1,000 (the “**Minimum Investment Amount**”).

2.2. Form

The Bonds are in bearer form.

2.3. Global Bond and Custody

The Bonds will be represented by a global note (the “**Global Bond**”) deposited with or on behalf of Clearstream Banking AG, Frankfurt am Main (“**Clearstream**”, and any successor in such capacity the “**Clearing System**”). The Clearing System has agreed to maintain records of the Bonds credited to the accounts of the accountholders of the Clearing System (the “**Accountholders**”) for the benefit of the holders of the co-ownership interests in the Global Bond. The Issuer and the Clearing System have agreed, for the benefit of the holders of co-ownership interests in the Global Bond, that the actual number of Bonds from time to time shall be evidenced by the records of the Clearing System. Each person who is the ultimate beneficial owner of a particular amount of the Bonds may, through the Accountholders, request from the Clearing System to evidence the amount of Bonds that it holds in the form of a certificate (the “**Clearing System Certificate**”).

The Global Bond will only be exchangeable for definitive Bonds if either the Clearing System or any successor thereof is closed for business for a continuous period of fourteen (14) days (other than by reason of holiday, statutory or otherwise) or announces an intention to permanently cease business or does in fact do so.

2.4. Transfer and Title

A transfer of Bonds will be effected without charge by or on behalf of the Issuer, but upon payment by the relevant Holder of any tax or other governmental charges which may be imposed in relation to it. For the avoidance of doubt, any depositary bank used by a Holder for the safe custody of the Bonds (including without limitation the Clearing System) may charge fees for a transfer of the Bonds.

3. STATUS OF THE BONDS

The Bonds constitute direct, unconditional, unsubordinated and secured obligations of the Issuer and shall at all times rank *pari passu* with all general, direct, unconditional, unsubordinated and unsecured obligations of the Issuer and without any preference among themselves and at least *pari passu* with any present or future obligation which (i) is issued by the Issuer and the obligations under which rank or are expressed to rank *pari passu* with the Issuer’s obligations under the Bonds, or (ii) benefits from a guarantee or support agreement expressed to rank *pari passu* with its obligations under the Bonds, save for certain mandatory exceptions provided by statutory law.

4. GUARANTEE

4.1. Guarantee

The Guarantors have given an unconditional and irrevocable guarantee (the “**Guarantee**”) for the due and punctual payment of principal of, and interest on, and any other amounts payable by the Issuer under the Bonds.

4.2. Status of the Guarantee

The Guarantee will rank *pari passu* with all of the Guarantors’ existing and future senior unsecured debt and senior to all of their existing and future subordinated debt, notwithstanding certain limitation under the laws of the relevant Guarantor’s jurisdiction.

4.3. Limitations by statutory law

The obligations and liabilities of and the guarantee issued by each Guarantor under the Guarantee shall be limited if required (but only if and to the extent required) under any applicable law or regulation in the respective jurisdiction in which each of the Guarantors are incorporated.

4.4. In accordance with the Guarantee, and in addition to the payment guarantees described in Condition 4.1:

(d) the Issuer shall procure that, to the extent applicable to the Group Companies not being Guarantors, each of such Group Company complies with Conditions 11.2 (*Distributions*), 11.4 (*Financial Indebtedness and Disqualified Stock*), 11.5 (*Negative pledge*), 11.6 (*Loans out*), 11.7 (*Disposals of assets*), 11.8 (*Mergers*), 11.9 (*Dividend and other payment restrictions*), 11.10 (*Additional Guarantee*), 11.11 (*Additional Transaction Securities*), 11.12 (*Dealings with related parties*), 11.13 (*Compliance with law*), 11.14 (*Financial reporting and information*) and 11.17 (*Additional Secured Creditors*); and

(e) the Guarantors shall undertake to comply with Conditions 11.2 (*Distributions*), 11.4 (*Financial Indebtedness and Disqualified Stock*), 11.5 (*Negative pledge*), 11.6 (*Loans out*), 11.7 (*Disposals of assets*), 11.8 (*Mergers*), 11.9 (*Dividend and other payment restrictions*), 11.10 (*Additional Guarantee*), 11.11 (*Additional Transaction Securities*), 11.12 (*Dealings with related parties*), 11.13 (*Compliance with law*), 11.14 (*Financial reporting and information*) and 11.17 (*Additional Secured Creditors*).

4.5. Pursuant to the Guarantee the Issuer shall procure that the Guarantees and all documents relating thereto are duly executed by the relevant Guarantor in favour of the Holders and that such documents are legally valid, enforceable and in full force and effect according to their terms. The Issuer shall procure the execution of such further documentation by the Guarantors as the Agent may reasonably require in order for the Holders to at all times maintain the guarantee position envisaged under these Terms and Conditions and the Guarantees.

4.6. If a Holders’ Meeting (Condition 16.2) has been convened, or a Vote without Meeting (Condition 16.13) instigated, to decide on the

termination of the Bonds and/or the enforcement of all or any of the Guarantees, the Agent is obligated, to take actions in accordance with the Holders' decision regarding the Guarantees. However, if the Bonds are not terminated in case where the cause for termination has ceased or due to any other circumstance mentioned in these Terms and Conditions, the Agent shall not enforce any of the Guarantees. If the Holders, without any prior initiative from the Agent or the Issuer, have made a decision regarding termination of the Bonds and enforcement of any of the Guarantees in accordance with the procedures set out in Conditions 16.2 (Convening of physical meeting) and 16.13 (Resolution in writing), the Agent shall promptly declare the Bonds terminated and enforce the Guarantees. The Agent is however not liable to take action if the Agent considers cause for termination and/or acceleration not to be at hand, unless the instructing Holders in writing commit to holding the Agent indemnified and, at the Agent's own discretion, grant sufficient security for the obligation.

- 4.7. For the purpose of exercising the rights of the Holders and the Agent under these Terms and Conditions and for the purpose of distributing any funds originating from the enforcement of any Guarantees, the Issuer irrevocably authorizes and empowers the Agent to act in the name of the Issuer, and on behalf of the Issuer, to instruct the CSD to arrange for payment to the Holders and, for the same purpose, grant the Agent with the widest power to perform any action, enter into any agreement and execute any document. To the extent permissible by law, the powers set out in this Condition 4.7 are irrevocable and shall be valid for as long as any Bonds remain outstanding. The Issuer shall, and shall procure that the Guarantors, immediately upon request by the Agent provide the Agent with any such documents, including a written power of attorney (in form and substance to the Agent's satisfaction), which the Agent deems necessary for the purpose of carrying out its duties.
- 4.8. The Agent shall, upon the Issuer's written request and expense, promptly release a Guarantor from its obligations under a Guarantee:
 - (a) in connection with (i) any sale or other disposal of Equity Interests whether by direct sale or sale of a holding company of that Guarantor or by way of merger, consolidation or otherwise or (ii) any sale or other disposal of all or substantially all of the assets of that Guarantor; to a Person that is not (either before or after giving effect to such transaction) the Issuer or a Restricted Subsidiary, provided however, that such sale or other disposal does not violate Condition 11.7 (*Disposals of assets*) or Condition 11.8 (*Mergers*);
 - (b) Guarantor ceases to be a Restricted Subsidiary as a result of the sale or other disposition; and
 - (c) when all the Guaranteed Obligations have been duly and irrevocably paid and discharged in full.

5. INTEREST

- 5.1. Interest Rate and Interest Payment Dates

The Existing Bonds shall bear interest at the Interest Rate per annum on their Nominal Amount from 31 October 2023 and, with respect to the New Bonds, from the Settlement Date (each, an “**Interest Commencement Date**”). Interest shall be payable quarterly in arrears on each Interest Payment Date, commencing to accrue on the Interest Commencement Date. Interest shall cease to accrue with the expiration of the day preceding the day of repayment.

5.2. Default Interest

If the Issuer fails to redeem the Bonds on the day on which they become due for redemption within five Business Days, default interest shall accrue on the overdue amount from, but excluding the due date up to and including the date of actual payment at a rate, which is 2% higher than the Interest Rate.

5.3. Day Count Fraction

Where interest is to be calculated in respect of a period which is shorter than or equal to a full Interest Period, the interest will be calculated on the basis of Rule 251 ICMA (ACT/ACT). Accrued interest will be calculated as (A) Interest Rate, times (B) number of days accrued (from and including the Existing Bonds Issue Date or the last Interest Payment Date, as the case may be, up to but excluding the next Interest Payment Date), divided by (C) number of days in a year (actual calendar days in the Interest Period multiplied by the number of Interest Periods in the year).

6. MATURITY, REDEMPTION, EARLY REDEMPTION, REPURCHASE

6.1. Redemption at maturity

The Issuer shall redeem the Bonds in full on the Maturity Date (or, to the extent such day is not a Business Day, on the Business Day following from an application of the Business Day Convention) with an amount per Bond equal to the Nominal Amount together with accrued but unpaid Interest.

6.2. The Group Companies' purchase of Bonds

Any Group Company may, subject to applicable law, at any time and at any price purchase Bonds. Bonds held by a Group Company may at such Group Company's discretion be retained, sold or, if held by the Issuer, cancelled.

6.3. Early voluntary redemption by the Issuer

- (a) After the First Prepayment Date (included), the Issuer may redeem all, but not only some, of the outstanding Bonds in full on any Business Day before the Maturity Date at the applicable Prepayment Amount together with accrued but unpaid Interest.
- (b) Redemption in accordance with this Condition 6.3 shall be made by the Issuer giving not less than fifteen (15) Business Days' notice to the Holders and the Agent. Any such notice shall state the Redemption Date and the relevant Record Date and is irrevocable but may, at the Issuer's discretion, contain one or more conditions precedent. Upon expiry of such notice and the fulfilment of the conditions precedent (if any), the Issuer is bound to redeem the Bonds in full at the applicable amounts.

- 6.4. Mandatory repurchase due to a Put Option Trigger Event (put option)
- (a) Upon a Put Option Trigger Event occurring, each Holder shall have the right to request that all, or only some, of its Bonds are repurchased (whereby the Issuer shall have the obligation to repurchase such Bonds) at a price per Bond equal to 101% of the Nominal Amount together with accrued but unpaid Interest; during a period of thirty (30) calendar days following the earlier of (i) a notice from the Issuer of the Put Option Trigger Event pursuant to Condition 11.14 (*Financial reporting and information*) and (ii) such Holder becoming otherwise aware of the occurrence of the Put Option Trigger Event. The thirty (30) calendar days' period may not start earlier than upon the occurrence of the Put Option Trigger Event.
 - (b) The notice from the Issuer pursuant to Condition 11.14 (*Financial reporting and information*) shall specify the repurchase date and include instructions about the actions that a Holder needs to take if it wants Bonds held by it to be repurchased. If a Holder has so requested, and acted in accordance with the instructions in the notice from the Issuer, the Issuer, or a Person designated by the Issuer, shall repurchase the relevant Bonds and the repurchase amount shall fall due on the repurchase date specified in the notice given by the Issuer pursuant to Condition 11.14 (*Financial reporting and information*). The repurchase date must fall no later than twenty (20) Business Days after the end of the period referred to in Condition (a).
 - (c) The Issuer shall, and shall procure that each Guarantor shall, comply with the requirements of any applicable securities laws or regulations in connection with the repurchase of Bonds. To the extent that the provisions of such laws and regulations conflict with the provisions in this Condition 6.4, the Issuer shall comply with the applicable securities laws and regulations and will not be deemed to have breached its obligations under this Condition 6.4 by virtue of the conflict.
 - (d) Any Bonds repurchased by the Issuer pursuant to this Condition 6.4 may at the Issuer's discretion be retained, sold or cancelled in accordance with Condition 6.2 (*The Group Companies' purchase of Bonds*).
- 6.5. Optional redemption for taxation reasons
- (a) If the Issuer or any Guarantor determines in good faith that, as a result of a Change in Tax Law, the Issuer or any Guarantor is, or on the next Interest Payment Date would be, required to pay any Additional Amounts, and such obligation cannot be avoided by taking reasonable measures available to the Issuer or the relevant Guarantor, the Issuer may, in its absolute discretion, decide to redeem all, but not only some, of the outstanding Bonds in full on any Business Day before the Maturity Date. The Issuer shall give not less than twenty (20) and not more than forty (40) Business Days' notice of the redemption to the Agent and the Holders and the repayment per Bond shall be made at 100% of the Nominal Amount (together with accrued but unpaid Interest).
 - (b) The notice from the Issuer pursuant to Condition (a) shall not be given (a) earlier than ninety (90) calendar days prior to the earliest date on

which the Issuer or the Guarantor, as the case may be, would be obliged to make the relevant payment of Additional Amounts if a payment in respect of the Bonds were then due and (b) unless at the time such notice is given, such obligation to pay the relevant Additional Amounts remains in effect. Prior to giving any notice of redemption pursuant to the foregoing, the Issuer shall deliver to the Agent (i) a declaration in writing stating that it is entitled to effect such redemption and setting forth a statement of facts showing that a Change in Tax Law is at hand and that it would not be able to avoid the obligation to pay Additional Amounts by taking reasonable measures available to it and (ii) a written opinion of an independent tax counsel of recognized standing who is qualified to provide tax advice under the laws of the Relevant Taxing Jurisdiction to the effect that the Issuer or Guarantor has or have been or will become obligated to pay the relevant Additional Amounts as a result of a Change in Tax Law. The Agent shall accept such declaration and opinion as sufficient evidence that a Change in Tax Law is at hand without further inquiry, in which event it shall be conclusive and binding on the Holders.

- (c) In the case of redemption due to withholding as a result of a Change in Tax Law such Change in Tax Law must become effective on or after the Existing Bonds Issue Date.

6.6. Equity claw back

Upon an Equity Listing Event, the Issuer may on one occasion repay up to 35% of the total Nominal Amount (provided at least 65% of the total Nominal Amount remains outstanding after such repayment), in which case all outstanding Bonds shall be partially repaid by way of reducing the Nominal Amount of each Bond *pro rata*. The repayment must occur on an Interest Payment Date within one hundred eighty (180) calendar days after such Equity Listing Event and be made with funds in an aggregate amount not exceeding the cash proceeds received by the Issuer or the Restricted Subsidiaries as a result of such Equity Listing Event (net of fees, charges and commissions actually incurred in connection with such offering and net of taxes paid or payable as a result of such offering). The Issuer shall give not less than twenty (20) Business Days' notice of the repayment to the Agent and the Holders and the repayment per Bond shall be made at 104.75% of the Nominal Amount or at the relevant Prepayment Amount (both multiplied by the percentage redeemed), if such amount is lower (rounded down to the nearest EUR 1.00)

7. PAYMENTS

7.1. Currency

All payments on the Bonds shall be made by the Issuer in Euro.

7.2. Payments

Payments of principal, interest and all other cash payments payable on the Bonds shall be made by the Issuer on the relevant due date to the Paying Agent (Condition 14.1), for on-payment to the Clearing System for credit to the accounts of the respective accountholders in the Clearing System. All payments made to the Clearing System or to its order shall discharge the liability of the Issuer under the Bonds to the extent of the amounts so paid.

7.3. Payment Date/Due Date

For the purposes of these Terms and Conditions, “**payment date**” means the day on which the payment is actually to be made, and “**due date**” means the payment date provided for herein, without taking account of such adjustment.

8. TAXES

8.1. Withholding Tax

All payments under Conditions 4 (*Guarantee*), 5 (*Interest*) and 6 (*Maturity, Redemption, Early Redemption, Repurchase*) in respect of the Bonds will be made free and clear of, and without withholding or deduction for, any taxes, duties, assessments or governmental charges of whatever nature imposed, levied, collected, withheld or assessed (i) by the relevant tax authority or any political subdivision or any authority therein that has power to tax or (ii) pursuant to an agreement described in Section 1471(b) of the U.S. Internal Revenue Code of 1986 (the “**Code**”) or otherwise imposed pursuant to Sections 1471 through 1474 of the Code and any regulations or agreements thereunder or official interpretations thereof (“**FATCA**”) or any law implementing an intergovernmental approach to FATCA, unless that withholding or deduction is required by law (including pursuant to an agreement described in Section 1471(b) of the Code or otherwise imposed pursuant to FATCA or any law implementing an intergovernmental approach to FATCA). In that event, the Issuer will pay such additional amounts (the “**Additional Amounts**”) as the Holders would have received if no such withholding or deduction had been required, except if such Additional Amounts:

- (a) are payable by any person acting as custodian bank or collecting agent on behalf of a Holder, or otherwise in any manner which does not constitute a deduction or withholding by the Issuer from payments of principal or interest made by it under the Bond; or
- (b) are payable by reason of a change in law that becomes effective more than 30 (thirty) days after the relevant payment becomes due, or is duly provided for and notice thereof is published in accordance with Condition 18 (Notices), whichever occurs later; or
- (c) are required by reason of an agreement described in Section 1471(b) of the Code or otherwise required by FATCA or any law implementing an intergovernmental approach to FATCA.

8.2. Prepayment

If, as a result of any change in, or amendment to, the laws or regulations prevailing in the relevant tax jurisdiction, which change or amendment becomes effective on or after the Existing Bonds Issue Date or as a result of any application or official interpretation of such laws or regulations not generally known before that date, taxes or duties are or will be leviable on payments of principal or interest under the Bonds and, by reason of the obligation to pay Additional Amounts as provided in the provision above or otherwise such taxes or duties are to be borne by the Issuer, Condition 6.5 (*Optional Redemption for Taxation Reasons*) applies.

9. AGENT

9.1. Role and Duties of the Agent

- (a) By subscribing for Bonds, each initial Holder appoints the Agent to act as its agent in all matters relating to the Bonds and the Finance Documents, and authorizes the Agent to act on its behalf (without first having to obtain its consent, unless such consent is specifically required by these Terms and Conditions) in any legal or arbitration proceedings as well as certain legal acts as stipulated under these Terms and Conditions (*inter alia* information rights pursuant to Condition 11.14 (*Financial reporting and information*), termination rights pursuant to Condition 13 (*Termination of the Bonds*)) relating to the Bonds held by such Holder. By acquiring Bonds, each subsequent Holder confirms such appointment and authorization for the Agent to act on its behalf. The Agent shall represent the Holders in accordance with the Finance Documents. However, the Agent is not responsible for the execution or enforceability of the Finance Documents. The Agent shall keep the latest version of these Terms and Conditions (including any document amending these Terms and Conditions) available upon request of any Holder.
- (b) The Issuer shall promptly upon request provide the Agent with any documents and other assistance (in form and substance satisfactory to the Agent), that the Agent deems necessary for the purpose of exercising its rights and/or carrying out its duties under the Finance Documents.
- (c) The Agent is entitled to fees for its work and to be indemnified for costs, losses and liabilities on the terms set out in the Finance Documents and the Agent's obligations as agent under the Finance Documents are conditioned upon the due payment of such fees and indemnifications.
- (d) The Agent may act as agent and/or security trustee for several issues of securities issued by or relating to the Issuer and other Group Companies notwithstanding potential conflicts of interest.
- (e) The Issuer appoints the Agent also as bondholders' representative for the Holders.
- (f) The Agent is entitled to engage external experts when carrying out its duties under the Finance Documents. The Issuer shall on demand by the Agent pay all costs for external experts engaged (a) after the occurrence of an Event of Default, (b) for the purpose of investigating or considering an event which the Agent reasonably believes is or may lead to an Event of Default or a matter relating to the Issuer which the Agent reasonably believes may be detrimental to the interests of the Holders under the Finance Documents or (c) when the Agent is to make a determination under the Finance Documents.

9.2. Limited liability for the Agent

- (a) The Agent will only be liable to the Holders for damage or loss caused by any action taken or omitted by it under or in connection with any Finance Document and such liability being limited to an amount which

corresponds to the tenfold amount of its annual fees, unless any damages are directly caused by gross negligence (*faute lourde*) or wilful misconduct (*faute intentionnelle / dol*).

- (b) The Agent shall not be considered to have acted negligently if it has acted in accordance with advice from or opinions of reputable external experts engaged by the Agent or if the Agent has acted with reasonable care in a situation when the Agent considers that it is detrimental to the interests of the Holders to delay the action in order to first obtain instructions from the Holders.
- (c) The Agent shall not be liable for any delay (or any related consequences) in crediting an account with an amount required pursuant to the Finance Documents to be paid by the Agent to the Holders, provided that the Agent has taken all necessary steps as soon as reasonably practicable to comply with the regulations or operating procedures of any recognized clearing or settlement system used by the Agent for that purpose.
- (d) The Agent shall have no liability to the Holders for damage caused by the Agent acting in accordance with instructions of the Holders given in accordance with Condition 16 (*Meetings of Holders*).

9.3. Replacement of the Agent

- (a) The Agent may resign by giving notice to the Issuer and the Holders, in which case the Holders shall appoint a successor Agent at a Holders' Meeting convened by the retiring Agent or the Issuer or by way of Written Procedure initiated by the retiring Agent or the Issuer.
- (b) For the replacement of the Agent by appointment of a successor Agent pursuant to Condition 9.3(a), the provisions under Condition 16 (*Meetings of Holders*) and Condition 17 (*Appointment of Holders' Representative*) apply.

10. TRANSACTION SECURITIES

10.1. Granting of the Transaction Securities

- (a) As continuing Security for the due and punctual fulfilment of the Secured Obligations, the Issuer represents and, as applicable, covenants and undertakes that (i) the relevant Pledgors shall have entered into the Initial Transaction Security Documents and the relevant Transaction Security to be created thereunder shall have been granted and perfected at the latest within 60 Business Days following the Existing Bonds Settlement Date, and (ii) the Pledgors have granted and will grant any Transaction Securities (in addition to the Transaction Securities to be granted pursuant to point (i) above) to the Secured Creditors as represented by the Security Agent on the terms set out in the Transaction Security Documents.
- (b) The Security Agent shall hold the Transaction Security, acting for itself as independent and separate creditor in accordance with Condition 10.4 below on behalf and for the benefit of the Holders, and shall have all the claim rights necessary for establishment, perfection, maintenance and

enforcement of the Transaction Security in accordance with the terms of the Transaction Security Documents and the Security Agent Agreement.

- (c) Unless and until the Security Agent has received instructions from the Holders in accordance with Condition 16 (*Meeting of Holders*), the Security Agent shall (without first having to obtain the Holders' consent) be entitled to enter into agreements with the Pledgors or a third party or take any other actions, if it is, in the Security Agent's opinion, necessary for the purpose of maintaining, releasing or enforcing the Transaction Securities or for the purpose of settling the Holders' or the Issuer's rights to the Transaction Securities, in each case in accordance with the terms of the Transaction Security Documents, the Security Agent Agreement and the terms of the Finance Documents, and provided that such agreements or actions are not detrimental to the interests of the Holders.
- (d) The Agent shall be entitled to give instructions relating to the Transaction Securities to the Security Agent in accordance with the Security Agent Agreement.

10.2. Release of Transaction Securities

The Security Agent may at any time, acting on instructions of the Secured Creditors, release any Transaction Securities in accordance with the terms of such Transaction Security Documents and the Security Agent Agreement. For the avoidance of doubt, any Transaction Security will always be released pro rata between the Secured Creditors and the remaining Transaction Security will continue to rank *pari passu* between the Secured Creditors as set forth in the Transaction Security Documents and the Security Agent Agreement.

The Security Agent shall, upon the Issuer's written request and expense, promptly release a Transaction Security in connection with (i) any sale or other disposal of Equity Interests whether by direct sale or sale of a Group Company party to that Transaction Security or by way of merger, consolidation or otherwise or (ii) any sale or other disposal of all or substantially all of the assets of a Group Company party to that Transaction Security, provided however, that such sale or other disposal does not violate Condition 11.7 (*Disposals of assets*) or Condition 11.8 (*Mergers*).

10.3. Enforcement of Transaction Securities

- (a) The Security Agent may only take action to accelerate or enforce any Transaction Security in accordance with the terms of the Security Agent Agreement and the Transaction Security Documents.
- (b) Upon an enforcement of the Transaction Securities or following receipt of any recovery after the occurrence of an insolvency event of the Issuer, the enforcement proceeds and any amount of recoveries will, pursuant to the Security Agent Agreement, be distributed towards discharge of the liabilities under these Terms and Conditions and the Bonds.

- (c) All Transaction Securities or arrangement having similar effects may be released by the Security Agent, without the need for any further referral to or authority from anyone, upon any enforcement.

10.4. Parallel Debt

- (a) To the extent that any debt of the Issuer or any of its Subsidiaries (including any debt under the Bonds) is secured by any Transaction Security, Guarantee or indemnity that also secures the Bonds in accordance with these Terms and Conditions (together, the “**Corresponding Debt**”), the Issuer and its relevant Subsidiaries shall pay to the Security Agent an amount equal to the amount of the Corresponding Debt provided that any amounts are outstanding under the Corresponding Debt (the “**Parallel Debt**”). The Security Agent is a joint creditor (together with the other Secured Creditors) of the Corresponding Debt and, accordingly, the Security Agent shall have its own independent right to demand performance by the Issuer or any of its Subsidiaries thereunder.
- (b) The Parallel Debt is a separate debt independent from the Corresponding Debt, except that in case of a payment under the Corresponding Debt or the Parallel Debt, as applicable, the Parallel Debt or the Corresponding Debt will decrease for the same amount (so that at any time the amount under the Corresponding Debt and the Parallel Debt will be equal).
- (c) In case the Security Agent receives any payment under the Parallel Debt or as a consequence of the enforcement of any Transaction Security, Guarantee or indemnity, such amount (after deduction of any costs or taxes) shall be applied in accordance with the provisions of the relevant Transaction Security Document (it being understood that the amount that is due to the Holders in accordance with the Conditions will only be reduced with the amount the Security Agent would pay to the Holders under the Parallel Debt or the enforcement of any Transaction Security, Guarantee or indemnity).

11. SPECIAL UNDERTAKINGS

11.1. General

So long as any Bond remains outstanding, the Issuer undertakes to comply with the special undertakings set forth in this Condition 11.

11.2. Distributions

- (a) The Issuer shall not, and the Guarantors have undertaken in the Guarantee not to (a) pay any dividend or make any other payment or distribution on its respective Equity Interests or make any other similar distribution or transfers of value to the Issuer’s or the Guarantors’ direct or indirect shareholders or the Affiliates of such direct and indirect shareholders (other than dividend or distributions payable in Equity Interests (other than Disqualified Stock) of the Issuer), (b) repurchase or redeem any of its respective Equity Interest or the Equity Interest of the Issuer or any direct or indirect parent of the Issuer (including repurchase and redemption with payment to shareholders) or (c) repay

principal or pay cash interest under any Shareholder Loans, (items (a)–(c) above are together and individually referred to as a “**Restricted Payment**”); provided, however, that, if such Restricted Payment is permitted by law and no Event of Default is continuing or would result from such Restricted Payment, any such Restricted Payment can be made (i) by any Guarantor if such Restricted Payment is made to the Issuer or another Guarantor and, if made by any Guarantor which is not directly or indirectly wholly-owned by the Issuer, to other Persons on a *pro rata* basis and (ii) by the Issuer or any Guarantor, provided that (A) the Issuer would, at the time of such Restricted Payment, have been permitted to incur at least EUR 1.00 of additional Financial Indebtedness pursuant to the Incurrence Test (calculated on a *pro forma* basis including the relevant Restricted Payment as if the Restricted Payment had been made at the beginning of the Relevant Period ending on the last day of the period covered by the most recent Financial Report); and (B) the aggregate amount of all Restricted Payments (including the Restricted Payment in question but excluding any Restricted Payment made in accordance with item (i) above and any Permitted Payment) of the Group made in a financial year does not exceed 60% of the Group’s aggregate consolidated net profit accrued in the last 24 months as of the date of determination of the relevant Restricted Payment as set out in the most recent Financial Report.

- (b) As long as no Event of Default has occurred and is continuing (or would result therefrom), the restrictions under Condition (a) shall not prohibit Permitted Payments.

11.3. Listing of Bonds

The Issuer shall ensure (a) within ten (10) Business days after the Issue Date, that the New Bonds are admitted to trading on a Regulated Market at the Frankfurt Stock Exchange and on a Regulated Market at the Nasdaq Riga Stock Exchange or another comparable trading segment within the EU and continue being listed thereon (however, taking into account the rules and regulations of the relevant Regulated Market and the CSD (as amended from time to time) preventing trading in the Bond in close connection to the redemption of the Bonds) and (b) upon any further issues of bonds which are fungible and to be consolidated with the Bonds pursuant to Condition 15 (*Further Issues*) and in any event not later than ten (10) Business Days after the relevant issue date, that such further issued Bonds are listed and admitted to trading on the same market where the Bonds issued on the Issue Date are currently listed and admitted to trading.

11.4. Financial Indebtedness and Disqualified Stock

The Issuer shall not, and the Guarantors have undertaken in the Guarantee not to, create, incur, issue, assume, guarantee or otherwise become directly or indirectly liable, contingently or otherwise, with respect to (collectively for the purpose of this Condition 11.4 and Condition 11.17 (*Additional Secured Creditors*) “**incur**”) any Financial Indebtedness or issue any Disqualified Stock or preferred stock, provided, however, that the Issuer may incur Financial Indebtedness or issue Disqualified Stock and the Guarantors may incur Financial Indebtedness and issue preferred stock if: (a) the Incurrence Test is met (calculated on a *pro forma* basis as if the additional Financial Indebtedness had been incurred or the Disqualified Stock or the preferred stock had been

issued, as the case may be, at the beginning of the Relevant Period ending on the last day of the period covered by the most recent Financial Report); and, if a Financial Indebtedness is to be incurred, (b) such Financial Indebtedness ranks *pari passu* with or is unsecured, other than Financial Indebtedness with respect to Additional Secured Obligations, or is subordinated to the obligations of the Issuer or the Guarantors under the Finance Documents. The foregoing shall not prohibit the incurrence of any Permitted Debt.

11.5. Negative pledge

The Issuer shall not, and the Guarantors have undertaken in the Guarantee not to, create or allow to subsist, retain, provide, prolong or renew any security of any kind (including any mortgage, lien, pledge, charge, security interest or encumbrance) (“**Security**”) over any of their assets (present or future) to secure any Financial Indebtedness, provided, however, that the Obligors have a right to create or allow to subsist, retain, provide, prolong and renew any Permitted Security, subject at all times to the provisions of Condition 11.17 (*Pledges over receivables*) below.

11.6. Loans out

The Issuer shall not, and the Guarantors have undertaken in the Guarantee not to, except for Permitted Loans, be the creditor or guarantor of any Financial Indebtedness.

11.7. Disposals of assets

- (a) The Issuer shall not, and the Guarantors have undertaken in the Guarantee not to, sell or otherwise dispose of Equity Interest in any Restricted Subsidiary or of all or substantially all of the Issuer’s or any Guarantor’s assets or operations to any Person (including the Issuer and the Guarantors). The above shall not prevent the following transactions:
- (i) the sale or other disposal of Equity Interest in any Restricted Subsidiary, other than the Guarantors, (i) to the Issuer or the Restricted Subsidiaries and (ii) to a Person other than the Issuer and the Restricted Subsidiaries provided that the transaction is carried out at fair market value and on terms and conditions customary for such transaction and provided that it does not have a Material Adverse Effect;
 - (ii) the sale or other disposal of Equity Interest in any Restricted Subsidiary, to directors, officers and employees of the Issuer or any Restricted Subsidiary, provided that (A) the transaction is carried out at the higher of the fair market value or book value or any higher amount and on terms and conditions customary for such transaction, (B) the percentage of Equity Interest held by directors, officers and employees of the Issuer or of the Restricted Subsidiary in such Restricted Subsidiary does not exceed 15% and (C) it does not have a Material Adverse Effect;
 - (iii) the sale or other disposal of Equity Interest in the Issuer or in any of the Guarantors or of all or substantially all of the assets

or operations of the Issuer or any Guarantor to the Issuer or a Guarantor;

- (iv) the sale or other disposal of Equity Interest in any Guarantor to a Person other than the Issuer and the Guarantors provided that: (i) the seller of the Equity Interest in the Guarantor is the Issuer or a Guarantor and that the proceeds from the sale are paid to the Issuer or a Guarantor, as applicable; (ii) the transaction is carried out at fair market value and on terms and conditions customary for such transactions; and (iii) such transaction does not have a Material Adverse Effect; and
 - (v) the sale or other disposal of all or substantially all of the assets or operations of any Guarantor, to a Person other than the Issuer or a Guarantor provided that: (i) the proceeds from the sale or other disposal are paid to the Issuer or a Guarantor, as applicable; (ii) the transaction is carried out at fair market value and on terms and conditions customary for such transactions; and (iii) such transaction does not have a Material Adverse Effect.
- (b) For the avoidance of doubt, the sale or disposal of all or substantially all of the assets or operations in the Issuer and the Restricted Subsidiaries taken as a whole shall be governed by Condition 6.4 (*Mandatory repurchase due to a Put Option Trigger Event (put option)*).

11.8. Mergers

The Issuer shall not, and the Guarantors have undertaken in the Guarantee not to, directly or indirectly, consolidate or merge with or into another Person. The above shall not prevent the following mergers, provided that they do not have a Material Adverse Effect:

- (a) mergers between or among Restricted Subsidiaries;
- (b) mergers of the Restricted Subsidiaries into the Issuer;
- (c) mergers between or among the Issuer or a Guarantor and other Guarantors;
- (d) mergers between or among the Restricted Subsidiaries (including the Obligors), provided, in the case of a merger of the Issuer or a Guarantor, that the Person formed by or surviving any such merger (if other than the Issuer or a Guarantor, as the case may be) assumes all the obligations of the Issuer or the Guarantor, as the case may be, under these Terms and Conditions and the Guarantee (as applicable) pursuant to accession agreements reasonably satisfactory to the Agent;
- (e) mergers of the Issuer or a Restricted Subsidiary on the one side and a Third Party on the other side, provided that: (i) the Issuer or the Restricted Subsidiary, as applicable, is the surviving Person; and (ii) the Issuer would, on the date of the merger, have been permitted to incur at least EUR 1.00 of additional Financial Indebtedness pursuant to the Incurrence Test (calculated on a *pro forma* basis as if the merger had been made at the beginning of the Relevant Period ending on the last

day of the period covered by the most recent Financial Report) or have, an Interest Coverage Ratio, Capitalization Ratio and Consolidated Net Leverage Ratio not lower than it was immediately prior to giving effect to such transaction;

- (f) mergers of a Restricted Subsidiary, other than the Issuer or the Guarantors, on the one side and a Third Party on the other side, where the Person formed by or surviving such merger is the Third Party, provided that: (i) the shares in the surviving entity received as consideration and any other consideration will be held by the Group Company that held the shares of the Restricted Subsidiary previous to the merger; and (ii) the merger is carried out at fair market value and on terms and conditions customary for such mergers; and
- (g) mergers of a Guarantor on one side and a Third Party on the other side, where the Person formed by or surviving such merger is the Third Party, provided that: (i) the shares in the surviving entity received as consideration and any other consideration are held by the Issuer or a Guarantor, as applicable, post the merger; and (ii) the merger is carried out at fair market value and on terms and conditions customary for such mergers.

11.9. Dividend and other payment restrictions

The Issuer shall not, and the Guarantors have undertaken in the Guarantee not to create or permit to exist or become effective any consensual encumbrance or restriction on the ability of any Restricted Subsidiary to: (a) pay dividends or make any other distributions on its Capital Stock to the Issuer or any of the Restricted Subsidiaries, or with respect to any other interest or participation in, or measured by, its profits, or pay any Financial Indebtedness owed to the Issuer or any of the Restricted Subsidiaries; (b) make loans or advances to the Issuer or any of the Restricted Subsidiaries; or (c) sell, lease or transfer any of its properties or assets to the Issuer or any of the Restricted Subsidiaries; in each case, only if such encumbrance or restriction result in a Material Adverse Effect and unless such encumbrance or restriction is contained in or related to Financial Indebtedness constituting a Permitted Debt, Permitted Security or Permitted Loan or is otherwise permitted to be incurred under these Terms and Conditions and the terms and conditions for the Additional Secured Obligations.

11.10. Additional Guarantee

The Issuer shall procure that any Material Group Company (except (i) Mogo Auto Limited (Kenya), (ii) Green Power Trading LTD (Kenya), (iii) Mogo Loans Ltd (Uganda), (iv) OOO Mogo Lend (Uzbekistan), and (v) any Material Group Company incorporated in sub-Saharan Africa (except for any Group Company incorporated in the Republic of South Africa)) which is not a Guarantor as of the Existing Bonds Issue Date shall become a guarantor of the Bonds within three (3) months after becoming a Material Group Company (an “**Additional Guarantor**”). Such Additional Guarantor shall be a “Guarantor” and such new Guarantee shall be a “Guarantee” for the purpose of these Terms and Conditions. Notwithstanding the foregoing, the Issuer shall not be obligated to cause such Material Group Company to guarantee the Bonds to the extent that such new Guarantee by such Material Group Company would reasonably be expected to give rise to or result in a violation of applicable law which, in any case, cannot be prevented or otherwise avoided through measures reasonably

available to the Issuer or the Material Group Company or any liability for the officers, directors or shareholders of such Material Group Company.

11.11. Additional Transaction Securities

The Issuer shall procure that in order to prevent a breach of the thresholds referred to in Condition 11.17 (*Pledges over receivables*) below (following a disposal in accordance with Condition 11.7 (*Disposals of assets*) above or for any other reason), the Issuer may cause a Restricted Subsidiary (a) to enter into a transaction security document with the Security Agent substantially equivalent to the Initial Transaction Security Documents (a “**Cure Receivables Pledgor**”) and (b) shall grant a pledge over the receivables of such Cure Receivables Pledgor to the Security Agent, and the Cure Receivables Pledgor shall be a “Pledgor” and such new transaction security documents shall be a “Transaction Security Document” for the purpose of these Terms and Conditions. Notwithstanding the foregoing, the Issuer shall not be obligated to cause such Restricted Subsidiary to grant the Transaction Securities to the extent that such new Transaction Securities by such Restricted Subsidiary would reasonably be expected to give rise to or result in a violation of applicable law which, in any case, cannot be prevented or otherwise avoided through measures reasonably available to the Issuer or the Restricted Subsidiary or any liability for the officers, directors or shareholders of such Restricted Subsidiary.

11.12. Dealings with related parties

The Issuer shall, and the Guarantors have undertaken in the Guarantee to conduct all dealings with the direct and indirect shareholders of the Group Companies (excluding other Group Companies) and/or any Related Parties of such direct and indirect shareholders at arm’s length terms.

11.13. Compliance with laws

The Issuer shall, and the Guarantors have undertaken in the Guarantee to (a) comply in all material respects with all laws and regulations applicable from time to time and (b) obtain, maintain, and in all material respects comply with, the terms and conditions of any authorization, approval, licence or other permit required for the business carried out by a Group Company.

11.14. Financial reporting and information

- (a) The Issuer shall:
- (i) prepare and make available the annual audited unconsolidated and consolidated financial statements of the Issuer, including a profit and loss account, a balance sheet, a cash flow statement and management commentary or report from the Issuer’s board of directors, to the Agent and on its website not later than four (4) months after the expiry of each financial year;
 - (ii) prepare and make available the quarterly interim unaudited consolidated reports of the Issuer, including a profit and loss account, a balance sheet, a cash flow statement and management commentary or report from the Issuer’s board of directors, to the Agent and on its website not later than forty-

five (45) calendar days after the expiry of each relevant interim period;

- (iii) hold quarterly earning calls with investors in the Bonds;
 - (iv) issue a Compliance Certificate to the Agent and make it available on its website (A) in connection with the incurrence of Financial Indebtedness, the issuance of Disqualified Stock or preferred stock, the payment or distribution of any Restricted Payment and a merger under Condition 11.8 (*Mergers*) which requires that the Incurrence Test is met, (B) in connection with the Financial Reports being made available and (C) at the Agent's request, within twenty (20) calendar days from such request;
 - (v) keep the latest version of these Terms and Conditions (including documents amending these Terms and Conditions) available on its website; and
 - (vi) promptly notify the Agent (and, as regards a Put Option Trigger Event, the Holders) upon becoming aware of the occurrence of (i) a Put Option Trigger Event or an Equity Listing Event, (ii) an Event of Default or (iii) a default or an event of default, howsoever described, under the terms and conditions of the Existing Bonds or the Additional Secured Obligations, and shall provide the Agent with such further information as the Agent may request (acting reasonably) following receipt of such notice.
- (b) The Issuer shall notify the Agent of any transaction referred to in Condition 11.7 (*Disposals of assets*) and shall, upon request by the Agent, provide the Agent with (a) any information relating to the transaction which the Agent deems necessary (acting reasonably) and, if applicable, (b) a determination from the Issuer which states whether the transaction is carried out at fair market value and on terms and conditions customary for such transaction and whether it has a Material Adverse Effect or not. The Agent may assume that any information provided by the Issuer is correct, and the Agent shall not be responsible or liable for the adequacy, accuracy or completeness of such information. The Agent is not responsible for assessing if the transaction is carried out at fair market value and on terms and conditions customary for such transaction and whether it has a Material Adverse Effect, but is not bound by the Issuer's determination under item (b) above.
- (c) The Issuer shall notify the Agent of any merger referred to in Condition 11.8 (*Mergers*) and shall, upon request by the Agent, provide the Agent with (a) any information relating to the merger which the Agent deems necessary (acting reasonably), including, in case of a merger where the Issuer or a Guarantor is not the surviving entity pursuant to Condition 11.8 an opinion by legal counsel, that the accession agreement executed in connection therewith, these Terms and Conditions and/or the Guarantee are legally valid and binding obligations of the successor Person in accordance with their terms.

11.15. Agent Agreement

- (a) The Issuer shall, in accordance with the Agent Agreement:
 - (i) pay fees to the Agent;
 - (ii) indemnify the Agent for costs, losses and liabilities;
 - (iii) furnish to the Agent all information reasonably requested by or otherwise required to be delivered to the Agent; and
 - (iv) not act in a way which would give the Agent a legal or contractual right to terminate the Agent Agreement.
- (b) The Issuer and the Agent shall not agree to amend any provisions of the Agent Agreement without the prior consent of the Holders if the amendment would be detrimental to the interests of the Holders.

11.16. Pledges over receivables

The Issuer shall ensure that the receivables pledged under the Transaction Securities (including, for the avoidance of doubt, under any additional Transaction Securities granted in accordance with Condition 11.11 (*Additional Transaction Securities*) above) creating security interests over receivables shall, at all times, (i) have a value in principal amount equal to at least EUR 17,000,000 and (ii) have a value in principal amount at least equal to 33.3% of the principal amount outstanding under the Bonds, including the outstanding principal amount of any further issues of bonds which are fungible and to be consolidated with the Bonds pursuant to Condition 15 (*Further Issues*).

11.17. Additional Secured Creditors

Should the Issuer or any Restricted Subsidiary incur additional Financial Indebtedness as permitted under Condition 11.4 (*Financial Indebtedness and Disqualified Stock*), which would need to be secured by the Transaction Security pursuant to the Transaction Security Documents, the Issuer shall, and shall procure that the relevant Restricted Subsidiary shall:

- (a) enter into an Intercreditor Agreement;
- (b) procure that the Additional Secured Creditors, or any such Issuer, or Restricted Subsidiary acting for the benefit of the Additional Secured Creditors, appoint the Security Agent as their representative for the purpose of enforcing the Transaction Security in accordance with and subject to the Transaction Security Documents; and
- (c) use best effort to procure that the finance documents pertaining to such Additional Secured Obligations include provisions substantially equivalent to the ones under Condition 10 (*Transaction Securities*).

12. FINANCIAL COVENANTS

12.1. Financial Conditions

The Issuer shall ensure that either:

- (a) the Interest Coverage Ratio for the Relevant Period is at least 1.25x;
- (b) the Capitalization Ratio for the Relevant Period is at least 15%; and
- (c) the Consolidated Net Leverage Ratio for the Relevant Period does not exceed 6.00x.

12.2. Financial Testing

The financial covenants set out in Condition 12.1 (*Financial Conditions*) shall be calculated in accordance with the Accounting Principles and tested by reference to each of the Financial Report of the Issuer delivered pursuant to Condition 10.1(i) and 10.1(ii) and/or each Compliance Certificate delivered pursuant to Condition 10.1(iv) and, in case the Group has acquired or sold/divested another entity during the Relevant Period, by including reference to each of the financial reports of such acquired or sold/divested entity prior to the acquisition or sale on a *pro forma* basis.

12.3. Covenant Cure

- (a) The shareholders of the Issuer may cure or prevent a breach of the financial covenants in Condition 12.1 (*Financial Conditions*) (and any Event of Default arising as a result therefrom) if, prior to or within ninety (90) calendar days of the earlier of (i) the date on which the relevant Financial Report and Compliance Certificate are to be delivered and (ii) the date that such Financial Report and Compliance Certificate were in fact delivered to the Agent pursuant to the terms of this Agreement for any Relevant Period in which such failure to comply was (or would have been) first evidenced, the Issuer receives the cash proceeds of New Shareholder Injections from the shareholders of the Issuer (the “**Equity Cure**”), in an amount at least sufficient to ensure that the financial covenants set out above would be complied with if tested again as at the last day of the same Relevant Period on the basis that any Equity Cure so provided shall be included for the Relevant Period as if provided immediately prior to the last day of such Relevant Period (the “**Adjustment**”).
- (b) Any new equity and/or subordinated debt so provided in respect of any Relevant Period shall be deemed to have been provided immediately prior to the last date of such Relevant Period and shall be included (without double counting) in all relevant covenant calculations until the date it was deemed provided falls outside any subsequent Relevant Period.
- (c) In relation to any Equity Cure provided prior to the date of delivery of the relevant Compliance Certificate for the Relevant Period, such Compliance Certificate shall set out the revised financial covenants for the Relevant Period by giving effect to the Adjustment set out above and confirming that such Equity Cure has been provided.
- (d) In relation to any such Equity Cure so provided following the date of delivery of the relevant Compliance Certificate for the Relevant Period, immediately following the proceeds of that Equity Cure being provided to it, the Issuer shall provide a revised Compliance Certificate to the

Agent setting out the revised financial covenants for the Relevant Period by giving effect to the Adjustment.

- (e) If, after giving effect to the Adjustment, the requirements of the relevant financial covenants are met, then the requirements thereof shall be deemed to have been satisfied at the relevant original date of determination and any default, Event of Default occasioned thereby shall be deemed to have been remedied for the purposes of the Finance Documents.

13. TERMINATION OF THE BONDS

13.1. The Agent is entitled, on behalf of the Holders, to terminate the Bonds and to declare all, but not only some, of the Bonds due for payment immediately or at such later date as the Agent determines (such later date not falling later than twenty (20) Business Days from the date on which the Agent made such declaration), if:

- (a) Non-payment

any Obligor fails to pay an amount on the date it is due in accordance with the Finance Documents unless its failure to pay is due to technical or administrative error and is remedied within ten (10) Business Days of the due date;

- (b) Other obligations

the Issuer or any other Group Company does not comply with the Finance Documents in any other way than as set out under item (a) (Non-payment) above, unless the non-compliance (i) is capable of being remedied and (ii) is remedied within fifteen (15) Business Days of the earlier of the Agent giving notice and the Issuer becoming aware of the non-compliance (if the failure or violation is not capable of being remedied, the Agent may declare the Bonds payable without such prior written request);

- (c) Cross-default and cross-acceleration

- (i) an event of default, howsoever described, occurs under the Existing Bonds or any Additional Secured Obligations;
- (ii) any Financial Indebtedness of any Material Group Company is not paid when due nor within any originally applicable grace period or is declared to be or otherwise becomes due and payable prior to its specified maturity as a result of an event of default howsoever described under any document relating to Financial Indebtedness of any Material Group Company; or
- (iii) any security interest securing Financial Indebtedness over any asset of any Material Group Company is enforced;

provided however that the amount of Financial Indebtedness referred to under item (ii) and/or (iii) above, individually or in the aggregate exceeds an amount corresponding to EUR 10,000,000 (or its equivalent

in any other currency) and provided that it does not apply to any Financial Indebtedness owed to a Group Company;

(d) Insolvency

- (i) any Material Group Company is unable or admits inability to pay its debts as they fall due or is declared to be unable to pay its debts under applicable law, suspends making payments on its debts generally or, by reason of actual or anticipated financial difficulties, commences negotiations with its creditors (other than under these Terms and Conditions) with a view to rescheduling its Financial Indebtedness other than the Bonds;
- (ii) a moratorium is declared in respect of the Financial Indebtedness of any Material Group Company; or
- (iii) a Luxembourg Insolvency Event occurs with respect to the Issuer.

(e) Insolvency proceedings

any corporate action, legal proceedings or other procedures are taken (other than (i) proceedings or petitions which are being disputed in good faith and are discharged, stayed or dismissed within thirty (30) calendar days of commencement or, if earlier, the date on which it is advertised and (ii), in relation to the Group Companies other than the Issuer or the Guarantors, solvent liquidations) in relation to:

- (i) the suspension of payments, winding-up, dissolution, administration or reorganization (by way of voluntary agreement, scheme of arrangement or otherwise) of any Material Group Company;
- (ii) the appointment of a liquidator, receiver, administrator, administrative receiver, compulsory manager or other similar officer in respect of any Material Group Company or any of its assets; or
- (iii) any analogous procedure or step is taken in any jurisdiction in respect of any Material Group Company;

(f) Mergers and demergers

unless allowed under Condition 11.8 (*Mergers*), the Issuer or any Guarantor merges with a Person other than the Issuer or a Guarantor, or is subject to a demerger, with the effect that the Issuer or the Guarantor is not the surviving entity;

(g) Creditors' process

any expropriation, attachment, sequestration, distress or execution or any analogous process in any jurisdiction affects any asset or assets of any Material Group Company having an aggregate value equal to or exceeding EUR 10,000,000 (or its equivalent in any other currency) and where such process (i) is not discharged within thirty (30) calendar days

or (ii) is being made in bad faith by the claimant, as evidenced by the Issuer to the Agent (such evidence to be accepted or dismissed by the Agent in its sole discretion);

(h) Impossibility or illegality

it is or becomes impossible or unlawful for the Issuer or the Guarantors to fulfil or perform any of the provisions of the Finance Documents or if the obligations under the Finance Documents are not, or cease to be, legal, valid, binding and enforceable;

(i) Loss of business license

any Guarantor loses its business license and such loss of business license has a Material Adverse Effect;

(j) Continuation of the business

any Guarantor ceases to carry on its business (except if due to (i) a merger or a disposal of assets as permitted under Conditions 11.7 (*Disposals of assets*) and 11.8 (*Mergers*)) (ii) any economic or financial sanctions, embargo or similar political or regulatory events, or (iii) implementation or adoption of, or change in, law, regulation, interpretation, action or response of a regulatory authority) and such event has a Material Adverse Effect.

13.2. Termination for payment prematurely may only occur if the cause of termination is continuing at the time of the Agent's declaration. However, if a moratorium occurs, the ending of that moratorium will not prevent termination for payment prematurely on the ground mentioned in Condition (d) (*Insolvency*).

13.3. If the right to terminate the Bonds is based upon a decision of a court of law or a government authority, it is not necessary that the decision has become enforceable under law or that the period of appeal has expired in order for cause of termination to be deemed to exist.

13.4. The Issuer is obligated to inform the Agent immediately if any circumstance of the type specified in Conditions 13.1 should occur. Should the Agent not receive such information, the Agent is entitled to assume that no such circumstance exists or can be expected to occur, provided that the Agent does not have knowledge of such circumstance. The Agent is under no obligations to make any investigations relating to the circumstances specified in Condition 13.1. The Issuer shall further, at the request of the Agent, provide the Agent with details of any circumstances referred to in Condition 13.1 and provide the Agent with all documents that may be of significance for the application of this Condition 13.

13.5. The Issuer is only obligated to inform the Agent according to Condition 13.4 if informing the Agent would not conflict with any statute or the Issuer's registration contract with the Frankfurt Stock Exchange or the Nasdaq Riga Stock Exchange (or any other stock exchange, as applicable). If such a conflict would exist pursuant to the listing contract with the relevant stock exchange or otherwise, the Issuer shall however

be obligated to either seek the approval from the relevant stock exchange or undertake other reasonable measures, including entering into a non-disclosure agreement with the Agent, in order to be able to timely inform the Agent according to Condition 13.4

- 13.6. If the Agent has been notified by the Issuer or has otherwise determined that there is a default under these Terms and Conditions according to Condition 13.1, the Agent shall decide, within twenty (20) Business Days of the day of notification or determination, if the Bonds shall be declared terminated. If the Agent has decided not to terminate the Bonds, the Agent shall, at the earliest possible date, notify the Holders that there exists a right of termination and obtain instructions from the Holders according to the provisions in Condition 16 (*Meetings of Holders*). If the Holders vote in favor of termination and instruct the Agent to terminate the Bonds, the Agent shall promptly declare the Bonds terminated. However, if the cause for termination according to the Agent's appraisal has ceased before the termination, the Agent shall not terminate the Bonds. The Agent shall in such case, at the earliest possible date, notify the Holders that the cause for termination has ceased. The Agent shall always be entitled to take the time necessary to consider whether an occurred event constitutes an Event of Default and whether such event has a Material Adverse Effect.
- 13.7. If the Holders, without any prior initiative to decision from the Agent or the Issuer, have made a decision regarding termination in accordance with Condition 16 (*Meetings of Holders*), the Agent shall promptly declare the Bonds terminated. The Agent is however not liable to take action if the Agent considers cause for termination not to be at hand, unless the instructing Holders agree in writing to indemnify and hold the Agent harmless from any loss or liability and, if requested by the Agent in its discretion, grant sufficient security for such indemnity.
- 13.8. If the Bonds are declared due and payable in accordance with the provisions in this Condition 13, the Agent shall take every reasonable measure necessary to recover the amounts outstanding under the Bonds.
- 13.9. For the avoidance of doubt, the Bonds cannot be terminated and become due for payment prematurely according to this Condition 13 without relevant decision by the Agent or following instructions from the Holders' pursuant to Condition 16 (*Meetings of Holders*).
- 13.10. If the Bonds are declared due and payable in accordance with the provisions in this Condition 13, the Issuer shall redeem all Bonds with an amount per Bond equal to the applicable Prepayment Amount.

14. AGENTS

14.1. Paying Agent

The Issuer has appointed Baader Bank AG, Weihenstephaner Straße 4, 85716 Unterschleißheim, Germany, to act as paying agent (the "**Paying Agent**"). Changes of address shall be notified in accordance with Condition 18 (*Notices*). In no event will the specified office of the Paying Agent be within the United States or its possessions.

14.2. Calculation Agent

The Issuer has appointed Baader Bank AG, Weihenstephaner Straße 4, 85716 Unterschleißheim, Germany, to act as calculation agent (the “**Calculation Agent**”). Changes of address shall be published in accordance with Condition 18 (*Notices*). In no event will the specified office of the Calculation Agent be within the United States or its possessions.

14.3. Substitution

The Issuer will procure that there will at all times be a paying agent as well as a calculation agent. The Issuer may at any time, by giving not less than 30 days’ notice appoint another bank of good reputation as Paying Agent. Furthermore, the Issuer is entitled to terminate the appointment of any bank as Paying Agent. In the event of such termination or any of such bank being unable or unwilling to continue to act as Paying Agent in the relevant capacity, the Issuer will appoint another bank of good reputation as Paying Agent in the relevant capacity. Such appointment or termination will be published without undue delay in accordance with Condition 18 (*Notices*), or, should this not be possible, be published in another appropriate manner.

14.4. Binding Determinations

All determinations, calculations and adjustments made by any Agent will be made in conjunction with the Issuer and will, in the absence of manifest error, be conclusive in all respects and binding upon the Issuer and all Holders.

15. FURTHER ISSUES

The Issuer reserves the right to issue from time to time, without the consent of the Holders, additional bonds with substantially identical terms as the Bonds (as the case may be, except for the issue date, interest, commencement date and/or issue price), including in a manner that the same are fully fungible with the then existing Bonds and can be consolidated to form a single series of bonds and increase the aggregate principal amount of the Bonds. The term “**Bond**” will, in the event of such consolidation, also comprise such additionally issued bonds. The Issuer shall, however, not be limited in issuing additional bonds, which are not fungible and consolidated with the Bonds and which provide for different terms, as well as in issuing any other debt securities, subject to compliance with these Terms and Conditions.

16. MEETINGS OF HOLDERS

16.1. General

Articles 470-3 – 470-19 of the Luxembourg law dated 10 August 1915 on commercial companies, as amended (the “**Companies Law**”) shall be derogated by this Condition 16.

16.2. Convening of physical meetings

The Issuer may, and shall upon the request in writing signed by any one or more of the Holders holding not less than 10% of the principal amount of all the Bonds for the time being outstanding, convene a meeting of the Holders to be held at such place and by any means as the Issuer shall determine.

At least fourteen (14) clear days' notice shall be given by the Issuer to the Holder by simple letter or electronic mail, or through the Clearing System in the conditions provided in Condition 18 (*Notices*). The notice shall specify the place, day and hour of the meeting and the general nature of the business to be transacted. The notice shall state that the Holder is entitled to appoint a proxy to attend and vote on such Holder's behalf for the purposes of Conditions 16.7 (*Poll*) and 16.8 (*Voting*).

Any notice given through the Clearing System shall be deemed to have been given to each Holder on the day after the day on which the said notice was given to the Clearing System.

The accidental failure to give notice to or the non-receipt of notice by the Holder shall not invalidate the proceedings of or any resolution passed at any meeting.

16.3. Quorum and majority

Modification of the Conditions (i) to change the maturity of the Bonds or the date on which interest (if any) is payable in connection with the Bonds, (ii) to reduce the nominal amount of or reduce the interest rate (if any) payable in connection with the Bonds, (iii) to amend the redemption conditions, (iv) to increase or decrease the total interest and Redemption Amount (v) to change majority required to pass a resolution or (vi) to make any other change or amendment to the Conditions or the Transaction Security Documents (other than any modification, authorization or waiver as described in Condition 16.14 (*Amendments and waivers not requiring a Holders' resolution*) below) may only be made by a resolution approved by two-thirds of votes cast (an "**Extraordinary Resolution**").

Other resolutions concerning, inter alia, (i) the approval of any conservatory measure taken in the common interest of the Holders, (ii) the determination of any other measures aimed at defending the Holders' interests or the exercise by the Holders of their rights will be taken by a resolution approved by a simple majority of votes cast (an "**Ordinary Resolution**").

The quorum at any meeting for passing an Extraordinary Resolution or an Ordinary Resolution will be one or more persons holding or representing not less than 50% of the nominal amount of the relevant Bonds for the time being outstanding. Any resolution passed at any meeting of the Holders will be binding on all the relevant Holders (whether or not they were present at the meeting at which such resolution was passed).

If no quorum is present within thirty (30) minutes from the time appointed for any meeting of the Holders, the meeting shall be adjourned to such day (not being less than fourteen (14) days nor more than twenty-eight (28) days after the date of the original meeting) and time and place as the chairman directs. At any such adjourned meeting the Holder or Holders or proxies for Holders present, regardless of the number of Bonds held or represented by them, will constitute a quorum for all purposes. At least seven (7) days' notice of any adjourned meeting of the Holders shall be given. Notice of any adjourned meeting shall, so far as possible, be given in the same manner as for the original meeting and such notice shall state that the Holder or Holders or proxies for the Holders present at such meetings, regardless of the number or the Bonds held or represented by them, will constitute a quorum. No business shall be transacted at any adjourned meeting except business, which might

lawfully have been transacted at the meeting from which the adjournment took place.

16.4. Chairman

The Issuer may nominate in writing a person to preside as chairman at a meeting but if no such person is nominated or, if at any meeting the person nominated shall not be present within five minutes after the time appointed for holding the meeting the Holders present shall choose one of their number to be pro tempore chairman for this meeting. No chairman is requested for a decision that is taken by way of resolution in writing as set out in Condition 16.13 (*Resolution in writing*) below.

16.5. Attendance of members of the board of directors of the Issuer and advisors

The members of the board of directors and the legal and other professional advisors of the Issuer and any other person authorized in that behalf by the Issuer may attend and speak at any meeting.

16.6. Resolutions taken during a physical meeting

A resolution put to the vote of the meeting shall be decided on a show of hands unless before the declaration of the result on the show of hands a poll is demanded by the chairman or by one or more Holders present in person or by proxy and holding or representing in aggregate not less than 5% of the relevant Bonds for the time being outstanding. Unless a poll is so demanded, a declaration by the chairman that a resolution has been carried unanimously or by a particular majority or lost or not carried by a particular majority shall be conclusive evidence of the fact without proof of the number or proportion of the votes recorded in favor of or against such resolution.

16.7. Poll

If a poll is duly demanded it shall be taken in such manner and at such time and place as the chairman may direct except that a poll demanded on the election of a chairman or any question of adjournment shall be taken at the meeting without adjournment.

No notice need be given of a poll not taken immediately if the time and place at which it is to be taken are announced at the meeting at which it is demanded. In any other case, at least seven (7) days' notice shall be given.

The demand for a poll shall not prevent the continuance of the meeting for the transaction of any business other than the question on which the poll has been demanded. The demand for a poll may be withdrawn.

The result of a poll shall be deemed to be a resolution of the meeting at which the poll was demanded.

16.8. Voting

On a poll every Holder who is present in person or by proxy or, in the case of a corporation, by its authorized representatives shall have one vote for every

Bond held by him. A person entitled to more than one vote on a poll need not use all his votes or cast all the votes he uses in the same way.

No objection shall be raised to the qualification of any person voting except at the meeting or adjourned meeting at which the vote objected to is tendered, and every vote not disallowed at the meeting shall be valid. Any objection made in due time shall be referred to the chairman whose decision shall be final and conclusive.

16.9. Equality of votes

In the case of an equality of votes whether on a show of hands or on a poll the chairman of the meeting shall not be entitled to a casting vote.

16.10. Adjournment of meeting

The chairman may, with the consent of a meeting at which a quorum is present (and shall if so directed by the meeting), adjourn the meeting from time to time and from place to place but no business shall be transacted at any such adjourned meeting except business which might lawfully have been transacted at the meeting from which the adjournment took place. No notice of any such adjourned meeting need be given except when the meeting is adjourned for fourteen (14) days or more, in which event at least seven (7) clear days' notice shall be given.

16.11. Proxies

The instrument appointing a proxy shall be in writing and signed by the appointor or his attorney duly authorized in writing or, if the appointor is a corporation, signed by an attorney or officer so authorized. The Issuer may but shall not be bound to require evidence of the authority of any such attorney or officer.

A person appointed to act as proxy need not be a Holder. The chairman of the meeting may be designated as a proxy in an instrument of proxy without being named. An instrument of proxy shall be valid for any adjournment of the meeting to which it relates unless the contrary is stated on it.

The instrument appointing a proxy and the power of attorney under which it is signed or a notarially certified copy of such power of attorney shall be deposited at the Issuer's registered office or at such place as may be specified in the notice convening the meeting or any document accompanying such notice not less than forty-eight hours before the time appointed for holding the meeting or adjourned meeting or for the taking of the poll to which such instrument relates. Any instrument of proxy not deposited as provided in this Condition 16.11 shall be invalid.

The instrument appointing a proxy shall not have been granted more than twelve (12) months before the meeting at which it is purported to be used.

A vote given in accordance with the terms of an instrument appointing a proxy shall be valid notwithstanding the previous death or insanity of the principal or revocation of the proxy or of the authority under which the proxy is given unless notification in writing of the death, insanity or revocation shall have been received at the registered office of the Issuer prior to the commencement of the

meeting or adjourned meeting or the taking of the poll at which the proxy is to be used.

16.12. Minutes

The chairman shall procure that minutes of all resolutions and proceedings at every meeting shall be produced and duly entered in books to be provided for that purpose by the Issuer. Any such minutes as aforesaid if purporting to be signed by the chairman of the meeting or by the chairman of the next succeeding meeting of the Holders shall be conclusive evidence of the matters contained in the minutes and until the contrary is proved every such meeting in respect of which minutes have been made and signed as aforesaid shall be deemed to have been duly convened and held and all resolutions passed at such meeting to have been duly passed.

16.13. Resolution in writing

Notwithstanding the above, a resolution in writing signed as described in this Condition 16.13 (“**Vote without Meeting**”) shall be valid and effectual as if it had been passed at a meeting of the Holders duly convened and held. Such resolution in writing may consist of several documents in the like form each signed by or on behalf of one or more such persons.

A resolution in writing signed by or on behalf of the holders of not less than two-thirds in principal amount of the Bonds for the time being outstanding shall for all purposes be as valid and effectual as an Extraordinary Resolution passed at a meeting of Holders.

A resolution in writing signed by or on behalf of the holders of a simple majority in principal amount of the Bonds for the time being outstanding shall for all purposes be as valid and effectual as an Ordinary Resolution passed at a meeting of Holders.

A resolution in writing, for which the Holders will express their approval or disapproval electronically, shall for all purposes be as valid and effectual as an Ordinary Resolution or, as the case may be, an Extraordinary Resolution as if it had been passed at a meeting of the Holders duly convened and held.

16.14. Amendments and waivers not requiring a Holders’ resolution

The Issuer and the Agent may determine, without liability to any person therefor, any modification of the Terms and Conditions or the Transaction Security Documents, or waiver of any rights thereof, which is, in the opinion of the Issuer and the Agent, of a formal, minor or technical nature or is made to correct a manifest or proven error or to comply with mandatory provisions of law and which is in the opinion of the Issuer and the Agent not materially prejudicial to the interests of the Holders. Any such modification, authorization or waiver will be binding on the Holders and such modification will be notified to the Holders as soon as practicable in accordance with Condition 18 (*Notices*).

17. APPOINTMENT OF HOLDERS’ REPRESENTATIVE

17.1. The Holders may by majority resolution provide for the dismissal of the Agent who acts pursuant to Condition (e) also as Holders’

representative and shall provide by majority resolution for the appointment of another Holders' representative. Such appointment of the Holders' representative may at the same time also include the appointment as agent under Condition 9 (*Agent*). In the event that such Holders' representative/Agent is to be authorized to consent to a material change in the substance of the Terms and Conditions or other material matters, the appointment may only be passed by a Qualified Majority.

- 17.2. If the Holders' representative is also appointed in its capacity as Agent pursuant to Condition 9 (*Agent*), the provisions of Condition 9 (*Agent*) apply to such appointed Holders' representative and Agent.

18. NOTICES

- 18.1. Any notice or other communication to be made under or in connection with these Terms and Conditions:
- (a) if to the Agent, shall be given at the address Wiesenhüttenstraße 11, 60329 Frankfurt am Main, Germany on the Business Day prior to dispatch or, if sent by email by the Issuer, to such email address as notified by the Agent to the Issuer from time to time;
 - (b) if to the Issuer, shall be given at the address 8-10 Avenue de la Gare, L-1610 Luxembourg, Grand Duchy of Luxembourg or such address notified by the Issuer to the Agent from time to time or, if sent by email by the Agent, to such email address as notified by the Issuer to the Agent from time to time;
 - (c) if to a Guarantor, shall be given to the address stated in the Guarantee or such address notified by the Guarantor to the Agent from time to time or, if sent by email by the Agent, to such email address as notified by the Guarantor to the Agent from time to time; and
 - (d) if to the Holders, shall be published on the Issuer's website and/or otherwise in accordance with the provisions of legal regulations. A notice will be deemed to be made on the day of its publication (in case of more than one publication, on the day of the first publication). As long as the Bonds are cleared, the Issuer shall also make notifications to the clearing system for communication by the clearing system to the Holders or directly to the Holders, provided this complies with the rules of the stock exchange on which the Bonds are listed. Notifications vis-à-vis the clearing system will be deemed to be effected seven (7) days after the notification of the clearing system, direct notifications of the Holders will be deemed to be effected upon their receipt.
- 18.2. Any notice or other communication made by one Person to another under or in connection with these Terms and Conditions shall be sent by way of courier, personal delivery or letter (and, if between the Agent and the Issuer, by email) and will only be effective, in case of courier or personal delivery, when it has been left at the address specified in Condition 18.1 or, in case of letter, three (3) Business Days after being deposited postage prepaid in an envelope addressed to the address specified in Condition 18.1 or, in case of email to the Agent or the

Issuer, when received in legible form by the email address specified in Condition 18.1

- 18.3. Failure to send a notice or other communication to a Holder or any defect in it shall not affect its sufficiency with respect to other Holders.

19. PRESCRIPTION

Claims against the Issuer for payment in respect of the Bonds shall be prescribed and become void unless made within ten (10) years (in the case of payments relating to principal) or five (5) years (in the case of payments relating to interest) as from the date on which payment in respect thereof first becomes due or (if any amount of the money payable is improperly withheld or refused) as from the date on which notice is duly given to the Holders in accordance with Condition 18 (*Notices*) stating that, upon further presentation of the Bond being made in accordance with the Conditions, such payment will be made, provided that payment is in fact made upon such presentation.

20. APPLICABLE LAW AND PLACE OF JURISDICTION

20.1. Governing Law

The Bonds are governed by, and shall be construed in accordance with, Luxembourg law.

20.2. Jurisdiction

The exclusive place of jurisdiction for any action or other legal proceedings arising out of or in connection with the Bonds shall be the courts of Luxembourg, Grand Duchy of Luxembourg. The Issuer and the Holders hereby submit to the jurisdiction of such court.

XXI. GUARANTEE

The Bonds are unconditionally and irrevocably guaranteed and secured on a joint and several basis by the Guarantors under the terms and conditions set forth in a Luxembourg law governed professional payment guarantee agreement dated 31 October 2023, as amended and restated on or about 14 March 2025 substantially in the form set out herein.

GUARANTEE AGREEMENT DATED 31 OCTOBER 2023, AS AMENDED AND RESTATED ON _____ 2025 AND MADE BETWEEN

- (1) The companies listed in Annex 1; (jointly referred to as the “**Guarantors**” and each a “**Guarantor**”);
- (2) **TMF Trustee Services GmbH**, having its registered office at Wiesenhüttenstraße 11, 60329, Frankfurt am Main, Germany, registered with the lower court of Frankfurt am Main under number HRB 54140, acting on behalf of the Secured Creditors (the “**Security Agent**”);

AND

- (3) **Eleving Group**, a public limited liability company (*société anonyme*), incorporated under the laws of the Grand Duchy of Luxembourg, having its registered office at 8-10 Avenue de la Gare, L-1610 Luxembourg, Grand Duchy of Luxembourg and registered with Luxembourg trade and companies register (*Registre de commerce et des sociétés, Luxembourg*) under number B174457 (the “**Issuer**”).

The Guarantors, the Security Agent and the Issuer are collectively referred to as the “**Parties**” and each individually as a “**Party**”.

IT IS AGREED AS FOLLOWS:

PRELIMINARY CLAUSE

The original guarantors, the Security Agent and the Issuer entered into a guarantee agreement dated 31 October 2023 (the “**Original Guarantee Agreement**”).

The Original Guarantee Agreement is hereby amended and restated in the form of this Guarantee with effect starting from _____ 2025.

1. DEFINITION AND INTERPRETATION

1.1. Definitions

In this professional payment guarantee agreement (*garantie professionnelle de paiement*) (the “**Guarantee**”), the following capitalized terms shall have the meanings set forth below.

“**Effective Date**” means _____ 2025.

“**Obligor**” means the Issuer and each Guarantor.

“**Professional Guarantee Law**” means the Luxembourg law of 10 July 2020 relating to professional payment guarantees.

“Guaranteed Documents” means the Finance Documents as defined in the Terms and Conditions.

“Terms and Conditions” means the terms and conditions for the 13% Senior Secured Bonds 2023/2028 issued by Eleving Group with ISIN code DE000A3LL7M4.

Terms defined in the Terms and Conditions have the same meaning when used in this Guarantee unless otherwise defined in this Guarantee.

1.2. Interpretation

- (a) Save where the contrary intention appears, a reference in this Guarantee to any of the Guaranteed Documents or any other document shall be construed as a reference to such Guaranteed Document or such other documents as amended, varied, novated assigned, supplemented or restated from time to time, as the case may be, in accordance with its terms.
- (b) Save where the contrary intention appears, a reference in this Guarantee to any person or entity shall include any successor, assignee or transferee of such person or entity.

2. GUARANTEE

- 2.1. The Parties to this Guarantee hereby expressly agree that the guarantee constitutes a professional payment guarantee (*garantie professionnelle de paiement*) in accordance with article 2 of the Professional Guarantee Law and to submit the guarantee to the Professional Guarantee Law (the **“Guarantee”**).
- 2.2. The Guarantors hereby unconditionally and irrevocably guarantee by way of an independent payment obligation to each holder of the Bonds (the **“Holders”**) the due and punctual payment of principal of, and interest on, and any other amounts payable under the relevant Bonds (the **“Guaranteed Obligations”**) under the terms of this Guarantee.
- 2.3. This Guarantee shall be separate and independent from the obligations of the Issuer and shall exist irrespective of the validity and enforceability of the obligations of the Issuer under the Bonds.
- 2.4. The Guarantee constitutes an independent payment obligation for the benefit of the Secured Creditors, giving rise to the right of each Secured Creditor to require performance of the Guarantee directly from the Guarantors and to enforce the Guarantee directly against the Guarantors, notwithstanding the possibility to enforce the Guarantee through the Security Agent under the Terms and Conditions and the provisions of this Guarantee. The Parties expressly agree that any reference in this Guarantee to the Guaranteed Documents and to the Terms and Conditions shall under no circumstances be construed as affecting the independent, unconditional and irrevocable nature of the professional payment guarantee granted pursuant to this Guarantee.

- 2.5. The Guarantors irrevocably undertake to pay to the Security Agent upon written first demand (a “**Payment Demand**”) of the Security Agent, the amounts payable as principal, interest and other amounts due by the Secured Creditors pursuant to the Terms and Conditions on due dates as provided in the Terms and Conditions.
- 2.6. The intent and purpose of this Guarantee is to ensure that the Secured Creditors under all circumstances, whether factual or legal, and regardless of the validity and enforceability of the obligations of the Issuer or of any other grounds on the basis of which the Issuer may fail to effect payment, shall receive the amounts payable as principal, interest and other amounts to the Secured Creditors pursuant to the Terms and Conditions on due dates as provided in the Terms and Conditions.
- 2.7. The Guarantee will rank *pari passu* with all of the Guarantors’ existing and future senior unsecured debt and senior to all of their existing and future subordinated debt, notwithstanding certain limitation under the laws of the relevant Guarantor’s jurisdiction.
- 2.8. The Obligations of the Guarantors *vis-à-vis* the Security Agent under this Clause 2 shall not be:
- (a) satisfied, discharged, lessened, impaired or affected by any intermediate payment or settlement of account or any change in the constitution or control of, or the insolvency of, or any liquidation, winding up or analogous proceedings relating to, any of the Guarantors; and
 - (b) discharged, prejudiced, lessened, affected or impaired by any act, event, omission or circumstance whatsoever which but for this provision would or might operate to release or exonerate the Guarantors from all or any part of such obligations or in any way discharge, prejudice, lessen, affect or impair the same.
- 2.9. The Guarantors expressly consent to the Guarantee being independent from any other security granted in connection with the Bonds and waive any right which might result from the release of any such other security.

3. CONDITIONS OF THE GUARANTEE

- 3.1. The Guarantors hereby irrevocably and unconditionally undertake to pay to the Security Agent, upon the Payment Demand, and in accordance with the conditions set out here below, all sums which the Security Agent may claim hereunder up to a maximum amount of principal of 100,000,000 euro (one hundred million Euro), or the equivalent thereof in another currency, plus any interest, taxes or fiscal charges, duties, expenses, fees, rights, levies, indemnities and damages.
- 3.2. Any Payment Demand made by the Security Agent to the Guarantors under this Guarantee shall be made by way of a written notification addressed by the Security Agent to the Guarantors, sent in accordance with the provisions set forth in Clause 14 below and having the following content (each a “**Notification**”):

- (a) specifying that the Security Agent is making a Payment Demand under this Guarantee;
 - (b) specifying the amount due and payable by the Guarantors as well as the currency of payment of such sums; and
 - (c) providing details of the relevant bank account into which payment should be made, together with relevant instructions as to how payment should be made (if any),
 - (d) it being understood that:
 - (e) the Security Agent shall be under no obligation to provide the Guarantor with any additional document nor to support its claim with any other justification or evidence; and
 - (f) the payment obligation of the Guarantor under this Guarantee is not subject to the accuracy or the merit of any statement, declaration or information contained in any Notification.
- 3.3. The Guarantor shall make the payment requested in the Notification within two (2) Business Days as from the date of receipt (included) of the relevant Notification and in the currency as requested within the Notification. The Security Agent is entitled to request the payment of any amount in one or several instalments.
- 3.4. The Guarantors shall ensure that, so long as any of the Bonds are outstanding, but only up to the time all amounts of principal and interest have been placed at the disposal of the Paying Agent, the Issuer is at all times an Affiliate of the Guarantors.

4. GUARANTEE LIMITATIONS

The obligations and liabilities of and the guarantee issued by each Guarantor under this Guarantee shall be limited if required (but only if and to the extent required) under any applicable law or regulation in the respective jurisdiction in which each of the Guarantors are incorporated, including but not limited to the provisions set forth in Annex 2.

5. PAYMENT

- 5.1. Each Guarantor shall immediately upon receipt of a Payment Demand by the Security Agent make any payment due under this Guarantee to the Security Agent as representative for the Secured Creditors.
- 5.2. All moneys received by the Security Agent, or its designee, in exercise of its rights under this Guarantee shall be applied by the Security Agent in discharge of the Guaranteed Obligations in accordance with the terms of the Terms and Conditions.
- 5.3. All payments by a Guarantor under this Guarantee shall be paid to the account designated by the Security Agent in full, free of any present or future taxes, levies, duties, charges, fees or withholdings and without

any deductions, restrictions, conditions, liens, set off or counterclaim whatsoever from the Guarantor.

6. SPECIAL UNDERTAKINGS

Each Guarantor hereby undertakes to comply with the special undertakings set out in the conditions 11.2 (*Distributions*), 11.4 (*Financial Indebtedness and Disqualified Stock*), 11.5 (*Negative pledge*), 11.6 (*Loans out*), 11.7 (*Disposals of assets*), 11.8 (*Mergers*), 11.9 (*Dividend and other payment restrictions*), 11.10 (*Additional Guarantee*), 11.11 (*Additional Transaction Securities*), 11.12 (*Dealings with related parties*), 11.13 (*Compliance with law*) and 11.14 (*Financial reporting and information*) and 11.17 (*Pledge over receivables*) of the Terms and Conditions.

7. CONTINUING GUARANTEE

- 7.1. Subject to Clauses 10 and 12, this Guarantee shall be a continuing guarantee and shall not be affected in any way by any variation, extension, waiver, compromise, release or discharge in whole or in part of the Guaranteed Obligations, any Guaranteed Document or of any security or guarantee from time to time therefore. To the extent it can be avoided by any action of the relevant Guarantor or otherwise, this Guarantee shall not be affected by any change in the laws, rules or regulations of any jurisdiction or by any present or future action of any governmental authority or court.
- 7.2. This Guarantee shall be in addition to and independent of any other guarantee, pledge or other security given or held by any other Secured Creditor in respect of the Guaranteed Obligations.

8. IMMEDIATE RECOURSE

- 8.1. Each Guarantor waives any right it may have of first requiring any Secured Creditor (or any trustee or agent on its behalf) to proceed against or enforce any other rights or security or claim payment from any person before claiming from the Guarantors under this Guarantee.
- 8.2. This waiver applies irrespective of any law or any provision of a Guaranteed Document to the contrary.

9. WAIVER

- 9.1. Until the Guaranteed Obligations have been irrevocably paid in full, each Guarantor undertakes not to exercise any right:
 - (a) of recourse or subrogation;
 - (b) to be indemnified by an Obligor; or
 - (c) to take the benefit (in whole or in part and whether by way of subrogation or otherwise) of any rights of the Secured Creditors or of any Secured Creditor,

it may have by reason of performance of its obligations under this Guarantee.

- 9.2. Accordingly, each Guarantor acknowledges that it cannot raise any objection, ground or plea of any kind, in particular based on the Guaranteed Documents, to refuse or delay the performance of its obligations under this Guarantee and/or any payment to be made by it under this Guarantee. In particular, but without limitation, each Guarantor acknowledges that its obligations to make payments hereunder are independent from (i) the validity, regularity and/or enforceability of the Guaranteed Documents and the rights and obligations of the Issuer thereunder, (ii) any absence of action by the Security Agent against the Issuer to enforce the Security Agent's rights under the Guaranteed Documents, (iii) any waiver or consent given by the Security Agent with respect to any provisions of the Guaranteed Documents, (iv) the occurrence of any event whatsoever which could prevent the Issuer from performing any of its obligations, including its payment obligations, under the Guaranteed Documents, including in relation to the opening of any voluntary or judicial insolvency proceedings in any jurisdiction, (vi) any other circumstances which might otherwise constitute a legal discharge of or a defence for such Guarantor.

10. RELEASE

When all the Guaranteed Obligations have been duly and irrevocably paid and discharged in full the Security Agent shall, upon the Issuer's written request and expense, promptly release each Guarantor from its obligations under this Guarantee. However, if any of the Guaranteed Obligations was only temporarily satisfied or maybe set aside by an insolvency administrator or may otherwise be avoidable, the Guarantee shall continue in full force and effect.

11. COSTS AND EXPENSES

All costs and expenses (including legal fees and other out of pocket expenses and value added tax or other similar tax thereon) reasonably incurred by the Security Agent in connection with (i) the execution, preservation or enforcement of this Guarantee, and (ii) any amendment, consent, suspension or release of rights (or any proposal for the same) requested by a Guarantor relating to this Guarantee shall be borne by the relevant Guarantor and each Guarantor shall upon demand indemnify and hold the Security Agent harmless in respect of such reasonable costs and expenses.

12. ASSIGNMENTS

- 12.1. The Security Agent may assign and transfer all or a part of its rights, claims and obligations under this Guarantee to any assignee or successor appointed in accordance with the Terms and Conditions.
- 12.2. For the avoidance of doubt, any assignment or transfer of all rights, claims and obligations under the Guaranteed Documents made by the Security Agent or any other Secured Creditor in accordance with such Guaranteed Documents shall take effect as an assignment and assumption and transfer of all such Secured Creditor's rights and obligations under this Guarantee.

- 12.3. No Guarantor may assign or transfer any part of its rights, benefits, claims or obligation under this Guarantee.

13. DURATION

- 13.1. The Guarantee takes effect on the Effective Date.
- 13.2. The Guarantee shall expire upon the full and unconditional repayment of the Guaranteed Obligations (the “**Expiry Date**”).
- 13.3. After the Expiry Date, the Guarantors shall be discharged from all obligations under this Guarantee.

14. NOTICE

- 14.1. Any notice, communication or demand (including a claim hereunder) to be given to each Party in connection with this Guarantee shall be in writing and delivered by hand, email, registered post or courier in accordance with this Clause.
- 14.2. The address of each Party to this Guarantee in respect of any notice and communications under this Guarantee is the one specified for each Guarantor in Annex 1 and the Issuer and the Security Agent as follows:
- (a) Issuer
- Address: 8-10 Avenue de la Gare, L-1610 Luxembourg, Grand Duchy of Luxembourg
- Attention: Board of Directors
- (b) Security Agent
- Address: Wiesenhüttenstraße 11, 60329 Frankfurt am Main, Germany
- Attention: The Managing Directors
- Email: Marjan.Fredericks@tmf-group.com
- CMS_GER@tmf-group.com
- 14.3. Any notice or other communication made by one Party to another Party under or in connection with this Guarantee will only be effective:
- (a) in case of courier personal delivery, when it has been left at the address specified in this Guarantee;
- (b) in case of letter, three (3) Business Days after being deposited postage prepaid in an envelope addressed to the address specified in this Guarantee; or
- (c) in case of email, when received in legible form by the email address specified in this Guarantee.

15. MISCELLANEOUS

- 15.1. For the avoidance of doubt, the Guarantee shall not, in any manner whatsoever and for whatever reason, be construed as a *cautionnement* under articles 2011 et seq. of the Luxembourg Civil Code or as any other ancillary or similar undertaking.
- 15.2. No delay or omission in exercising any powers or privileges under this Guarantee shall be construed as a waiver thereof. Any exercise of any part of the rights shall not preclude subsequent enforcement of any such rights which have not, or have not fully, been exercised.
- 15.3. No amendment to this Guarantee shall be effective against any Party unless made in writing and signed by each of the Parties hereto, notwithstanding any decision by the Secured Creditors changing or amending the Terms and Conditions with regard to this Guarantee.
- 15.4. An original copy of this Guarantee is kept by the Security Agent at all times.

16. COUNTERPARTY

This Agreement may be executed in any number of counterparts each of which when executed and delivered shall be an original, but all counterparts together shall constitute one and the same instrument.

17. SEVERABILITY

Should any provision of this Guarantee be or become invalid, ineffective or unenforceable as a whole or in part, the validity, effectiveness and enforceability of the remaining provisions shall not be affected thereby. Any such invalid, ineffective or unenforceable provision shall be deemed replaced by such valid, effective and enforceable provision as comes closest to the economic intent and purpose of such invalid, ineffective or unenforceable provision as regards subject-matter, amount, time, place and extent. The aforesaid shall apply *mutatis mutandis* to any gap in this Guarantee.

18. GOVERNING LAW

This Guarantee shall be governed by and construed in accordance with the laws of Luxembourg law.

19. JURISDICTION

- 19.1. Subject to Clause 19.2, all disputes arising in connection with this Guarantee shall be submitted to the competent courts of Luxembourg.
- 19.2. The submission all disputes arising in connection with this Guarantee to the jurisdiction of Luxembourg shall not limit the right of the Security Agent or any court which may otherwise exercise jurisdiction over the relevant Guarantor or any of its assets.

The Parties have executed this Guarantee in two (2) originals.

1. LIMITATIONS FOR LATVIAN GUARANTORS

The obligations and liabilities of and the guarantee issued by a Guarantor incorporated in Latvia (each a “**Latvian Guarantor**”) under this Guarantee shall be limited at, any time, if (and only if) required and to the extent that this Guarantee would otherwise be illegal or prejudice any limitations required under applicable mandatory provisions of Latvian law.

2. LIMITATIONS FOR ESTONIAN GUARANTORS

The obligations and liabilities of and the guarantee issued by a Guarantor incorporated in Estonia (each a “**Estonian Guarantor**”) under this Guarantee shall be limited at, any time, if (and only if) required and to the extent that this Guarantee would otherwise be illegal or constitute unlawful provision of security within the meaning of § 159(3) of the Commercial Code of the Republic of Estonia or prejudice any limitations required under applicable mandatory provisions of Estonian law.

3. LIMITATIONS FOR LITHUANIAN GUARANTORS

The obligations and liabilities of and the guarantee issued by a Guarantor incorporated in Lithuania (each a “**Lithuanian Guarantor**”) under this Guarantee shall be limited at, any time, if (and only if) required and to the extent that this Guarantee would otherwise be illegal or constitute unlawful financial assistance within the meaning of Article 45² Paragraph 1 of the Law on Companies of the Republic of Lithuania or prejudice any limitations required under applicable mandatory provisions of Lithuanian law, to an aggregate amount not exceeding EUR 100,000,000.

For the purpose of execution and enforcement of this Guarantee, to the extent required to hold this Guarantee valid and enforceable before a Lithuanian court, the terms and conditions of this Guarantee shall be interpreted according to Book IV Chapter V Part III (“*Guarantee*”) of the Civil Code of the Republic of Lithuania.

4. LIMITATION FOR GEORGIAN GUARANTORS

The obligations and liabilities of and the guarantee issued by a Guarantor incorporated in Georgia (each a “**Georgian Guarantor**”) under this Guarantee shall be limited at, any time, if (and only if) required and to the extent that this Guarantee would otherwise be illegal, unenforceable or prejudice any limitations required under applicable mandatory provisions of Georgian law, to an aggregate amount not exceeding EUR 100,000,000.

Notwithstanding the generality of the terms and conditions under Clause 2 of this Guarantee, for the purposes of interpretation under Georgian law, to the extent required to hold this Guarantee valid and enforceable before a Georgian

court, this Guarantee is considered as joint liability of the Georgian Guarantor together with the Issuer under the Guaranteed Documents, to which the Georgian Guarantor fully acknowledges and irrevocably consents.

Furthermore, the Georgian Guarantor hereby undertakes to, in the event of enforcement hereunder, fully cooperate with the Security Agent in order to achieve full enforcement of this Guarantee under Georgian jurisdiction and refrain from any actions (or inactions) hindering such recognition and enforcement.

5. LIMITATION FOR ROMANIAN GUARANTORS

The obligations and liabilities of and the guarantee issued by a Guarantor incorporated in Romania (each a “**Romanian Guarantor**”) under this Guarantee shall be limited at, any time, to an aggregate amount not exceeding 9% of the Guarantor's own funds as such as defined by the Section II of the National Bank of Romania’s Regulation no. 20/2009.

6. LIMITATION FOR MOLDOVAN GUARANTORS

The obligations and liabilities of and the guarantee issued by a Guarantor incorporated in the Republic of Moldova (each a “**Moldovan Guarantor**”) under this Guarantee shall be limited at, any time, if (and only if) required and to the extent that this Guarantee would otherwise be illegal, unenforceable or prejudice any limitations required under applicable mandatory provisions of Moldovan law, to an aggregate amount not exceeding EUR 100,000,000.

This Guarantee shall not be enforceable and the Moldovan Guarantor shall not be obliged to make any payments under this Guarantee Agreement to the Security Agent / third parties holders of the Bonds, unless the Moldovan Guarantor duly performed the “Know your customer” check of the Security Agent and/or its beneficial owners pursuant to the Moldovan laws. Upon the request of the Moldovan Guarantor, the Security Agent will provide and will organize the provision of all the required documents and information for AML/KYC requirements.

7. LIMITATION FOR ARMENIAN GUARANTORS

The obligations and liabilities of and the guarantee issued by a Guarantor incorporated in the Republic of Armenia (the “**Armenian Guarantor**”) under this Guarantee shall be limited at, any time, if (and only if) required and to the extent that this Guarantee would otherwise be illegal, unenforceable or prejudice any limitations required under applicable mandatory provisions of laws and other legal acts and regulations of the Republic of Armenia, including but not limited to:

- (1) the provisions of Article 390 of the Civil Code of Armenia,

- (2) the provisions of Armenian law No HO-262 “On Bankruptcy of banks, credit organizations, investment companies, investment fund managers and insurance companies”,
- (3) the provisions of Clause 121 of the Decision of Central Bank No 347-N “On adopting Regulation No 14”.

Without prejudice to any other rights and obligations under this Guarantee, the Armenian Guarantor preserves its rights of subrogation claims against the Issuer in accordance to the provisions of Article 394 of the Civil Code of Armenia in relation to the funds paid to the Security Agent upon Payment Demand.

8. LIMITATION FOR ALBANIAN GUARANTORS

The obligations and liabilities of and the guarantee issued by a Guarantor incorporated in Albania (each an “**Albanian Guarantor**”) under this Guarantee shall be limited at, any time, if (and only if) required and to the extent that this Guarantee would otherwise be illegal or constitute unlawful provision of security or prejudice any limitations or preliminary approvals required under applicable mandatory provisions of Albanian law, including but without being limited to: (i) the provisions of the Albanian law no. 9901/2008 “*On entrepreneurs and commercial companies*”, (ii) the provisions of the Albanian law 9962/2006 “*On banks in the Republic of Albania*” and regulations of the Bank of Albania governing the activity and administration of risks of non-banking financial institutions in Albania and (iii) the Albanian law 110/2016 “*On bankruptcy*”.

9. LIMITATION FOR MACEDONIAN GUARANTORS

The obligations and liabilities of and the guarantee issued by a Guarantor incorporated in Republic of North Macedonia (each a “**Macedonian Guarantor**”) under this Guarantee shall be limited at any time, if (and only if) required and to the extent that this Guarantee would otherwise be illegal, unenforceable or prejudice any limitations required under applicable mandatory provisions of laws of North Macedonia including, but without limitations to (i) bankruptcy law of North Macedonia; (ii) law on obligations and torts of North Macedonia; (iii) international private law of North Macedonia.

XXII. ADDITIONAL INFORMATION ON THE GUARANTEES, THE TRANSACTION SECURITIES AND THE SECURITY AGENT

The following description is partly based on and must be read in conjunction with the Terms and Conditions of the Bonds. To the extent there is any discrepancy between the Terms and Conditions and the following description, the Terms and Conditions will prevail.

Guarantees and Transaction Securities

The following entities have issued Guarantees (together the “**Guarantors**”):

- (4) AS “mogo” (*Latvia*)
- (5) Primero Finance OÜ (previously “Mogo OÜ”) (*Estonia*)
- (6) UAB “mogo LT” (*Lithuania*)
- (7) Mogo LLC (*Georgia*)
- (8) Mogo IFN SA (*Romania*)
- (9) O.C.N. “MOGO LOANS” S.R.L. (*Moldova*)
- (10) MOGO Universal Credit Organization LLC (*Armenia*)
- (11) AS Renti (*Latvia*)
- (12) OCN SEBO CREDIT SRL (*Moldova*)
- (13) ECFA Sh.A. (previously Kredo Finance Shpk) (*Albania*)
- (14) Finance Company FINMAK DOO Skopje (previously Finance Company FINTEK DOO Skopje and Finance Company TIGO FINANCE DOOEL Skopje) (*North Macedonia*)
- (15) AS Eleving Solis (previously “AS Mogo Africa”) (*Latvia*)

The following entities of the Group (together the “**Pledgors**” and, together with the Guarantors, the “**Security Providers**”) have granted transaction securities for the due and punctual fulfilment of the Secured Obligations (as defined in the Terms and Conditions) (the “**Transaction Securities**”) in accordance with the transaction security documents listed below:

- (1) Mogo LLC (*Georgia*)
- (2) MOGO Universal Credit Organization LLC (*Armenia*)

The “**Initial Transaction Security Documents**” shall consist of:

- (a) Armenian law governed security documents (the “**Armenian Transaction Security Documents**”), including:
 - (i) an Armenian law governed receivables pledge agreement creating a first ranking pledge over present and future loan receivables which are not secured by Existing Securities granted by MOGO Universal Credit Organization LLC (Armenia) (the “**Armenian Receivables Pledge Agreement**”);

- (ii) an Armenian law governed share pledge agreement creating a second ranking pledge over all the shares directly and indirectly held by AS Eleving Vehicle Finance in MOGO Universal Credit Organization LLC (Armenia) (the “**Armenian Share Pledge Agreement**”);
- (b) Georgian law governed security documents (the “**Georgian Transaction Security Documents**”), including:
 - (i) a Georgian law governed receivables pledge agreement creating a first ranking pledge over present and future loan receivables which are not secured by Existing Securities granted by Mogo LLC (Georgia) (the “**Georgian Receivables Pledge Agreement**”);
 - (ii) a Georgian law governed share pledge agreement creating a second ranking pledge over all the ownership interests directly and indirectly held UAB Eleving Stella in Mogo LLC (Georgia) (the “**Georgian Share Pledge Agreement**”);
 - (iii) a Georgian law governed trademark pledge agreement creating a second ranking pledge over all trademarks owned by Mogo LLC (Georgia) and registered in Georgia (the “**Georgian Trademark Pledge Agreement**”);
 - (iv) a Georgian law governed bank account pledge agreement creating a second ranking pledge over primary bank accounts owned by Mogo LLC (Georgia) (the “**Georgian Account Pledge Agreement**”).

In addition, the Issuer shall, subject to local law local law requirements and limitations, procure that in order to prevent a breach of the thresholds of pledges over receivables referred to in the Terms and Conditions, the Issuer may cause a Restricted Subsidiary to (a) enter into a transaction security document with the Security Agent substantially equivalent to the Initial Transaction Security Documents and (b) grant a pledge over the receivables of such Restricted Subsidiary to the Security Agent.

For more information about the Transaction Securities and Guarantee, see “*Terms and Conditions of the Bonds*”.

Agent and Security Agent

TMF Trustee Services GmbH, established in Germany and registered with the lower court of Frankfurt am Main under number HRB 54140, with registered address at Wiesenhüttenstraße 11, 60329 Frankfurt am Main, will act as Agent and Security Agent.

XXIII. TAXATION

The tax legislation in force in the jurisdiction of a potential investor, in the Issuer's country of incorporation (i.e., the Grand Duchy of Luxembourg) and in any other relevant jurisdiction may have an impact on the income which may be received from the Bonds.

The following section is a description of certain tax consequences under the tax laws of Germany and Luxembourg with regard to the acquisition, ownership and sale of the Bonds. The following description of the German and Luxembourg tax situations is not intended to provide exhaustive information that might be necessary for an individual purchase decision regarding the Bonds offered. Only the essential regulations of income taxation are described in an outline. The Issuer points out that the specific tax consequences depend on the personal circumstances of the investors and may be affected by future changes in tax legislation, case law and/or the instructions of the fiscal authority. The description is based on the fiscal law applicable in Germany and Luxembourg at the time this Prospectus is being produced. These laws may change with retroactive effect as well. The specific tax treatment of the purchase, ownership or sale of the Bonds is thus only governed by the tax laws applicable in the individual case at any time in the respective interpretation by the fiscal authority and the fiscal courts. It cannot be ruled out that the interpretation by a tax authority or a fiscal court is different from the explanations shown here. Although the following explanations reflect the assessment by the Issuer, they may not be misinterpreted as tax advice or a guarantee. Tax advice cannot be replaced by these explanations and is therefore strongly recommended.

1. Taxation in Estonia

Taxation of Capital Gains from Sale or Exchange of Bonds

Residents

Gains realized by an Estonian resident individual upon the sale or exchange of securities (including the Bonds) are subject to income tax at the rate of 22%. For the purposes of capital gains taxation, the gain derived from the sale of securities (including the Bonds) is the difference between the acquisition cost and the sales price of such securities. The gain derived from the exchange of securities is the difference between the acquisition cost of securities subject to exchange and the market price of the property received as a result of the exchange. The expenses directly related to the sale or exchange of the Bonds may be deducted from the gains. Since all earnings of resident legal persons, including capital gains, are taxed only upon distribution (in Estonia corporate income tax is charged only on the distributed profit with the reinvested profits remaining untaxed until distribution), capital gains accruing to resident legal persons are not subject to immediate taxation.

Non-residents

As a general rule, capital gains received by non-residents from the sale or exchange of securities are not taxed in Estonia. Non-resident bondholders receiving capital gains from the sale or exchange of the Bonds may be subject to declaring and paying income tax in their respective countries of residence.

Taxation of Interest

Residents

Estonian resident individuals are subject to paying income tax (22%) on the interest received from securities (including the Bonds). Therefore, interest payments received by Estonian resident individuals from the Bonds are subject to income tax in Estonia. As a rule, if the interest has been paid by a non-resident entity, no income tax has been

withheld and the individual Estonian resident shall declare and pay income tax in Estonia. The interest is not subject to income tax, if it is received from financial assets acquired for the money held in the pension investment account specified in the Accumulated Pensions Act. Since all earnings of resident legal persons are taxed only upon distribution (as described above), interest received by Estonian resident legal persons is not subject to immediate taxation.

Non-residents

As a general rule, interest payments received by non-residents are exempt in Estonia. Non-resident bondholders receiving interest from the Bonds may be subject to declaring and paying income tax in their respective countries of residence.

Investment Account:

Estonian resident individuals may postpone the taxation of their investment income by using an investment account (in Estonian: *investeerimiskonto*) for the purposes of making transactions with certain financial assets (including the Bonds). An investment account is a cash account (standard bank account) opened with a resident credit institution of a member state of the OECD or in the permanent establishment of a credit institution located in the OECD country through which the transactions with the financial assets, taxation of income from which (e.g. capital gains, etc.) a person wants to postpone, shall be made. The moment of taxation of the financial income held on an investment account is postponed until such income is withdrawn from the investment account (i.e. the amount withdrawn from the account exceeds the amount which had been previously paid in to all investment accounts). Therefore, financial income held at the investment account may be reinvested tax-free until it is withdrawn from the account.

Similar to a regular investment account, a pension investment account specified in the Accumulated Pensions Act allows individual to make transactions with financial assets, while the taxation of income from such assets is postponed until the income is withdrawn from the pension investment account. Funds withdrawn from the pension investment account are generally taxed at a 22% income tax rate unless they are withdrawn after reaching retirement age, in which case a 10% or 0% income tax rate is applied (depending of the method of payment).

2. Taxation in Latvia

Latvian tax residents

Latvian tax residents are liable to pay and report capital gains in Latvia from worldwide transactions with capital assets. An individual is considered to be a resident of Latvia if any of the following conditions are fulfilled:

- The individual's declared place of residence is located in Latvia.
- The individual resides in Latvia for 183 days or longer in a 12-month period beginning or ending during the tax year.
- The person is a citizen of Latvia and is employed abroad by the government of Latvia.

In case an individual spends significant time or has close personal and economical relationships with the foreign country as well, a double tax treaty concluded between Latvia and this country has to be consulted as it may hold specific provisions to determine tax residency for the individual.

Capital gains from sale of securities are taxable in Latvia as regular capital gains or income from investment account. In general, in the case of transactions with financial

instruments (securities), including bonds and transactions, a declared investment account shall not be used (Special requirements of Section 11.13 of the law of On Personal Income Tax), the procedure for applying the normal personal income tax to capital gains is then applicable, which provides for a quarterly or annual declaration of income from capital gains.

Capital gains are determined by deducting the acquisition value from the disposal price of the capital asset, including expenses related to its acquisition. The tax rate for capital gains is 25.5%. The date of receipt of the income shall be deemed to be the day on which the payer receives the money or other matters.

The deadline for the submission of the declaration shall be based on the amount of revenue generated during the quarter:

- above EUR 1,000, the declaration shall be submitted quarterly by the 15th of the following month;
- up to EUR 1,000 - the declaration shall be submitted by 15th January of the following year.

Tax calculated on capital gains is payable to the state budget by 23rd date of the filing month.

In case the individual has received an income as a capital gain as well as losses occurred from alienation of other capital assets, the positive capital gain can be covered by the losses incurred in the same taxation year. The individual may submit an annual capital gain tax return in order to refund the overpaid tax amount, if any, starting from the 1st March of a post-taxation year.

On the other hand, if securities transactions are carried out using an investment account in accordance with the provisions of Section 11.13 of the Law On Personal Income Tax, the special principles for calculating personal income tax for transactions in an investment account shall be applied. In this case, income is classified as income from capital other than capital gains and a 25.5% tax rate applies to that type of income. The date on which the amount of money paid out from an investment account exceeds the amount of money paid into an investment account shall be considered as the date on which the income from the investment account was generated.

If an investment account is used to carry out transactions in securities, the income, if any, shall be declared in the annual income statement by completing Annex D1, "Income earned in the tax year for which the non-taxable minimum and benefits are not applied", and shall calculate the personal income tax to be paid. Filing deadline depends on annual income. If it exceeds 78,100 EUR, filing deadline is the 1st of July of the year following tax year. Otherwise filing deadline is 1 June of the year following tax year. Tax shall be paid by the 23rd date of the filing month (23 June or 23 July). If tax payable exceeds EUR 640, it can be split on three equal instalments (23 June, 23 July, 23 August or 23 July, 23 August, 23 September).

Transactions in capital assets (securities) shall be based on supporting documents of revenue and expenditure (e.g. a credit institution's payment document justifying the size of the investments, or an account statement of the contributions made and the costs of the capital asset in question).

As of 1 January 2025 additional 3% rate for annual income exceeding EUR 200,000 applies. The additional tax rate applies to taxable income, including capital gains, other capital income, previously exempt dividends and liquidation quotas. The 3% surcharge will be determined upon filing the annual income tax declaration and applies only to the income portion above €200,000.

Latvian tax non-residents

As a general rule, capital gains received by non-residents from the sale or exchange of securities are not taxed in Latvia with personal income tax. However, withholding tax might apply according to the Latvian law on “Enterprise Income Tax”.

The Latvian law on “Enterprise Income Tax” prescribes that non-payment of corporation tax funds does not mean they do not have to deduct corporation tax from costs to non-residents. Such an enterprise income tax payer is the recipient of the income, not the fund itself. This will be important in the income receiving country, so that it is possible to reduce the enterprise income tax to be paid there in respect of the enterprise income tax withheld in Latvia or not in general, depending on the double taxation system.

The Latvian Enterprise Income Tax Law provides for withholding enterprise income tax from the following payments to non-residents:

- on management and advisory services — 20%;
- on the disposal of real estate in Latvia — 3%;
- on rent of real estate located in Latvia – 5%;
- payments to offshores – 20% (except for goods and securities for public circulation of the EU and the European Economic Area).

The Latvian fund should not choose a foreign company as a manager from a country with which Latvia does not have a tax convention, according to which it is possible to exempt management and advisory services from withholding tax.

3. Taxation in Lithuania

Tax Residents

An individual is a tax resident of Lithuania (resident individual) if his/her:

- (a) permanent place of residence in the relevant tax period is in Lithuania, or
- (b) whose personal, social or economic interests in the relevant tax period are located in Lithuania, or
- (c) who is present in Lithuania continuously or intermittently for at least 183 days in the relevant tax period, or at least 280 days in two consecutive tax periods and at least 90 days in one of these tax periods, or
- (d) who is a citizen of Lithuania and who does not meet any of the aforesaid criteria but for whom remuneration for the work carried out abroad is paid or costs of living abroad are covered by the Republic of Lithuania or any of the municipalities thereof.

The above are basic principles for determining tax residency of the individual; some additional ones are enshrined in the Law on Personal Income Tax of the Republic of Lithuania, which must be consulted in the specific case.

In case an individual spends significant time or has close personal and economical relationships with the foreign country as well, a double tax treaty concluded between the Republic of Lithuania and this country needs to be consulted as it may hold specific provisions to determine tax residency for the individual.

An entity which is legally established in Lithuania is considered as having tax residency in Lithuania (resident entity). Taxation of interest income and capital gains received by non-resident entity acting through a permanent establishment in Lithuania is the same

as that of resident entity defined above. Therefore, for relevant details on the taxation of Lithuanian permanent establishments as Holders of the Bonds, please refer to the taxation of resident entities.

Taxation of the Holders of the Bonds

Resident individuals

Individuals who are tax residents in Lithuania are in general subject to unlimited taxation with Lithuanian personal income tax (PIT) which applies to their worldwide income, including interest and capital gains, unless double tax treaties concluded by the Republic of Lithuania provide otherwise.

Interest from the Bonds (including, to the extent applicable, the difference between the redemption price and the issue price of the Bonds) and capital gain from the disposal of the Bonds earned by a resident individual is subject to PIT at progressive tax rates of:

- a) 15%, which applies if the total amount of annual worldwide income (excluding employment and employment related income, dividends, management board and supervisory board member's remuneration, income from individual entrepreneurship, income received under copyright contracts from a person related to the individual through employment or similar relations, income received under civil service agreements by directors of small partnerships who are not the members thereof) received by a resident individual does not exceed the amount of 120 Lithuanian gross average salaries, which are announced annually and slightly increases each year. For 2023 this figure equals to EUR 202,188;
- b) 20%, which applies on annual income exceeding the threshold of 120 Lithuanian gross average salaries.

A part of the total annual amount of interest (including interest on Bonds) received by a resident individual during the calendar year up to the amount of EUR 500 is exempt from PIT. A part of the capital gains received by a resident individual from the sale of securities (including the Bonds) during the calendar year up to the amount of EUR 500 is also exempt from PIT. Both before-indicated tax reliefs will, *inter alia*, not apply if interest or disposal proceeds are received from entities established in a tax haven or from individuals whose permanent place of residence is in a tax haven.

Non-resident individuals

Individuals who are not tax residents in Lithuania and do not engage into individual commercial activity here are subject to limited taxation with PIT in Lithuania, which applies to specific kinds of income indicated in the Law on PIT, *inter alia*, on interest (including, to the extent applicable, the difference between the redemption price and the issue price of the Bonds) *if they are sourced in Lithuania*. In such case interest will be subject to PIT at the same progressive rates as indicated in the section on Taxation of the Holders of the Bonds – resident individuals above, except the cases where specific double tax treaty concluded by the Republic of Lithuania provides for a lower tax rate. It should be noted that under the official commentary of the Lithuanian Tax Inspectorate, only the specific kinds of income of the non-resident individuals indicated in the Law on PIT and sourced in Lithuania shall be considered when calculating 120 Lithuanian gross average salaries – the decisive threshold for application 15% or 20% PIT.

The capital gain from the disposal of Bonds by the non-resident individual will not be subject to Lithuanian PIT.

Resident entities

Corporate entities which are tax residents in Lithuania are in general subject to unlimited taxation with Lithuanian corporate income tax (CIT) which applies to their worldwide income, including interest and capital gains, unless the commercial activities through a permanent establishment is conducted abroad or unless the double tax treaties concluded by the Republic of Lithuania with foreign states provide otherwise.

Interest from the Bonds (including, to the extent applicable, the difference between the redemption price and the issue price of the Bonds) and capital gains from the disposal of the Bonds earned by a resident entity will be included into the taxable income of an entity and profit of such entity is to be taxed with 16% CIT (unless a reduced 0% or 6% CIT rate applies to a small enterprise under the Law on CIT) under the general taxation rules applicable. Starting from fiscal year 2020, banks and credit unions, including branches of foreign banks in Lithuania shall pay additional 5% CIT on profits (subject to special calculation rules) exceeding EUR 2 million.

Non-resident entities

Non-resident entities which do not engage into commercial activity through permanent establishment in Lithuania are subject to limited taxation with CIT in Lithuania, which applies to specific kinds of income indicated in the Law on CIT, *inter alia, on interest* (including, to the extent applicable, the difference between the redemption price and the issue price of the Bonds) *if they are sourced in Lithuania*.

The capital gain from the disposal of Bonds by the non-resident entity will not be subject to Lithuanian CIT unless such disposal is effectively related with the activities effected by that entity through its permanent establishment in Lithuania.

4. Taxation in the Federal Republic of Germany

Tax Residents

Persons (individuals and corporate entities) who are tax resident in Germany (in particular, persons whose residence, habitual abode, statutory seat or place of management is located in Germany) are subject to unlimited taxation (income tax or corporate income tax, in each case plus solidarity surcharge on the (corporate) income tax plus church tax and/or trade tax, if applicable). The unlimited tax liability applies to the worldwide income, regardless of its source, including interest on capital claims of any kind and, in general, capital gains. However, contrary provisions in German double taxation treaties may allocate a taxation right to another country.

Taxation if the Bonds are held as private assets

Should the Bonds be held as private assets by a domestic tax-resident individual investor, the interest paid on the Bonds and capital gains from the sale or redemption of the Bonds or the separate sale or redemption of interest claims are taxable at a uniform tax rate of 25 % (26,375 % including solidarity surcharge plus church tax, if applicable, the rate of which varies depending on the province). Capital gains/losses realised upon the sale or redemption of the Bonds are computed as the difference between the proceeds from the disposition or redemption (after deduction of actual expenses directly related thereto) and the issue or purchase price of the Bonds. If the respective income is paid through the banking system, which is the case if the Bonds are held in a custodial account which the owner of the Bonds maintains with a domestic branch of a German or non-German bank, a financial services institution, a domestic securities trading business or a domestic securities trading bank, the tax will be withheld at source, generally as a final burden. If the income is paid from elsewhere, e.g., from a foreign bank, and therefore no tax is withheld at source, the taxpayer must

report the respective income in his tax return. The uniform tax rate charge will then be levied by assessment, independently of all other features of the taxpayer's situation. In certain cases, the investor may apply to be assessed on the basis of its actual personal tax rate if such rate is lower than the uniform tax rate of 25 %. However, within the scope of the withholding tax, a deduction of the actual income-related expenses (in excess of a lump-sum amount of 1,000 EUR or EUR 2,000 for married couples assessed together) is excluded. Losses from the sale of Bonds can only be offset against other capital gains income and, if there is not sufficient other positive capital gains income, carried forward in subsequent assessment periods. Losses, which have been subject to withholding tax as set out above can only be offset or carried forward if the disbursing agent issues a corresponding (loss) certificate pursuant to Sec. 43a para. 3 sentence 4, Sec. 45a para. 2 of the German Income Tax Act (*Einkommensteuergesetz; EStG*).

No German withholding tax will be levied if the investor has filed a withholding tax exemption certificate with the respective German disbursing agent, but only to the extent that the paid interest or the capital gain does not exceed the lump-sum amount as described above. Similarly no withholding tax will be levied, if the relevant investor has submitted a non-assessment certificate issued by the relevant local tax office

Taxation if the Bonds are held as business assets

For German tax resident corporations and domestic commercial investors, holding the Bonds as business assets, interest payments and capital gains will be subject to (corporate) income tax and, if applicable, trade tax. Business expenses related to the Bonds generally are deductible.

The corporate income tax rate including the solidarity surcharge amounts to 15,825 %. Commercial investors not being subject to corporate income tax are taxed at their personal income tax rate which amounts up to 45%. The trade tax rate for businesses being subject to German trade tax, depends on the municipality where the business is located. Furthermore, in the case of individuals, church tax may be levied.

For these investors, only the interest paid on Bonds is generally subject to the provisions regarding German withholding tax as set out above. No withholding tax is levied in the case of the sale or redemption of the Bonds or the separate sale or redemption of interest claims if the investor is a German corporation subject to unlimited taxation or the proceeds from the Bonds qualify as income of a domestic business and the investor notifies this to the German disbursing agent by use of the officially required form. However, levied withholding tax has no settling effect, i.e. any tax withheld is credited as prepayment against the German (corporate) income tax amount.

Non-residents

Persons who are not tax resident in Germany are not subject to tax with regard to income derived from the Bonds. This does not apply, if (i) the Bonds are held as business assets of a German permanent establishment or are attributable to a permanent representative of such person or (ii) the income from the Bonds is subject to German limited taxation for other reasons (e.g. the Bonds are, irrespective of certain exceptions, directly or indirectly secured by German real property or domestic rights subject to the real estate provisions of German civil law).

If a non-resident person is subject to tax with its income from the Bonds, similar rules apply as set out above with regard to German tax resident persons.

Application of the German withholding tax regime on the Issuer

The Issuer is not obliged under German tax law to levy German withholding tax in respect of payments on the Bonds. Therefore, the Issuer assumes no responsibility for the withholding of taxes at the source.

Investors are also advised to seek the reliable advice of their own tax advisor regarding the specific fiscal implications of the investment. Such advice cannot be replaced by the above explanations.

German Inheritance and Gift Tax

Generally German inheritance or gift taxes with respect to the Bonds will arise, if, in the case of inheritance tax, either the decedent or the beneficiary, or, in the case of gift tax, either the donor or the heir, is a resident of Germany or such Bond is attributable to a domestic business for which a permanent establishment is maintained or a permanent representative is appointed. This applies also to certain German citizens who previously maintained a residence in Germany.

5. Taxation Grand Duchy of Luxembourg

Taxation of the Issuer

The Issuer will be considered a fiscal resident of Luxembourg from a Luxembourg tax law perspective and should therefore be able to obtain a residence certificate from the Luxembourg tax authorities.

The Issuer will be liable for Luxembourg corporation taxes. The current standard applicable rate in Luxembourg city, including corporate income tax (*impôt sur le revenu des collectivités*), municipal business tax (*impôt commercial communal*) and solidarity taxes, is 23.98% as of 1 January 2025. Liability for such corporation taxes extends to the Issuer's worldwide profits including capital gains, subject to the provisions of any relevant double taxation treaty. The taxable income of the Issuer is computed by application of all rules of the Luxembourg income tax law of 4 December 1967, as amended (*loi concernant l'impôt sur le revenu*), as commented on and currently applied by the Luxembourg tax authorities.

Under certain conditions, dividends received by the Issuer from qualifying participations and capital gains realised by the Issuer on the sale of qualifying participations may be exempt from Luxembourg corporation taxes under the Luxembourg participation exemption regime. The Issuer may further deduct from its taxable profits interest payments made to the holders of the Bonds (i) to the extent that such interest exceeds any exempt income derived from participations financed with the Bonds and qualifying under the Luxembourg participation exemption regime and (ii) subject to the interest limitation rule provided for by the ATAD 1 Law. Furthermore, should the Bonds finance qualifying participations under the Luxembourg participation exemption regime, any interest having reduced the taxable basis of the Issuer may be subject to recapture upon disposal of the qualifying participations by reducing the exempt amount of capital gains.

A fixed registration duty (*droit fixe spécifique d'enregistrement*) of EUR 75 is payable at the moment that the Articles are amended.

It is not compulsory that the Bonds be filed, recorded or enrolled with any court, or other authority in Luxembourg or that registration tax, transfer tax, capital tax, stamp duty or any other similar tax or duty be paid in respect of or in connection with the execution, delivery and/or enforcement by legal proceedings (including any foreign judgment in the courts of Luxembourg) of the Bonds, in accordance therewith, except that, if the Bonds are physically attached (*annexé(s)*) to a public deed or to any other document subject to mandatory registration in Luxembourg registration may be

ordered which results in the application of a fixed registration duty (of EUR 12) or an ad valorem registration duty (of 0.24% calculated on the amounts mentioned in the Bonds).

Under certain conditions, the Issuer could be exempt from wealth tax (*impôt sur la fortune*) on certain assets, such as qualifying participations under the Luxembourg participation exemption regime. However the Issuer will in any case be liable for the minimum wealth tax ranging from EUR 535 to EUR 4,815 depending on the balance sheet total of the Issuer.

Withholding tax

Non-resident Holders of the Bonds

Under Luxembourg general tax laws currently in force, there is no withholding tax on payments of principal, premium or interest made to non-resident holders of the Bonds, nor on accrued and unpaid interest in respect of the Bonds, nor is any Luxembourg withholding tax payable upon redemption or repurchase of the Bonds held by non-resident holders of the Bonds.

Resident Holders of the Bonds

Under Luxembourg general tax laws currently in force and subject to the law of 23 December 2005, as amended (the “**Law**”), mentioned below, there is no withholding tax on payments of principal, premium or interest made to Luxembourg resident holders of the Bonds, nor on accrued and unpaid interest in respect of Bonds, nor is any Luxembourg withholding tax payable upon redemption or repurchase of Bonds held by Luxembourg resident holders of the Bonds.

Under the Law payments of interest or similar income made or ascribed by a paying agent established in Luxembourg to or for the benefit of an individual beneficial owner who is resident of Luxembourg will be subject to a withholding tax of 20%.

If the individual Holder holds the Bonds in the course of the management of his or her private wealth, the aforementioned 20% withholding tax will operate a full discharge of income tax due on such payments.

Responsibility for the withholding of the tax will be assumed by the Luxembourg paying agent. Payments of interest under the Bonds coming within the scope of the Law would be subject to withholding tax of 20%.

Income taxation

Non-resident holders of Bonds

A non-resident holder of Bonds, who does not have a permanent establishment or fixed place of business in Luxembourg or a permanent representative to which/whom the Bonds are attributable, is not subject to Luxembourg income tax on interest paid or accrued on, or any other income derived from, the Bonds. A gain realized by such non-resident holder of Bonds on the sale or disposal of Bonds, in any form whatsoever, is further not subject to Luxembourg income tax.

A non-resident corporate holder of Bonds or an individual holder of Bonds acting in the course of the management of a professional or business undertaking, who has a permanent establishment or permanent representative in Luxembourg to which/whom such Bonds are attributable, is subject to Luxembourg income tax on interest paid or accrued on, or any other income derived from, the Bonds and on any gains realised upon the sale or disposal, in any form whatsoever, of the Bonds.

Resident holders of Bonds

Holders of Bonds who are residents of Luxembourg will not be liable for any Luxembourg income tax on repayment of principal.

Holders of Bonds will not be deemed to be resident, domiciled or carrying on business in Luxembourg solely by reason of holding, execution, performance, delivery, exchange and/or enforcement of the Bonds.

(a) Luxembourg resident individual holders of Bonds

A Luxembourg resident individual holder of Bonds, acting in the course of the management of his/her private wealth, is subject to Luxembourg income tax at progressive rates in respect of the interest paid or accrued on, or any other income derived from, the Bonds, except if (a) withholding tax has been levied on such payments in accordance with the Law; or (b) the individual holder of the Bonds has opted for the application of a 20% tax in full discharge of income tax in accordance with the Law, which applies if a payment of interest has been made or ascribed by a paying agent established in an EU Member State (other than Luxembourg), or in a Member State of the European Economic Area (other than an EU Member State).

Under Luxembourg domestic tax law, gains realised by an individual holder of the Bonds, who acts in the course of the management of his private wealth and who is a resident of Luxembourg for tax purposes, on the sale or disposal, in any form whatsoever, of Bonds are not subject to Luxembourg income tax, provided this sale or disposal took place at least six months after the acquisition of the Bonds. An individual holders of Bonds, who acts in the course of the management of his private wealth and who is a resident of Luxembourg for tax purposes, must however include the portion of the gain corresponding to accrued and unpaid interest in respect of the Bonds in his taxable income, except if (a) the 20% withholding tax has been levied on such payments in accordance with the Law; or (b) the individual holder of the Bonds has opted for the application of a 20% tax in full discharge of income tax in accordance with the Law, which applies if a payment of interest has been made or ascribed by a paying agent established in an EU Member State (other than Luxembourg), or in a Member State of the European Economic Area (other than an EU Member State).

The 20% withholding tax is the final tax liability for the Luxembourg individual resident taxpayers receiving the interest payment in the framework of their private wealth management.

An individual holder of Bonds acting in the course of the management of a professional or business undertaking must include this interest in its taxable basis. If applicable, the tax levied in accordance with the Law will be credited against his/her final tax liability.

(b) Luxembourg resident corporate holders of Bonds

Interest paid or accrued on, or any other income derived from the Bonds as well as gains realised by a corporate holder of the Bonds on the sale or disposal, in any form whatsoever, of the Bonds are subject to Luxembourg income tax and municipal business tax.

A Luxembourg holder of Bonds that is governed by the law of 11 May 2007 on family estate companies, as amended, by the law of 17 December 2010 on undertakings for collective investment, as amended, by the law of 13 February 2007 on specialised investment funds, as amended, or by the law of 23 July 2016 relating to reserved alternative investment funds, as amended (the "**RAIF Law**"), provided it is not foreseen in the incorporation documents that (i) the exclusive object is the investment in risk capital and that (ii) article 48 of the aforementioned RAIF Law applies, will not be

subject to any Luxembourg corporation taxes in respect of interest received or accrued on the Bonds, or on gains realised on the sale or disposal, in any form whatsoever, of Bonds.

Holders of Bonds will not be deemed to be resident, domiciled or carrying on business in Luxembourg solely by reason of holding, execution, performance, delivery, exchange and/or enforcement of the Bonds.

Net Wealth Tax

A corporate holder of the Bonds, whether resident of Luxembourg for tax purposes or maintaining a permanent establishment or a permanent representative in Luxembourg to which/whom the Bonds are attributable, is subject to Luxembourg wealth tax on the Bonds, except if the holder of the Bonds is governed by the law of 11 May 2007 on family estate companies, as amended, by the law of 17 December 2010 on undertakings for collective investment, as amended, by the law of 13 February 2007 on specialized investment funds, as amended, by the RAIF Law, provided it is not foreseen in the incorporation documents that (i) the exclusive object is the investment in risk capital and that (ii) article 48 of the aforementioned RAIF Law applies or is a securitization company governed by the law of 22 March 2004 on securitization, as amended, or a capital company governed by the law of 15 June 2004 on venture capital vehicles, as amended.

Since 1 January 2016, (i) securitization companies governed by the amended law of 22 March 2004 on securitization and (ii) investment companies in risk capital (SICAR) governed by the law of 15 June 2004 are subject to an annual minimum net wealth tax. Furthermore, under certain conditions, reserved alternative investment funds governed by the RAIF Law and which fall under the special tax regime set out under article 48 thereof may be subject to minimum net wealth tax.

An individual holder of the Bonds, whether he/she is resident of Luxembourg or not, is not subject to Luxembourg wealth tax on the Bonds.

Other Taxes

There is no Luxembourg value added tax payable in respect of payments in consideration for the issuance of the Bonds or in respect of the payment of interest or principal under the Bonds or the transfer of the Bonds. Luxembourg value added tax may, however, be payable in respect of fees charged for certain services rendered to the Issuer, if for Luxembourg value added tax purposes such services are rendered or are deemed to be rendered in Luxembourg and an exemption from Luxembourg value added tax does not apply with respect to such services.

Under present Luxembourg tax law, in the case where a holder of the Bonds is a resident for tax purposes of Luxembourg at the time of his death, the Bonds are included in his/her taxable estate, for inheritance tax purposes and gift tax may be due on a gift or donation of the Bonds if embodied in a Luxembourg deed passed in front of a Luxembourg notary or if the gift is recorded in Luxembourg.

6. Foreign Account Tax Compliance Act

Pursuant to certain provisions of the U.S. Internal Revenue Code of 1986 the U.S. Foreign Account Tax Compliance Act, commonly known as FATCA, a “foreign financial institution” may be required to withhold a 30% withholding tax on certain payments it makes (“foreign passthru payments”) to persons that fail to meet certain certification, reporting, or related requirements. A number of jurisdictions (including Luxembourg) have entered into, or have agreed in substance to, intergovernmental agreements with the United States to implement FATCA (“IGAs”), which modify the way in which FATCA

applies in their jurisdictions. Certain aspects of the application of the FATCA provisions and IGAs to instruments such as the Bonds, including whether withholding would ever be required pursuant to FATCA or an IGA with respect to payments on instruments such as the Bonds, are uncertain and may be subject to change.

Even if withholding would be required pursuant to FATCA or an IGA with respect to payments on instruments such as the Bonds, such withholding would not apply prior to 1 January 2019 (intended date) and Bonds issued on or prior to the date that is six months after the date on which final regulations defining “foreign passthru payments” are filed with the U.S. Federal Register generally would be “grandfathered” for purposes of FATCA withholding unless materially modified after such date (including by reason of a substitution of the Issuer). However, if additional bonds (as described under “Terms and Conditions of the Bonds— § 15 Further Issues”) that are not distinguishable from previously issued Bonds are issued after the expiration of the grandfathering period and are subject to withholding under FATCA, then withholding agents may treat all Bonds, including the Bonds offered prior to the expiration of the grandfathering period, as subject to withholding under FATCA. As long as the rules for the implementation and the definition of “foreign passthru payments” are not written, it is impossible to determine what impact, if any, this withholding will have on Holder of the Bonds.

While the Bonds are in global form and held within Clearstream Banking AG, Frankfurt am Main (the “**ICSD**”), it is expected that FATCA will not affect the amount of any payments made under, or in respect of, the Bonds by the Issuer and any paying agent, given that each of the entities in the payment chain between the Issuer and the participants in the ICSD is a major financial institution whose business is dependent on compliance with FATCA and that any alternative approach introduced under an IGA will be unlikely to affect the Bonds. The documentation expressly contemplates the possibility that the Bonds may go into definitive form and therefore that they may be taken out of the ICSD. If this were to happen, then a non-FATCA compliant holder could be subject to FATCA Withholding. However, definitive Bonds will only be printed in remote circumstances.

In the event any withholding would be required pursuant to FATCA or an IGA with respect to payments on the Bonds, Holders will not receive any Additional Amount in respect of such withholding, and Holders will therefore receive less than the amount that they would have otherwise have received on such Bonds.

FATCA is particularly complex and its application is uncertain at this time. The above description is based in part on regulations, official guidance and model IGAs, all of which are subject to change or may be implemented in a materially different form. **Prospective investors should consult their tax advisors on how these rules may apply to payments they may receive in connection with the Bonds.**

XXIV. SUBSCRIPTION, SALE AND OFFER OF THE NEW BONDS

1. The Offering

Subject to the Minimum Offer Condition (as defined below), in the course of the Offering (as defined below), the Issuer is offering between EUR 100.00 (the “**Minimum Offer Amount**”) and up to EUR 50,000,000 (the “**Maximum Offer Amount**”) New Bonds with a nominal value of EUR 100.00 each. The Offering is made by a way of public offer to retail investors in Estonia, Latvia, Lithuania, Luxembourg and Germany following the effectiveness of the notification of this Prospectus by the CSSF according to Article 25 of the Prospectus Regulation (the “**Retail Offering**”). In addition, the Issuer may offer New Bonds by the way of non-public offer to qualified investors within the meaning of Article 2(e) of the Prospectus Regulation and other investors in compliance with Article 1(4) (a) and (b) of the Prospectus Regulation on terms and conditions described in this Prospectus (the “**Institutional Offering**” and, together with the Retail Offering, the “**Offering**”). The New Bonds will be publicly offered only in Estonia, Latvia, Lithuania, Luxembourg and Germany and not in any other jurisdiction.

“**Minimum Offer Condition**” shall occur if, at the expiration of the Offer Period, Subscription Undertakings have not been placed sufficient for the sale of at least the Minimum Offer Amount, the Offering will be withdrawn.

The division of the New Bonds between retail and institutional investors has not been predetermined and will be determined by the Issuer in accordance with the principles described in section “*Distribution and Allocation*” below.

The Issuer will, simultaneously with the Offering, apply for the listing and for the admission to trading of the New Bonds on the Baltic Regulated Market of the Nasdaq Riga Stock Exchange and on the Frankfurt Stock Exchange’s Regulated Market (*General Standard*), segment for New Bonds of Deutsche Börse AG.

The total amount of New Bonds may decrease in case part of the Offering is cancelled – please see the section “*Cancellation of Offering*” for further details.

The timetable set forth below provides certain indicative key dates for the Offering:

Start of the Offer Period	19 February 2025
End of the Offer Period	7 March 2025
Announcement of the results of the Offering	10 March 2025
Settlement of the Offering	14 March 2025
Commencement of trading	17 March 2025

2. Right to participate in the Offering

The Retail Offering is directed to all natural and legal persons in Estonia, Latvia, Lithuania, Luxembourg and Germany and the Institutional Offering is directed to all other eligible investors.

3. Offer Period of the Offering

The offer period commences on 19 February 2025 at 8:00 a.m. CET / 9:00 a.m. EET and ends on 7 March 2025 at 2:30 p.m. CET / 3:30 p.m. EET, unless shortened or extended in accordance with section “*Cancellation of Offering and Extension or Shortening of the Offer Period*” below (the “**Offer Period**”). The Offer Period is the period during which the persons who have the right to participate in the Offering may

submit Subscription Undertakings (please see section “*Submitting Subscription Undertakings*” for further details) for the New Bonds.

4. Nominal Value and Offer Price

The nominal value of each New Bond is EUR 100.00. The offer price is EUR 109 per one New Bond plus the unpaid New Bond Accrued Interest (the “**Offer Price**”).

Investors who wish to acquire New Bonds in the context of the Retail Offering are required to subscribe to New Bonds amounting to at least EUR 1,000 (the “**Minimum Investment Amount**”).

5. Disclosure of Principal Amount

The aggregate principal amount of the New Bonds is expected to be determined on or around 7 March 2025 based on the subscription orders received in the course of the Retail Offering and the Institutional Offering and is expected to be communicated to investors on 10 March 2025 in a pricing notice, which will also contain an indication of the net proceeds of the Offering (the “**Pricing Notice**”).

The Pricing Notice will be published on the website of the Luxembourg Stock Exchange (www.luxse.com), the Nasdaq Riga Stock Exchange (www.nasdaqbaltic.com), the Frankfurt Stock Exchange (www.boerse-frankfurt.de) and the Issuer’s website (<https://eleving.com/investors/>).

6. Subscription and Instructions to Investors

Submitting Subscription Undertakings

The order to acquire a certain amount of New Bonds (the “**Subscription Undertaking**”) may be submitted only during the Offer Period.

Submitting Subscription Undertakings through financial institutions in Estonia, Latvia and Lithuania

In order to submit a Subscription Undertaking, an investor in Estonia, Latvia and Lithuania must submit the Subscription Undertaking through any financial institution that is a member of Nasdaq Tallin, Nasdaq Riga or Nasdaq Vilnius stock exchanges. A complete and up to date list of the financial institutions can be found at the following address: www.nasdaqbaltic.com/statistics/en/members.

Submitting Subscription Undertakings through financial institutions in Germany

In order to submit a Subscription Undertaking, an investor in Germany must submit such a Subscription Undertaking through any financial institution.

The treatment of Subscription Undertakings in the allocation is neither determined on the basis of which institution they are made through.

Submitting Subscription Undertakings through financial institutions in Luxembourg

In order to submit a Subscription Undertaking, an investor in Luxembourg must submit the Subscription Undertaking through any financial institution.

The treatment of Subscription Undertakings in the allocation is not determined on the basis of which institution they are made through.

Content of and Requirements for Subscription Undertakings

Forms for Subscription Undertakings will be provided by the financial institution through which the investor submits the Subscription Undertaking.

Subscription Undertakings may be submitted only during the Offer Period, only at the Offer Price, and only in euros. If multiple Subscription Undertakings are submitted by one investor, they will be merged for the purposes of allocation.

Subscription Undertakings submitted by retail investors shall amount to at least the Minimum Investment Amount.

Each investor must ensure that the information contained in the Subscription Undertaking submitted by such investor is correct, complete and legible. Incomplete, incorrect, unclear or illegible Subscription Undertakings, or Subscription Undertakings that do not otherwise comply with the terms set out in this Prospectus, may be rejected at the sole discretion of the Issuer.

An investor may submit a Subscription Undertaking either personally or through a representative whom the investor has authorised (in the form required by the local law and by the relevant financial institution, as the case may be) to submit the Subscription Undertaking.

Costs and Fees

Investors must bear all costs and fees charged by the respective financial institution through which they submit their Subscription Undertaking. This may include costs and fees for the submission, amendment or cancellation of a Subscription Undertaking, or for the settlement of the transaction. These costs and fees may vary depending on the rules and prices established by the particular financial institution.

Submission of Subscription Undertakings through Nominee Accounts

An investor may submit a Subscription Undertaking through a nominee account only if such investor authorises the owner of the nominee account to disclose the investor's identity, personal ID number or registration number, and address to the Issuer and the relevant financial institution where the investor holds its securities account. Subscription Undertakings submitted through nominee accounts without the disclosure of the above information will be disregarded.

Amendment and Cancellation of Subscription Undertakings

Investors have the right to amend or cancel their Subscription Undertakings at any time until the end of the Offer Period. This may result in costs and fees charged by the financial institution through which the Subscription Undertaking is submitted.

Legal Effect of Subscription Undertakings

By submitting a Subscription Undertaking, each investor:

- (i) confirms that he/she/it has read the Prospectus and the Prospectus summary translated into Estonian, Latvian, Lithuanian or German;
- (ii) accepts the terms and conditions of the Offering set out in this section "*Subscription, Sale and Offer of the New Bonds*", elsewhere in this Prospectus and agrees with the Issuer that such terms will be applicable to the investor's acquisition of any New Bonds;
- (iii) accepts that the number of the New Bonds indicated by the investor in the Subscription Undertaking will be regarded as the maximum number of the New Bonds which the investor wishes to acquire (the "**Maximum Amount**") and that the investor may receive less (but not more) New Bonds than the Maximum Amount subscribed for (please see section "*Distribution and Allocation*" below);

- (iv) undertakes to acquire and pay for any number of the New Bonds allocated to them up to the Maximum Amount;
- (v) authorises and instructs the financial institution through which the Subscription Undertaking is submitted to arrange the settlement of the transaction on their behalf (taking such steps as are legally required to do so) and to forward the necessary information to the extent necessary for the completion of the transaction;
- (vi) authorises the financial institution through which the Subscription Undertaking is submitted to process and forward information on the identity of the investor and the contents of the investor's Subscription Undertaking to the Issuer and/or its advisors, as the case may be, before, during and after the Offer Period;
- (vii) authorises the financial institution through which the Subscription Undertaking is submitted to amend the information contained in the Subscription Undertaking, including to (a) specify the value date of the transaction, (b) specify the number of the New Bonds to be purchased by the investor and the total amount of the transaction, up to the Maximum Amount times the Offer Price; (c) correct or clarify obvious mistakes or irregularities in the Subscription Undertakings, if any;
- (viii) confirms that he/she/it is not subject to the laws of any other jurisdiction which would prohibit the placing of the Subscription Undertaking and represents that he/she/it is authorised to place a Subscription Undertaking in accordance with the Prospectus; acknowledges that the Offering does not constitute an offer for the New Bonds by the Issuer within the meaning of Section 16(1) of the Estonian Law of Obligations Act (*Võlaõiguseadus*), Section 1536. and Section 1537. of the Civil Law of Latvia, Section 6.167 (1) and (2) of the Lithuanian Civil Code (*Lietuvos Respublikos Civilinis kodeksas*) Articles 1108 et seq. of the of the Luxembourg Civil Code (*Code civil*) and Sections 145 et seq. of the German Civil Code (*Bürgerliches Gesetzbuch*) or otherwise, and that the submission of a Subscription Undertaking does not constitute the acceptance of a sales offer, and therefore does not in itself entitle the investor to acquire the New Bonds, nor results in a contract for the sale of the New Bonds between the Issuer and the investor.

7. Payment

By submitting a Subscription Undertaking to the financial institutions, an investor authorises and instructs the financial institution operating the investor's cash account connected to its securities account (which may or may not also be the investor's custodian) to immediately block the whole transaction amount on the investor's cash account until the settlement is completed or funds are released in accordance with these terms and conditions. The transaction amount to be blocked will be equal to the Offer Price multiplied by the Maximum Amount. Investors may submit Subscription Undertakings only when there are sufficient funds on the cash account connected to its securities account to cover the whole transaction amount for that particular Subscription Undertaking.

8. Distribution and Allocation

The Issuer expects to decide on the allocation of the New Bonds after the expiry of the Offer Period and on or about 7 March 2025. The New Bonds will be allocated to the investors participating in the Offering in accordance with the following principles:

1. should an Over-Subscription occur, the Issuer will have the right to reduce or reject individual Subscription Undertakings under the Offering in its absolute

discretion. For the purpose of the preceding sentence, an “Over-Subscription” will occur if the total amount of the Subscription Undertakings submitted exceeds the aggregate principal amount of the New Bonds offered. In the event of a reduction or rejection of Subscription Undertakings, investors will be repaid the respective subscription amount, if any. Investors will be informed via their deposit bank to which extent their subscriptions were accepted;

2. the division of New Bonds between the retail and institutional investors has not been predetermined. The Issuer will determine the exact allocation in its sole discretion;
3. under the same circumstances, all investors shall be treated equally, whereas depending on the number of investors and interest towards the Offering, the Issuer may set minimum and maximum number of the New Bonds allocated to one investor; which will apply equally to both – the retail investors and the institutional investors;
4. the allocation shall be aimed to create a solid and reliable investor base for the Issuer;
5. the Issuer shall be entitled to prefer its existing shareholders and bondholders of the Issuer to other investors;
6. possible multiple Subscription Undertakings submitted by an investor shall be merged for the purpose of allocation; and
7. each investor entitled to receive the New Bonds shall be allocated a whole number of New Bonds and, if necessary, the number of New Bonds to be allocated shall be rounded down to the closest whole number. Any remaining New Bonds which cannot be allocated using the above-described process will be allocated to investors on a random basis.

The Issuer expects to announce the results of the Offering and the allocation on or about 10 March 2025 through the information systems of the Nasdaq Riga Stock Exchange and the Frankfurt Stock Exchange and through the Issuer’s website (<https://elevinq.com/investors/>). The results of the Offering will be notified vis-à-vis the CSSF.

Investors will be informed via their relevant financial institution or the Issuer, as the case may be, to which extent their Subscription Undertakings were accepted.

9. Settlement and Trading

The New Bonds allocated to investors are expected to be transferred to their securities accounts on or about 14 March 2025 through the “delivery versus payment” method if subscribed via financial institutions, simultaneously with the transfer of payment for such New Bonds on terms announced for the Offering. The title to the New Bonds will pass to the relevant investors when the New Bonds are transferred to their securities accounts. The New Bonds will be immediately consolidated with the Existing New Bonds on the Issue Date.

If an investor has submitted several Subscription Undertakings through several securities accounts, the New Bonds allocated to such investor will be transferred to all such securities accounts proportionally to the number of the New Bonds indicated in the Subscription Undertakings submitted for each account, rounded up or down as necessary. Trading of the New Bonds is expected to commence on the Nasdaq Riga Stock Exchange and on the Frankfurt Stock Exchange on or about 17 March 2025.

10. Return of Funds

If the Offering or a part thereof is cancelled, if the investor's Subscription Undertaking is rejected or if the allocation is less than the amount of the New Bonds applied for, as the case may be, it will be released by the respective financial institution. Regardless of the reason for which funds are released, the Issuer shall never be liable for the release of the respective funds and for the payment of interest on the released funds for the time they were blocked (if any).

11. Cancellation of Offering and Extension or Shortening of the Offer Period

The Issuer has the right to cancel the Offering in full or in part in its sole discretion, at any time until the end of the Offer Period. In particular, the Issuer may decide to cancel the Offering in the part not subscribed for.

Furthermore, the Issuer has a right to shorten or extend the Offer Period, at any time until the end of the Offer Period.

Any cancellation of the Offering, or the shortening or extension of the Offer Period, will be announced through Nasdaq Riga's website (www.nasdaqbaltic.com), Frankfurt Stock Exchange's website (www.boerse-frankfurt.de) and through the Issuer's website (<https://eleving.com/investors/>). All rights and obligations of the parties in relation to the cancelled part of the Offering will be considered terminated as of the moment when such announcement is made public.

12. Conflicts of Interests

According to the best knowledge of the Issuer, there are no material conflicts of interest pertaining to the offering and admission of the New Bonds to trading on the Frankfurt Stock Exchange's Regulated Market and on the Nasdaq Riga Stock Exchange's Regulated Market.

13. Listing and Admission to Trading

The Issuer will, simultaneously with the Offering, apply for the listing and for the admission to trading of the New Bonds on the Baltic Regulated Market of Nasdaq Riga Stock Exchange and on the Frankfurt Stock Exchange's Regulated Market (*General Standard*), segment for New Bonds of Deutsche Börse AG. The expected date of listing and the admission to trading of the New Bonds is on or about 17 March 2025.

While every effort will be made and due care will be taken by the Issuer in order to ensure the listing and the admission to trading of the New Bonds, the Issuer cannot ensure that the New Bonds are listed and admitted to trading on the Nasdaq Riga Stock Exchange's or on the Frankfurt Stock Exchange's Regulated Markets.

XXV. LIMITATIONS ON VALIDITY AND ENFORCEABILITY OF THE GUARANTEES, TRANSACTION SECURITY DOCUMENTS AND THE BONDS AND CERTAIN INSOLVENCY CONSIDERATIONS

Set out below is a summary of certain limitations on the enforceability of the Bonds, Guarantees and the Transaction Security Documents in the jurisdictions in which the Issuer, the Guarantors and the Pledgors are organized or incorporated. It is a summary only, and bankruptcy proceedings, restructuring proceedings, insolvency proceedings or other similar proceedings could be initiated in any of these jurisdictions and in the jurisdiction of organization of a future guarantor of the Bonds. In addition, as further described below, the COMI of the Issuer or a Guarantor may be determined to be different than its jurisdiction of incorporation. See *“Risk Factors—Risk Factors Relating to the Bonds—Relevant insolvency and administrative laws may not be as favorable to creditors, including Holders, as insolvency laws of the jurisdictions in which you are familiar and may limit your ability to enforce your rights under the Bonds and the Guarantees and the Issuer and the Guarantors are subject to risks relating to the location of their center of main interest (“COMI”).* The application of these various laws in multiple jurisdictions could trigger disputes over which jurisdiction’s law should apply and could adversely affect your ability to enforce your rights and to collect payment in full under the Bonds and the Guarantees. Also set forth below is a brief description of certain aspects of insolvency laws in the jurisdictions of incorporation of the Issuer, the Guarantors and the Pledgors.

EUROPEAN UNION

Several of the Guarantors are organized under the laws of EU Member States.

Pursuant to the Regulation (EU) No 2015/848 of the European Parliament and of the Council of 20 May 2015 on insolvency proceedings, as amended (the **“EU Insolvency Regulation”**), the court which shall have jurisdiction to open insolvency proceedings in relation to a company is the court of the EU Member State (other than Denmark) where the company concerned has its “center of main interests” (as that term is used in Article 3(1) of the EU Insolvency Regulation). The determination of where any such company has its “center of main interests” is a question of fact on which the courts of the different EU Member States may have differing and even conflicting views.

The term “center of main interests” is not a static concept and may change from time to time. See *“Risk Factors—Risk Factors Relating to the Bonds—Relevant insolvency and administrative laws may not be as favorable to creditors, including Holders, as insolvency laws of the jurisdictions in which you are familiar and may limit your ability to enforce your rights under the Bonds and the Guarantees and the Issuer and the Guarantors are subject to risks relating to the location of their center of main interest (“COMI”).* Although there is a rebuttable presumption under Article 3(1) of the EU Insolvency Regulation that any such company has its “center of main interests” in the EU Member State in which it has its registered office, Preamble 13 of the EU Insolvency Regulation states that the “center of main interests” of a debtor should correspond to the place where the debtor conducts the administration of its interests on a regular basis and “is therefore ascertainable by third parties”. In that respect, factors such as where board meetings are held, the location where the company conducts the majority of its business and the location where the large majority of the company’s creditors are established may all be relevant in the determination of the place where the company has its “center of main interests”, with the company’s “center of main interests” at the time of initiation of the relevant insolvency proceedings being not only decisive for the international jurisdiction of the courts of a certain Member State, but also for the insolvency laws applicable to these insolvency proceedings as

each court would, subject to certain exemptions, apply its local insolvency laws (*lex fori concursus*).

If the “center of main interests” of a company is and will remain located in the state in which it has its registered office, the main insolvency proceedings in respect of the company under the EU Insolvency Regulation would be commenced in such jurisdiction and accordingly a court in such jurisdiction would be entitled to commence the types of insolvency proceedings referred to in Annex A to the EU Insolvency Regulation. Insolvency proceedings opened in one EU Member State under the EU Insolvency Regulation are to be recognized in the other EU Member States (other than Denmark), although secondary proceedings may be opened in another EU Member State. If the “center of main interests” of a debtor is in one EU Member State (other than Denmark) under Article 3(2) of the EU Insolvency Regulation, the courts of another EU Member State (other than Denmark) have jurisdiction to open “territorial proceedings” only in the event that such debtor has an “establishment” in the territory of such other EU Member State. The effects of those territorial proceedings are restricted to the assets of the debtor situated in the territory of such other EU Member State. If the company does not have an establishment in any other EU Member State, no court of any other EU Member State has jurisdiction to open territorial proceedings in respect of such company under the EU Insolvency Regulation. Irrespective of whether the insolvency proceedings are main or territorial proceedings, such proceedings will always, subject to certain exemptions, be governed by the *lex fori concursus*, i.e., the local insolvency law of the court which has assumed jurisdiction for the insolvency proceedings of the debtor.

In the event that the Issuer or any provider of collateral experiences financial difficulty, it is not possible to predict with certainty in which jurisdiction or jurisdictions insolvency or similar proceedings will be commenced, or the outcome of such proceedings. Applicable insolvency laws may affect the enforceability of the obligations of the Issuer and Guarantors and the collateral provided by the Issuer or any other company. The insolvency, administration and other laws of the jurisdictions in which the respective companies are organized or operate may be materially different from, or conflict with, each other and there is no assurance as to how the insolvency laws of the potentially involved jurisdictions will be applied in relation to one another.

LUXEMBOURG

Insolvency

In the event that the Issuer becomes insolvent, insolvency proceedings (e.g., in particular, bankruptcy proceedings (*faillite*), judicial reorganisation (*réorganisation judiciaire*) and administrative dissolution without liquidation (*dissolution administrative sans liquidation*)) may be opened in Luxembourg to the extent that the Issuer has its center of main interest located in Luxembourg or an establishment in Luxembourg within the meaning the EU Insolvency Regulation (in relation to secondary proceedings assuming in this case that the center of main interests is located in a jurisdiction where the EU Insolvency Regulation is applicable). If a Luxembourg court having jurisdiction commences bankruptcy proceedings against the Issuer, all enforcement measures against such companies will be suspended, except, subject to certain limited exceptions, for enforcement by secured creditors. Holders will thus not be able to enforce the Guarantee once bankruptcy proceedings have commenced.

In addition, the Holders’ ability to receive payment on the Bonds may be affected by a decision of a Luxembourg court to grant a stay on payments (*sursis de paiement*) as provided by articles 593 et seq of the Luxembourg Code of Commerce or to put the Issuer into judicial liquidation (*liquidation judiciaire*) pursuant to article 1200-1 of

Luxembourg Company Law. Judicial liquidation proceedings may be opened at the request of the public prosecutor against companies pursuing an activity violating criminal laws or that are in serious breach or violation of the Luxembourg Code of Commerce or of the laws governing commercial companies, including Luxembourg Company Law and those laws governing authorization to do business.

Liability of the Issuer in respect of the Bonds will, in each case, in the event of a liquidation of the relevant company following bankruptcy or judicial liquidation proceedings, only rank after the cost of liquidation (including any debt incurred for the purpose of such liquidation) and those other debts that are entitled to priority under Luxembourg law.

Preferential debts under Luxembourg law include, among others:

- certain amounts owed to the Luxembourg Revenue Office;
- value-added tax and other taxes and duties owed to the Luxembourg Customs and Excise Agency;
- social security contributions; and
- remuneration owed to employees.

Luxembourg insolvency laws may also affect transactions entered into or payments made by the relevant Luxembourg company during the period before bankruptcy, the so-called “hardening period” (*période suspecte*) which is a maximum of six months (and ten days, depending on the transaction in question) preceding the judgment declaring bankruptcy, except that in certain specific situations the court may set the start of the hardening period at an earlier date pursuant to article 613 of the Luxembourg Code of Commerce.

LATVIA

Applicable insolvency law

AS “mogo” is incorporated under the laws of the Republic of Latvia. Its registered office along with its center of management and supervision is in Riga, Latvia. As such, any insolvency proceedings applicable to AS “mogo” would be primarily governed by Latvian law.

Rehabilitation proceedings

Pursuant to Latvian insolvency law, a company experiencing financial distress problems may apply for legal protection proceedings. Once the court has initiated such proceedings, the enforcement of judgments on debt recovery is stayed, the secured creditors are prohibited to request the sale of the pledged assets, except if such prohibition causes a material harm to the interests of the creditor and the court decides to allow to sell pledged assets, the creditors are prohibited to submit insolvency application, the debtor is prohibited from the liquidation, the accrual of any contractual penalty, late payment interest and late charges of tax claims are stayed and the accrual of any contractually agreed creditors’ interest in excess of either: (i) the statutory interest rate, or (ii) the main refinancing operation rate published by the European Central Bank (whichever is higher) is discontinued. Within two months of the proceedings having commenced, the company is required to draft and approve with a simple majority of non-secured creditors and qualified majority of secured creditors a plan to restore the company to solvency which may provide for, inter alia, postponement of fulfillment of payment obligations or reduction of the company’s debt. The term may be prolonged for additional month if the qualified majority of secured

creditors and simple majority of non-secured creditors have approved it. The plan has legal effect upon the provision of a written opinion by the person supervising the legal protection proceedings of the company's and approval of such plan by the court. The measures provided in the court approved plan are binding on all the creditors irrespective of whether they have accepted the plan or not. Once approved, the plan will be operational and binding on the creditors for not more than two years with an extension for another two years contingent upon approval by the company's creditors.

Further, Latvian insolvency law provides for so called out of court legal protection proceedings. A plan to restore the company to solvency is drafted by the company and approved by a simple majority of non-secured creditors and qualified majority of secured creditors of the company before the court has initiated any formal proceedings. The plan has no legal effect until the court approves it, which approval is contingent upon the court being provided with a written opinion by the person supervising the legal protection proceedings of the company. Once it has been approved, the legal consequences of out of court legal protection proceedings upon creditors of a company are identical to those in legal protection proceedings initiated by the court.

Bankruptcy proceedings

Generally, if a company is unable to settle its debt that has fallen due for a time period that exceeds two months, it must apply to the court for a declaration of insolvency. An insolvency application may also be filed by any creditor of the company if the amount of the company's overdue debt owing to such creditor is in excess of EUR 4,268 and the creditor has given notice to the company of its intention to apply for a declaration of insolvency against the company and the debt has not been repaid or the company has not provided justified objections to such claim within three weeks since the date of the notice.

Within one month following the publication of a declaration of insolvency of the company in the Latvian Insolvency Registry, the company's creditors are required to file their claims for verification with an administrator appointed by the court. Claims can also be filed after the one month period (although, not later than the earlier of: (i) the date which is six months following the publication of the declaration of insolvency, or (ii) the date on which the insolvency administrator prepares the plan for settlement of creditors' claims), however, such creditors' claims will have no voting rights within insolvency proceedings. To the extent that claims are not filed within this period, creditors will lose their right to receive funds and proceeds from the sale of the company's assets when distributed to the company's creditors.

The proceeds from sale of the company's assets are distributed among creditors according to the ranking of the creditors. If it is not possible to fully satisfy the total amount of claims of all creditors in a particular class, claims are satisfied proportionately on a *pro rata* basis. Proceeds from the sale of any pledged or mortgaged asset are allocated, firstly, for the settlement of the costs connected to the sale of the assets and remuneration of insolvency administrator, and, secondly, for the settlement of the claims of secured creditors in the amount of the pledged property, but not exceeding the amount of the security. Secured creditors are regarded as first rank creditors with regard to proceeds received from the sale of the pledged assets. If, when selling the pledged property of the company, an amount of money received does not cover the claims of the secured creditors, after taking of the decision by the administrator the relevant creditors shall acquire the status of non-secured creditor for the part of the claim not covered.

Possible limitations on the enforceability of guarantees

Under Latvian law and court practice, a Latvian company may offer collateral or issue a guarantee to secure fulfillment of a third party's liabilities, provided there is a corporate benefit for such Latvian company to do so.

It is prohibited for a Latvian company to provide collateral or issue a guarantee securing the financing granted for the acquisition of shares in such company.

In addition, there is a risk that the insolvency administrator of the guarantor may request the court to declare the guarantee as null and void if insolvency proceedings of the guarantor are initiated. The insolvency administrator is obliged to examine agreements entered into by an insolvent company in order to establish whether these transactions have been detrimental to the interests of the company and its creditors, including 1) to evaluate transactions concluded during past 3 (three) years if the inequality of mutual obligations of parties indicates that the gift has actually been made; 2) to request to declare the following transactions as invalid: (a) transactions concluded 4 (four) months prior to the day of the proclamation of the insolvency proceedings of the guarantor and thereby losses have been caused to the guarantor, (b) transactions concluded within 3 (three) years prior to the day of the proclamation of the insolvency proceedings of the guarantor and thereby losses have been caused to the guarantor, moreover the person with whom or for whose benefit the transaction has been concluded, knew or should have known of the causing of such losses, or the person shall be regarded as interested person. If the administrator finds that the agreement in question has caused loss to the company (e.g., sale of assets under market value or granting certain rights without consideration), the administrator is entitled to dispute such agreement in court. In insolvency proceedings, the Latvian courts have declared guarantees null and void in circumstances where the guarantee secured the private loan of a shareholder (natural person) or a loan that has been used for the purchase of shares in the company which was the guarantor.

There is little practice in Latvian courts in regard to disputing intra-group guarantees. Usually intra-group transactions have a different effect than agreements among non-related parties because they provide indirect benefit to the guarantor. Thus, there is a risk that a guarantee under Latvian law may be declared null and void if the guarantor does not receive at least some benefit as a result of the guarantee.

By pledging the rights to repossess the vehicle (the claim rights) said security interest will provide the pledgee with the right to enforce the pledge rights over the rights to repossess the vehicle (i.e., either by the sale of the claim rights to repossess the vehicle, or by requesting the satisfaction of such claim rights from the debtors of the Subsidiary directly) if both the Subsidiary and the borrower are in default under the respective agreements but will not provide the pledgee with any rights to the title or use of the vehicles and the pledgee will not be entitled to take over the vehicles during the enforcement proceedings of the commercial pledge simply due to the default by the Subsidiary. A commercial pledge does not extend to (i) vessels, (ii) financial instruments booked in the financial instruments account, (iii) claim rights arising from the agreement or other transaction document according to which the credit institution or savings and loan association has provided the loan (credit claims), (iv) financial funds, as well as (v) claims arising from cheques or bills of exchange.

Distinction between a guarantee and a surety

Latvian law does not provide an explicit distinction between a guarantee and a surety, but it is recognized in practice. Based on the doctrine the liability of a guarantor under a guarantee does not depend on the validity of the principal secured obligation (despite that the latter is indicated in the guarantee) and is limited to the amount indicated in the guarantee (if any). The guarantor's obligation to pay under the guarantee arises in

accordance with the terms of the guarantee. The guarantor's liability is several. In case the security is qualified as a surety, the liability of the surety provider under the surety is either joint and several (i.e. solidary) (*ekspromisorisks galvojums*) or several (*neekspromisorisks galvojums*). In the case of several liability, the enforcement must firstly be sought from the original debtor, and only if the original debtor is not able to settle the debts can the enforcement be sought from the surety provider. In case of joint and several liability, the enforcement may be sought from either the original debtor or the surety provider or both. The obligations under the surety may be enforced only if the principal obligations secured with the surety have matured. If the principal debtor becomes insolvent and due to the insolvency proceedings cease to exist, the surety from the accessory obligations becomes the independent obligations and the creditor may seek for the enforcement from the surety provider.

ESTONIA

The fulfilment of obligations of the Guarantor under the Estonian Transaction Security Documents is subject to applicable laws relating to insolvency, bankruptcy, restructuring (*saneerimine*), force majeure, fundamental change of circumstances (*rebus sic stantibus*) and other laws capable of affecting creditors' rights generally from time to time in effect, as well as the applicable prescription terms under the Estonian law, and the parties to Estonian Transaction Security Documents would be debarred from application of Estonian Transaction Security Documents in contravention to the Estonian law.

Upon institution of bankruptcy or restructuring proceedings against the Guarantor, the courts of Estonia may acquire exclusive jurisdiction over the case involving the Guarantor, regardless of the agreement of the parties to the contrary and refuse to recognize and/or enforce as valid, final and conclusive judgment against the Guarantor in accordance with applicable EU law.

Restructuring proceedings

The ability to receive payments on the Bonds under the Guarantee issued by an Estonian entity may be negatively affected if restructuring proceedings are initiated against the Guarantor. The restructuring proceedings aim to allow companies with financial difficulties, and which have not yet discontinued their economic and commercial activities, to maintain and develop these activities, settle their debts and avoid bankruptcy. The restructuring process may be commenced provided certain conditions under Estonian law are met, including that the sustainable management of the company is likely after the restructuring. After the restructuring is commenced and until the approval of the restructuring plan, among other, most enforcement proceedings executed by a bailiff are suspended, calculation of default interest is suspended, court proceedings against the company for the performance of payment obligations may be suspended and deciding on the commencement of bankruptcy proceedings based on a creditor's application is suspended.

The restructuring plan may include rules for the transformation of claims, including extension of payment terms and reduction of debt amounts. As a general rule, the restructuring plan must be accepted by the creditors (by way of voting) and approved by the court. Under certain conditions, the court may approve the restructuring plan even if it was not accepted by the creditors (including that less than half of the creditors voted on the restructuring plan).

The restructuring plan may be revoked by the court, should the debtor fail to perform its obligations stipulated in the restructuring plan to a material extent. In that case creditors' claims shall be restored in the initial amount.

Bankruptcy proceedings

In case of institution of bankruptcy proceedings against the Guarantor, the court will appoint a bankruptcy trustee who shall assume control over the assets of the Guarantor. Bankruptcy proceedings may result in the revocation of the Transaction Securities (in case the bankruptcy trustee brings a corresponding action and sufficiently proves to the court that granting of the Transaction Securities harmed the interests of other creditors of the Guarantor) and considering that the costs of bankruptcy proceedings shall be covered prior to satisfaction of any claims of creditors, including those of preferred rank creditors, bankruptcy proceedings may have several negative impacts.

The bankruptcy trustee may choose to dispute the pledges – grounds and arguments for doing so depend on the particular trustee (e.g. the trustee may claim in a particular case that the pledge agreement is invalid, etc.). Such decision of the bankruptcy trustee can be challenged in court by the secured creditors.

The bankruptcy trustee shall organize the sale of the assets of the company. The Guarantor holds the title to the vehicles only as security backing the performance by the borrowers towards the Guarantor under respective loan agreements (therefore the vehicles are not separately pledged to the Security Agent). Security acquisition by the lender is a form of security recognized in case-law and legal theory as well as used in practice, however, it is not specifically regulated under Estonian law and therefore there is no absolute certainty in respect to the actions to be taken by the bankruptcy trustee, the courts or other relevant parties in practice. It cannot be excluded that the bankruptcy trustee would sell the cars separately (i.e. not as security for the pledged loan receivables but as a separate unpledged assets), in which case the secured creditors would not be regarded as preferred creditors and proceeds from the sale would be distributed *pro rata* between all creditors.

Proceeds from the sale of the assets pledged as the Transaction Securities would be allocated (i) firstly, for the settlement of the costs of bankruptcy proceedings (but not more than 15% from the proceeds) and (ii) secondly, for the settlement of the claims of secured creditors, but not exceeding the amount of the Transaction Securities. Accordingly, secured creditors are regarded as first rank creditors with regard to proceeds received from the sale of the pledged assets. In case the funds received from the sale of the pledged property do not cover the claims of the secured creditor, then the creditor shall acquire the status of a non-secured (i.e. second rank) creditor regarding the unsatisfied part of the claim.

The court shall determine the exact amount of the fee payable to the bankruptcy trustee. However, according to Estonian law, in any case the fee shall not be less than 1% of the funds which have been received and included in the bankruptcy estate as a result of the sale and recovery of the bankruptcy estate and other activities of the bankruptcy trustee.

Limitations for granting guarantees and sureties

Under Estonian law, a person engaged in an economic or professional activity (guarantor) may, by a contract, assume an obligation (guarantee), according to which the person undertakes to perform obligations arising from the guarantee on the demand of the obligee. However, financial assistance restrictions apply. While a subsidiary may guarantee debt obligations of its parent undertaking if this does not harm the financial status of the subsidiary or the interests of creditors. The subsidiary may not guarantee debt obligations for the acquisition of its share. Violation of this restriction does not result in the nullity of the transaction, but the parent undertaking must compensate for the damage caused to the company by the provision of the

security. The management of the subsidiary may also be held liable for the damages caused by the breach.

If the Estonian Guarantor goes bankrupt and the Issuer has not yet become obligated to fulfill under the Bonds, enforcement of the Guarantee in respect of that Guarantor may become restricted. Among other, (i) there is a risk that the guarantee may be revoked if insolvency proceedings of the Guarantor are initiated and (ii) even if the Guarantee is not revoked, creditors demanding performance of the guarantee obligations shall not be regarded as preferred creditors (i.e. their claims shall be satisfied *pro rata* with other unsecured creditors). The bankruptcy trustee is obliged to examine agreements entered into by an insolvent company in order to establish, among other, whether these transactions have been detrimental to the interests of the company's creditors. If the bankruptcy trustee finds that the agreement in question has caused loss to the company (e.g., sale of assets under market value or granting certain rights without consideration), the bankruptcy trustee is entitled to bring an action against the other party to the agreement for revocation of such an agreement. Revocation of the agreement is decided by the court.

Moreover, intra-group transactions, including those granting the security to parent companies, subsidiaries or affiliated companies have to be concluded on an arm's length basis.

Distinction between a guarantee and a surety

Estonian law distinguishes between a guarantee and a surety. The liability of a guarantor under a guarantee does not depend on the validity of the principal secured obligation (despite that the latter is indicated in the guarantee) and is limited to the amount indicated in the guarantee (if any). The guarantor's obligation to pay under the guarantee arises in accordance with the terms of the guarantee. The guarantor's liability is several. In case the security is qualified as a surety, the liability of the surety provider under the surety is joint and several (i.e. solidary). If an obligation subject to suretyship is secured by a right of security established with regard to the property of the principal obligor or if the creditor may exercise a right of security with regard to the property of the principal obligor, the surety may, until the principal obligor is declared bankrupt, require the creditor to satisfy the claim thereof out of the pledged property to the extent of the pledge.

LITHUANIA

UAB "mogo LT" is incorporated under the laws of the Republic of Lithuania. It has its registered office in Vilnius, Lithuania. As such, any bankruptcy and restructuring proceedings applicable to UAB "mogo LT" would be primarily governed by Lithuanian law.

Lithuanian law does not provide that commencement of insolvency proceedings may render the security void. As a general rule, all transactions entered into prior to the commencement of insolvency proceedings are treated as valid. Nevertheless, the transactions (including the Transaction Securities) could be challenged following the general rules on transaction voidability, therefore it is important to note that Transaction Securities shall be perfected strictly in accordance with requirements of mandatory provisions of laws, such as obtainment of consents, delivery of required notifications, notarization, registration, etc.

Bankruptcy proceedings

Bankruptcy proceedings in the Republic of Lithuania are regulated by the Law on Insolvency of Legal Entities the Republic of Lithuania, No. XIII-2221, as further amended. The EU Insolvency Regulation is also applicable.

The ability to receive payments on the Bonds under any Guarantee or obtain recovery under Transaction Securities issued by a Lithuanian Guarantor may be negatively affected by the insolvency or bankruptcy of a Lithuanian Guarantor.

Bankruptcy proceedings may be initiated against a Lithuanian Guarantor that is insolvent, i.e. is unable to settle with its creditors or its obligations are in excess of its assets, and the restructuring proceedings may not be initiated. Bankruptcy proceedings may be initiated by a chief executive officer or a creditor of the Lithuanian Guarantor, as well as a liquidator of the Lithuanian Guarantor. Bankruptcy proceedings may be judicial and extrajudicial. Extrajudicial bankruptcy proceedings may be initiated provided that there are no disputes (judicial and extrajudicial) raised against the Lithuanian Guarantor, no execution is levied on the Lithuanian Guarantor under the writs of execution issued by the courts or other institutions or no tax inspections or investigations are initiated against the Lithuanian Guarantor. Decision to carry out extrajudicial bankruptcy proceedings may be adopted only by a meeting of creditors having together a claim against the Lithuanian Guarantor in the amount of at least $\frac{3}{4}$ of the amount of all liabilities the Lithuanian Guarantor. If instituted, the extrajudicial bankruptcy proceedings are managed by the creditors' meeting.

Institution of bankruptcy proceedings would lead to transfer of the capacity of the management of the Lithuanian Guarantor to a insolvency administrator, who would take over control over the Lithuanian Guarantor's activities and assets. If bankruptcy proceedings are instituted in court, an insolvency administrator is appointed by the court that selects the insolvency administrator randomly from the public list following established rules. Creditors of the Lithuanian Guarantor would not be able to offer, nor influence such appointment. Chances of removal of the insolvency administrator appointed are limited. In extrajudicial bankruptcy proceedings, the insolvency administrator can be suggested by a creditor and is appointed by the decision of a creditors' meeting taken with majority of votes in favour.

The control over major decisions in the bankruptcy process is usually in the hands of majority creditors', i.e. those having more than 50% of creditor claims. It is important to note, that creditors' meeting has a quorum, provided creditors' having more than 50% of approved claims at the creditors' meeting are present. A creditors' meeting, among other things, approves the expenses of the bankruptcy process, may influence the timelines of the bankruptcy process, manner of disposal of assets and adopts other important decisions in the bankruptcy process. No assurance can be given that holders of security interest (i.e. Holders) would have a casting vote in the meeting of creditors of Lithuanian Guarantor undergoing bankruptcy, provided that, the holders of security interest would have less than 50% of approved claims at the creditors' meeting or would not duly attend such a meeting(s) (i.e. quorum requirement is not applied during repeated meeting convoked following absence of quorum). It is also possible that the creditors' meeting would form a creditors' committee and entrust it with the functions of the creditors' meeting. Decisions in the creditors' committee are adopted with a majority of committee members voting in favour of the decision (regardless of amount of credit claims they represent). Therefore, a risk that other creditors would take over control of the process of decision making in the bankruptcy process and could abuse it to force security interest holders to unfavourable compromises, shall be taken into account.

Upon initiation of bankruptcy proceedings, the Lithuanian Guarantor would be prohibited from performing its financial obligations (including payment of interest,

default interest, taxes, etc.), therefore, the Lithuanian Guarantor would most likely not make any payments to any creditor, including holders of security interest. All ongoing recovery procedures from the Lithuanian Guarantor should be frozen during the bankruptcy process and consequently any enforcements that are not completed, should be terminated and default interest and interest shall cease to be calculated for all the payments of the Lithuanian Guarantor that are due. All payment terms shall be considered due, regardless of their maturity term. Operations of the Lithuanian Guarantor could only be continued, provided this would reduce the amount of creditor claims in comparison to sale/transfer of assets of the Lithuanian Guarantor. In most cases this could mean that a recovery under Transaction Security Documents would be frozen and/or delayed until the collateral is disposed of in accordance with procedural requirements. Recovery from the Lithuanian Guarantor may be reopened as well as calculation of interest and default interest re-established, provided that bankruptcy proceedings are terminated (this, does not apply, however, in case a bankruptcy process is substituted by a restructuring process).

During the bankruptcy proceedings the assets and funds of the Lithuanian Guarantor, encumbered following Transaction Security Documents, could only be recovered following the Law on Insolvency of Legal Entities the Republic of Lithuania. Decision over time and way of disposal of collateral of the Lithuanian Guarantor in bankruptcy is in the hands of the creditor meeting, even if such collateral is mortgaged/pledged under certain Transaction Security Document. Disposal shall be conducted following public auction under typical procedure and price/other terms approved by the creditor meeting. If such disposal is unsuccessful, mortgaged/pledged collateral can be taken over by the holder of security interest under such Transaction Security Documents or disposed of in the manner decided by the creditor meeting. In case the holder of security interest would not have majority of votes in the creditor meeting, it may not be able to control/influence the sale of the collateral mortgaged/mortgaged (i.e. dictate timelines, valuation process, sales price, manner of disposal). This means that recovery from the mortgaged collateral may be subject to substantial delays and discounts. Proceeds received from the sale of such collateral, after salary and expenses of the insolvency administrator are covered, should be directed to cover the claims of the holder of the security interests secured under Transaction Security Documents.

During the bankruptcy process disposal of movable and immovable assets of a Lithuanian Guarantor that are not pledged/mortgaged in favour of a particular creditor are disposed of following the Law on Insolvency of Legal Entities the Republic of Lithuania. Disposal of such assets in the hands of insolvency administrator. Real estate and assets of material value are subject to auction, other assets and assets that were not sold during two auctions, may be disposed of following a decision of creditors' meeting.

During the bankruptcy process proceeds received from the sale of assets not subject to Transaction Security Documents are distributed to creditors according to their ranks. Firstly the following claims are satisfied: claims of the creditors whose claims are secured by a mortgage/pledge; claims of creditors that have provided bridge financing, that was not repaid according to financing terms; employee claims relating to labour relationship; claims in respect to contributions to social security, mandatory health insurance and employee guarantee fund; claims from obligations in respect of economic activities performed during the bankruptcy process that were not fulfilled. Secondly all the claims of all other creditors are satisfied. Claims of the creditors of the same rank are satisfied pro rata. Following satisfaction of principal claim of a higher rank creditor, lower rank creditors can seek satisfaction. In case principal claims of all creditors are satisfied, interest and default interest/forfeiture accrued is subject to recovery in the same rank-based manner.

Insolvency administrator is in charge of review of all the transactions concluded by a Lithuanian Guarantor at least 3 years prior to entry into force of the court ruling to institute the bankruptcy case against the Lithuanian Guarantor. The term for the review of such transactions is 6 months as of the entry into force of court's ruling to initiate bankruptcy case. Among other things, within the same period of 6 months the administrator shall apply to the court with a request to declare a bankruptcy as intentional, provided features of intentional bankruptcy are identified by the administrator. Transactions that are contrary to the purposes of the company and could have led to company's inability to settle with its creditors are subject to judicial challenge and declaration of invalidity, provided they were concluded within 3 years prior to institution of bankruptcy case. However, in case the court declares the bankruptcy as intentional, any transaction that was not mandatory and violates the rights of the creditors, or was against the objects of the company and could lead to failure of settlement with creditors, could be challenged by the insolvency administrator. The timelines for the challenge of such transactions is 6 months as of the date of entry into force of the ruling of the court to declare the bankruptcy as intentional.

Based on the Law on Insolvency of Legal Entities the Republic of Lithuania, the following features may lead to declaration of intentional bankruptcy:

- transactions/decisions that caused losses or were economically unreasonable when concluded/adopted;
- assets were disposed of below market price or gratuitously, with excessive payment terms that were not favourable to the company, or payments being made in the form of shares of shell entities, or entities that did not submit their financial statements to the Register of Legal Entities of the Republic of Lithuania or submitted misleading financial statements to the Register of Legal Entities of the Republic of Lithuania;
- rights of the creditors of the company to recovery from the assets of the company were restricted because of violation of the order for the settlement with creditors prescribed in the law;
- fraudulent or negligent accounting, or tax evasion is identified, financial statements were not submitted to the Register of Legal Entities of the Republic of Lithuania or they were misleading;
- transfer of assets and/or business activities to another entity, by leaving obligations in the entity in bankruptcy, were performed.

Restructuring proceedings

The ability to receive payments on the Bonds under the Guarantee or from the Transaction Security granted by a Lithuanian entity may be negatively affected if restructuring proceedings are started against the Lithuanian Guarantor. The restructuring proceedings aim to allow companies with financial difficulties, and which have not yet discontinued their economic and commercial activities, to maintain and develop these activities, settle their debts and avoid bankruptcy.

The restructuring proceedings may be initiated against a Lithuanian Guarantor that is facing financial difficulties, i.e. is unable to settle with its creditors on time or its obligations are in excess of its assets (i.e. is insolvent) or most likely will become insolvent within the next three months and at the same time it is conducting economic activities that could allow to fulfil its obligations in the future. A chief executive officer of the Lithuanian Guarantor and creditors to whom Lithuanian Guarantor's default is in excess of EUR 6,007 would be entitled to initiate restructuring proceedings. The

application to initiate restructuring proceedings shall be lodged within a competent court. If the application is accepted by the court, performance of obligations of the Lithuanian Guarantor, recovery from the Lithuanian Guarantor, and calculation of interest and default interest will be suspended. If the court decides to institute restructuring proceedings, a restructuring plan shall be drafted. The draft plan shall be approved by the majority of Lithuanian Guarantor's shareholders and majority of secured and unsecured creditors, prior to its approval by the court.

During the restructuring proceedings, recovery of debts to holders of security interests under Transaction Security Documents may be suspended and performed only in accordance with the restructuring plan. Calculation of default interest and interest for all the liabilities of the Lithuanian Guarantor shall be also suspended during the whole restructuring proceedings. This means that holders of security interests under Transaction Security Documents could be exposed to loss of income due to suspension of calculation of interest and default interest under Transaction Documents. In case of sale of collateral during restructuring proceedings, proceeds received from disposal of assets shall be attributed to holders of security interest in the ordinary course.

Following the law, implementation of the restructuring plan shall not extend over 4 years. The court is entitled to extend this term for not more than a year. Therefore, holders of Security interests could be exposed to 5 years of restructuring proceedings. Existing practice shows that that the process may extend even longer. This could have a significant negative effect on their return and recovery of amounts invested.

Limitations for granting guarantees and sureties

A Lithuanian company may offer collateral or issue a guarantee or surety to secure the fulfillment of a third person's liabilities provided a corporate benefit exists for that Lithuanian company. Guarantees with no corporate benefit for the guarantor may be declared void by the courts. In the case of a subsidiary granting security instruments for the benefit of the parent, the benefit is construed on an ad hoc basis, i.e., an indirect benefit is possible if the subsidiary indeed receives some advantage from the received funding (e.g., the subsidiary is granted access to the financing of the group). Moreover, intra-group transactions, including those granting the security to parent companies, subsidiaries or affiliated companies have to be concluded on an arm's length basis.

The Law on Companies of the Republic of Lithuania (No. VIII-1835, Akciniu bendroviu istatymas) prohibits limited liability companies incorporated in Lithuania from providing guarantees or granting security or other credit support for obligations of any person where such obligations are being incurred for the purpose of facilitating an acquisition of shares in the company itself (restriction on financial assistance).

Any creditor may also challenge a transaction made by a debtor on the basis of actio Pauliana if the debtor was not obliged to enter into it and such transaction violates the rights of the creditor and the debtor knew or ought to have known of such circumstances. The creditor's rights were considered violated if (a) as a result of such a transaction, the debtor became insolvent, (b) the debtor, being insolvent, granted preference to another creditor, or (c) the rights of the creditor were infringed in any other way.

A an ultra vires transaction entered into by the management bodies of a company may be declared void only if it is proved that the counterparty acted in bad faith, i.e., such party knew or should have known that the management bodies were acting *ultra vires*.

Distinction between a guarantee and a surety

Lithuanian law draws a distinction between a guarantee and a surety. The liability of a guarantor under a guarantee may not depend on the validity of the principal secured obligation (despite that the latter is indicated in the guarantee) and is limited to the amount indicated in the guarantee. The guarantor's obligation to pay under the guarantee arises in accordance with the terms of the guarantee. The guarantor's liability is several, and the guarantor is obligated to pay under the guarantee only if, and to the extent that, the debtor fails to fulfill its obligations, unless the guarantor fails to fulfill its obligation or improperly fulfills it. The liability of the surety provider under the surety may be either joint and several or several. In the case of several liability, the enforcement must firstly be sought from the original debtor, and only if the original debtor is not able to settle the debts can the enforcement be sought from the surety provider. In case of joint and several liability, the enforcement may be sought from either the original debtor or the surety provider or both. The obligations under the Guarantees may be enforced only if the obligations under the Bonds have been triggered due to an Event of Default. Therefore, if the Lithuanian Guarantor goes bankrupt and the Issuer has not yet become obligated to fulfill under the Bonds, enforcement of the Guarantee in respect of that Guarantor becomes limited under Lithuanian law.

Under Lithuanian law if a pledge/mortgage covering the vehicles used by the customers, is perfected in the absence of customer consent and notification, such pledge would violate the mandatory provisions of Law (*Civilinis kodeksas*), requiring to obtain consent of the vehicle user (under traditional vehicle financing agreement prior to pledge over the vehicle) or notify the vehicle user (under vehicle finance agreement). Depending on the circumstance of the case, such violation could invalidate the effects sought by the pledge to certain extent, i.e. qualify the transaction as null and void in respect of the vehicles pledged without customer's consent or adjudge losses (if any) to the injured customer.

Under Lithuanian Law, rights and obligations of the lender under consumer credit agreement can only be assigned to the entity enlisted in the Public List of the Consumer Credit Providers. Agreements on traditional vehicle finance/vehicle financing/loan with customers could be qualified as consumer credit agreements, therefore recovery from existing and future claim rights of the Guarantor under such agreements with customers by way of in kind take-over of rights and obligations of the Guarantor under such agreements (assignment) could be restricted, unless such assignee would be include in the Public List of the Consumer Credit Providers.

If no consents of the customers were obtained prior to perfection of a pledge or they were not notified thereof properly, enforcement of general business pledge, inter alia encumbering the vehicles used by the customers, could be restricted to the extent required to give effects to contractual rights of the customers under their agreements with the Guarantor (i.e. right to use the car and acquire it into customer's ownership accordingly), provided the customer is not in default under the agreement, granting the right to terminate the agreement to the Guarantor.

GEORGIA

Possible limitations on the enforceability of guarantees

Under Georgian law, parties are free to choose foreign law governing their contractual relation (Article 35.1 of the Georgian Law on Private International Law). That being said, such choice of law can be challenged provided that the law chosen disregards imperative norms of the law most closely connected with the contract in question. Since the Guarantor is under an obligation to perform under the Guarantee in question, it is

possible that Georgian law can be argued most closely connected to the Guarantee by Georgian courts upon enforcement of the Guarantee.

Georgian courts as a default rule do recognize foreign court judgements and arbitral awards. However, in exceptional cases the courts may not recognise or enforce a foreign judgment if, among others, the judgment of the foreign court contradicts fundamental legal principles of Georgia. Consequently, determination of whether or not the Guarantee contradicts fundamental legal principles of Georgia can be subject to a degree of discretionary authority of a particular judicial authority.

In consideration of the above, under Georgian law, the validity of any security (collateral), including guarantee, depends on the validity and enforceability of the underlying obligation it secures. Therefore, the Guarantee given by the Georgian Guarantor can be enforced to the extent that the Bonds are valid and enforceable. The Georgian Guarantee can be enforced up to the maximum amount specified in the Guarantee, as per Article 898 of the Civil Code of Georgia. In certain cases under Georgian law, including inter alia, the release of the Issuer or other Guarantors from their respective obligations under the Bonds and the Guarantees may result in partial or full revocation of the Georgian Guarantee (Article 450 of the Civil Code of Georgia).

Furthermore, under mandatory provision of Georgian law, the Guarantor is authorized to challenge the demand of Secured Creditor(s) under the Guarantee by asserting all defenses to which the principal debtor is entitled, even in the event that the principal debtor waives its respective right of challenge (Article 899 of the Civil Code of Georgia).

Insolvency

Deregulated legal entities, including, for that matter, traditional vehicle financing companies, are mostly subject to general insolvency proceedings set forth in the Law of Georgia on Insolvency Proceedings (with the exception of banks, insurance companies and so on that are subject to special regulatory regime and the insolvency of which is regulated by the applicable regulatory agency).

The test of insolvency applicable to a company would be its inability of the entity to pay its debts when they fall due. Insolvency proceedings may be initiated if the company is insolvent or will or may become insolvent in near future unless adequate measures are taken to prevent its possible insolvency. Insolvency proceedings may be commenced either by company itself or by its creditors, if certain statutorily prescribed preconditions are met.

The possible available scenarios once the relevant proceedings are commenced, based on factual circumstances, are as follows: (a) bankruptcy with ensuing liquidation (deregistration from the entrepreneurial registry); (b) a rehabilitation (equivalent to reorganization/ restructuring in other jurisdictions); or (c) termination of insolvency proceedings. The option indicated in item (c) above shall be available if there are no grounds for insolvency or such grounds have been eradicated after the commencement of the insolvency proceedings or if the debtor is able to pay outstanding debts without undermining the interests of other creditors.

With respect to enforceability of the Guarantee, it should be noted that, due to the fact that, upon commencement of enforcement proceedings under Georgian law, all payment of debts, accrual of interest and any involuntary enforcement against the Guarantor, including enforcement of the Guarantee, will be suspended.

In the case of bankruptcy of the Guarantor, the assets will be sold at an auction organized by the National Bureau of Enforcement and the creditors (including, for that matter, the Secured Creditors) will be satisfied according to the applicable statutory ranking set forth below:

- i. First rank - procedural expenses and the fees payable to the National Bureau of Enforcement;
- ii. Second rank - post insolvency liabilities incurred following the date of receipt of the petition for insolvency by the court, including tax liabilities;
- iii. Third rank - expenses related to the appointment of a custodian of the bankruptcy estate and remuneration of its services;
- iv. Fourth rank - all secured claims, including secured tax claims, including Secured Creditors (as the obligations of the Georgian Guarantor under the Guarantee is secured by Security Agreements);
- v. Fifth rank - tax liabilities, other than secured liabilities which fall under the fourth rank above;
- vi. Sixth rank - all other unsecured claims;
- vii. Seventh rank - late claims, i.e. those submitted after the expiration of the term determined by the law for filing of the claims with the bankruptcy court.

Although it is generally assumed that the Secured Creditors shall rank within Fourth rank, it is one of the practical defects of the Georgian law on Insolvency Proceedings that it in principle allows certain claims to be excluded from the mass of claims in the event that the holder of a security over insolvent company assets does not constitute a direct creditor of the said company, holding a valid monetary claim. The National Bureau of Enforcement, as insolvency administrator, is authorized to dispute security agreements of the insolvent company on the same grounds as the company itself can. However, in practice, the most frequent ground used is “action harmful to creditors”, provided that such has (a) occurred at least one year before the insolvency proceedings commenced (extendable to two years if the counterparty is related); (b) lead to company becoming insolvent or the company was insolvent at the moment of the relevant transaction and such should have been known to the counterparty; and is either (c) preventing equal and proportionate satisfaction of creditors and gives priority to a specific creditor over other creditors of the same order of priority; or (d) results in the depreciation of property to be auctioned (e.g. it was alienated for free or at a price below market).

Proceeds that are not sufficient to fully satisfy all claims of the same rank will be distributed among creditors with equal priority on *pari passu* basis *pro rata* to the outstanding amounts.

And lastly, it is noteworthy that if the company files for the insolvency proceedings and plans for rehabilitation / reorganization procedures, it shall be borne into account that full satisfaction of all existing creditors of the company is a mandatory requirement thereof.

ARMENIA

Possible limitations on the enforceability of guarantees

An Armenian company may offer collateral or issue a guarantee or surety to secure the fulfilment of a third person’s liabilities. According to the Civil Code of Armenia, in case for failure to fulfil or improper fulfilment by a debtor of an obligation secured by surety, the guarantor and the debtor shall bear joint liability against the creditor, unless subsidiary liability of the surety is envisaged by law or the surety agreement.

In case the guarantor is declared bankrupt, the bankruptcy administrator shall be entitled to file an application to the court for registering the creditor as a secured

creditor, enabling them to receive the proceeds from the bankrupt guarantor on a priority basis compared to other registered creditors.

Applicable Insolvency law

As a credit organization incorporated under the laws of the Republic of Armenia, any insolvency proceedings applicable to MOGO Universal Credit Organization LLC would be primarily governed by Armenian law and primarily by the law of Armenia “On bankruptcy of banks, credit organizations, investment companies, investment fund managers and insurance companies” of 6 November 2001 (the “Bankruptcy law”).

Bankruptcy proceedings

According to the Bankruptcy law a credit organization shall be considered insolvent where: (a) it has consumed 50% or more of its main capital, or (b) it is unable to satisfy the legitimate claims of its creditors, or (c) the summary assessment of the performance of the organization is lower than the summary assessment of organization performance defined by the Board of Central Bank, or (d) it violated, at regular basis, the mandatory reserve requirements prescribed by law.

In case a company meets one of the insolvency grounds prescribed above, the Central Bank may, within a period of two weeks: (a) appoint an administration, or (b) file an application with the court for the bankruptcy of a company. The administration, if chosen by the Central Bank, operates according to the financial recovery plan. The financial recovery plan shall be approved by the Central Bank.

A company (credit organization) may be declared bankrupt exclusively by the court on the basis of an application filed by the Central Bank of Armenia. The creditors of the company (credit organization) are entitled to apply to the Central Bank with a motion to file an application with the court for the bankruptcy of a company.

The court shall examine the bankruptcy case within three days and decide either granting or rejecting the application of the Central Bank. When taking a decision on the bankruptcy of a company the court shall also appoint a liquidator. The management bodies of the company shall be obliged to hand over to the liquidator the documents, material and other valuables of the company within 15 days after the decision on the bankruptcy of the company and appointing a liquidator has been taken by the court.

The liquidator publishes in a press interim liquidation balance sheet, which shall contain information on: (a) the composition of the property of a company; (b) the list of claims of creditors, including the total amount of claims reflected in the balance sheet of the company or made against the company, the amount due to each depositor, lender or other creditor and the order of satisfaction of claims prescribed by law; (c) the results of consideration of those claims.

After completing settlements with the creditors, the liquidator draws up a liquidation balance sheet and submits it to the court. Within three days upon receiving the decision of the court on approving the liquidation balance sheet, the Central Bank makes a record in the register on revoking the registration of a company being liquidated, after which the company shall be deemed liquidated, and the activities thereof shall be deemed terminated.

ROMANIA

Applicable insolvency law

MOGO IFN S.A. is incorporated under the laws of the Republic of Romania. Its registered office along with its center of management and supervision is in Bucharest,

Romania. As such, any insolvency proceedings applicable to MOGO IFN S.A. would be primarily governed by Romanian law.

Possible limitations on the enforceability of guarantees

The obligations and liabilities of and the guarantee issued by a Guarantor incorporated in Romania under Guarantee shall be limited at, any time, to an aggregate amount not exceeding 9% of the Guarantor's own funds as such as defined by the Section II of the National Bank of Romania's Regulation no. 20/2009.

Insolvency

According to the Romanian insolvency law, the creditors which are secured with security interests over specific movable or immovable assets of the insolvent debtor, will be paid with priority out of the proceeds resulting from the sale of such secured assets (provided that the taxes and costs related to the conservation, the administration and the sale of the secured assets will be paid first). If there are multiple security interests registered on the same asset, the secured creditors will be paid based on a priority given by the ranking of their respective security interest, which is determined by reference to the date of each security registration.

MOLDOVA

Applicable insolvency law

O.C.N. Sebo Credit SRL and O.C.N. Mogo Loans SRL are incorporated under the laws of the Republic of Moldova. Their registered office along with their center of management and supervision is in Chisnau, Moldova. As such, any insolvency proceedings applicable to O.C.N. Sebo Credit SRL and O.C.N. Mogo Loans SRL would be primarily governed by Moldovan law.

Possible limitations on the enforceability of guarantees

As per the provisions of Article 1153 of the Civil Code of the Republic of Moldova, the obligations and liabilities of and the guarantee issued by a Guarantor incorporated in the Republic of Moldova under Guarantee shall be limited at, any time, to an aggregate amount not exceeding Bonds issued and if (and only if) required and to the extent that this Guarantee would otherwise be illegal, unenforceable or prejudice any limitations required under applicable mandatory provisions of Moldovan law.

Insolvency

The Moldovan Parliament adopted a new insolvency law, which entered into force on 14 March 2013, is evolutionary rather than revolutionary, as its main goal appears to be the optimization of the existing insolvency procedures.

Following the act's entry into force, insolvency cases fall under the competence of the court of appeal where the seat of the debtor is located. Also each such court of appeal shall hold a public register of insolvency cases.

Act No. 149 introduces more detailed and rigid rules on timing for fulfilling one or another insolvency procedure.

Generally, the law implements the following terms:

- term for examining whether to initiate the insolvency process – up to 75 business days as of acceptance for examination of the insolvency request;

- duration of the general insolvency procedure – up to 160 days as of the initiation of the insolvency process;
- duration of the bankruptcy procedure (RO procedura falimentului), including sale of debtor's assets – generally up to two years as of the initiation of the bankruptcy procedure;
- duration of the restructuring procedure (RO procedura de restructurare), including execution of the restructuring plan – generally up to three years as of confirmation of the restructuring plan by court. Such duration can be prolonged only once by the assembly of creditors, by an additional two-year term.

The shortened timeframe for fulfilling the formal steps shall likely have a positive effect on the recovery rate.

Expedited Restructuring Procedure Pursuant to Act No. 149, a request for the initiation of the expedited restructuring procedure (RO procedura accelerata de restructurare) may be filed by a debtor in financial difficulty (RO debitor aflat in dificultate financiara), with the insolvency court obliged to accept such request (Art. 219, 220 of the Act No. 149).

Expedited restructuring procedures allow debtors and creditors to progress from the initial observation procedure (phase) directly into restructuring procedure (i.e. directly to actions relating to the adoption and approval of the restructuring plan).

As a result of introduction of this institute, the duration of formalities preceding the debtor's restructuring plan was decreased to approximately 60 days (in total).

Act No. 149 also allows for the possibility of participants entering into a settlement agreement in connection with the insolvency process.

Under the legislation, a settlement can be concluded at any phase of the insolvency process. The decision on concluding a settlement is taken by the assembly of creditors (on behalf of creditors) and by the debtor's managing body / insolvency administrator / liquidator (on behalf of the debtor).

The Act No. 149 provides for the liability of the founders / members of the managing bodies / other decision-making officials of the debtor jointly with debtor in the event that the debtor's insolvency was caused intentionally or the insolvency was fictive (Art.15 of the Act No. 149).

Furthermore, the new law lists cases in which the debtor's founders / members of its managing bodies / other responsible persons can be jointly liable with the debtor towards creditors for failure to file for insolvency in due time (e.g., Art.138(5) of the Act No.149).

In addition, the court has been granted the right to decide on passing part of the liability on to responsible officials from the debtor, should such a partial attribution be appropriate. Such decisions may be taken only in case of actions / omissions by members of the managing bodies of the debtor that led to damages caused to debtor (Art. 248 of the Act No. 149). Furthermore, the court has been given the right to apply interim measures on persons to share liability with the debtor (Art. 249 of the Act No. 149).

ALBANIA

Applicable insolvency law

ECFA Sh.A. is incorporated under the laws of the Republic of Albania. Its registered office along with its center of management and supervision is in Tirana, Albania. As such, any insolvency proceedings applicable to ECFA Sh.A. would be primarily governed by Albanian law.

The fulfilment of obligations of the Guarantor under the Albanian Transaction Security Documents is subject to applicable laws relating to bankruptcy, company law, banking regulations applicable to non-bank financial institutions in Albania and other laws capable of affecting creditors' rights generally from time to time in effect, as well as the applicable statute of limitations terms under Albanian law.

Limitations for granting guarantees and sureties

Pursuant to applicable Albanian legal provisions, an Albanian commercial company (a joint stock or a limited liability company) is permitted to enter into agreements and constitute rights and obligations only to the extent such agreements correspond to its corporate purpose, as set out in its articles of association.

The Albanian legal provisions do not contain any specific limitation applicable to the granting of intra-group security interests/guarantees, provided that such creation of security interests/guarantee receives adequate corporate approval based on the corporate acts of the company acknowledging the corporate benefit of the guarantor in giving the Guarantee.

The Albanian company law on joint stock companies (SHA) prohibits concealed distributions by requiring that the remuneration for any legal transactions undertaken by the company and its shareholder beyond his contribution may not exceed the market value of such transactions. By virtue of the law, shareholders are obliged to return to the company any advantage received contrary to the provisions of this law. This includes dividends received, if shareholders knew or ought to have known that these dividends or other advantages were received contrary to the law.

The above provisions together provide a remote risk that intra-group guarantees may qualify as concealed distributions for shareholders granted in contravention of the law and thus may only be created if the conditions for the distribution of dividends are met, however this risk is not tested by Albanian courts.

The violation of the legal restrictions referred to above does not immediately result in the nullity of the transaction, but the shareholder of the guarantor must compensate for the damage caused to the company by the provision of the security. The management of the subsidiary may also be held liable for the damages caused by the breach. In addition, in respect of joint stock companies, when the company has, during a period of 1 year before the opening of insolvency proceedings, repaid loans to the shareholders or has entered into other transactions that, from an economic perspective are similar to that of a loan (which may include Guarantees), the shareholder to whom the loan has been repaid, must return to the company the loan amounts paid the later.

Insolvency

The fulfilment of obligations of the Guarantor under the Albanian Transaction Security Documents may be limited by applicable legislation on bankruptcy in Albania.

In case of an insolvency of the Albanian Guarantor, the bankruptcy proceedings against the guarantor may be instituted by the debtor or any of the creditors of the Guarantor. Once insolvency proceedings have been opened, secured and unsecured creditors cannot enforce their claims outside such proceedings. All claims against the insolvent debtor are suspended and writs of execution in respect of securities granted (such as securing charge over receivables or bank accounts) cannot be enforced. All

new and pending claims are then submitted to the insolvency administrator appointed by the court.

The insolvency administrator obtains control over any immovable property and/or any movable property in the possession of the debtor at the date the insolvency proceeding is opened. The administrator cannot sell any assets that are used as collateral if the value of such assets is lower or equal to the amount owed to the secured creditor and the enforcement expenses.

In case the insolvency administrator decides not to dispose the assets, or in case the court, upon the request of a secured creditor, decides to remove certain restrictions provided by the insolvency law noted above, the secured creditor may commence or continue to enforce the security outside of the insolvency proceeding (although this procedure is not tested by Albanian courts).

Once the bankruptcy procedure has been initiated, (i) the insolvent company can approve a reorganization plan aiming at the survival of the company or (ii) the company can be liquidated. The ranking of creditors in case of liquidation of the borrower is the following:

- secured creditors up to the value of the collateral;
- preferred creditors (i.e. employees' claims for dismissal, work and health matters, tax obligations, etc.) subject to conditions and restrictions on amounts;
- unsecured creditors' claims;
- other creditors related to for example penalties as per the Civil Code, Criminal Code, penalties for late payments accrued in respect of creditors' claims before initiation of the bankruptcy procedure; and
- shareholders' claims.

The enforcement of the Guarantee/security instruments in bankruptcy proceedings may also be limited by the right of the insolvency administrator to challenge any transaction concluded by the insolvent debtor within 2 years prior to the opening of the bankruptcy proceedings if such transaction has (i) caused economic damage to the debtor or (ii) given unjustified preferential rights to a certain creditor.

An economic damage exists in such cases when the debtor enters into transactions the compensation for which is lower than equivalent benefit given by the counterparty to the contract. Such damage must be generally proved by the insolvency creditor challenging the transaction, within 3 years from the opening of the bankruptcy proceedings. There is a presumption of damage for transactions entered into with "related persons" which include "companies of the same group".

The effects of the aforementioned claw-back provision are, *inter alia*, to remove securities granted to the creditors of the guarantor in financing transactions. The creditor and insolvent debtor have the burden of proof to prove that the transaction did not bring an economic damage to the debtor.

The Albanian insolvency court would also evaluate in a claw back claim (i) the good faith of the debtor in entering the transaction in order to continue its activity and if the debtor has reasonable grounds to believe that it would benefit from the transaction or (ii) the actions undertaken by the debtor within the framework of its normal activity or professional activity, under normal terms and conditions.

NORTH MACEDONIA

Applicable insolvency law

Finance Company FINMAK DOO Skopje (formerly known as Finance Company FINTEK FINANCE DOOEL Skopje) is incorporated under the laws of the Republic of North Macedonia. Its registered office along with its center of management and supervision is in Skopje, North Macedonia. As such, any insolvency proceedings applicable to Finance Company FINMAK DOO Skopje would be primarily governed by North Macedonian law.

Possible limitations on the enforceability of guarantees

The fulfilment of obligations of the Security Provider under the Macedonian Transaction Security Documents may be affected or limited by applicable laws relating to bankruptcy, reorganization, enforcement, account blockade, operations of financial companies and/or other laws capable of affecting creditors' rights generally from time to time in effect, including protective measures imposed by governmental bodies and institutions.

Insolvency

In case of opened bankruptcy proceedings against a Security Provider from North Macedonia, the court will appoint a bankruptcy trustee who shall assume control over the business and assets of such Security Provider. Any enforcement procedure initiated based on a Transaction Security Document shall be stopped with the opening of the bankruptcy proceedings. In order to protect the interests of the creditors before the opening of bankruptcy proceedings, the court may appoint a temporary bankruptcy trustee, ban payments from the bank account, impose a general ban on disposal with the property and/or ban or temporarily postpone the enforcement against the Security Provider.

The opening of bankruptcy proceedings may have several negative impacts, including the annulment of the Transaction Security provided by the local Security Provider. In particular, the bankruptcy trustee and creditors can request the annulment of payments or other legal actions and the return of any object of disposal made by the local Security Provider in a certain period prior to the commencement of the bankruptcy proceeding, up to 10 years backward. Some of these actions include legal transactions taken within 90 days before filing the petition on opening a bankruptcy proceeding, which provide security or settlement to a creditor, if the local Security Provider was insolvent at the time of taking this action and/or the creditor knew that the legal transaction harms the other creditors. Further, a legal transaction entered into or taken with the intent to damage one or more creditors within 10 years before submitting the petition for initiating bankruptcy proceeding or after that may be contested if the counterparty of the local Security Provider knew of such intent. If a challenge in the bankruptcy proceedings is successful, the creditor has to return the entire challenged amount to the insolvency estate, whilst it remains entitled to claim the appropriate indemnification amount in accordance with its ranking in the insolvency estate.

The bankruptcy trustee shall organize the sale of the assets of the bankruptcy debtor for the purpose of creditors' settlement. Proceeds from the sale of assets would be allocated in the following order:

- (i) costs of the bankruptcy procedure, followed by the obligations of the bankruptcy estate;
- (ii) claims of the bankruptcy debtor's employees for wages, mandatory contributions for the last three months prior to the opening of the bankruptcy proceedings, including

any compensations for injuries or occupational disease and other employment related claims;

(iii) other claims towards the bankruptcy debtor from its creditors; and

(iv) interest on the claims of the creditors that are due after the date of opening of the bankruptcy proceedings, costs for participation in the bankruptcy proceedings, etc.

Notwithstanding the above, creditors secured with specific assets of the bankruptcy debtor (mortgagees and pledgees), are entitled to separate settlement, out of the proceeds from realization of the secured asset. Accordingly, secured creditors are regarded as first rank creditors with regard to proceeds from the sale of the respective pledged assets. In case the funds received from the sale of the pledged property do not cover the claims of the secured creditor, the creditor shall acquire the status of a non-secured creditor regarding the unsatisfied part of the claim.

The bankruptcy trustee is obliged to examine agreements entered into by the bankruptcy debtor in order to establish, among others, whether these transactions have been detrimental to the interests of the company's creditors. If the bankruptcy trustee finds that the agreement in question has caused loss to the company or to the other company's creditors, the bankruptcy trustee is entitled to bring an action against the other party to the agreement for the annulment of such an agreement. The annulment of the agreement is decided by the court.

Reorganization proceedings

The ability to receive payments under the Macedonian Transaction Security Documents may be negatively affected if reorganization proceedings are initiated against the local Security Provider. The bankruptcy debtor, the creditors or the bankruptcy trustee can submit a reorganization plan before or after the opening of bankruptcy proceedings.

The reorganization plan may include rules for the transformation of claims, including extension of payment terms and reduction of debt amounts. The reorganization plan must be accepted by the creditors (by way of voting) and approved by the court. The reduced claims or extended timeframes for payment under the reorganization plan shall not be binding for the respective creditors, should the debtor fail to perform its obligations stipulated in the reorganization plan to a material extent. In that case, creditors' claims shall be restored in the initial amount.

XXVI. SELLING RESTRICTIONS

No action has been or will be taken in any jurisdiction by the Issuer, the Guarantors or the Lead Manager or Sales Agents that would, or is intended to, permit a public offering of the Bonds, or possession or distribution of this Prospectus or any other offering material, in any country or jurisdiction where action for that purpose is required. Persons into whose hands this Prospectus comes are required by the Issuer, the Guarantors and the Lead Manager and Sales Agents to comply with all applicable laws and regulations in each country or jurisdiction in which they purchase, offer, sell or deliver Bonds or have in their possession, distribute or publish this Prospectus or any other offering material relating to the Bonds, in all cases at their own expense.

In addition, the Lead Manager and Sales Agents and their affiliates have performed, and may in the future perform, various financial advisory, investment banking and/or commercial banking services for, and may arrange loans and other non-public market financing for and enter into derivative transactions with, the Issuer, the Guarantors and their respective affiliates, for which they have and may receive customary fees.

United States

The Bonds and the Guarantees have not been and will not be registered under the U.S. Securities Act or with any securities regulatory authority of any state or other jurisdiction of the United States and the Bonds may not be offered, sold or delivered within the United States or to, or for the account or benefit of, U.S. persons (as defined in Regulation S) except in certain transactions exempt from, or in a transaction not subject to, the registration requirements of the U.S. Securities Act.

European Economic Area

The Bonds are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the European Economic Area (“**EEA**”), other than the offering contemplated in this Prospectus to the public in Estonia, Latvia, Lithuania, Luxembourg and Germany from the time the Prospectus has been approved by the CSSF and published and notified to the relevant competent authorities in accordance with the Prospectus Regulation, and provided that the Issuer has consented in writing to use of the Prospectus for any such offers. For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client as defined in point (11) of Article 4(1) of MiFID II; or (ii) a customer within the meaning of Directive (EU) 2016/97 (the “**Insurance Distribution Directive**”), where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II; or (iii) not a qualified investor as defined in the Prospectus Regulation. In addition, the Bonds provide for debt obligations of the Issuer and the Guarantors with no exposure by investors to reference values or assets other than the assets and business operations of the Issuer and the Guarantors. Consequently, no key information document required by Regulation (EU) No. 1286/2014 (the “**PRIIPs Regulation**”) for offering or selling the Bonds or otherwise making them available to retail investors in the EEA has been prepared and therefore offering or selling the Bonds or otherwise making them available to any retail investor in the EEA may be unlawful under the PRIIPs Regulation.

United Kingdom

Prohibition of sales to UK retail investors

The Bonds are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the United Kingdom (“**UK**”). For these purposes, a retail investor means a person who is

one (or more) of: (i) a retail client, as defined in point (8) of Article 2 of Regulation (EU) No 2017/565 as it forms part of domestic law by virtue of the European Union (Withdrawal) Act 2018 (“**EUWA**”); or (ii) a customer within the meaning of the provisions of the Financial Services and Markets Act 2000 (“**FSMA**”) and any rules or regulations made under the FSMA to implement the Insurance Distribution Directive, where that customer would not qualify as a professional client, as defined in point (8) of Article 2(1) of Regulation (EU) No 600/2014 as it forms part of domestic law by virtue of the EUWA. Consequently no key information document required by the PRIIPs Regulation as it forms part of domestic law by virtue of the EUWA (the “**UK PRIIPs Regulation**”) for offering or selling the Bonds or otherwise making them available to retail investors in the UK has been prepared and therefore offering or selling the Bonds or otherwise making them available to any retail investor in the UK may be unlawful under the UK PRIIPs Regulation.
